MINUTES OF THE MEETING

JOINT LEGISLATIVE BUDGET COMMITTEE

June 16, 2016

The Chairman called the meeting to order at 12:36 p.m., Thursday, June 16, 2016, in Senate Appropriations Room 109. The following were present:

Members:	Senator Shooter, Chairman	Representative Olson, Vice-Chairman
	Senator Cajero Bedford	Representative Alston
	Senator Farley	Representative Leach
	Senator Griffin	Representative Mach
	Senator Kavanagh	Representative Mitchell
	Senator Lesko	
	Senator Yarbrough	
Absent:	Senator Hobbs	Representative Bowers
		Representative Montenegro
		Representative Ugenti-Rita

EXECUTIVE SESSION

Representative Olson moved that the Committee go into Executive Session. The motion carried.

At 12:38 p.m. the Joint Legislative Budget Committee went into Executive Session.

Representative Olson moved that the Committee reconvene into open session. The motion carried.

At 1:36 p.m. the Committee reconvened into open session.

EXECUTIVE SESSION

A. Arizona Department of Administration, Risk Management Services - Consideration of Proposed Settlements under Rule 14.

(Continued)

Representative Olson moved *that the Committee approve the recommended settlement proposed by the Attorney General's office in the case of Laffoon, et al. v. State of Arizona.* The motion carried.

B. Arizona Department of Education (ADE) - Review of Contingency Plan to Fund Potential FY 2016 Formula Shortfalls with FY 2017 Monies (Consultation for Legal Advice under A.R.S. § 38-431.03A3).

Representative Olson moved *that the Committee give a favorable review to the recommended use of $17,872,300 in FY 2017 state General Fund appropriations for a FY 2016 Basic State Aid shortfall with the following provisions:*

A. ADE is to report to the Committee by September 1, 2016 on the actual amount of FY 2017 funding used, if any, to fund FY 2016 shortfalls.

B. ADE is to spend down all available FY 2016 monies before using FY 2017 monies to address a FY 2016 shortfall, if any.

C. ADE may use more than $17,872,300 of FY 2017 monies to address a FY 2016 Basic State Aid shortfall, if any, upon consultation with the JLBC Chairman.

The motion carried.

C. Arizona Department of Administration (ADOA) - Review for Committee the Planned Contribution Strategy for State Employee and Retiree Health Plans as Required Under A.R.S. § 38-658A.

Representative Olson moved *that the Committee give a favorable review of the planned contribution strategy for state employee and retiree health coverage for Plan Year 2017 with the provision that on or before October 31, 2016, ADOA shall submit a report to the JLBC Staff analyzing the FY 2016 medical claims. The report shall use the same metrics as those included in its annual Plan Year report.* The motion carried.

ARIZONA DEPARTMENT OF ADMINISTRATION/DEPARTMENT OF CHILD SAFETY (DCS) - Review of CHILDS (Automation Projects Fund).

Mr. Ben Beutler, JLBC Staff, stated that the Committee is required to review prior to any monies being expended from the Arizona Department of Administration's (ADOA) Automation Projects Fund (APF) for the Children's Information Library and Data Source (CHILDS) replacement project. ADOA is requesting Committee review of $300,000 from APF to develop multiple Requests for Proposals (RFPs). The JLBC Staff presented options to the Committee.

Ms. Linda Jewell, Chief Information Officer, DCS, responded to member questions.

Representative Olson moved *that the Committee give a favorable review of the $300,000 in proposed FY 2017 expenditures from the APF for the Children's Information Library and Data Source (CHILDS) replacement project with the following provisions:*

A. In accordance with A.R.S. § 41-714, ADOA/ DCS shall provide reports from the contracted independent third-party consultant by the last day of February, May, August and November of each year to the JLBC. The consultant shall address the current status of the overall CHILDS project.

(Continued)

B. *Before July 15, 2016, ADOA/DCS shall submit to the JLBC its plan for hiring an independent third-party consultant for the remainder of the CHILDS replacement project.*

C. *Before requesting review of additional APF resources, ADOA/DCS shall submit a complete project timetable, which shall include the planned release date for each RFP and the planned implementation date for each module. ADOA/DCS shall also submit an expenditure plan for the entire project and address whether additional funding will be needed for RFP development.*

D. *While Request for Proposals (RPF) can be issued for the proposed solution, the DCS may not award a contract or proceed with further development efforts until a full Project Investment Justification (PIJ) reflecting the final costs, scope of work, technology, and implementation schedule for the proposed solution has been submitted to ADOA- Arizona Strategic Enterprise Technology (ASET) for review and approval. This condition was adopted by the Information Technology Authorization Committee (ITAC) as part of its review on June 15, 2016.*

The motion carried.

DEPARTMENT OF CHILD SAFETY - Review of Contractor Award for Backlog Privatization.

Mr. Ben Beutler, JLBC Staff, stated that the Committee is required to review both FY 2016 and FY 2017 Backlog Privatization appropriations for the Department of Child Safety. The JLBC Staff presented options to the Committee.

Mr. Greg McKay, Director, DCS, responded to member questions and circulated documents. *(Attachment 1)*

Representative Olson moved that the Committee give a favorable review of the FY 2016 expenditure plan, the contract awards as of June 9, and $769,400 for New Case Aides in FY 2017. The remaining amounts from the FY 2017 appropriation would be reviewed upon DCS submission of the complete set of awards.

The favorable review includes the following provisions:

A. *If DCS meets the goal of fewer than 1,000 backlog cases, DCS shall submit an expenditure plan for any remaining backlog privatization monies to the JLBC for review.*

B. *DCS shall provide reports by the last day of each quarter to the JLBC on backlog privatization expenditures. In addition, the department shall provide a copy of all signed contracts for backlog privatization to the JLBC.*

The motion carried.

ARIZONA DEPARTMENT OF CORRECTIONS (ADC) - Review of Per Diem Rate Change for Year 4 of Inmate Health Care Contracted Services.

Ms. Micaela Larkin, JLBC Staff, stated that the Committee is required to review the ADC's inmate health care capitation rates prior to implementing any changes. The JLBC Staff presented options to the Committee.

(Continued)

Mr. Richard Pratt, Assistant Director, Health Services Contract Monitoring Bureau, ADC, responded to member questions.

Representative Olson moved that the Committee give a favorable review to increase the inmate health care per diem from $11.60 to $12.06. The motion carried.

ARIZONA DEPARTMENT OF ADMINISTRATION /DEPARTMENT OF EDUCATION - Review of AELAS Expenditure Plan (Automation Projects Fund).

Mr. Matt Beienburg, JLBC Staff, stated that the Committee is required to review the expenditure plan presented by ADOA/ADE from the APF for the Department of Education Arizona Education Learning and Accountability System (AELAS) prior to expenditure. The JLBC Staff presented options to the Committee.

Mr. Mark T. Masterson, Chief Information Officer, Associate Superintendent Information Technology, ADE, responded to member questions.

Representative Olson moved that the Committee give a favorable review of the $7,300,000 in proposed FY 2017 expenditures from the APF for the Department of Education AELAS with the following provisions:

A. *The results of third-party independent assessments are to be reported quarterly to the Committee in accordance with Section 129(L) of the FY 2017 General Appropriation Act (Laws 2016, Chapter 117).*

B. *ADE shall report to the Committee at least 30 days prior to transferring monies between the budget line items presented in the FY 2017 AELAS expenditure plan.*

C. *Prior to the expenditure of any monies approved in the FY 2017 AELAS expenditure plan for purposes not delineated in Table 1 below, ADE shall submit for Committee review a report of the intended use of those monies.*

D. *By October 31, 2016, ADE is to report to the Committee:*

    1. *Its progress in transitioning schools from the Student Accountability Information System (SAIS) to Arizona Education Data Standards (AzEDS) for purposes of student data collection.*
    2. *An estimate of how FY 2016 statewide Average Daily Membership (ADM) counts differed under AELAS versus SAIS.*
    3. *A list of FY 2016 AELAS expenditures for actual development versus ongoing operation and maintenance for AELAS, and the sources of monies used to fund those functions in FY 2016.*
    4. *A long-range budget for AELAS through full implementation and timeframe for project completion.*

In addition, the following provisions relate to the AELAS Opt-in SSIS (Statewide Student Information System):

E. *As part of its $180,000 FY 2017 allocation for Opt-in Statewide Student Information System (SSIS), ADE shall not expend any funds on marketing or solicitation of new participants. By October 31, 2016, ADE shall report to the committee:*

    1. *The expected revenues and expenditures for the Opt-In SSIS program for FY 2017 and 2018, along with a rationale for how the SSIS rates are established.*

(Continued)

2. *ADE's response to the third-party reviewer's concerns regarding the administration of the Opt-In SSIS program, as described in the April 2016 review.*

F. *ADE must identify a funding source, amend the project investment justification (PIJ) to reflect costs required to complete the full scope of the project, and submit this information to the ADOA- ASET Office and the ITAC for review and approval, prior to expenditure of additional funding beyond the FY 2017 APF allocation. Provision F was adopted by ITAC at its May 25, 2016 meeting.*

Table 1

FY 2017 AELAS Expenditure Plan

Project	FY 2016 1/ 2/	FY 2017
Program Support Office	$750,000	$700,000
Production Services	1,150,000	2,560,000
Centralized Educational Data Services	400,000	0
School Finance	1,700,000	740,000
Arizona Education Data Standards (AzEDS)	2,000,000	3,120,000
Opt-in SSIS	1,000,000	180,000
Total	**$7,000,000**	**$7,300,000**

1/ FY 2016 includes amended FY 2016 appropriations as reviewed by the Committee at its September 2015 meeting, in which $400,000 of the original Production Services budget was transferred to a newly-created Centralized Educational Data Services Project line item.
2/ FY 2016 further reflects ADE's request to transfer $400,000 of the FY 2016 Opt-in SSIS budget to the FY 2016 Production Services budget, which restored the original FY 2016 budget for the latter.

The motion carried.

SECRETARY OF STATE (SOS) - Review of Election Services Line Item Transfer.

Ms. Krista MacGahan, JLBC Staff, stated that the Committee is required to review any transfer to or from the Election Services line item within the SOS budget. The JLBC Staff presented options to the Committee.

Representative Olson moved that the Committee give a favorable review of the transfer of $712,000 from the Election Services line item to the agency's operating budget during FY 2017 in order to fund various election activities that were not included in the restrictions for the Elections Services line item.

The motion carried.

DEPARTMENT OF PUBLIC SAFETY (DPS) - Review of Border Strike Force Expenditure Plans.

Mr. Eric Billings, JLBC Staff, stated that the Committee is required to review the expenditure plan for the 3 newly-created Border Strike Task Force (BSTF) line items. The JLBC Staff presented options to the Committee.

Colonel Frank Milstead, Director, DPS, responded to member questions.

(Continued)

Representative Olson moved that the Committee give a favorable review to the expenditure plan of $25,378,800 for the BSTF Ongoing and One-Time line items with the following provisions:

A. *Prior to expenditure of the $1,261,700 BSTF Local Support line item, DPS is to report back to the Committee for its review regarding the allocation model and recipients of these monies.*

B. *DPS is to report back to the Committee regarding the amount of the proceeds received from the sale of one of their existing helicopters and how the funds were allocated.*

C. *DPS is to submit for further JLBC review any modification to the proposed DPS plan that would result in the purchase of a hangar.*

D. *DPS is to report the planned use of their proposed $1,000,000 contingency in the BSTF One-Time line item, prior to expenditure, and to submit for review any new uses beyond those specified in their current plan.*

The motion carried.

DEPARTMENT OF PUBLIC SAFETY - Review of the Expenditure Plan for the GIITEM Border Security and Law Enforcement Subaccount.

Mr. Eric Billings, JLBC Staff, stated that the Committee is required to review the entire FY 2017 expenditure plan for the Gang and Immigration Intelligence Team Enforcement Mission (GIITEM) Fund Border Security and Law Enforcement Subaccount prior to expenditure. The JLBC Staff presented options to the Committee.

Colonel Frank Milstead, Director, DPS, responded to member questions.

Mr. Phil Case, Chief Financial Officer, DPS, responded to member questions.

Senator Yarbrough moved that the Committee give a favorable review to the $2,390,000 expenditure plan from the GIITEM Fund Border Security and Law Enforcement Subaccount. This amount would be distributed amongst all 15 county sheriffs, 6 municipalities, and the Arizona Department of Corrections (see Table 1).

The motion carried.

(Continued)

Table 1

DPS Expenditure Plan – GIITEM Subaccount

Proposed Recipient	FY 2017 Allocation 1/
Police Departments/Marshall's Offices	
Coolidge Police Department	$ 64,200
Douglas Police Department	0
Eloy Police Department	56,400 2/
Oro Valley Police Department	66,700
San Luis Police Department	56,400 2/
Somerton Police Department	44,500
Subtotal	**$ 288,200**
County Sheriffs	
Apache County Sheriff's Office	$ 70,000
Cochise County Sheriff's Office	299,100
Coconino County Sheriff's Office	70,000
Gila County Sheriff's Office	70,000
Graham County Sheriff's Office	70,000
Greenlee County Sheriff's Office	70,000
La Paz County Sheriff's Office	70,000
Maricopa County Sheriff's Office	159,200
Mohave County Sheriff's Office	70,000
Navajo County Sheriff's Office	70,000
Pima County Sheriff's Department	507,300
Pinal County Sheriff's Office	117,700
Santa Cruz County Sheriff's Office	70,000
Yavapai County Sheriff's Office	70,000
Yuma County Sheriff's Office	70,000
Subtotal	**$ 1,853,300**
Arizona Department of Corrections	**$ 238,300**
Unallocated	**$ 10,200**
Total	**$ 2,390,000**

1/ Represents new proposed allocation from the subaccount.
2/ Amounts represent estimates as the discussions with the local law enforcement entity and DPS are ongoing.

Without objection, the meeting adjourned at 3:50 p.m.

Respectfully submitted:

Kristy Paddack, Secretary

Richard Stavneak, Director

Senator Don Shooter, Chairman

SUBJECT: Department of Public Safety - Review of Border Strike Task Force Expenditure Plans

Request

Pursuant to a FY 2017 General Appropriation Act footnote (Laws 2016, Chapter 117) the Department of Public Safety (DPS) is once again submitting for review their $1,261,700 Border Strike Task Force (BSTF) Local Support expenditure plan.

Recommendation

The Committee has at least the following 2 options:

1. A favorable review.

2. An unfavorable review.

Analysis

Background
The BSTF was established in September 2015 within DPS as part of an Executive initiative to provide a multi-agency approach to targeting drug and human trafficking organizations and activities along the Arizona-Mexico border.

A FY 2017 General Appropriation Act footnote (Laws 2016, Chapter 117) requires DPS to submit a BSTF expenditure plan. The FY 2017 budget included $26.6 million for this purpose. At its June 16, 2016 meeting, the Committee provided a favorable review of DPS' expenditure plan with the exception of $1,261,700 for local support.

(Continued)

The BSTF Local Support line item provides funding for awards to local law enforcement, county jails, and county attorneys that participate in BSTF or border security efforts. The FY 2017 General Appropriation Act requires that $761,700 be used to fund local law enforcement positions within the BSTF and $500,000 be used for grants to local governments for costs associated with the prosecution and imprisonment of individuals charged with drug trafficking, human smuggling, illegal immigration and other border-related crimes.

The Act also stipulates that local law enforcement participants in the BSTF must provide a 25% match to the monies that they receive from the $761,700 local law enforcement officer allocation for officer salary and benefit costs and that DPS may fund 100% of any capital-related equipment. The $761,700 allocation is intended to fund 8 FTE Positions from local law enforcement agencies within the BSTF.

Expenditure Plan

The DPS expenditure plan allocates $761,700 for BSTF local law enforcement positions. The plan would use $600,000 to fund 5 sheriff's deputies from the Cochise County Sheriff's Office ($375,000) and 3 sheriff's deputies from the Pima County Sheriff's Office ($225,000) that would serve as part of the BSTF. The remaining $161,700 would be utilized for equipment purchases and other operating costs associated with these positions. The estimated average annual salary of these positions is $57,300. DPS indicated that they also reached out to the Santa Cruz and Yuma County Sheriff's Offices, but both indicated that they did not have the resources to make the required 25% match at this time.

DPS' expenditure plan for the $761,700 is largely the same as the one DPS submitted for the June JLBC meeting. That expenditure plan was the same as the current plan except that it allocated 1 less position to the Pima County Sheriff's Office and did not indicate that the Santa Cruz and Yuma County Sheriff's Offices had formally declined to participate.

Regarding the $500,000 allocation for border-related prosecution and jail costs, DPS did not have an allocation plan at the time of the June meeting. DPS is now proposing to annually distribute $125,000 to each of the 4 border county sheriffs for expenses incurred as a result of the arrest of individuals charged with drug trafficking, human smuggling, illegal immigration and other border-related crime. Under this plan, DPS would require the county sheriffs to report annually on how these monies were expended.

ARIZONA DEPARTMENT OF PUBLIC SAFETY

2102 WEST ENCANTO BLVD. P.O. BOX 6638 PHOENIX, ARIZONA 85005-6638 (602) 223-2000

"Courteous Vigilance"

DOUGLAS A. DUCEY Governor

FRANK L. MILSTEAD Director

RECEIVED SEP 13 2016 JOINT BUDGET COMMITTEE

September 13, 2016

The Honorable Don Shooter, Chairman
Joint Legislative Budget Committee
1716 West Adams
Phoenix, AZ 85007

Dear Senator Shooter,

As discussed in the June JLBC meeting, members indicated they would like the Department of Public Safety (DPS) to submit a report providing additional details regarding the spending of the Border Strike Force local support line item. In consultation with the border counties, we have revised the plan to distribute the funding, while maintaining the specific parameters as to the uses of the funding from the General Appropriations Act.

Laws 2016, Chapter 117 split the local support line item into two parts: $761,700 to provide for not more than 75% of the cost of local law enforcement officer positions participating in the Border Strike Force to include ERE and equipment and $500,000 for grants to cities, towns and counties for costs associated with prosecution and imprisonment of individuals charged with drug trafficking, human smuggling, illegal immigration and other border related crimes.

In regards to the local law enforcement positions, DPS has reached out to the four border sheriffs to see which jurisdictions plan to partner and dedicate personnel to Border Strike Force operations. We have received interest from Cochise County Sheriff's Office in dedicating 5 positions and from Pima County Sheriff's Office for 3 positions. Both Yuma County Sheriff's Office and Santa Cruz County Sheriff's Office have indicated they do not have the resources to participate at this time. As such, DPS will enter into agreements with Cochise for 5 positions and Pima for 3 positions in order to distribute the funding for their deputies to begin working to protect their communities as expeditiously as possible.

The intent of the $500,000 for prosecutorial and jail funding is to offset the cost of Border Strike Force operations in border counties. DPS plans to make $125,000 available, to each border county for prosecutorial and jail expenses incurred from individuals charged with drug trafficking, human smuggling, illegal immigration and other border related crime. To ensure the

funding is spent within the parameters defined by the Legislature in the General Appropriations Act, each county will be required to submit an annual report outlining their use of the funding.

If you have any questions about the local support expenditure plan, please contact Phil Case, DPS Budget Director, at 602-223-2463 or pcase@azdps.gov.

Sincerely,

Frank L. Milstead, Colonel
Director

SUBJECT: Department of Child Safety - Review of DCS' Financial Processes

Request

Pursuant to footnotes in the FY 2017 General Appropriation Act (Laws 2016, Chapter 117), the Department of Child Safety (DCS) is requesting Committee review of an audit of the department's internal financial processes.

Recommendation

The Committee has at least the following 2 options:

1. A favorable review of the request.

2. An unfavorable review of the request.

Under either option, the Committee may consider the following provision:

A. DCS contract with Moss-Adams for follow-up audits in October 2016 and April 2017. These audits would measure DCS' progress in meeting the recommendations in Moss-Adams' initial report. Moss-Adams' full report for both of the audits would be shared with the Committee in Executive Session.

(Continued)

Analysis

Laws 2016, Chapter 291 requires DCS to provide a summary of an internal audit that detailed deficiencies related to the department's financial processes. The audit was commissioned by DCS itself. From February to May 2016, Moss-Adams, a business and accountant consulting firm, conducted an audit of DCS' financial processes. The cost of the audit was $25,000. The purpose of the audit was to review DCS' internal financial processes and to provide solutions for any problems.

To assess DCS' internal controls and operations, Moss-Adams (1) reviewed audit reports, (2) examined policies and procedures, (3) conducted interviews, (4) completed a fraud risk assessment questionnaire, (5) performed walkthroughs of operating cycles, (6) obtained general ledger and disbursement information, and (7) analyzed disbursement data. The Moss-Adams findings suggested that DCS lacked the appropriate internal financial controls.

After a review of the above processes and information, Moss-Adams made 6 strategic recommendations and 11 operational recommendations. As of July 2016, DCS had completed 4 of the operational recommendations and was in the process of addressing the rest.

The key recommendations made by Moss-Adams are as follows:

1) Assign a dedicated person to review and investigate change logs to ensure that overpayments, if any, are recouped on a timely basis. DCS' automated financial system can identify potential overpayments to service providers. This system logs activity every time actual payment exceeds the service authorization. In FY 2015, there were over 100,000 transactions recorded in this category, but DCS had not made extensive use of this monitoring tool. DCS reports it has implemented the Moss-Adams recommendation.

2) Develop a policy to perform annual contract compliance reviews, including, but not limited to, the following:

   A) An evaluation of whether the service providers are abiding by contractual obligations.
   B) Examining payments to determine if invoices submitted were complete, accurate, and comply with the contract or rate schedule terms.

   DCS reports that it is in the process of implementing the Moss-Adams recommendation.

3) Review invoices prior to payment. The review should cover verification of the charges to service authorizations and other backups in addition to the invoice. DCS' Accounts Payable Department only reviewed 10% of invoices from service providers. DCS reports it has implemented the Moss-Adams recommendation.

4) Develop budgeting tools to facilitate monitoring budget to actual activities at the line item level. While "budget to actual" schedules were reviewed as part of the monthly reporting to the Legislature, review at the line item level was not being performed. DCS reports it has implemented the Moss-Adams recommendation.

5) Develop and provide training on topics such as internal controls, fraud, waste and abuse. DCS reports that it is in the process of implementing the Moss-Adams recommendation.

(Continued)

The FY 2017 General Appropriation Act included resources for 60 new FTE Positions for central administrative staff. The FY 2017 General Appropriation Act included a footnote stating that is was the intent of the Legislature for DCS to use the resources to hire at least 16 new contracts office staff, 10 new finance and accounting staff and 10 new procurement staff. DCS will submit its proposed staffing allocation for review by the Committee by September 30, 2016.

Re: Moss Adams Report Summary

Dear Senator Shooter:

Chapter 117, Laws 2016 requires the Department of Child Safety (DCS) to provide a summary of the Moss-Adams audit, on or before July 1, 2016, for review by the Joint Legislative Budget Committee. The attached information summarizes the March 2016 Moss Adams consulting services assessment report.

The Department recognized the need to initiate this financial process review in order to identify deficiencies and make improvements. Since the completion of the process review, the Department has made, and continues to make progress on improving its processes.

If you have any questions, please contact our office at (602) 255-2500.

ARIZONA DEPARTMENT OF CHILD SAFETY

Moss-Adams Audit Summary

June 2016

Pursuant to Chapter 117, Laws 2016, the Department of Child Safety (DCS) is providing a summary of the Moss-Adams audit for review by the Joint Legislative Budget Committee. The following information summarizes the March 2016 Moss Adams consulting services assessment report.

Objective, Scope and Methodology

To evaluate DCS internal controls and operations, Moss Adams performed the following:

- Obtained and read copies of the audit reports for the prior two years to obtain an understanding of operations.
- Obtained and reviewed copies of applicable policies and procedures to gain an understanding of the operating environment.
- Conducted interviews to gain an understanding of the general operating environment and document specific operational or fraud risk concerns that interviewees identified.
- Completed a fraud risk assessment questionnaire to gain an understanding of fraud policies and procedures.
- Performed walkthroughs of the operating cycles to gain an understanding of internal controls, systems, and processes.
- Obtained an electronic download of the general ledger and disbursement activity from January 1, 2012 through December 31, 2015.
- Sorted and summarized disbursement data to identify large vendor activities and perform Benford analysis.

Findings and Recommendations

Based on the above procedures, the below strategic and operational recommendations were identified by Moss-Adams to assist DCS develop and implement a roadmap for operating in a manner that furthers its mission and vision. DCS has implemented most of the recommendations and is working to implement others.

Strategic

1. Update the current Strategic Plan to reflect additional goals and objectives associated with full transition from DES.
2. Develop an implementation plan to fully transition areas under agreements with DES to DCS.
3. Conduct a comprehensive inventory of policies and procedures and prioritize updates to improve internal controls and streamline processes.
4. Develop budgeting tools to facilitate budget monitoring to actual activities at the line item level.
5. Fully implement Enterprise Risk Management and Internal Audit functions.

6. Further analyze opportunities to improve systems, such as edit checks, interface of data between systems.

Operational

1. Develop a high-level implementation plan to fully transition areas under contract with DES to DCS. *DCS has subsequently completed this recommendation.*
2. Develop or update operational policies and procedures to improve internal controls and streamline processes. *DCS is currently in progress addressing this recommendation.*
3. a. Assign a dedicated person to review and investigate change logs to ensure that overpayments, if any, are recouped on a timely basis. *DCS has subsequently completed this recommendation.*
   b. Implement a procedure that will ensure that changes to service authorizations are entered into CHILDS on a timely basis. *DCS has subsequently completed this recommendation.*
4. Develop a policy to perform annual contract compliance reviews, including, but not limited to, the following:
   a. An evaluation of whether the service providers are abiding by contractual obligations; *DCS is currently in progress addressing this recommendation.*
   b. Examining payments to determine if invoices submitted were complete, accurate, include required supporting documentation, and comply with the contract or rate schedule terms; and any arms-length business relationship that exists. *DCS is currently in progress addressing this recommendation.*
5. The Accounts Payable Department should implement a procedure to review invoices prior to payment. The review should cover verification of the charges to service authorizations and other backups in addition to the invoice. *DCS has subsequently completed this recommendation.*
6. Develop additional edit checks within the system. Since DCS prescribes the service provider invoice format, matching service authorization information to the invoices should be developed in CHILDS. *DCS supports this recommendation and plans to address as part of the CHILDS system replacement project.*
7. Recommend that DCS follow policies on timely deposits of funds as required by the General Accounting Office. *DCS has subsequently completed this recommendation.*
8. a. Review the lag of payment to service providers by analyzing date paid with the invoice receipt date. This assessment should be completed as one of the areas evaluated in conjunction with the timely delivery of the service. *DCS has subsequently completed this recommendation.*
   b. Ensure invoices are received in a timely manner consistent with the terms and conditions of the agreement. *DCS has subsequently completed this recommendation.*
   c. Review existing terms of the agreement regarding the submission of invoices, specifically related to old invoices. *DCS supports this recommendation and plans to address.*
9. a. Consider the need to automate other licensing areas and determine if this is in line with the DCS Strategic Plan. *DCS is currently in progress addressing this recommendation.*

b. Assess the need to interface QuickConnect with CHILDS and consider implementing licensing parameters in CHILDS. *DCS supports this recommendation and plans to address as part of the CHILDS system replacement project.*

10. a. Create an interface to automate uploading of approved budgets to AFIS to streamline the process, as well as to avoid errors associated with manual input. *DCS has subsequently completed this recommendation.*

    b. Separate budgeting and grant functions from the Finance Department to provide a more effective oversight and separation of duties. DCS has subsequently completed this recommendation

    c. Implement procedures to review non-financial reports required by grant agreements. *DCS supports this recommendation and plans to address.*

    d. Develop Budgeting tools to facilitate budget monitoring to actual activities at the line item level. *DCS has subsequently completed this recommendation.*

11. a. Perform enterprise internal control reviews. *DCS is currently in progress addressing this recommendation.*

    b. Perform enterprise risk and opportunity improvement assessments. *DCS is currently in progress addressing this recommendation.*

    c. Develop multi-year internal audit programs. *DCS supports this recommendation and plans to address*

    d. Strengthen the fraud policy. *DCS supports this recommendation and plans to address*

    e. Develop and provide training on topics such as internal controls; fraud, waste, and abuse. *DCS is currently in progress addressing this recommendation*

    f. Develop a system to track, validate, and report on the resolution of internal and external audit findings. *DCS is currently in progress addressing this recommendation*

    g. Establish a governance structure and internal audit charter (e.g., Governance Committee, reporting format and frequency, etc.).

        i. Enterprise Risk Management, including Internal Audit should report directly to those charged with governance. *DCS supports this recommendation and plans to address.*

SUBJECT: Department of Child Safety - Review of FY 2016 Fourth Quarter Benchmarks

Laws 2014, 2nd Special Session, Chapter 2 requires the Department of Child Safety (DCS) to submit a report for Committee review of quarterly benchmarks for assessing progress made in increasing the department's number of FTE Positions and in reducing the number of backlog cases. DCS submitted the fourth quarter report on July 5, 2016. In this memo, JLBC Staff has updated the fourth quarter report with newer information when available.

Recommendation

The Committee has at least the following 3 options:

1. A favorable review.

2. An unfavorable review.

3. Accept the report with no comment.

Analysis

FY 2016 Fourth Quarter Benchmark - Filled FTE Positions

In accordance with session law, DCS submitted the benchmark report on time at the end of the fourth calendar quarter. *Table 1* outlines DCS' progress in hiring caseworkers by quarter. DCS is funded for 1,406 caseworkers. DCS had previously had their highest hiring level of 1,357 filled direct line staff in April 2015. The department hit a low point of 1,255 filled direct line staff in September 2015. Since that time, DCS has made steady progress in increasing the caseworker hiring level. As of August, DCS had 1,358 filled direct line staff, a new high.

(Continued)

One caveat to DCS' success in hiring front line staff is that a large number of caseworkers continue to be in training. Due to the sizable number of caseworkers in training, the number of case-carrying caseworkers in August was (232) staff below the benchmark.

Table 1

Progress in Hiring Caseworkers by Quarter

		Actuals		
Direct Line Staff Type	Benchmark	Mar. 31, 2016	June 27, 2016	August 2016
Case-Carrying Caseworkers	1,190	923	1,019	958
Caseworkers in Training	140	273	263	324
Hotline Staff	76	74	74	76
Total	**1,406**	**1,270**	**1,356**	**1,358**

Although not part of the benchmark report, the number of filled case aides has declined from 280 in January 2016 to 245 in August 2016. This loss of 35 case aides occurred despite the FY 2017 budget adding funding for 34 new case aides.

FY 2016 Fourth Quarter Benchmark - Reducing the Backlog

Table 2 outlines DCS' progress in reducing the backlog by quarter.

In June 2014, DCS set benchmarks for reducing the backlog. At the time, there were 13,024 backlog cases. The backlog is defined as non-active cases for which documentation has not been entered into the child welfare automated system for at least 60 days and for which services have not been authorized for at least 60 days.

DCS continues to make significant progress in reducing the number of backlog cases. The number of backlog cases dropped from 10,751 cases in March 2016 to 5,394 cases in September 2016. DCS has reduced the number of relapsed June 2, 2014 cases from 1,026 to 676.

Table 2

Progress Reducing the Backlog by Quarter

		Actuals		
Remaining Backlog Cases	Benchmark	Mar. 31, 2016	June 27, 2016	Sept. 6, 2016
Total Backlog Cases	1,000	10,751	8,223	5,394
Relapsed June 2, 2014 Backlog Cases	*0*	*1,026*	*676*	*N/A*
Post-June 2, 2014 Backlog Cases	*1,000*	*9,725*	*7,547*	*N/A*

Expenditures on Personal Services

DCS spent $29.0 million on salaries including overtime for 2,728 FTE Positions in the fourth quarter of FY 2016.

Expenditures to Reduce the Backlog

The FY 2016 budget for backlog elimination was $12.4 million General Fund and $3.9 million from Federal Funds, totaling $16.3 million. In the fourth quarter of FY 2016, DCS estimates expenditures of $3.1 million on backlog reduction for support services and placements. The expenditure figure does not include the cost of caseworker overtime to investigate backlog cases.

DEPARTMENT OF CHILD SAFETY

Quarterly Progress Report for Filled FTE Positions and Reducing the Backlog
June 2016

Laws 2014, Second Special Session, Chapter 2, requires the Department of Child Safety (DCS) to submit a report for review by the Joint Legislative Budget Committee (JLBC) containing the progress made in increasing the Department's number of FTE positions and in reducing the number of backlog cases. The backlog cases referenced in Laws 2014, Second Special Session, Chapter 2, are cases that have had no case note documentation entered in the CHildren's Information Library and Data Source (CHILDS) for the past 60 days. These cases are also referred to as non-active cases, which is the term used through the remainder of this report.

The filled FTE, case count, and expenditures provided in this report are actuals for first, second quarter 2016, third quarter 2016 and preliminary fourth quarter 2016 (FY 2016).

Filled FTE Positions

As of June 30, 2014, the Department had a total of 2,392 filled FTE positions, including 982 case-carrying staff, 225 staff in training, 76 FTE in Intake (Hotline), and 1,109 other staff. The total number of FTEs through the first quarter, second quarter, third quarter and fourth quarter preliminary of FY 2016 is outlined below.

Table 1. Progress on Filled FTE Positions in Fiscal Year 2016 Qtr 4

	Quarter 1 Actual	Quarter 2 Actual	Quarter 3 Actual	Quarter 4 Preliminary*
Total Authorized FTE	**3,057.1**	**3,057.1**	**3,057.1**	**3,057.1**
Authorized Attorney General FTE Positions	**234.2**	**234.2**	**234.2**	**234.2**
Total Authorized DCS FTE Positions	**2,822.9**	**2,822.9**	**2,822.9**	**2,822.9**
Authorized Caseworkers	**1,406.0**	**1,406.0**	**1,406.0**	**1,406.0**
Filled Caseworkers (Active)	972.0	955.0	923.0	1,019.0
Filled Caseworkers (Training)	212.0	220.0	273.0	263.0
Filled Intake (Hotline)	71.0	74.0	74.0	74.0
Subtotal Filled	1,255.0	1,249.0	1,270.0	1,356.0
Authorized Non-Caseworker Personnel	**1,416.9**	**1,416.9**	**1,416.9**	**1,416.9**
Filled Supervisors (Unit, APM)	254.0	257.0	258.0	254.0
Filled Case Aides	279.0	280.0	276.0	252.0
Filled Other Non-Caseworkers	804.0	858.0	897.0	866.0
Subtotal Filled	1,337.0	1,395.0	1,431.0	1,372.0
Total Filled FTE	**2,592.0**	**2,644.0**	**2,701.0**	**2,728.0**

* Filled FTE Position counts are as of June 27, 2016 and actuals will be updated in the next quarterly report.

Progress Reducing the Cases Inactive as of June 2, 2014

Laws 2014, Second Special Session, Chapter 2 requires DCS to report the disposition (outcome) of the 13,024 cases that were non-active as the close of business on June 2, 2014, including:

- Number of cases currently closed;
- Number of cases currently being investigated;
- Number of cases currently in an out-of-home placement; and
- Number of cases currently receiving in-home preventive support services.

The Department established the following quarterly benchmarks for assessing progress in reducing the number of non-active cases:

- Number of cases that were non-active as of June 2, 2014 that have been activated;
- Number of activated cases in the investigation phase;
- Number of activated cases receiving in-home services;
- Number of activated cases in out-of-home placements and receiving out-of-home support services; and
- Number of activated cases closed.

Table 2. Reducing the June 2, 2014 Backlog for Fiscal Year 2016 Qtr 4

	Quarter 1 Actual [1]	Quarter 2 Actual [1]	Quarter 3 Actual [1]	Quarter 4 Preliminary [2]
Investigation Status				
Open Investigation	2,886	2,028	1,436	999
Closed Investigation	9,981	10,844	11,448	11,896
No investigation documentation in CHILDS	157	152	140	129
Case Status				
Receiving In-Home Preventive Services	51	41	109	10
Receiving Out-of-Home Support Services and/or Placement	453	403	470	328
Cases with no service or placement payments in CHILDS	2,858	1,693	889	554
Cases Closed	9,662	10,887	11,556	12,026
Current number of non active cases	14,558	14,470	10,751	8,223
Original 13,024 backlog cases reverted to non active status	2,253	1,633	1,026	676

1/ Previous quarter actuals are based on service date expenditures as of the point in time the data is extracted. Changes will occur if additional invoices are received and payments are issued, and as other billing issues are resolved.

2/ Investigation and case status counts are as of June 28, 2016

Process to Address the Current Non-Active Cases

DCS Quarterly Progress Report for Filled FTE Positions and Reducing the Backlog
June 2016

As of June 30, 2016, the total number of non-active cases (cases with no case note entered in the past 60 days) was 8,223. Significant progress was realized during Quarter 4 FY2016 resulting in a reduction of 2,528 cases since the end of Quarter 3 FY2016.

The continued progress made in Quarter 4 FY 2016 is the direct result of continued work in the strategic areas described in the Quarter 2 report: selected assistance work teams, regional action plans, leveraging partnerships and Model Field Offices. Additionally, the Department continues utilizing weekly performance huddle calls as means of maintaining progress and establishing performance accountability.

The efforts of addressing non-active cases continues in the area of completing investigations, based on the knowledge that the majority of non-active cases are investigation cases rather than in-home service or out-of-home placement cases.

Update on reduction strategies:

- ***Selected Assistance Work Teams*** – Utilization of selected assistance work teams continues to be a significant contributor in the reduction of inactive cases. The specific application of these resources in targeted offices has resulted in continued reductions of workload, thus allowing investigators to maintain incoming report volumes and preventing future inactive cases from occurring. In Quarter 4, the selected assistance work teams were transitioned to a new office in the Pima Region, as inactive cases were successfully reduced at the office where the work teams were assigned originally. Additionally, in Central and Southwest Regions, the assigned selected assistance work teams are nearing completion at the highest volume offices and transitioning to the next highest volume field offices in the respective regions. This deployment and transition of support for targeted high-volume offices will continue until the final objective of fewer than 1,000 open inactive cases is achieved.

- ***Regional Plans*** – Individualized regional plans have continued to generate the greatest reduction of inactive cases of the four reduction strategies. The regional plans include offline work periods permitting investigators to focus on workload completion without interruption which is the primary means for the progress. The regional plans have also addressed the need for continuous flow with reports and cases as they are submitted for final quality assurance checks. Through these efforts, investigators have been successful with completing more work than what is being assigned each week while the quality assurance checks verify that cases are closed appropriately, in accordance with quality standards and are no longer permitted to relapse inactive.

- ***Expanding Administrative and Case Review Capacity by Leveraging Partnerships*** – Contracted services have greatly supported the progress made reducing inactive cases in Quarter 3. The contracted services have supported the two highest backlogged Maricopa County field offices. During Quarter 4 the DCS team and contracted resources have worked together to reduce backlogs in these two offices by an average of 40 percent. As a result of the combined efforts, these two targeted offices are nearing elimination of their

respective backlogs, thus permitting the contract resources to transition to the second highest backlogged offices in each of the regions. It is anticipated that these resources will be fully transitioned to the new offices by late July 2016. As a result of recently provided Legislative funding, the contractor has been requested to double the amount of available work hours on this project with the intention of accelerating the backlog burndown plan in these respective offices.

- ***Model Field Offices*** – Standardization efforts extended to four additional offices during Quarter 3. The efforts to standardize the investigation process and transfer of cases to ongoing caseworkers continues to support the reduction and sustainment of backlog by freeing up time investigators were spending on management of dependency cases. This process is now being implemented in offices in geographic proximity to the three original Model Field Office sites, and will continue to roll out across the state through calendar year 2016.

Summary of outcomes and Q4 FY2016 projections

Quarter 4 performance realized a 23.5 percent improvement, and 2,528 case reduction, in the total number of inactive cases. These efforts have been possible through the significant efforts of the investigations specialists, support resources from around the Department, and actions plans that are continually refined to be most productive. The Department continues to hold a commitment to safely and sustainably reducing this backlog by completing investigations rather than adding case notes to activate incomplete investigations. This is evident not only in the reduction of the overall inactive cases, but the reduction of cases that relapsed into inactive status.

The Department will continue efforts in the four reduction strategies described herein, while continuing to seek additional ideas and strategies to compliment these efforts. In the Quarter 3 report, DCS committed to realize less than 8,500 inactive cases by the end of Quarter 4, which was achieved. The Department is seeking to be less than 6,500 inactive cases by the end of Quarter 1 FY 2017.

Expenditures for Personal Services in FY 2016

The table below shows the preliminary Quarter 4 personal services expenditures, employee related expenditures and FTE for FY 2016.

Table 3. Projected Expenditures for Personal Services Monies Appropriated in Fiscal Year 2016*				
	Quarter 1	Quarter 2	Quarter 3	Quarter 4
	Actual	Actual	Actual	Preliminary**
Case Specialists				
P/S	14,381,883	14,194,564	14,726,592	14,575,726

TOTAL PS/ERE	**42,352,920**	**43,777,666**	**44,844,969**	**39,380,528**

* Quarterly Backlog Report Personal Services and ERE financial projections are taken from across SLIs from General Operating, Overtime, Records Retention

** Overtime Reduction efforts found in Quarters 3 and 4

- All appropriations other than the General Operating appropriation are intended solely for PS/ERE use only

Expenditures for Reducing the Backlog

The FY 2016 budget includes $12.4 million from the General Fund to reduce the backlog of non-active cases. This appropriation includes funding for services and placement costs for non-active cases already in placements and receiving services, or for children who receive services after their case is reactivated and investigated of the 13,024 inactive cases as of June 2, 2014.

Table 4 shows the preliminary Quarter 4 expenditures for FY 2016 related to the cases that were non-active as of June 2, 2014, and projected costs for the remaining quarter.

Table 4. Expenditure Progress for Fiscal Year 2016 Qtr. 4

	Quarter 1 Actual [1]	Quarter 2 Actual [1]	Quarter 3 Actual [1]	Quarter 4 Preliminary [2]	Total	Expenditures to Address New Inactive Cases	Total Appropriation
In-Home Support Services	88,765	104,318	35,114	22,632	250,829	2,531,271	2,782,100
Out-of-Home Support Services	1,327,112	1,304,902	1,148,996	512,465	4,293,475	788,725	5,082,200
Out-of-Home Placements	2,020,743	1,934,822	1,841,869	1,170,971	6,968,405	(2,424,505)	4,543,900
Total	**3,436,620**	**3,344,042**	**3,025,979**	**1,706,068**	**11,512,709**	**895,491**	**12,408,200**

1/ Previous quarter actuals are based on service date expenditures as of the point in time the data is extracted. Changes will occur if additional invoices are received and payments are issued, and as other billing issues are resolved.

2/ Fourth quarter projections, $3.1M expenditures, the department is forecasted to use all of the dollars for backlog services.

While the Department only reports expenditures related to the 13,024 cases that were inactive on June 2, 2014, significant work is also required to address the additional cases that have continued to become inactive since June 2.

The FY 2016 Quarter 1 actual expenditures include closed cases with outstanding payments for services already rendered and for current cases that remain open because in-home or out-of-home services are being provided to the family. These expenditures do not include those cases that were closed after June 2, 2014 and then reopened at a later date due to another Hotline report as previously published in the report.

The Department anticipates that the total expenditures for Out-of-Home Placements for cases that were inactive on June 2, 2014 will be $6,968,405 and the shortfall of ($2,424,505) shown in this outline will be supported by Out-of-Home Placement SLIs. As an overall appropriation the Department intends to expend all of these dollars.

SUBJECT: Department of Child Safety - Review of FY 2017 Second Quarter Funding for New Case Aides and Overtime

Request

Pursuant to a footnote in the FY 2017 General Appropriation Act (Laws 2016, Chapter 117), the Department of Child Safety (DCS) is requesting Committee review of FY 2017 second quarter funding for New Case Aides and Overtime.

Recommendation

The Committee has at least the following 2 options:

1. A favorable review of $765,200 for New Case Aides and $2,092,500 for Overtime in FY 2017 for second quarter funding. The remaining amounts from the FY 2017 appropriation would be reviewed upon further updates on progress of reducing the backlog of non-active cases.

2. An unfavorable review of the request.

Analysis

An FY 2017 General Appropriation Act footnote makes the availability of some FY 2017 funding contingent on Committee review of the FY 2017 contractor(s) award(s) for the backlog. Prior to Committee review, DCS cannot spend the $3,060,600 for 34 New Case Aides and the $6,277,500 for Overtime Pay, which comprises 100% of New Case Aides line item and 75% of the Overtime Pay line item.

(Continued)

At its June 2016 meeting, the Committee favorably reviewed the first quarter of funding (or 25% of the total appropriation) for New Case Aides. The FY 2017 General Appropriation Act did not require Committee review of first quarter funding for Overtime Pay, but Committee review of the remaining 3 quarters of funding is required. Because DCS had only entered into one contract in June 2016, the Committee did not review the final 3 quarters of funding for New Case Aides and Overtime Pay.

It was the intent of the Committee to release the entire FY 2017 appropriation for New Case Aides and Overtime Pay upon DCS' submission of a complete set of private contractor awards for the backlog. At the June 2016 meeting, the department explained its plan to publish additional Requests for Proposals and enter into contracts with more vendors for backlog assistance. DCS, however, now believes the backlog will be eliminated with the single contractor award. The agency is requesting Committee review of second quarter funding for New Case Aides and Overtime Pay, even though it no longer intends to enter into more contracts.

Under Option 1, the favorable review of the $765,200 for New Case Aides and $2,092,500 for Overtime represents 25% of the total funding for those line items, or one quarter's worth of funding, which should be sufficient until the December JLBC meeting. A total of $1,530,300 for New Case Aides and $4,185,000 for Overtime Pay remains to be released for use.

At the beginning of September 2016, there were 5,394 backlog cases, or 5,357 fewer cases than there were in March 2016. DCS anticipates that it will meet the goal established in the FY 2017 General Appropriation Act to have fewer than 1,000 backlog cases by the end of FY 2017.

Re: JLBC Agenda Item Request

Dear Senator Shooter and Representative Olson:

The Department of Child Safety (DCS) requests to be placed on the Joint Legislative Budget Committee's September 21st 2016 meeting agenda for review of the following items.

Quarterly Benchmark Update

The Department of Child Safety continues to make meaningful progress on the reduction of inactive cases and total open reports. Additionally, the Department has made meaningful improvements in achieving permanency as evident by the recent reduction in the out-of-home care population.

Specific statistics regarding progress to date are shown below.

Inactive Cases (as of 8/29/2016):

- Current: 5,645
- Last Update (5/31/2016) – 9,162
- All Time High (January 2015) – 16,200
- Improvement – 10,555 (63%) Reduction

Total Open DCS Reports (as of 5/29/2016):

- Current – 14,591
- Last Update (5/31/2016) – 19,843
- All Time High (April 2015) – 33,245
- Improvement – 18,654 (57%) Reduction

Out-of-Home Population (as of 6/30/2016)

- Current – 18,287
- All Time High (February 2016) – 19,044
- Improvement – 757 (3.9%) Reduction

Director Gregory McKay wishes to address the committee on the overall progress being made at the agency including recent updates on the legislative benchmarks established in the FY2017 budget bill.

Since last update in June 2016, the Department has continued utilizing contracted staff augmentation resources to assist the Department's staff and stipend teams working to eliminate the backlog of inactive cases and total open DCS reports. The Department has realized significant gains since the last quarterly meeting. As such, the Department feels that the existing resources and contracted staff augmentation is sufficient to achieve the legislative benchmark established for inactive cases and total open DCS reports.

The Department is in process of finalizing a Statement of Work to be released to Request for Proposal (RFP) in late September/ early October to assist with reducing the out-of-home population. This initial RFP is targeted at staff augmentation for Family Engagement Specialists to assist with the Fostering Sustainable Connections (FSC) process. The FSC is an intervention which seeks to reduce the length of stay for children in group home and shelter care settings. This process is an alternate approach to engaging families in order to foster connections, and support family involvement in decision making for children. FSC consists of three strategies: Family Finding, Life Long Connection and service array strategy.

The Department's progress on investigations backlog has provided significant learning on addressing long standing department issues. The application of targeted interventions like Fostering Sustainable Connections coupled with commitment to Standardized Work, Performance Management and continued improvements in the application of the Department's Safety Assessment and Intervention Model practices has made progress on slowing, even reducing the out-of-home population. With the progress made thus far, the Department is requesting release of the 2nd quarter of the new Case Aide and Overtime funding, to continue to operate the Department.

Through these supportive efforts and the continued efforts of all DCS staff, the Department is committed to achieving the benchmarks to reach less than 1,000 inactive cases and less than 13,000 open DCS reports on or before June 30, 2017. Additionally, the Department is striving to achieve the out-of-home care benchmarks established to have less than 17,500 children in care by June 30, 2018.

Guardian – August 3rd Party Review

In accordance with A.R.S 41-714, the Department submits for the committees review the August independent 3rd Party Review for the Guardian Project.

Separation Project – August 3rd Party Review

In accordance with A.R.S 41-714, the Department submits for the committees review the August independent 3rd Party Review for the Separation Project.

If you have any questions, please contact our office at (602) 255-2500.

Sincerely,

Gregory McKay
Director

Michael Deliner

SUBJECT: Department of Child Safety - Review of Alternative Use of Backlog Privatization Resources

Request

Pursuant to footnotes in the FY 2017 General Appropriation Act (Laws 2016, Chapter 117), the Department of Child Safety (DCS) is requesting Committee review of its proposal to spend Backlog Privatization funding on contracted permanency services. All DCS line item transfers require Committee review in FY 2017.

Recommendation

The Committee has at least the following 2 options:

1. A favorable review of the transfer of $2,200,000 from the FY 2016 Backlog Privatization line item to the Out-of-Home Support Services line item for contracted permanency services. This option would not include a review of the FY 2017 monies.

2. An unfavorable review of the request.

If the Committee wants to defer the transfer until the backlog is closer to being eliminated, the following provision could be added:

A. The transfer of funds shall not occur until the backlog of 60-day cases is under 1,000 cases. If the backlog falls below 1,000 cases, DCS shall report to the Committee 30 days before transferring the funds. The transferred funds may only be used for contracted permanency services unless a new expenditure plan is submitted to the JLBC for review.

(Continued)

Under either option, the Committee may also consider the following provision:

B. Upon having signed contracts for permanency services, DCS shall report the terms and conditions of the contracts to the JLBC.

Analysis

The FY 2017 General Appropriation Act included $2,700,000 from the General Fund for Backlog Privatization in each of FY 2016 and FY 2017. The FY 2016 monies are non-lapsing until end of FY 2017. "Backlog case" essentially means any nonactive case for which documentation has not been entered in the child welfare automated system for at least 60 days.[1/]

At its June 2016 meeting, the Committee favorably reviewed the release of the FY 2016 monies, but the Committee did not release any of the FY 2017 monies. At that time, DCS provided the Committee with a signed contract from Southwest Human Development (SWHD) to work cooperatively with the department to administer backlog cases, consistent with requirements in Laws 2016, Chapter 291.[2/]

Under the SWHD contract, the contractor has conducted field response activities such as non-victim child and non-perpetrator adult interviews. The private contractor has also worked directly with case-carrying caseworkers to review open cases and determine outstanding investigation actions.

At the June 2016 meeting, the department explained its intent to enter into contracts with more vendors for backlog assistance. DCS planned to publish the Request for Proposals in July 2016, and report the contractor awards to the Committee at the September 2016 meeting. DCS, however, has not signed additional contracts for backlog privatization.

DCS believes the backlog will be eliminated by June 2017 with its existing internal resources and the single SWHD contract. DCS has made significant progress in activating backlog cases, going from 10,751 backlog cases at the end of March 2016 to 5,394 in September 2016.

DCS estimates SWHD will require $500,000 to complete its backlog work, leaving $2,200,000 available.

Agency Request

Given the department's success utilizing a single private vendor to assist with backlog elimination, the department is requesting Committee review of its plan to use Backlog Privatization funding for contracted permanency services. Under the plan, DCS would contract with private vendors for assistance in achieving permanency for children in out-of-home care. There are currently over 18,000 children in out-of-home care. Specifically, private vendors would perform preliminary case reviews, targeted permanency case reviews, friends and family search, and other activities to facilitate permanent placement for children. While performing these functions, contractors would support DCS caseworkers in working with families and aide in children achieving permanency.

(Continued)

1/ The technical definition also includes services which have not been authorized for at least 60 days and any case that has had an investigation, has been referred to another unit and has had no contact for at least 60 days. A backlog case also includes any case for which the investigation has been open without any documentation or contact for at least 60 days, any case involving in-home services for which there has been no contact or services authorized for at least 60 days and any case involving foster care in which there has been no contact or any documentation entered in the child welfare automated system for at least 60 days.

2/ Consistent with the requirements in Laws 2016, Chapter 291, a vendor must complete all aspects of each case according to department rules and policies, and DCS must maintain direct supervision of all cases. If the private contractor has a reasonable belief that removal of a child is necessary, the contractor is required to contact the designated DCS supervisor or law enforcement and take action to protect the child. The contractor is additionally required to protect any DCS information received.

Option 1 would allocate $500,000 of the FY 2016 Backlog Privatization appropriation for continued backlog privatization and immediately transfer $2,200,000 of the FY 2016 Backlog Privatization funding to the Out-of-Home Support Services line item for contracted permanency services. The FY 2017 Backlog Privatization appropriation would be held back in the event that DCS is unable to eliminate the backlog with the FY 2016 monies.

Under Provision A, the monies would be transferred only after the backlog falls below 1,000 cases.

Re: FY2017 General Appropriate Act footnote

Dear Senator Shooter and Representative Olson:

Pursuant to a FY 2017 General Appropriation Act footnote (Laws 2016, Chapter 117), the Department of Child Safety requests to be placed on the Joint Legislative Budget Committee's September 21, 2016 agenda for review of utilization of $2,200,000 from the Backlog Privatization line item in FY 2016 to support permanency activities for children in the out-of-home population in FY 2017. The $2,200,000 will be used for permanency services staff augmentation.

Using its existing internal resources and the single contract with Southwest Human Development, DCS projects there will be fewer than 1,000 backlog cases on or before the legislative benchmark of June 30, 2017. DCS requests that the Committee dedicate $500,000 of the FY 2016 backlog privatization appropriation for continued backlog staff augmentation and $2,200,000 of the FY 2016 backlog privatization funding for permanency support staffing augmentation. The FY 2017 backlog privatization appropriation would be held back in the event that DCS is unable to eliminate the backlog with the FY 2016 monies.

Under the permanency services staffing augmentation, DCS would contract with private vendors for assistance in achieving permanency for children in out-of-home care. There are currently over 18,000 children in out-of-home care. Specifically, private vendors would assist with cursory case reviews, targeted permanency staffings, family finding activities and other staff augmentation activities. While performing these functions, contractors will support DCS case managers in working with families and aide in children achieving permanency.

SUBJECT: Arizona Department of Administration/Department of Child Safety - Review of CHILDS (Automation Projects Fund)

Request

A.R.S. § 41-714 requires Committee review prior to any monies being expended from the Arizona Department of Administration's (ADOA) Automation Projects Fund (APF) for the Children's Information Library and Data Source (CHILDS) replacement project. ADOA is requesting Committee review of $6.2 million to implement the mobile solution, develop more Requests for Proposals (RFPs) and fund other components of the project.

Recommendation

The Committee has at least the following 2 options:

1. A favorable review.

2. An unfavorable review.

Under either option, the Committee may consider the following provisions:

A. Prior to submitting any future expenditure request for the CHILDS replacement project to the JLBC, the Committee recommends that DCS seek a vote of approval from the Information Technology Authorization Committee (ITAC) for that specific request.

(Continued)

B. DCS is to report its project milestones for this expenditure plan to the JLBC by October 28, 2016. In addition, DCS is to include project milestones as part of any future submissions for the CHILDS replacement project.

Analysis

CHILDS is the information management system used to document the status, demographics, location and outcomes for children in the care of DCS. The system assists with various business processes including hotline intake, initial assessments and investigations, case management, adoptions, eligibility determinations, staff management, provider management and payment processing.

As outlined in *Table 1*, ADOA and DCS were appropriated a total of $9.6 million from APF in FY 2015 and FY 2016 for CHILDS replacement. The FY 2015 monies do not revert to the General Fund until the end of FY 2017. To date, JLBC has already reviewed $613,000 of the $9.6 million APF appropriation. DCS is now requesting review of another $6.2 million. With the current request, approximately $2.8 million would remain unallocated. The total cost of the CHILDS replacement project is estimated at $56.5 million, of which the state share is 50% (or $28.2 million). To that end, DCS' FY 2018 budget submittal includes a request for $10.8 million from the General Fund to continue the CHILDS replacement project.

Table 1

CHILDS APF Expenditures by Purpose

Purpose	Funding Request
Phase 1 Planning Project (March 2015 JLBC Review)	$ 313,000
Multiple RFPs (June 2016 JLBC Review)	300,000
Mobile Solution Development & Additional RFPs (Current Request)	6,187,200
Unallocated as of September 2016 (Future Review)	2,781,400
Total 1/	**$9,581,600**

1/ Includes $5,000,000 from the FY 2015 appropriation and $4,581,600 from FY 2017 appropriation

Project History

DCS will implement the CHILDS replacement project referred to as "Guardian" in 2 phases. In March 2015, DCS received Arizona Strategic Enterprise Technology (ASET) approval and a favorable JLBC review of its plan to spend $313,000 of the $5.0 million appropriation for the Phase 1 Planning Project. All APF expenditures for CHILDS replacement are matched with an equal amount of Federal Funds. During the Phase 1 Planning Project, DCS contracted with Public Consultant Group (PCG) to prepare a technical requirements document, an alternatives analysis, a cost/benefit analysis, a feasibility study and a final report with findings, recommendations and potential risks for the project.

PCG recommended that DCS build a CHILDS system replacement in segments (e.g., the "mobile solution," safety and risk assessment tool, hosting environment, case management, financial management, data warehouse and data environment) rather than purchasing a whole new system. A "system integrator" would be responsible for bringing together segment subsystems and ensuring that those subsystems function together. Because this solution combines different aspects of several replacement alternatives, PCG refers to this as a synthesized solution. CHILDS replacement will utilize the recommended synthesized approach.

(Continued)

In June 2016, DCS received a favorable Committee review of its plan to spend $300,000 of the FY 2015 appropriation to develop multiple RFPs as part of the Phase 2 Implementation Project.

Current Request

As outlined in *Table 2*, ADOA/DCS are requesting review of $6.2 million from APF for 9 components of the CHILDS replacement project, including the development of the mobile solution. At its June 2016 meeting, ITAC adopted a provision allowing all components of the CHILDS replacement project to proceed as long as they receive ADOA/Arizona Strategic Enterprise Technology approval, with no further ITAC approval necessary. As a result, ITAC discussed the $6.2 million proposal at its September 14, 2016 meeting as an information-only item.

The JLBC may want to consider recommending that ITAC be more actively involved in oversight of the CHILDS project. The JLBC could include a provision requesting that ITAC vote on any expenditure plans prior to their submission to the JLBC.

Table 2

Components of DCS' CHILDS Request - September 2016

Component	Estimated State Cost
Program Management - Communicates status and other information to oversight and management committees	$1,009,000
Planning and Procurement - Includes releasing more RFPs	211,400
Data Management - Conducts data cleansing	327,400
Business Integration - Specifies business requirements for new system	801,800
Mobile Solution - Application for caseworkers in the field	679,000
Independent Third-Party Consultant	253,400
Quality Management - Conducts system testing on the new CHILDS system	897,200
Platform - New system's technology platform	1,568,300
Hosting - Hosts the new system	439,700
Total	**$6,187,200**

As discussed in the ADOA-ASET agenda item, the current Project Investment Justification format for automation spending lacks sufficient background information, such as project milestones. Under provision B, DCS would include project milestones in its expenditure plans prior to their submission to the JLBC.

Project Timetable and Expenditure Plan

As required by a June 2016 meeting provision, DCS has submitted a complete project timetable and an expenditure plan for the entire project. To date, DCS has released RFPs for assessment and planning, data integrity, business integration, program management, the mobile solution, quality management, and the platform. The assessment and planning work has been awarded to a contractor and implemented. Major contractor start dates include November 2016 for the mobile solution and the platform, January 2017 for application hosting, and August 2017 for technical integration and CHILDS decommissioning.

(Continued)

Independent Third-Party Consultant

Consistent with several JLBC provisions and the requirements in A.R.S. § 41-714, DCS has hired an independent third-party consultant to provide the Committee with quarterly reports on the CHILDS replacement project for the life of the project. The initial assessment completed on August 31, 2016 focuses on the planning phase and reports that the CHILDS replacement project is positioned for success. The independent consultant also indicates that the project characteristics depict strong plan viability and strong project management practices. The estimated total for the CHILDS replacement project cost is within the range given by PCG in its feasibility study.

Joint Legislative Budget Committee
Arizona House of Representatives
1700 West Washington Street
Phoenix, Arizona 85007

Dear Senator Shooter and Representative Olson:

In accordance with Arizona Revised Statutes § 41-714, the Arizona Department of Administration (ADOA) is submitting this request for review of fiscal years 2016 and 2017 Automation Projects Fund (APF) projects. Monies to support the expenditure plans have already been appropriated to the APF.

The attached documents contain a detailed explanation of the proposed projects. We will be happy to meet with your staff to provide further explanation as appropriate.

Sincerely,

Craig C. Brown
Director

Q&A

CHILDS Replacement Program (Guardian) Overview

Solution	• Guardian will be a usability centric, CCWIS compliant solution built upon a single technology platform that readily facilitates process driven DCS work activities and delivers more contemporary collaboration with all DCS partners.
Procurement Strategy	• A mobile first strategy will generate efficiencies by adding capability to a field worker's existing toolbox. • Concurrently selecting and implementing a technology platform will enable a more consistent data model upon which all process driven functionality modules will be built.
Cost and Funding	• State funding through JLBC appropriations subject to ITAC oversight. • ACF approved 50% Federal match funding for development and maintenance costs. • Annual IAPD updates to maintain Federal match funding (Title IV-E).
Timeline	• Capabilities and benefits of Guardian will become available starting with the case worker mobile solution functionality, and continue with incremental procurements and implementations through Q2 FY20.

Q&A

Further Information

- Risks
- CHILDS Replacement (Guardian) Solution Model

Program Risks

risk	response
Executive Sponsorship • Impact on agency organization, budget, and resources	• Reorganize Steering Committee to enable quicker decision making • Form specialized work groups to advise the Steering Committee
Project Complexity • Incremental benefit delivery requires coordination • Data management between CHILDS and Guardian	• IV&V vendor to maintain oversight during the full span of the project • Schedules with dependencies and contingency • Coordination of CHILDS decommissioning
System Complexity • Integration and configuration complexity	• Industry standards, using a Platform foundation • DCS oversight of vendors
Funding • DCS and Federal budgets	• Agreed funding to complete solution • Buy-in from State, Federal, and DCS management
Program Procurement • Multiple procurements to meet business needs	• JLBC and ITAC approval of program model for multiple projects
Procurement Strategy • Limited vendor and evolving product market	• Identify known vendors, specializing in each component or service • Ensure experience criteria included in RFPs or state service contracts
System Acceptance • Management need for reporting and analytics • Changing DCS processes while configuring system • Busy caseworkers with limited time for training	• Attention to data integrity • Business process redesign informs configuration • Incremental delivery provides early successes and program champions • Communication and training provides awareness

RFP area	RFP type	description	planned release date	planned contractor start date	duration	estimated value
Preparatory Work						
Assessment and Planning	RFP	The contractor did: - create feasibility study, including alternatives analysis and cost benefit analysis - create IAPD - create the initial Guardian roadmap - create the initial Guardian budget - create presentations and other informational material for oversight and management committees	released July 2014	started May 2015	15 months	$1.4m
Data Integrity	AZ IT MSP	For the current child welfare system data in CHILDS, the contractor will: - confirm the data model - create a data dictionary - plan and conduct data cleansing, in priority batches - create a data quality plan to maintain data integrity until migration to Guardian	released July 2016	November 2016	22 months	$1.1m
Guardian solution						
Procurement Approach IV&V	AZ IT MSP	The contractor will: - provide IV&V services for the procurement staging and resource identification	July 2016	August 2016	1 month	$40k
Program Management	Staff augmentation	The contractor will: - communicate status and other information to oversight and management committees - identify projects within the Guardian program - set and maintain project management standards - manage overall project risks - identify and acquire resource for the projects - manage budgets for these projects	initial identification of resources June 2016 identification will continue through 2016	initial onboarding of resources June 2016 onboarding will continue through 2016	45 months	$4.1m
Business Integration	AZ IT MSP	The contractor will: - elaborate business requirements, conduct requirements traceability throughout project, manage user acceptance and operational readiness assessment against these requirements - conduct process redesign and organizational change management as required - manage end-user training	August 2016	October 2016	40 months	$5m
Enhanced Reporting	AZ IT MSP	The contractor will: - review existing reports - redesign existing reports, delete unused reports, add new reports to support the agency practices	April 2017	June 2017	12 months	$1.6m
Mobile Solution IV&V	AZ IT MSP	The contractor will: - provide IV&V services for the design, configuration, and implementation of the mobile solution	August 2016	November 2016	10 months	$420k
Mobile Solution	RFP	The contractor will: - provide a mobile application configured for agency caseworker practices - interoperate with the existing CHILDS database to maintain CHILDS as the system of record - host the mobile application infrastructure	released June 2016 bids received July 2016 and currently being evaluated	November 2016	10 months	$2.9m
IV&V	AZ IT MSP	The contractor will: - provide IV&V services for the design, configuration, and implementation of the Guardian solution	September 2016	February 2017	32 months	$5m
Quality Management	RFP	The contractor will: - create and manage the Quality Management Plan across the Guardian program - conduct system testing on the Guardian solution as components are ready for implementation - conduct performance and security testing on the Guardian solution as components are ready for implementation	September 2016	February 2017	32 months	$7m
Platform	RFP	The contractor will: - provide a technology platform on which to build the Guardian components, thus providing a standard data model and consistent set of technical services for data exchange, backup and recovery, etc. - implement and maintain this platform in the hosting environment	July 2016	November 2016	32 months	$10.7m
Hosting	RFP	The contractor will: - host the Guardian solution, and provide hosting availability services for this	November 2016	January 2017	32 months	$7.9m
Technical Integration	RFP	The contractor will: - create and maintain the Guardian solution technology roadmap - conduct and maintain hosting and network capacity studies - identify and manage integration standards across all components of the Guardian solution - conduct integration testing on the Guardian solution as components are ready for implementation - configure platform functionality to support the data model, data exchanges, and reporting - configure platform functionality to create Guardian components for which this is preferred (e.g. Intake; Case Management) - manage implementation of Guardian components which are supplied by other vendors (e.g. Provider Management; Financial Management)	February 2017	August 2017	26 months	$7.8m for base Technical Integration $4.7m for Intake configuration extension $8.2m for Case Management configuration extension
Provider Management	RFP	The contactor will: - provide a Provider Management solution configured for agency practices	November 2017	February 2018	14 months	$4.7m
Financial Management	RFP	The contactor will: - provide a Financial Management solution configured for agency practices	January 2018	April 2018	20 months	$7.2m
CHILDS Decommissioning	RFP	The contractor will: - plan and decommission CHILDS functionality to support the Guardian solution deployment roadmap	February 2017	August 2017	27 months	$4.9m

SUBJECT: AHCCCS/DES/DCS - Review of Proposed Capitation Rate Changes

Request

Pursuant to footnotes in the FY 2017 General Appropriation Act, the state Medicaid agencies must present their plans to the Committee for review prior to implementing any changes in capitation rates. The Arizona Health Care Cost Containment System (AHCCCS) has submitted their plans for the 3 Medicaid agencies. AHCCCS submitted its request on September 8, thereby limiting our ability to fully analyze the proposal.

Recommendation

The Committee has at least the following 2 options:

1. A favorable review.

2. An unfavorable review.

With either option, the Committee may consider the following provisions:

A. AHCCCS is to submit behavioral health services (BHS) capitation rates for plan year (CYE) 2017 for Committee review.

B. AHCCCS is to report to the Committee by October 28, 2016 on the expansion of Hepatitis C drug coverage. At a minimum, the report will include prices and a description of treatment cycles for

(Continued)

each covered Hepatitis C drug with a focus on direct-acting-antiviral medications, the number of members that received the drugs in CYE 2016 and CYE 2017, and a description and justification of the changes to eligibility criteria for drug coverage in CYE 2017.

The Hepatitis C drug coverage expansion is expected to cost $5.3 million in state funds in FY 2017 (primarily $2.0 million from the General Fund and $3.2 million in hospital assessment).

In the aggregate, the overall proposed rate changes are expected to cost $7.1 million more than the FY 2017 General Fund budgeted amounts. The total General Fund impact relative to the budget includes costs of $9.0 million to AHCCCS that are partly offset by $(0.3) million of savings in the Department of Economic Security (DES) Developmentally Disabled (DD) program and $(1.6) million of savings to the Department of Child Safety's (DCS) Comprehensive Medical and Dental Program (CMDP). Amounts above do not include an estimate for changes to BHS capitation rates.

Analysis

Capitation rates are developed by certified actuaries employed by AHCCCS. The CYE 2017 rates are effective July 1, 2016 for the DES DD and the DCS CMDP programs and on October 1, 2016 for all remaining programs. The FY 2017 budget included 1.5% capitation rate growth for most Medicaid programs while including 2.5% capitation rate growth and a 1% provider rate increase for Home and Community Based Service (HCBS) providers for the DES DD program. *Table 1* below includes a comparison of previous and new capitation rates and their expected General Fund impact relative to the FY 2017 budget.

Table 1

Monthly Regular Capitation Rates

Populations [1/]	Previous * Rates	New * Rates	% Change	GF Impact ($ millions)
Acute Care [2/]	$ 281.56	$ 291.20	3.42%	$ 3.9
ALTCS Elderly & Physically Disabled	3,275.95	3,402.50	3.86 [3/]	3.9
Children's Rehabilitative Services	794.81	817.53	2.86 [3/]	1.2
Comprehensive Medical & Dental Program	252.89	231.45	(8.48)	(1.6)
DES Developmentally Disabled	3,432.70	3,550.25	3.42	(0.3)
Behavioral Health Services [2/4/]	89.35	NA	NA	NA
Total Impact				**$ 7.1**

* Previous rates reflect phased in CYE 2016 rates on January 1, 2016. New rates reflect federal fiscal year (FFY) amounts, except for DD and CMDP which are on a state fiscal year (SFY) basis.

1/ FY 2017 funding for each population, except the DES DD population, is appropriated to the AHCCCS budget.
2/ Rates represent an average of capitation rates for numerous populations. They do not reflect integration of rates for certain members receiving integrated services.
3/ Rate includes physical care and behavioral health services.
4/ New rates for behavioral health services have not yet been proposed.

Capitation rates are adjusted annually for medical expense and utilization trends. Utilization refers to the percentage of eligible individuals who use services and the amount of services each member uses. In developing capitation rates, the actuaries also compare prior rate calculations and assumptions to

(Continued)

actual results for medical expenses and utilization. This is referred to as experience adjustments. The CYE 2017 capitation rate adjustments also include provider rate increases. Finally, the capitation rates include a number of program changes which are described below.

Adjustments by Program

Acute Care
Overall, the proposed capitation rates for the program represent an increase of 3.42% and would result in a $3.9 million General Fund cost relative to the enacted FY 2017 budget. This change is due to a variety of factors including:

- Increased capitation rate costs of 1.62% for medical trends, utilization and experience adjustments.
- Easing criteria used in determining which members with a Hepatitis C diagnosis qualify for certain medications that have been determined to be useful in treating the disease. AHCCCS is lowering the severity of symptoms that members must have and other requirements to qualify for the drugs. Changes to criteria and drug utilization result in a 1.23% capitation rate increase. This equates to $5.3 million in state funds (including $2.0 million from the General Fund) and $35.9 million in Federal Funds.
- Increased reimbursement under the agency's Value-Based Purchasing (VBP) differential program for providers that meet certain criteria and performance metrics. Rates for qualifying providers will be increased by 0.5% for hospitals, 1.0% for nursing facilities and 10.0% for integrated clinics. Added reimbursement under the program results in a 0.13% capitation rate increase.
- Beginning January 1, 2017, a reimbursement increase for the inpatient care provided to children with a severe illness. This adjustment results in a 0.11% rate increase.
- Expanded coverage of podiatry services rendered by a licensed podiatrist for adult enrollees, as required by Laws 2016, Chapter 122. Rates were increased 0.05% for this change.
- A rate increase of 0.03% to fund long-acting reversible contraception (LARC) devices provided in an inpatient hospital setting. LARC devices provided in outpatient settings are currently reimbursed.
- Fee-for-service rate increases for certain providers, including adjustments for hospital-based freestanding emergency departments, statutorily required rate increases for ambulance providers, and federally required rate increases for hospice care providers. These adjustments collectively increase capitation rates by 0.27%.
- Other miscellaneous adjustments for administrative and reinsurance costs of health insurers and service modifications, resulting in a decrease of (0.02)%.

AHCCCS Long-Term Care (ALTCS) for the Elderly and Physically Disabled
ALTCS services are provided to the elderly and physically disabled (EPD) in need of long-term care either in nursing care facilities or in home and community-based settings. Monthly EPD capitation rates would increase by 3.86%, from $3,276 in CYE 2016 to $3,403 in CYE 2017. The enacted FY 2017 budget included a 1.5% capitation rate increase for ALTCS EPD. As a result, the proposed 3.86% increase would result in additional Total Fund expenditures of $23.0 million in FY 2017 beyond the amount included in the FY 2017 budget, including $3.9 million from the General Fund and $3.2 million in County Funds. The increase includes a 2% provider rate increase for HCBS providers and a 1% increase for nursing facilities to improve hiring and retention of staff for both providers. These rate increases were not included in the FY 2017 budget.

(Continued)

Children's Rehabilitative Services (CRS)
The CRS program is administered by AHCCCS and provides services for children with chronic and disabling or potentially disabling conditions. Rates will go up 2.86% from the prior year and result in a $1.2 million General Fund cost increase above the FY 2017 budget. The overall rate increase is the result of a 0.92% increase for utilization and medical expense trends, 0.91% for reimbursement of inpatient care of children with severe illnesses, and a combined 1.03% increase for Value Based Purchasing reimbursement and fee-for-service rate adjustments.

DCS - Comprehensive Medical and Dental Program (CMDP)
CMDP is the state health plan responsible for ensuring, through its partnerships with foster care providers, health care services for children in foster care. The proposed capitation rate change for the acute care component of CMDP is an (8.48)% decrease that results in a $(1.6) million General Fund savings relative to the FY 2017 budget. The decrease is primarily driven by a (9.30)% reduction to reflect actual expenditures, which equates to an expenditure reduction of $(1.7) million in state funds and $(3.9) million in Federal Funds. The reduction is partly offset by a 0.40% rate increase for reimbursement of inpatient care for children with severe illnesses.

Long-Term Care for the Developmentally Disabled (DD)
DES administers the DD program, providing services for individuals with cognitive disabilities, cerebral palsy, autism, or epilepsy. Monthly DD capitation rates will increase by 3.42%, from $3,433 to $3,550, resulting in a Total Fund impact of $42.9 million in FY 2017, including $13.2 million from the General Fund. Of this amount, AHCCCS estimates that $9.2 million in Total Funds of the overall increase is being used to implement a 1% HCBS provider rate increase authorized by the FY 2017 budget. An additional $7.9 million in Total Funds in FY 2017 will provide higher salaries for DD case managers, which AHCCCS estimates have current turnover rates of up to 40%. The remaining increase is due to trend changes in HCBS, institutional services, and acute care services for DD clients. *(Please see additional information on DD salary adjustments and capitation rate changes in the DES agenda item.)*

The enacted FY 2017 budget included 2.5% base capitation rate growth for DD, a 1% provider rate increase for HCBS providers, and the restoration of Adult Dental benefits, producing an overall budgeted capitation rate increase of 3.5% for DD. As a result, the 3.42% increase requested by AHCCCS is slightly below the capitation rate change included in the original FY 2017 budget. The lower-than-budgeted rate increase would result in Total Fund savings of $(0.9) million in FY 2017, including $(0.3) million from the General Fund.

Behavioral Health Services (BHS)
On July 1, 2016, administration of behavioral health and substance abuse services was transferred from the Department of Health Services to AHCCCS. AHCCCS has indicated that they are currently revising the methodology for calculating BHS capitation rates to better align with methods used in determining other capitation rates. As a result, the agency has not proposed BHS capitation rates for CYE 2017. The agency projects CYE 2017 rates will represent an increase of about 3% to 4% over the prior year, which would have additional costs above the 1.5% increase assumed in the budget.

RS/JS:kp

AHCCCS
Arizona Health Care Cost Containment System

Douglas A. Ducey, Governor
Thomas J. Betlach, Director

September 8, 2016

The Honorable Don Shooter
Chairman, Joint Legislative Budget Committee
Arizona State Senate
1700 West Washington
Phoenix, Arizona 85007

Dear Senator Shooter:

The Arizona Health Care Cost Containment System (AHCCCS) is Arizona's single state Medicaid agency. However, the Arizona Medicaid system includes state agency subcontractors represented by the Arizona Department of Economic Security (DES) for the Arizona Long Term Care System (ALTCS) Division of Developmental Disabilities (DDD); and the Arizona Department of Child Safety (DCS) for the Comprehensive Medical and Dental Program (CMDP). AHCCCS, DES, and DCS respectfully request to be placed on the agenda of the next Joint Legislative Budget Committee (JLBC) meeting to review the capitation rates for Contract Year Ending (CYE) 2017 (October 1, 2016 through September 30, 2017, unless otherwise noted) for the following programs:

- Acute Care
- Behavioral Health (via the Regional Behavioral Health Authorities – RBHAs)
- Children's Rehabilitative Services (CRS)
- ALTCS Elderly and Physically Disabled (EPD)
- ALTCS DES/DDD (July 1, 2016 through June 30, 2017)
- DCS/CMDP (July 1, 2016 through June 30, 2017)

Background and Summary

As required by the Federal Balanced Budget Act of 1997, Title XIX Managed Care Programs must have actuarially sound capitation rates, and these rates must be approved by the Centers for Medicare and Medicaid Services (CMS). The proposed rate adjustments (with the exception of RBHA rates) were submitted to CMS for both July 1, 2016 and October 1, 2016 implementations (as noted above).

The overall change to the total Medicaid program for CYE 2017, over the most recently submitted CYE 2016 rates, is 3.21%. For the Acute Care, General Fund-funded rates. the increase is 1.62%. Table 1 on the following page displays the CYE 2017 rate changes by program.

Table 1

Program	Rate Change (over most recently submitted rates)
AHCCCS	
Acute	3.12%
GF Funded TANF-SSI	*1.62%*
Other	*5.00%*
RBHAs	3.5%[1]
ALTCS EPD	3.86%
CRS	2.86%
DCS	
CMDP	(9.35)%
DES	
DDD	3.25%
Total	**3.21%**[2]

The five year average capitation rate adjustment across the programs displayed above is 2.21%.

System-Wide Rate Impacts

The utilization and unit cost trends for each program by population are detailed in the actuarial certifications. In addition, there are several program and provider rate changes effective October 1, 2016, that impact most or all programs to some degree and are reflected in the rates. These include the following:

Hepatitis C

AHCCCS is amending clinical criteria for members utilizing certain Hepatitis C drugs in order to assure access to this effective treatment and in compliance with federal requirements for coverage of prescription drugs. In addition, AHCCCS has seen a marked increase in utilization of these drugs as they have become more widely available. These two factors combine to impact the overall capitation rates by 0.73%.

Federal Medicaid Managed Care Regulations – Institutions for Mental Disease (IMD)

On July 5, 2016, a new Federal regulation from CMS became effective which limits Federal funding for services to persons in IMDs who are aged 21-64. Federal Rule 42 C.F.R. 438.6(e) prohibits Federal Medicaid funding to Managed Care Organizations when members aged 21-64 are in IMDs for more than 15 days during a calendar month. These services had previously been covered through an "in-lieu" authority which allowed for IMD stays that were more cost

[1] The RBHA rate is an estimate only and represents the mid-point of the range discussed starting on page 7
[2] The overall impact includes the RBHA estimated mid-point

effective than alternative services. This in-lieu authority is no longer permitted. AHCCCS is working with CMS in an effort to phase in these changes to assure member access to services; however, in the absence of a phase-in, these requirements would be effective in the October 1, 2016 contracts. Additionally, regardless of the phase-in, the regulation mandates that, for the purposes of setting actuarially-sound capitation rates beginning with CYE 2017, AHCCCS reprice historical IMD utilization data at higher rates. This repricing results in an overall 0.17% increase to the capitation rates.

LARC

AHCCCS transitioned its inpatient hospital reimbursement from a per-diem to a diagnosis-related group (DRG) reimbursement. Currently no code for long-acting reversible contraception (LARC) devices exists for inpatient hospital use thus the costs of this device are not reflected in the DRG. To account for these costs, AHCCCS will pay hospitals separately for the device. AHCCCS intends to discontinue this additional payment if future DRG rates recognize these increased costs. The additional payment impacts overall capitation rates by 0.02%.

Arizona Early Intervention Program (AzEIP)

The Arizona Early Intervention Program (AzEIP) is a program that provides services to enhance the capacity of families and caregivers to support infants and toddlers with developmental delays or disabilities in their development. AzEIP members may be AHCCCS enrolled, in which case AHCCCS pays for the services, or non-AHCCCS enrolled, in which case AzEIP pays directly. AHCCCS is modifying the speech therapy rate structure for services provided to a member who is a child identified in the AHCCCS system as an AzEIP recipient in order to more closely align the rates with the AzEIP rate structure. This change is intended to assure continued access to care, particularly for rural AzEIP members, where providers often travel to provide services in the natural setting, and should limit the rate differential whether the provider is paid the AHCCCS rates or the AzEIP rates. This will ensure there is not different access to services for AzEIP children based on whether the payer is AHCCCS or AzEIP. The capitation rates were adjusted to reflect this change, which is minimal.

Value-Based Purchasing Differential

AHCCCS has proposed Value-Based Purchasing (VBP) Differential Adjusted Fee Schedule rates to distinguish providers who have committed to supporting designated actions that improve the patient care experience, improve member health, and reduce cost of care growth. The adjustments are also being implemented to ensure continued member access to care. The proposed VBP differential rates are applicable for dates of service from October 1, 2016 through September 30, 2017. FFS rates for select providers meeting specific value-based criteria will be increased 1% for qualified AHCCCS-registered Arizona Nursing Facility providers, 0.5% for qualified AHCCCS-registered Arizona Hospital providers for inpatient and outpatient services, and 10% for qualified AHCCCS-registered Integrated Clinics for selected physical health services.[3] The impact to overall capitation rates is an increase of approximately 0.11%.

---

[3] More information about the value-based differentials can be found under the rates section here: https://www.azahcccs.gov/AHCCCS/PublicNotices/.

Adult Dental
AHCCCS will restore non-emergency dental services for ALTCS adults up to a limit of $1,000 annually per member due to action taken by the Legislature during the 2016 legislative session to reinstate these services. Overall capitation rates are impacted by 0.03% to reflect this change.

Services Provided by a Podiatrist
AHCCCS will restore services provided by a podiatrist due to action taken by the Legislature in the 2016 legislative session which reinstated this service provider. The impact to overall capitation rates is 0.03%.

Provider Rate Changes
AHCCCS must ensure it has an adequate network of providers to secure members' access to needed care. As noted in our March 2016 letter to you, many AHCCCS providers still have rates significantly below their 2009 rates and are experiencing a variety of cost pressures that may need to be addressed to assure ongoing access. Below are adjustments AHCCCS is making to provider rates:

- *High Acuity Pediatric Adjustor*
  To preserve access to high acuity pediatric services, AHCCCS modified the APR-DRG rates for such services, resulting in a 0.13% increase in the rates.
- *HCBS Providers*
  To preserve access to Home and Community Based Services (HCBS), which are less expensive than institutional alternatives, a 1% rate increase for HCBS providers serving the ALTCS DDD Program, and a 2% increase for HCBS providers serving the ALTCS EPD Program, was included in the capitation rates. As the economy improves, HCBS providers have increased challenges attracting and keeping individuals working in direct care, which is more demanding both from a training and day-to-day work basis than jobs that pay comparable salaries. In addition, there are numerous federal mandates affecting the costs of HCBS services such as the Department of Labor overtime rule. This adjustment results in a 0.17% impact to the rates.
- *Nursing Facility Providers*
  Nursing Facility rates are increased by 1%, uniformly applied to the current rates, to address improvements in the Arizona economy leading to challenges in hiring and retaining direct care staff and to ensure access to care. The change results in a 0.05% increase to the rates.
- *Other Provider Rates*
  AHCCCS makes adjustments to provider rates based on access to care issues, when certain rates are tied to Medicare, and for legislative mandates. There are a variety of rate adjustments that individually have minimal fiscal impact and collectively result in a 0.17% increase to the rates.[4]

[4] More information about the rate adjustments can be found under the rates section here: https://www.azahcccs.gov/AHCCCS/PublicNotices/.

Cost Avoidance

AHCCCS Contractors cost-avoid millions in medical costs in accordance with AHCCCS contracts and policies, which contributes to the modest growth in overall medical expense and capitation rates. The following discussion is provided for informational purposes only, and highlights the historical savings of these activities.

Inherent in the encounter and financial data used by the actuaries to set the capitation rates are unit cost trends which incorporate Contractors' Coordination of Benefits (COB) activities. As a core component of its program integrity strategy, AHCCCS provides Contractors with verified commercial and Medicare coverage information for their members which Contractors utilize to ensure payments are not made for medical services that are covered by the other carriers. When Contractors make a payment to cover members' coinsurance, deductibles, or Medicaid-covered services that are not covered by the other carriers, they submit encounters containing these reduced amounts.

Table 2 below shows a significant increase in encounter-reported COB cost avoidance from state fiscal year (SFY) 2008 to SFY 2016 among all Contractors. Additionally, all Contractors (with the exception of CMDP) cost-avoided more than $394 million in the nine months ending March 31, 2016, in additional claims for which the Contractor had no financial obligation after private insurance or a Medicare payment was made. Consequently no encounters were submitted to AHCCCS and therefore those services are excluded completely from capitation rate development. AHCCCS continues to emphasize the importance of COB activities with Contractors.

Table 2

Health Plans	COB Cost Avoidance (Encounters) (millions)			Cost Avoided w/no Financial Obligation (Contractor self- reported) (millions)
	SFY 2008	SFY 2016	Δ	9 Months ending March 31, 2016
Acute	$391	$585	↑ by 150%	$310
ALTCS EPD	$130	$420	↑ by 323%	$52
RBHAs	$8	$88	↑ by 1143%	$15
CRS	$0.03	$3	↑ by 10000%	$9
ALTCS DDD	$16	$38	↑ by 238%	$10
CMDP	$0.01	$0.1	↑ by 1867%	N/A
Total	$545	$1,134		$396

Acute Care Capitation Rates
The overall rate adjustment for the Acute Care program for CYE 2017 is an increase of 3.12% over the January 1, 2016 rates.

The three largest factors impacting the Acute rates are the Hepatitis C criteria and utilization adjustments, increasing the rates by 1.19%; an experience adjustment applied to align capitation rates closer to actual experience where actual experience emerged differently than projected, increasing the rates by 0.80%; and residual trend adjustments which result in a 0.52% increase. Residual trend is the resulting trend after adjusting for provider fee schedule and program changes. Residual trend includes changes in utilization, mix and "intensity" of services and any other effects.

For the populations primarily funded by the General Fund (e.g., TANF, SSI), the prospective and prior period rates are increasing 1.51%. For the Adults with incomes under 106% of the FPL, for which the state match is funded from the hospital assessment, the increase is 6.11%. For the 100% federally-funded population of Adults with incomes over 106% of the FPL, the adjustment is 4.93%.

Elderly and Physically Disabled Long Term Care Capitation Rates
The overall rate adjustment for the ALTCS EPD program for CYE 2017 is an increase of 3.86%.

The three largest factors impacting the ALTCS EPD capitation rates are HCBS and Nursing Facility trends, increasing rates by 2.28%, the HCBS provider rate change, which results in an increase of 0.73%; and the nursing facility provider rate change, which results in an increase of 0.49%. A favorable increase in HCBS placement results in a (0.21)% negative adjustment to cap rates, thus lowering the total increase to the rates.

Children's Rehabilitative Services Capitation Rates
The overall rate adjustment for the CRS program for CYE 2017 is an increase of 2.86%.

There are two factors primarily contributing to the overall rate change: utilization and unit cost trends, increasing the rates by 0.92%, and the high acuity pediatric adjustment which increases the rates by 0.91%.

Comprehensive Medical and Dental Program (CMDP)
The overall rate adjustment for CMDP is a decrease of (9.35)%.

There are two factors primarily contributing to the overall rate change: a rebase incorporating reduced utilization and unit cost trends, decreasing the rates by (10.16)%; and the high acuity pediatric adjustment, which results in a 0.40% increase.

Developmental Disabilities Long Term Care Capitation Rates
The overall rate adjustment for the ALTCS DDD program for CYE 2017 is an increase of 3.25%.

The three primary factors impacting the capitation rates are residual trends resulting in an increase of 1.94%; the HCBS provider rate increase, resulting in a 0.74% upward adjustment; and adjustments to case management salaries intended to address staff turnover, which was approaching 40%, resulting in a 0.65% increase to the rates.

RBHA Capitation Rates

RBHA capitation rates are not yet complete and have not yet been submitted to CMS. Due to the July 1, 2016 merger between AHCCCS and the Arizona Department of Health Services/Division of Behavioral Health Services, AHCCCS is changing the methodology by which capitation rates are paid directly to the RBHAs. Historically RBHAs have been paid one time per month based on the number of members assigned to/enrolled with the RBHA as of that payment date. Effective October 1, 2016, RBHAs will be paid in the same manner as all other AHCCCS Contractors: one monthly capitation payment for every member assigned to/enrolled with the RBHA as of that payment date, and then prorated payments/recoupments for the number of members added to/falling off the RBHA daily throughout that month.

The net result should equate to the same payment amount overall for RBHAs, however since more members are part of the payment equation, the PMPM amount decreases (in the absence of other changes). As a result of the complexity of these changes, AHCCCS is still finalizing the membership figures and calculations to assure they are accurate. The overall rate adjustment for the RBHA Contractors for CYE 2017 is estimated to be an increase of 3.0% to 4.0%. If the final rates do not fall within this range, AHCCCS will send a revised report to the JLBC.

The primary drivers of the increase include: residual trend adjustments accounting for a 1.07% increase to the rates; unit cost increases on prescription drugs due to formulary and other changes, increasing rates by 0.91%; and the repricing of historical IMD utilization data, increasing the rates by approximately 0.75%.

Overall Budget Impact

Table 3 on the next page displays the budget impact of the rate changes. This data is displayed on a state fiscal year (SFY) basis due to budgetary timeframes. Likewise, the 2017 population below is on a SFY basis. For these reasons, the impacts on this table will not tie exactly to impacts stated elsewhere in this letter or attached documents.

Table 3

	Statewide Rates SFY16	Statewide Rates SFY17	FY17 Population	SFY16 Rate with FY17 Pop.	SFY17 Rate with FY17 Pop.	Change Inc. (Dec.)	Percent Impact
AHCCCS Acute	$ 284.15	$ 293.23	17,729,881	5,037,887,300	5,198,895,100	161,007,800	3.2%
AHCCCS EPD	$ 3,201.48	$ 3,325.12	337,060	1,079,089,800	1,120,765,400	41,675,600	3.9%
CMDP	$ 257.32	$ 233.27	229,455	59,042,400	53,524,500	(5,517,900)	-9.3%
CRS	$ 794.81	$ 817.54	302,300	240,271,000	247,143,100	6,872,100	2.9%
RBHA	$ 111.46	$ 115.35	18,870,213	2,103,182,900	2,176,762,700	73,579,800	3.5%
LTC - DD/DES	$ 3,459.84	$ 3,572.17	358,873	1,241,645,800	1,281,956,300	40,310,500	3.2%
Total Budget Impact	$ 514.89	$ 531.66	18,957,569	9,761,119,200	10,079,047,100	317,927,900	3.3%
				AHCCCS Total Fund Impact		277,617,400	87.3%
				Pass-through Total Fund Impact		40,310,500	12.7%
				AHCCCS State Impact		54,654,200	81.5%
				Pass-through State Impact		12,431,800	18.5%
				Total State Impact		67,086,000	
				AHCCCS Federal Impact		222,963,200	88.9%
				Pass-through Federal Impact		27,878,700	11.1%
				Total Federal Impact		250,841,900	

The actuarial certifications for the rates (excluding RBHAs) are attached. Should you have any questions on any of these issues, please feel free to contact Shelli Silver, Assistant Director, at (602) 417-4647.

Sincerely,

Thomas J. Betlach
Director

Acute Care Actuarial Memorandum

I. Purpose

The purpose of this actuarial memorandum is to demonstrate that the Acute Care capitation rates for contract year ending 2017 (CYE 17: October 1, 2016 through September 30, 2017) were developed in compliance with 42 CFR 438.6(c). It is not intended for any other purpose.

Arizona Health Care Cost Containment System (AHCCCS) intends to apply revised risk adjustment factors with an anticipated implementation date of April 1, 2017 retroactive to October 1, 2016. This adjustment will be budget neutral to AHCCCS and will require a rate update. At the time of the adjustment an actuarial certification will be submitted that will describe the methodology. Past risk adjustment certifications can be found here:
https://www.azahcccs.gov/PlansProviders/RatesAndBilling/ManagedCare/capitationrates.html#CAcuteCareCapitationRates
The Affordable Care Act (ACA) places an annual fee on the health insurance industry nationwide including most Medicaid health plans effective January 1, 2014. The CYE 17 capitation rates do not include the fee at this time; that adjustment will be addressed in a retroactive capitation rate adjustment once the fees are known. Historical actuarial certifications for health insurer fee adjustment can be found on the AHCCCS website:
https://www.azahcccs.gov/PlansProviders/RatesAndBilling/ManagedCare/capitationrates.html#CAllPrograms

II. General Program Information

This certification covers the Acute Care program which offers acute care medical services to AHCCCS members who are Title XIX or Title XXI eligible, and who do not qualify for another AHCCCS program. Most behavioral health services are carved out and provided through Regional Behavioral Health Authorities (RBHAs). This statewide managed care program has been in effect since 1982 and currently has eight Contractors in total, which vary by each of seven Geographical Service Areas (GSA). The experience data includes only Medicaid eligible expenses for Acute Care Medicaid eligible individuals.

CYE 17 capitation rates were developed as a rate update from the previously submitted CYE 2016 (CYE 16) capitation rates effective January 1, 2016.

The CYE 17 capitation rates represent the twelve month contract period from October 1, 2016 through September 30, 2017. Due to one programmatic change (high acuity pediatric adjustor) that will be implemented with an effective date of January 1, 2017, this certification will cover two sets of capitation rates. One set will apply for the time frame from October 1, 2016 through December 31, 2016 and the other set will apply from January 1, 2017 through September 30, 2017. The rate development process is the same for both sets of capitation rates except the latter set includes the impact of the high acuity pediatric adjustor.

The new adult population (Adults <=106% and Adults > 106%) benefit package is the same as all other members' benefit package.

The Acute Care program has a large membership base which allows for the experience data to be analyzed by different rate cells. These rate cells are comprised of members with similar risk characteristics. The rate cells were analyzed by major categories of aid (COA) i.e. risk groups, and Category of Service (COS). In addition, AHCCCS develops capitation rates by GSA.

III. Overview of Rate Setting Methodology

CYE 17 actuarially sound capitation rates (both the traditional and the new adult population) were developed utilizing the steps outlined as follows:

1. Compile base period and adjusted encounter data (Section IV)
2. Develop trend factors (Section V)
3. Apply trend factors to bring base period data forward
4. Adjust CYE 17 claims costs for programmatic and provider fee schedule changes (Section VI)
5. Further adjust CYE 17 claims costs for experience adjustments, if applicable (Section VII)
6. Add provision for reinsurance offset (Section VIII)
7. Add provision for non-benefit costs (Section IX)
8. Combine for final capitation rates (Section X)

In addition there are sections dedicated to the development of other capitation rates including, but not limited to, Delivery Supplemental Payment, KidsCare capitation rates, Prior Period Coverage (PPC) capitation rates and New Adult Population capitation rates, as well as multiple sections dedicated to risk mitigation strategies.

IV. Base Period and Adjusted Encounter Data

Since this is a capitation rate update rather than a rebase, the base period data is the prior capitation rates. Updated data periods were used in order to develop trends and experience adjustments. This data consisted of historical fully adjudicated and approved Medicaid encounter and member month data for this population for the time period October 1, 2012 through September 30, 2015. In conjunction with the above data, more recent encounter data through March 31, 2016 was used for evaluating impact of some programmatic changes.

The data was reviewed for accuracy, timeliness and completeness through encounter validation studies, as required per AHCCCS' Centers for Medicare and Medicaid Services (CMS) Waiver. The encounter data was deemed accurate to use in capitation rate development.

Adjustments were made to the data for completion factors, historical programmatic changes and historical provider fee for service rate schedule changes to arrive at the adjusted data that will be used in trend and experience adjustment analysis. Documentation about historical programmatic and provider fee for service rate schedule changes can be found in past actuarial certifications which are posted here:
http://www.azahcccs.gov/commercial/ContractorResources/capitation/capitationrates.aspx

V. Projected Trend Rates

A trend analysis was performed using the adjusted encounter data to compute claim cost per member per month (PMPM) on an annualized basis and then to calculate the trend factors. These trends were developed by risk group, COS and GSA, with a limit on the percentage change to smooth out unreasonable trends. These trends were developed by using the adjusted encounter data described in section IV.

The PMPM trends for the prospective risk groups are shown below in Table I. These trends do not reflect the impact of any future programmatic changes or provider fee schedule changes.

Table I: Average Annual PMPM Trends for Prospective Risk Groups

PMPM Trends										
Categories of Service	TANF/KC < 1	TANF/KC 1-13	TANF/KC 14-44 F	TANF/KC 14-44 M	TANF 45+	SSI With Medicare	SSI without Medicare	Adults <= 106%	Adults > 106%	Total
Hospital Inpatient	-9.6%	-9.0%	-5.4%	-7.2%	1.6%	-7.6%	6.3%	9.5%	3.1%	0.8%
Outpatient Facility	4.1%	2.8%	-1.9%	-3.6%	-5.9%	-3.2%	4.5%	0.0%	-1.8%	-0.4%
Emergency Room	2.5%	5.7%	3.9%	2.2%	4.1%	0.1%	2.5%	8.3%	5.1%	5.1%
Physician	-8.8%	-7.0%	-6.5%	-7.6%	-4.7%	-2.3%	0.8%	-4.9%	-5.7%	-5.4%
Pharmacy	-9.8%	3.8%	5.7%	-0.1%	5.7%	8.1%	8.8%	3.9%	4.3%	4.7%
Other	1.2%	-0.4%	2.3%	1.1%	-0.1%	0.7%	4.2%	2.4%	1.8%	1.6%
Total	-6.9%	-1.4%	-0.5%	-2.6%	-0.2%	-2.0%	5.2%	2.8%	0.7%	0.5%

VI. Projected Programmatic Changes and Provider Fee Schedule Changes

All impacts listed below, unless specifically stated otherwise, exclude the additional impact of non-benefit cost changes (i.e. admin, risk contingency, premium tax, etc.).

High Acuity Pediatric Adjustor

The AHCCCS All Patient Refined Diagnosis Related Group (APR-DRG) payment system includes several policy adjustors. One such adjustor applies a factor of 1.25 to the reimbursement amount that would otherwise apply for "claims for members under age 19," so long as the claim is not subject to one of the other policy adjustors.

On January 1, 2016, AHCCCS addressed the costs associated with high-acuity pediatric cases by using an adjustment factor of 1.60 in place of the above pediatric policy adjustor in the following instances only: for inpatient stays, where an APR-DRG assignment of level 3 or 4 Severity of Illness is indicated. Effective January 1, 2017, AHCCCS will change the adjustment factor of 1.60 established January 1, 2016 to 1.945. The estimated nine month impact to the Acute Care program is an increase of approximately $5.5 million.

Provider Fee Schedule Changes

Effective October 1, 2016, AHCCCS is changing Fee For Service (FFS) provider rates for certain providers based either on access to care needs, Medicare/ADHS fee schedule rate changes, and/or legislative mandates. The estimated impact to the Acute Care program is an increase of approximately $13.7 million.

In-Lieu of Services
AHCCCS previously permitted funding for "in-lieu of" services, substituting cost-effective alternative inpatient settings in place of more costly inpatient non-specialty hospital placements. In accordance with 438.6(e) in the Medicaid Managed Care Regulations, IMD utilization data for adults aged 21-64 is repriced at the higher State Plan service rates. The estimated impact to the Acute Care program is an increase of approximately $0.9 million.

Hepatitis C
Effective October 1, 2016, AHCCCS is amending clinical criteria for members utilizing Hepatitis C drugs including, but not limited to, lowering the liver fibrosis/cirrhosis of Metavir stage (i.e. fibrosis level) from F3 to F2. This action will increase utilization of direct-acting antiviral medications including Epclusa, Harvoni, Zepatier, Technivie, Viekira, and their successors. In addition, AHCCCS has seen a marked increase in utilization of these drugs based on current clinical criteria. These two factors combine to impact the Acute Care program by an estimated increase of $61.7 million, which includes an offset for prior Hepatitis C drugs that were included in the base data.

Long-Acting Reversible Contraception
Many repeat births could be prevented through postpartum use of Long-Acting Reversible Contraception (LARC). Offering members access to LARC devices in the hospital after delivery is expected to increase utilization of such devices since many members do not attend their 6-week post-partum office visits. Currently no ICD-10 PCS code for the LARC device exists for inpatient hospital use thus, effective October 1, 2016, AHCCCS will pay hospitals for the device in addition to a DRG payment. The estimated impact to the Acute Care program is an increase of approximately $1.7 million.

Arizona Early Intervention Program (AzEIP)
The Arizona Early Intervention Program (AzEIP) is a program that provides services to enhance the capacity of families and caregivers to support infants and toddlers with developmental delays or disabilities in their development. AzEIP members may be AHCCCS enrolled, in which case AHCCCS pays for the services, or non-AHCCCS enrolled, in which case AzEIP pays directly. Effective October 1, 2016, AHCCCS is modifying the speech therapy rate structure for services provided to a member who is a child identified in the AHCCCS system as an AzEIP recipient in order to more closely align the rates with the AzEIP rate structure. This change is intended to assure continued access to care, particularly for rural AzEIP members, where providers often travel to provide services in the natural setting, and should limit the rate differential whether the provider is paid the AHCCCS rates or the AzEIP rates. This will ensure there is not different access to services for AzEIP children based on whether the payer is AHCCCS or AzEIP. The estimated impact to the Acute Care program is an increase of approximately $0.3 million.

Value-Based Purchasing Differential
AHCCCS has proposed Value-Based Purchasing (VBP) Differential Adjusted Fee Schedule rates to distinguish providers who have committed to supporting designated actions that improve the patient care experience, improve member health, and reduce cost of care growth. The proposed VBP differential rates are applicable for dates of service from October 1, 2016 through September 30, 2017. FFS rates for select providers meeting specific criteria will be increased 1% for qualified AHCCCS-registered Arizona Nursing Facility providers, 0.5% for qualified AHCCCS-registered Arizona Hospital providers for inpatient and outpatient services, and 10% for qualified AHCCCS-registered Integrated Clinics for selected physical health services. Contractors are required to adopt the VBP Differential payment adjustments for qualified providers meeting the specific criteria. The estimated impact to the Acute Care program is an increase of approximately $6.5 million.

Podiatry
During the 2016 legislative session, services provided by a podiatrist were reinstated. Effective October 1, 2016 AHCCCS will restore this covered service. The statewide impact to the Acute Care program is an increase of approximately $2.5 million.

Cinryze
Effective October 1, 2016, Cinryze will be added to the list of drugs eligible for catastrophic reinsurance. The estimated impact to the Acute Care program is a decrease of approximately $3.6 million.

VII. Experience Adjustments for Prospective Rate Cells

AHCCCS is applying an experience adjustment to the CYE 17 capitation rates. The projected experience adjustments are calculated by risk group and by GSA. Not all risk groups or GSAs will receive an experience adjustment. These adjustments are made in order to align capitation rates by rate cells closer to actual experience where actual experience emerged differently than projected.

The experience adjustment was applied to the projected PMPM amount for FQHC/RHC expenditures. Effective April 1, 2015, AHCCCS shifted the payment responsibility for FQHC/RHC PPS rates to the Contractors in order to properly account for FQHC/RHC expenditures for managed care enrollees. Capitation rates effective at that time were adjusted for the expected utilization of these services. Since actual utilization of FQHC/RHCs exceeded the amount anticipated in developing that rate adjustment, an additional adjustment to the capitation rates is necessary. In addition, PPS rates are rebased effective October 1, 2016. The estimated impact to the Acute Care program is an increase of approximately $41.8 million.

VIII. Projected Reinsurance Offsets

All Contractors participate in the reinsurance program which is a stop-loss program provided by AHCCCS to the Contractor for the partial reimbursement of covered medical services incurred for a member beyond an annual deductible level. AHCCCS is self-insured for the reinsurance program which is characterized by an initial deductible level and a subsequent coinsurance percentage. The coinsurance percentage is the rate at which AHCCCS will reimburse the Contractor for covered services incurred above the deductible. The deductible is the responsibility of the Contractor. The capitation rates are adjusted by subtracting the reinsurance offset from the gross medical since the Contractors will receive payment from AHCCCS for reinsurance cases. For additional information on the reinsurance program refer to Section D, Paragraph 57, Reinsurance, of the Acute Care program contract.

The reinsurance offsets were reviewed by AHCCCS for appropriateness and reasonableness using historical reinsurance payment data for the time period October 1, 2012 through September 30, 2015. This data represents actual reinsurance payments made from AHCCCS to the Contractors. The review indicated that the reinsurance offsets were appropriate. Thus the reinsurance offsets in the CYE 16 capitation rates were trended forward by the hospital inpatient trend and required no further adjustments.

IX. Projected Non-Benefit Costs

Administrative Costs, Risk Contingency and Premium Tax
The administrative cost component was developed as a bid rate PMPM as part of the CYE 14 Request for Proposals (RFP) for the risk groups that were bid, which was the majority of risk groups. For the non-bid risk groups (PPC and Adults > 106%) the administrative cost component was set as a percent of the medical component. As part of the continued needs associated with the Acute Care Program, AHCCCS has adjusted the administrative PMPM assumption. The estimated impact to the Acute Care program is an increase of approximately $1.9 million. Other than that increase, the administrative cost PMPM and the administrative percents remained the same as CYE 16. The risk contingency is 1% of the medical component and premium tax is 2% of total capitation which remains the same as CYE 16 and is the same for all risk groups.

X. Proposed Capitation Rates and Their Impacts

The proposed capitation rates equal the base period claim costs (Section IV) trended forward by projected trend rates (Section V), adjusted for programmatic and provider fee schedule changes (Section VI), adjusted for experience adjustments (Section VII), less projected reinsurance offsets (Section VIII) plus provision for non-benefit costs (Section IX). Appendix I contains the statewide proposed capitation rates and the budget impact for all capitation rates using projected CYE 17 member months. Appendix II contains the proposed capitation rates for each rate cell.

XI. Delivery Supplemental Payment

The methodology followed in developing the Delivery Supplemental Payment is similar to the methodology used in the development of the capitation rates discussed above. When developing this PMPM, the number of Delivery Supplement payments becomes the denominator rather than total member months. No reinsurance offset applies to this rate. See Appendix I for the impact. For additional information on the Delivery Supplemental Payment refer to Section D, Paragraph 53, Compensation, of the Acute Care program contract.

XII. KidsCare Capitation Rates

Continuing with the methodology of previous years, Contractors will be paid one blended capitation rate that includes experience from the traditional TANF Medicaid population, the Child Expansion population, and the Title XXI (KidsCare) population. For CYE 17, the Title XXI (KidsCare) population includes those children whose households have income levels between 133-200% of the FPL. Effective September 1, 2016 this program is now accepting new enrollment.

The rate cohorts whose experience is blended together are detailed as follows:

- TANF < 1 and KidsCare < 1
- TANF 1– 13 M&F, KidsCare 1 – 13 M&F, and Child Expansion 6-13 M&F
- TANF 14 – 44 F, KidsCare 14 – 18 F, and Child Expansion 14-18 F
- TANF 14 – 44 M, KidsCare 14 – 18 M, and Child Expansion 14-18 M

The related member month, capitation rate and dollar information can be found in Appendix I.

XIII. Prior Period Coverage (PPC) Capitation Rates

PPC capitation rates cover the period of time from the effective date of eligibility to the day a member is enrolled with the Contractor. There is no PPC capitation for members enrolled with the Contractor who are initially found eligible for AHCCCS through hospital presumptive eligibility. These members will receive coverage of services during the PPC period through AHCCCS fee for service. Historically PPC capitation rates were established using a similar methodology that was followed in developing the capitation rates discussed above. However the PPC capitation rates seem to fluctuate with how fast or slow a member is found eligible rather than actual historical experience. For CYE 17, AHCCCS is using a model which analyzes information based on PPC member months as a percent of total member months in conjunction with historical medical experience to arrive at an experience adjustment factor. This group does not have reinsurance. The administrative expense was set at the same percent as the CYE 16 capitation rates which was 8% of medical expense. Risk contingency and premium tax also remain unchanged at 1% and 2%, respectively. The PPC capitation rates are reconciled to a maximum 2% profit or loss in CYE 17. See Appendix I for the impact.

XIV. Value-Based Purchasing (VBP) Initiative

AHCCCS has continued the VBP Initiative (formerly Payment Reform Initiative) first implemented October 1, 2013, with modifications. The purpose of this initiative is to improve members' health outcomes while reducing costs. Similar to CYE 16, AHCCCS will perform a reconciliation to distribute the Contractors' earned contribution. A contribution pool will be established by calculating 1% of prospective capitation rates excluding Delivery Supplement, KidsCare and State Only Transplant capitation rates. There is no withhold for this Initiative, nor any other withhold applied to the Acute Care capitation rates.

Quality improvement metrics have been established and Contractors' performance will be measured against these metrics. The entire contribution pool amount will be distributed back to the Contractors based on the results of these performance measurements. While the entire contribution pool will be distributed, some Contractors may receive distributions back from the reconciliation and some may not. In addition, AHCCCS will be accounting for the Contractors' VBP payments to providers in the VBP reconciliations. These are payments from Contractors to the providers upon successful completion of contracted goals/measure in accordance with the providers' contracts and represent non-encountered medical expense. The VBP reconciliation will be completed between one and three months after the Quality Management Minimum Performance (QMPM) Report for the contract year has been issued. For additional information on Value-Based Purchasing refer to Section D, Paragraph 76, Value-Based Purchasing, and Section D, Paragraph 53, Compensation, of the Acute Care program contract.

XV. Risk Adjustment Factor

Reiterating from above, AHCCCS intends to recalculate the risk factors to apply to the CYE 17 capitation rates once the appropriate data is available. It is expected that the adjustment will be applied to the rates on or around April 1, 2017 along with a retroactive adjustment to the capitation rates effective October 1, 2016. Until that time the CYE 17 capitation rates will use the risk adjustment factors currently in place. The model and method used will be similar to past models and methods. Additional information about AHCCCS risk adjustment process can be found here: http://www.azahcccs.gov/commercial/Downloads/CapitationRates/AcuteCare/AcuteCYE14_AcuteActuarialCertnew.pdf

XVI. Reconciliations

AHCCCS has various reconciliations (risk corridors) for different populations. These reconciliations do not have an impact on capitation rate development. The Adults > 106% capitation rates are reconciled to a maximum 1% profit or loss, including both PPC and prospective costs. This group was new as of January 1, 2014 and the experience is still developing thus the narrow risk corridor. As more experience emerges AHCCCS intends to roll this into the other reconciliations. The PPC capitation rates, excluding Adults > 106%, are reconciled to a maximum 2% profit or loss. The prospective risk group capitation rates, excluding Adults > 106%, are reconciled based on a tiered methodology (see Section XX CMS Rate Setting Checklist for additional information). Initial Reconciliations are typically performed no sooner than 6 months after the end of the contract year and final reconciliations are typically computed no sooner than 12 or 15 months after the contract year. The difference between the 12 and 15 months depends on whether reinsurance is offered for the risk groups being reconciled. Because PPC excludes reinsurance, that reconciliation can be computed sooner.

XVII. Final Capitation Rates and Their Impact

Table IIa and IIb below summarize overall CYE 17 blended capitation rate changes from the CYE 16 (1/1/16) capitation rates. The impacts to Contractors range from 1.8% to 5.0%. Appendix I contains statewide capitation rates by risk group for both sets of CYE 17 capitation rates as well as blended. Individual Contractor capitation rates are provided in Appendix II.

XVIII. Actuarial Certification of the Capitation Rates

I, Matthew C. Varitek , am an employee of Arizona Health Care Cost Containment System (AHCCCS). I am a Member of the American Academy of Actuaries and a Fellow of the Society of Actuaries. I meet the qualification standards established by the American Academy of Actuaries and have followed the practice standards established from time to time by the Actuarial Standards Board.

The capitation rates were developed using generally accepted actuarial principles and practices and are considered to be actuarially sound. This includes consideration for the VBP initiative; while AHCCCS expects all Contractors to receive some of the contribution back, even if one of the Contractors receives nothing from the VBP contribution pool, the entire pool will be paid out and the capitation rates are still actuarially sound.

The capitation rates were developed to demonstrate compliance with the CMS requirements under 42 CFR 438.6(c) and are in accordance with applicable laws and regulations. The capitation rates are appropriate for the Medicaid populations covered and Medicaid services to be furnished under the contract. The capitation rates may not be appropriate for any other purpose. The documentation has been included with this certification. The actuarially sound capitation rates that are associated with this certification are effective for the twelve-month period beginning October 1, 2016.

The actuarially sound capitation rates are a projection of future events. It may be expected that actual experience will vary from the values in the capitation rates.

In developing the actuarially sound capitation rates, I have relied upon data and information provided by the Contractors and the AHCCCS internal databases. In addition, I have relied upon the Contractor's auditors and other AHCCCS employees for the accuracy of the data. I have checked the data for consistency and reasonableness to the extent possible and practical.

This actuarial certification has been based on the actuarial methods, considerations, and analyses promulgated from time to time through the Actuarial Standards of Practice by the Actuarial Standards Board.

This certification letter assumes the reader is familiar with the Acute Care program, Medicaid eligibility rules and actuarial rating techniques. It is intended for AHCCCS and CMS and should not be relied upon by third parties. Other readers should seek the advice of actuaries or other qualified professionals competent in the area of actuarial rate projections to understand the technical nature of these results.

Arizona Long Term Care System (ALTCS), Elderly and Physical Disability (EPD) Actuarial Memorandum

I. Purpose

The purpose of this actuarial memorandum is to demonstrate that the Arizona Long Term Care System (ALTCS) Elderly and Physical Disability (EPD) capitation rates for contract year ending 2017 (CYE 17: October 1, 2016 through September 30, 2017) were developed in compliance with 42 CFR 438.6(c). It is not intended for any other purpose.

Arizona Health Care Cost Containment System (AHCCCS) intends to update these capitation rates quarterly on a retroactive basis to reflect enhanced payments to nursing facilities.

The Affordable Care Act (ACA) places an annual fee on the health insurance industry nationwide including most Medicaid health plans effective January 1, 2014. The CYE 17 capitation rates do not include the fee at this time; that adjustment will be addressed in a retroactive capitation rate adjustment once the fees are known. Historical actuarial certifications for health insurer fee adjustment can be found on the AHCCCS website:

https://www.azahcccs.gov/PlansProviders/RatesAndBilling/ManagedCare/capitationrates.html

II. General Program Information

This certification covers the ALTCS/EPD program. This program delivers long-term, acute, behavioral health and case management services to eligible members who are elderly and/or have physical disabilities.

The CYE 17 capitation rates were developed as a rebase from the previously submitted CYE 16 capitation rates. These capitation rates represent the twelve month contract period from October 1, 2016, through September 30, 2017. Due to one programmatic change (high acuity pediatric adjustor) that will be implemented with an effective date of January 1, 2017, this certification will cover two sets of capitation rates. One set will apply for the time frame from October 1, 2016 through December 31, 2016, and another set will apply from January 1, 2017 through September 30, 2017. The rate development process is the same for both sets of capitation rates except the latter set includes the impact of the high acuity pediatric adjustor.

The experience used in the development of these rates only includes ALTCS/EPD Medicaid eligible expenses for ALTCS/EPD Medicaid eligible individuals.

Ideally, the experience data should be analyzed by different rate cells which are comprised of members with similar risk characteristics. However, segregating the

ALTCS/EPD population into different rate cells would lead to a statistical credibility problem due to the statewide dispersion of the relatively small membership base. The ALTCS/EPD program has four rate cells: a prospective dual rate, a prospective non-dual rate, a prior period coverage (PPC) rate and an Acute Care Only rate. Capitation rates for the ALTCS/EPD population do not differ by gender and/or age, but do differ by Geographical Service Area (GSA). Prospective capitation rates differentiate between members who are dually eligible for Medicare and Medicaid ("duals") and members who are not eligible for Medicare ("non-duals").

III. Overview of Rate Setting Methodology

CYE 17 actuarially sound capitation rates were developed utilizing the steps outlined as follows:

1. Develop base period data (Section IV)
2. Develop trend factors from the base period data (Section V)
3. Apply trend factors to base period gross cost estimates for Nursing Facility (NF), Home and Community-Based Services (HCBS) and Acute Care components (Section VI)
4. Apply projected HCBS mix percentage (Section VII)
5. Apply projected share of cost and reinsurance offsets (Section IX)
6. Adjust CYE 17 claims costs for programmatic and provider fee schedule changes, if applicable (Section VIII)
7. Add provisions for non-benefit costs (Section X)
8. Combine for final capitation rates (Section XI)

There are also separate sections describing the PPC population and the Acute Care Only population.

IV. Base Period Data

The CYE 17 capitation rates were developed as a rebase of the previously submitted CYE 16 capitation rates. The base data consisted of historical fully adjudicated and approved Medicaid encounter and member month data for this population for the time period October 1, 2012 through September 30, 2015. The data was reviewed for accuracy, timeliness and completeness through encounter validation studies, as required per AHCCCS' Centers for Medicare and Medicaid Services (CMS) Waiver. The encounter data was deemed accurate for use in developing the base period assumptions and trend rates to apply within the capitation rates.

Adjustments were made to the data for completion factors, historical programmatic changes and historical provider fee for service rate schedule changes to arrive at the

adjusted data. Documentation about historical programmatic and provider fee for service rate schedule changes can be found in past actuarial certifications which are posted here:
https://www.azahcccs.gov/PlansProviders/RatesAndBilling/ManagedCare/capitationrates.html

Other data sources used in setting the actuarially sound capitation rates include Contractors' financial statements and projected changes in the HCBS placement.

V. Projected Trend Rates

The trend analysis used the adjusted base period data to compute claim cost per member per month (PMPM) nd calculate trend factors. Trend factors are built up separately for dual, non-dual, and PPC rate cells. Trend factors also vary by category of service (COS). The trend rates developed were used to bring the gross cost projections from the midpoint of the base period to the midpoint of the current rating year.

The trend rates used in projecting the claim costs by Contractor, rate cell, and category of service are identified in Table I. The trend rates shown below in Table I do not reflect the impact of any future programmatic changes or provider fee schedule changes.

Table I: Average Annual Trend Rate before Mix and SOC

	Utilization	Unit Cost	PMPM
Prospective Dual NF	2.7%	0.6%	3.3%
Prospective Dual HCBS	1.5%	0.3%	1.8%
Prospective Dual Acute Care	12.3%	-10.5%	0.5%
Prospective NonDual NF	2.3%	1.5%	3.8%
Prospective NonDual HCBS	2.1%	-0.1%	1.9%
Prospective NonDual Acute Care	6.1%	-1.0%	5.1%
PPC NF	2.6%	1.3%	3.9%
PPC HCBS	1.5%	0.3%	1.8%
PPC Acute Care	11.7%	-9.6%	1.0%

VI. Gross Costs PMPM by Category of Service

AHCCCS used the gross costs PMPM for the NF, HCBS, and Acute Care components for each rate cell from the base period data and applied trends provided in Table I to develop the CYE 17 projected gross costs.

VII. HCBS Mix Percentage

The CYE 17 dual and non-dual HCBS mix percentages are set using a combination of current placement percentages, program growth/saturation and the number of ALTCS/EPD members. These sources were reviewed by Contractor and by county.

The capitation development formula applies the HCBS mix percentage to the HCBS gross cost PMPM and applies the complement of the mix percentage to the NF gross cost PMPM. The HCBS mix percentages can be found in Table II.

Table II: HCBS Mix Percentages (Dual and Non-Dual)

			CYE16 HCBS Mix		CYE17 HCBS Mix	
GSA	County	Plan	Dual	Non-Dual	Dual	Non-Dual
40	Pinal/Gila	Bridgeway	77.39%	79.48%	77.90%	81.65%
42	LaPaz/Yuma	UHC LTC	66.68%	75.25%	68.49%	71.75%

50	Pima	Mercy Care	66.82%	71.85%	68.18%	72.45%
52	Maricopa	Bridgeway	79.31%	78.24%	78.36%	76.24%
52	Maricopa	UHC LTC	77.96%	80.34%	79.51%	77.72%
52	Maricopa	Mercy Care	73.80%	78.79%	74.24%	76.75%
Statewide Total			73.88%	78.01%	74.59%	76.72%

VIII. Projected Programmatic Changes and Provider Fee Schedule Changes

All impacts listed below unless specifically stated otherwise exclude the additional impact of non-benefit cost changes (i.e. admin, risk contingency, premium tax, etc.)

HCBS Provider Fee Schedule Change
Effective October 1, 2016, a 2% rate increase for HCBS service providers was included in the capitation development to address federally-mandated cost increases and improvements in the Arizona economy leading to challenges in hiring and retaining direct care staff. Direct care is more demanding both from a training and day-to-day work basis than jobs that pay comparable salaries. These rate increases will help to continue the availability of HCBS services for AHCCCS members by supporting the HCBS provider network; these services are less expensive than the institutional services that would otherwise be required.

The estimated statewide impact to the ALTCS/EPD program is an increase of approximately $7.8 million.

NF Provider Fee Schedule Change
Effective October 1, 2016, AHCCCS has increased the Nursing Facility Fee Schedule rates by 1%, uniformly applied to the current rates, to address improvements in the Arizona economy leading to challenges in hiring and retaining direct care staff and to ensure access to care. The estimated impact to the EPD program is an increase of approximately $5.2 million.

Provider Fee Schedule Changes
Effective October 1, 2016, AHCCCS is changing Fee For Service (FFS) provider rates for certain providers based either on access to care needs, Medicare/ADHS fee schedule rate changes, and/or legislative mandates. The estimated statewide impact to the ALTCS/EPD program is an increase of approximately $48,000.

VBP Differential
AHCCCS has proposed Value-Based Purchasing (VBP) Differential Adjusted Fee Schedule rates to distinguish providers who have committed to supporting designated actions that improve the patient care experience, improve member health, and reduce cost of care growth. The proposed VBP differential rates are applicable for dates of service from October 1, 2016 through September 30, 2017. FFS rates for select providers meeting specific criteria will be increased 1% for qualified AHCCCS-registered Arizona Nursing Facility providers and 0.5% for qualified AHCCCS-registered Arizona Hospital providers for inpatient and outpatient services. Contractors are required to adopt the VBP Differential payment adjustments for qualified providers meeting the specific criteria. The estimated impact to the EPD program is an increase of approximately $3.6 million.

Hepatitis C
Effective October 1, 2016, AHCCCS is amending clinical criteria for members utilizing Hepatitis C drugs including, but not limited to, lowering the liver fibrosis/cirrhosis of Metavir stage (i.e. fibrosis level) to F2 from F3 for members with Hepatitis B or HIV. This action will increase utilization of direct-acting antiviral medications including Daklinza, Epclusa, Harvoni, Sovaldi, Technivie, Viekira, and their successors. In addition, AHCCCS has seen a marked increase in utilization of these drugs based on current clinical criteria. These two factors combine to impact the EPD program by an estimated increase of $0.6 million.

Podiatry
During the 2016 legislative session, services provided by a podiatrist were reinstated. Effective October 1, 2016 AHCCCS will restore this covered service. The statewide impact to the ALTCS EPD program is an increase of approximately $160,000.

High Acuity Pediatric Adjustor
The AHCCCS All Patient Refined Diagnosis Related Group (APR-DRG) payment system includes several policy adjustors. One such adjustor applies a factor of 1.25 to the reimbursement amount that would otherwise apply for "claims for members under age 19," as long as the claim is not subject to one of the other policy adjustors.

On January 1, 2016, AHCCCS addressed the costs associated with high-acuity pediatric cases by using an adjustment factor of 1.60 in place of the above pediatric policy adjustor in the following instances only: for inpatient stays, where an APR-DRG assignment of level 3 or 4 Severity of Illness is indicated. Effective January 1, 2017, AHCCCS will change the adjustment factor of 1.60 established January 1, 2016 to 1.945. The estimated statewide impact to the ALTCS/EPD program is an increase of approximately $320,000 for nine months.

In-Lieu of Services
AHCCCS previously permitted funding for "in lieu of" services, substituting cost-effective alternative inpatient settings in place of more costly inpatient non-specialty hospital placements. In accordance with 438.6(e) in the Medicaid Managed Care Regulations, IMD utilization data for adults aged 21-64 is repriced at the higher State Plan service rate. The estimated impact to the ALTCS/EPD program is immaterial.

ALTCS Adult Dental
During the 2016 legislative session, non-emergency (basic and preventive) dental services were reinstated for ALTCS adults up to a limit of $1,000 annually per elderly and physically disabled (EPD) member. Effective October 1, 2016 AHCCCS will restore this covered service. The statewide impact to the ALTCS/EPD program is an increase of approximately $2.1 million.

IX. Projected Share of Cost and Reinsurance Offsets

Share of Cost
For each prospective dual and non-dual rate cell, the projected NF claim cost PMPMs net of the mix percentage as described in Section VII were discounted for the recipients' projected SOC. The SOC represents the amount a member is required to pay monthly toward the cost of long term care services. The SOC component was developed using actual data for SOC amounts assigned to members from October 2012 through September 2015. This data was used to project the CYE 17 SOC component, trended forward at observed annualized rates of 0.1% for the Prospective dual rate cell and -2.0% for the Prospective non-dual rate cell. The SOC component is fully reconciled with each Contractor. For additional information on the SOC reconciliation, please refer to Section D, Paragraph 56, Compensation, of the ALTCS/EPD program contract.

Reinsurance Offset
All Contractors participate in the reinsurance program which is a stop-loss program provided by AHCCCS to the Contractor for the partial reimbursement of covered medical services incurred for a member beyond an annual deductible level. AHCCCS is self-insured for the reinsurance program which is characterized by an initial deductible level and a subsequent coinsurance percentage. The coinsurance percentage is the rate at which AHCCCS will reimburse the Contractor for covered services incurred above the deductible. The deductible is the responsibility of the Contractor. The capitation rates are adjusted by subtracting the reinsurance offset from the gross medical since the Contractors will receive payment from AHCCCS for reinsurance cases. For additional information on the reinsurance program refer to Section D, Paragraph 58, Reinsurance, of the ALTCS/EPD program contract.

The reinsurance offset is developed for each rate cell and applied against the appropriate projected Acute Care claim cost PMPM. To develop the reinsurance offset PMPM AHCCCS used actual completed CYE 15 reinsurance payment data and trended forward two years using the trend assumption from the acute component of the capitation rates. Appropriate adjustments to the reinsurance offsets were made to accommodate this as well as the impact of implementing the DRG provider

reimbursement method. The calculation of the reinsurance offset PMPM was performed separately for dual and non-dual members.

X. Projected Non-Benefit Costs

The Case Management (i.e. Care Management) rates represent the amounts built into the CYE 16 rates, adjusted for changes in the expected HCBS mix. The administrative expenses built into the prospective rates represent rates awarded as part of the Request for Proposal (RFP) process. The PPC and Acute Only rate cells develop administrative costs as percentages of projected medical expenses. The risk contingency percentage remains the same at 1%.

XI. Proposed Capitation Rates

The proposed capitation rates for the EPD population equal the sum of the projected net claim costs PMPM – described as the gross costs PMPM by category of service in Section VI, adjusted for the mix percentages as described in Section VII, programmatic and provider fee schedule changes as described in Section VIII, net of SOC and reinsurance offsets from Section IX, plus the projected non-benefit costs PMPM (in section X) – divided by one minus the two percent premium tax. Tables IIIa, IIIb and IIIc show the proposed dual and non-dual capitation rates for the EPD population statewide. The change to the high-acuity pediatric adjustor as described in Section VIII affects only the Prospective Non-Dual and Acute Only rate cells from January 1, 2017 to September 30, 2017.

Table IIIa: Statewide Projected Net Capitation PMPM EPD - Dual Effective 10/1/2016 through 9/30/2017

Service Category	Gross CYE16 Rate (1/1/16)	Mix	Net CYE16 Rate (1/1/16)	Pct Gross Change	Pct Net Change	Gross CYE17 Rate (10/1/16)	Mix	Net CYE17 Rate (10/1/16)
Nursing Facility (NF)	$6,046.01	26.12%	$1,579.37	1.1%	-1.7%	$6,110.43	25.41%	$1,552.46
Share of Cost			($232.40)		-0.9%			($230.30)
Net Nursing Facility			$1,346.97		-1.8%			$1,322.16
Home/Community (HCBS)	$1,468.29	73.88%	$1,084.73	5.3%	6.3%	$1,545.46	74.59%	$1,152.81
Case Management			$128.23		0.0%			$128.27
Acute Care net of Reinsurance			$141.77		-5.8%			$133.60
Administration			$164.95		-0.2%			$164.58
Risk Contingency			$29.15		1.6%			$29.60
Premium Tax			$59.10		1.2%			$59.82
Net Capitation PMPM			$2,961.83		1.0%			$2,990.84

Table IIIb: Statewide Projected Net Capitation PMPM EPD - NonDual Effective 10/1/2016 through 12/31/2016

Service Category	Gross CYE16 Rate (1/1/16)	Mix	Net CYE16 Rate (1/1/16)	Pct Gross Change	Pct Net Change	Gross CYE17 Rate (10/1/16)	Mix	Net CYE17 Rate (10/1/16)
Nursing Facility (NF)	$7,692.39	21.99%	$1,691.22	3.8%	9.9%	$7,981.38	23.28%	$1,858.46
Share of Cost			($29.30)		7.4%			($31.47)
Net Nursing Facility			$1,661.92		9.9%			$1,826.99
Home/Community (HCBS)	$1,879.76	78.01%	$1,466.48	5.4%	3.7%	$1,981.86	76.72%	$1,520.38
Case Management			$128.82		0.1%			$128.89
Acute Care net of Reinsurance			$1,556.85		21.9%			$1,897.87
Administration			$162.80		0.4%			$163.37
Risk Contingency			$56.70		8.8%			$61.71
Premium Tax			$102.73		11.2%			$114.27
Net Capitation PMPM			$5,136.29		11.2%			$5,713.48

Table IIIc: Statewide Projected Net Capitation PMPM EPD - NonDual Effective 1/1/2017 through 9/30/2017

Service Category	Gross CYE17 Rate (10/1/16)	Mix	Net CYE17 Rate (10/1/16)	Pct Gross Change	Pct Net Change	Gross CYE17 Rate (1/1/17)	Mix	Net CYE17 Rate (1/1/17)
Nursing Facility (NF)	$7,981.38	23.28%	$1,858.46	0.0%	0.0%	$7,981.38	23.28%	$1,858.46
Share of Cost			($31.47)		0.0%			($31.47)
Net Nursing Facility			$1,826.99		0.0%			$1,826.99
Home/Community (HCBS)	$1,981.86	76.72%	$1,520.38	0.0%	0.0%	$1,981.86	76.72%	$1,520.38
Case Management			$128.89		0.0%			$128.89
Acute Care net of Reinsurance			$1,897.87		0.4%			$1,905.49
Administration			$163.37		0.0%			$163.37
Risk Contingency			$61.71		0.1%			$61.78
Premium Tax			$114.27		0.1%			$114.43
Net Capitation PMPM			$5,713.48		0.1%			$5,721.33

Note: The product of the gross NF or HCBS rate and mix percentages as shown may not equal the net rate due to rounding.

XII. Acute Care Only Members

As in prior years, for members who are only eligible for acute care services in the ALTCS program, Contractors will be paid the combined acute care component plus the case management and administrative components, as described above. Since the reinsurance policy is the same for these members as for the other ALTCS members, the same reinsurance offset is appropriate. For additional information on Acute Care Only capitation payments, please refer to Section D, Paragraph 56, Compensation, of the ALTCS/EPD program contract.

XIII. Prior Period Coverage (PPC) Rates

PPC rates cover the period of time from the effective date of eligibility to the day a member is enrolled with the Contractor. There is no PPC capitation for members enrolled with the Contractor who are initially found eligible for AHCCCS through hospital presumptive eligibility. These members will receive coverage of services during the PPC period through AHCCCS fee for service. AHCCCS developed the CYE 17 PPC rates by applying a trend factor to the CYE 16 rates. The trend calculation is based on the time period from October 1, 2012 through September 30, 2015. Due to the relatively short PPC enrollment period and low member month counts, AHCCCS' actuaries combined geographic regions in order to enhance statistical credibility when needed. Since PPC costs are highly volatile and unable to be managed by the Contractors, AHCCCS limits the magnitude of the rate change for each geographic area. PPC rates are reconciled to a five percent profit/loss corridor. For additional information on the PPC reconciliation, please refer to Section D, Paragraph 56, Compensation, of the ALTCS/EPD program contract.

XIV. Budget Impact of Proposed Capitation Rates

Tables IVa, IVb and IVc include the net capitation rates on a statewide basis for all rate cells as well as the estimated budget impact based off of CYE 17 projected member months. The adjustments impact Contractors ranging from +0.8% to +7.6%. Appendix I shows EPD rates by geographical service area and Contractor.

Table IVa: Budget Impact of Proposed Capitation Rates Effective 10/1/2016

Rate Cell	EPD Prospective - Dual	EPD Prospective - Non-Dual	PPC	Acute Only	Total
Q1 CYE 17 (10/1/16 - 12/31/16) Projected MMs	65,842	13,238	2,732	1,279	
CYE 16 Rate (1/1/16)	$2,954.90	$5,136.29	$958.94	$548.27	
CYE 17 Rate (10/1/16)	$2,990.84	$5,713.48	$995.51	$613.19	
Estimated CYE 16 Capitation (1/1/16 Rates)	$194,557,602	$67,993,076	$2,619,573	$701,134	$265,871,385
Estimated CYE 17 Capitation (10/1/16 Rates)	$196,923,515	$75,633,751	$2,719,472	$784,157	$276,060,895
Dollar Impact on estimated capitation	$2,365,914	$7,640,675	$99,900	$83,023	$10,189,511
Percentage Impact on estimated capitation	1.2%	11.2%	3.8%	11.8%	3.8%

Table IVb: Budget Impact of Proposed Capitation Rates Effective 1/1/2017

Rate Cell	EPD Prospective - Dual	EPD Prospective - Non-Dual	PPC	Acute Only	Total
Q2-Q4 CYE 17 (1/1/17 - 9/30/17) Projected MMs	197,991	39,807	8,215	3,845	
CYE 17 Rate (10/1/16)	$2,990.84	$5,713.48	$995.51	$613.19	
CYE 17 Rate (1/1/17)	$2,990.84	$5,721.33	$995.51	$614.69	
Estimated CYE 16 Capitation (10/1/16 Rates)	$592,159,790	$227,434,828	$8,177,603	$2,358,004	$830,130,225

Dollar Impact on estimated capitation	$0	$312,540	$0	$5,795	$318,335
Percentage Impact on estimated capitation	0.0%	0.1%	0.0%	0.2%	0.0%

Table IVc: Blended Capitation Rates and Combined Budget Impact of Both Rate Revisions

Rate Cell	EPD Prospective - Dual	EPD Prospective - Non-Dual	PPC	Acute Only	Total
CYE 17 Projected MMs	263,834	53,044	10,946	5,124	
CYE 16 Rate (1/1/16)	$2,954.90	$5,136.29	$958.94	$548.27	
CYE 17 Rate (Blended)	$2,990.84	$5,719.37	$995.51	$614.32	
Estimated CYE 16 Capitation (1/1/16 Rates)	$779,602,960	$272,451,977	$10,496,772	$2,809,484	$1,065,361,193
Estimated CYE 17 Capitation (Blended Rates)	$789,083,305	$303,381,119	$10,897,075	$3,147,957	$1,106,509,456
Dollar Impact on estimated capitation	$9,480,345	$30,929,142	$400,303	$338,473	$41,148,263
Percentage Impact on estimated capitation	1.2%	11.4%	3.8%	12.0%	3.9%

XV. Value-Based Purchasing (VBP) Initiative

AHCCCS has continued the VBP Initiative (formerly known as Payment Reform Initiative) first implemented October 1, 2014, with modifications. The purpose of this initiative is to improve members' health outcomes while reducing costs. Similar to CYE 16, AHCCCS will perform a reconciliation to distribute the Contractors' earned contribution. A contribution pool will be established by calculating 1% of prospective capitation rates. There is no withhold for this Initiative, nor any other withhold applied to the EPD capitation rates.

Quality improvement metrics have been established and Contractors' performance will be measured against these metrics. The entire contribution pool amount will be distributed back to the Contractors based on the results of these performance measurements. While the entire contribution pool will be distributed, some Contractors may receive distributions back from the reconciliation and some may not. In addition, AHCCCS will be accounting for the Contractors' VBP payments to providers in the VBP reconciliations. These are payments from Contractors to the providers upon successful completion of contracted goals/measure in accordance with the providers' contracts and represent non-encountered medical expense. The VBP reconciliation will be completed between one and three months after the Quality Management Minimum Performance (QMPM) Report for the contract year has been issued. For additional information on Value-Based Purchasing, refer to Section D, Paragraph 87, Value-Based Purchasing, and Section D, Paragraph 56, Compensation, of the ALTCS/EPD program contract.

XVI. Actuarial Certification of the Capitation Rates

I, Matthew C. Varitek, am an employee of Arizona Health Care Cost Containment System (AHCCCS). I am a Member of the American Academy of Actuaries and a Fellow of the Society of Actuaries. I meet the qualification standards established by the American Academy of Actuaries and have followed the practice standards established from time-to-time by the Actuarial Standards Board.

The capitation rates were developed using generally accepted actuarial principles and practices and are considered to be actuarially sound. This includes consideration for the VBP initiative; while AHCCCS expects all Contractors to receive some of the contribution back, even if one Contractor receives nothing from the VBP contribution pool, the entire pool will be paid out and the capitation rates are still actuarially sound.

The capitation rates were developed to demonstrate compliance with the CMS requirements under 42 CFR 438.6(c) and are in accordance with applicable laws and regulations. The capitation rates are appropriate for the Medicaid populations covered and Medicaid services to be furnished under the contract. The capitation rates may not be appropriate for any other purpose. The documentation has been included with this certification. The actuarially sound capitation rates that are associated with this certification are effective for the twelve-month period beginning October 1, 2016.

The actuarially sound capitation rates are a projection of future events. It may be expected that actual experience will vary from the values in the capitation rates.

In developing the actuarially sound capitation rates, I have relied upon data and information provided by the Contractors and the AHCCCS internal databases. In addition, I have relied upon the Contractors' auditors and other AHCCCS employees for the accuracy of the data and I have accepted the data without audit, after checking the data for reasonableness.

This actuarial certification has been based on the actuarial methods, considerations, and analyses promulgated from time to time through the Actuarial Standards of Practice by the Actuarial Standards Board.

This certification letter assumes the reader is familiar with the ALTCS/EPD program, Medicare and Medicaid eligibility rules and actuarial rating techniques. It is intended for AHCCCS and CMS and should not be relied upon by third parties. Other readers should seek the advice of actuaries or other qualified professionals competent in the area of actuarial rate projections to understand the technical nature of these results.

Matthew C. Varitek

08/21/2016

Children's Rehabilitative Services (CRS)
Actuarial Memorandum

I. Purpose

The purpose of this actuarial memorandum is to demonstrate that the Children's Rehabilitative Services (CRS) capitation rates for contract year ending 2017 (CYE 17: October 1, 2016 through September 30, 2017) were developed in compliance with 42 CFR 438.6(c). It is not intended for any other purpose.

The Affordable Care Act (ACA) places an annual fee on the health insurance industry nationwide including most Medicaid health plans effective January 1, 2014. CYE 17 capitation rates do not include the fee at this time; that adjustment will be addressed in a retroactive capitation rate adjustment once the fees are known. Historical actuarial certifications for health insurer fee adjustment can be found on the AHCCCS website:

https://azahcccs.gov/PlansProviders/Downloads/CapitationRates/HIF/CRS_HIF_Cert.pdf

II. General Program Information

This certification covers the integrated CRS program. Effective October 1, 2013, AHCCCS integrated all services for most Acute Care program children with CRS conditions through one statewide CRS Contractor with the goals of improved member outcomes, reduced member confusion, improved care coordination, and streamlined administration. This model continues to qualify children for CRS based on particular diagnoses. At the same time, children with CRS conditions who are enrolled in the elderly and physically disabled long term care program, and who today have integrated acute, behavioral health and long term care services, began to receive their CRS related services through the Arizona Long Term Care System (ALTCS) Contractors.

There are four permutations of the program enrollment, hereafter called "coverage types" described below:

- A Fully Integrated member will receive acute care, behavioral health, and specialty care services for CRS conditions through the sole CRS Contractor.

- A Partially Integrated-BH member will receive behavioral health and specialty care services through the sole CRS Contractor. These members are typically enrolled with the ALTCS Developmentally Disabled (DD) or the Comprehensive Medical and Dental Program (CMDP) for their acute care services.

- A Partially Integrated-Acute member will receive acute care and specialty care services through the sole CRS Contractor. These members are typically American Indians receiving behavioral health services through a Tribal Regional Behavioral Health Authority (TRBHA).

- A CRS Only member will only receive specialty care services through the sole CRS Contractor. These members are typically enrolled in the American Indian Health Plan (AIHP), receiving acute care services in a fee-for-service environment, and receiving behavioral health services through a TRBHA.

The CYE 17 capitation rates were developed as a rebase of the previously submitted CYE 16 capitation rates. These capitation rates represent the twelve month contract period from October 1, 2016 through September 30, 2017. Due to one programmatic change (high acuity pediatric adjustor) that will be implemented with an effective date of January 1, 2017, this certification will cover two sets of capitation rates. One set will apply for the time frame from October 1, 2016 through December 31, 2016, and another set will apply from January 1, 2017 through September 30, 2017. The rate development process is the same for both sets of capitation rates except the latter set includes the impact of the high acuity pediatric adjustor.

III. Overview of Rate Setting Methodology

CYE 17 actuarially sound capitation rates were developed utilizing the steps outlined as follows:

1. Develop base period data (Section IV)
2. Develop trend factors (Section V)
3. Project CYE 17 gross medical expense estimates by coverage type (Section VI)
4. Adjust CYE 17 projected gross medical expense estimates for programmatic and provider fee schedule changes as applicable (Section VII)
5. Apply reinsurance offsets by coverage type (Section VIII)
6. Add provisions for non-benefit costs (Section IX)
7. Combine for final capitation rates (Section X)

IV. Base Period Data

The base period data consisted of historical CRS Integrated encounter and member month data by coverage type for the time period of October 1, 2014 through September 30, 2015. The data was reviewed for accuracy, timeliness and completeness through encounter validation studies, as required by AHCCCS' Centers for Medicare and Medicaid Services (CMS) Waiver. The encounter data was deemed accurate for use in developing a gross medical expense estimate to apply within the CYE 17 capitation rate for each coverage type.

Adjustments were made to the data for completion, historical programmatic changes and historical provider fee for service rate schedule changes to arrive at the adjusted data that will be used in trend and experience adjustment analysis. Documentation about historical programmatic and provider fee for service rate schedule changes can be found in past actuarial certifications which are posted here: https://azahcccs.gov/PlansProviders/RatesAndBilling/ManagedCare/capitationrates.html

Many other data sources were used in setting the actuarially sound capitation rates for the CRS program. The Contractor's financial statements were used for reasonableness testing. Further cost trend assumptions from the proposed CYE 17 capitation rates for AHCCCS' Acute Care and Regional Behavioral Health Authority (RBHA) programs were used for application to the Acute and Behavioral Health components of the CRS Integrated medical expenses. The CRS Specialty Care component of the gross medical expense assumption included an adjustment for annualized PMPM cost increases

observed at CRS Specialty Care clinics over the time period from October 1, 2013 through March 31, 2016.

V. Projected Trend Rates

The trend analysis used a weighted average of trend rates for Acute, Behavioral Health, and CRS Specialty services to develop a unique trend assumption for each of the four coverage types. The Acute services trend for each coverage type incorporated the trend by category of service (COS) as assumed in the CYE 17 capitation rates for the Acute Care program. Similarly, the Behavioral Health trend assumption for each coverage type used the cost trend assumed in the CYE 17 capitation rates for the RBHA program. For CRS Specialty Care services, AHCCCS developed a trend rate for each coverage type using member month data and encounters at CRS Specialty Care clinics, identifiable by a specific HCPCS procedure code, to develop a trend specific to CRS clinics. Then, that trend was weighted with the Acute services trend assumption to develop a trend for the Specialty Care component (as described in Section IV). Within the base period data, the members enrolled in each coverage type receive a distinct distribution of services among the Acute, Behavioral Health, and CRS Specialty Care components. Thus, the trends by component were weighted by the distribution appropriate for each coverage type in order to calculate an overall trend for each coverage type.

The trend rates used to project the gross medical expense per member per month (PMPM) by coverage type from the base period to the midpoint of the current rating year are shown below in Table I. The trend rates shown below in Table I do not reflect the impact of any future programmatic changes or provider fee schedule changes.

Table I: Average Annual Trend Rate by Coverage Type

Trend by Coverage Type	Fully Integrated	Partially Integrated / Acute	Partially Integrated / BH	CRS Only
Acute & Specialty Care Trend	0.4%	-0.5%	1.3%	-0.2%
Assumed Pct of Svcs that are BH	3.7%	0.0%	15.5%	0.0%
BH Trend from RBHA Rates	2.3%	2.3%	2.3%	2.3%
Pct of Expenses incurred at CRS Clinics	26.7%	3.9%	13.9%	47.0%
Clinic Fee Trend from Analysis	5.3%	5.3%	5.3%	5.3%
Overall Trend by Coverage Type	**1.7%**	**-0.2%**	**2.0%**	**2.4%**

VI. Gross Medical Expense PMPM by Coverage Type

AHCCCS used the gross medical expense PMPM by coverage type from the CYE 15 base period data, adjusted for subsequent programmatic and provider fee schedule changes, and applied the trend assumptions by coverage type described in Section V to develop the CYE 17 projected gross medical expense PMPM.

VII. Projected Programmatic Changes and Provider Fee Schedule Changes

All impacts listed below, unless specifically stated otherwise, exclude the additional impact of non-benefit cost changes (i.e. admin, risk contingency, premium tax, etc.)

Provider Fee Schedule Changes
Effective October 1, 2016, AHCCCS is changing Fee For Service (FFS) provider rates for certain providers based either on access to care needs, Medicare/ADHS fee schedule rate changes, and/or legislative mandates. The estimated statewide impact to the CRS program is an increase of approximately $2.0 million for twelve months.

High Acuity Pediatric Adjustor
The AHCCCS All Patient Refined Diagnosis Related Group (APR-DRG) payment system includes several policy adjustors. One such adjustor applies a factor of 1.25 to the reimbursement amount that would otherwise apply for "claims for members under age 19," as long as the claim is not subject to one of the other policy adjustors.

On January 1, 2016, AHCCCS addressed the costs associated with high-acuity pediatric cases by using an adjustment factor of 1.60 in place of the above pediatric policy adjustor in the following instances only: for inpatient stays, where an APR-DRG assignment of level 3 or 4 Severity of Illness is indicated. Effective January 1, 2017, AHCCCS will change the adjustment factor of 1.60 established January 1, 2016 to 1.945. The estimated nine month impact to the CRS program is an increase of approximately $4.3 million.

VBP Differential
AHCCCS has proposed Value-Based Purchasing (VBP) Differential Adjusted Fee Schedule rates to distinguish providers who have committed to supporting designated actions that improve the patient care experience, improve member health, and reduce cost of care growth. The proposed VBP differential rates are applicable for dates of service from October 1, 2016 through September 30, 2017. FFS rates for select providers meeting specific criteria will be increased 1% for qualified AHCCCS-registered Arizona Nursing Facility providers, 0.5% for qualified AHCCCS-registered Arizona Hospital providers for inpatient and outpatient services, and 10% for qualified AHCCCS-registered Integrated Clinics for selected physical health services. Contractors are required to adopt the VBP Differential payment adjustments for qualified providers meeting the specific criteria. The estimated impact to the CRS program is an increase of approximately $0.4 million.

Provider Reimbursement for AzEIP members
The Arizona Early Intervention Program (AzEIP) is a program that provides services to enhance the capacity of families and caregivers to support infants and toddlers with developmental delays or disabilities in their development. AzEIP members may be AHCCCS enrolled, in which case AHCCCS pays for the services, or non-AHCCCS enrolled, in which case AzEIP pays directly. Effective October 1, 2016, AHCCCS is modifying the speech therapy rate structure for services provided to a member who is a child identified in the AHCCCS system as an AzEIP recipient in order to more closely align the rates with the AzEIP rate structure. This change is intended to assure continued access to care, particularly for rural AzEIP members, where providers often travel to provide services in the natural setting, and should limit the rate differential whether the provider is paid the AHCCCS rates or the AzEIP rates. This will ensure there is not different access to services for AzEIP children based on whether the payer is AHCCCS or AzEIP. The estimated impact to the CRS program is an increase of approximately $0.1 million.

IMD Services
AHCCCS previously permitted funding for "in lieu of" services, substituting cost-effective alternative inpatient settings in place of more costly inpatient non-specialty hospital placements. In accordance with 438.6(e) in the Medicaid Managed Care Regulations, IMD utilization data for adults aged 21-64

is repriced at the higher State Plan service rate. The estimated impact to the CRS program is immaterial.

VIII. Projected Reinsurance Offsets

All Contractors participate in the reinsurance program which is a stop-loss program provided by AHCCCS to the Contractor for the partial reimbursement of covered medical services incurred for a member beyond an annual deductible level. AHCCCS is self-insured for the reinsurance program which is characterized by an initial deductible level and a subsequent coinsurance percentage. The coinsurance percentage is the rate at which AHCCCS will reimburse the Contractor for covered services incurred above the deductible. The deductible is the responsibility of the Contractor. The capitation rates are adjusted by subtracting the reinsurance offset from the gross medical since the Contractors will receive payment from AHCCCS for reinsurance cases. For additional information on the reinsurance program please refer to Section D, Paragraph 57, Reinsurance, of the CRS program contract.

The projected CYE 17 reinsurance offsets were developed using CYE 15 reinsurance payment information. The projected CYE 17 reinsurance offsets were developed using actual completed CYE 15 reinsurance payment data, trended forward two years using the trend assumptions for inpatient and pharmacy services from the Acute component of the capitation rates. The projected CYE 17 reinsurance offsets take into consideration that a single threshold for reinsurance will apply to the total encounters incurred under all of the program components for which each member is enrolled.

IX. Projected Non-Benefit Costs

The administrative expense built into the capitation rates represents the administrative capitation rate PMPM awarded as part of the CYE 14 RFP, and then adjusted by AHCCCS. This component remains the same as CYE 16. The risk contingency load is set at 1% which remains the same as CYE 16.

X. Proposed Capitation Rates and Budget Impact

The proposed capitation rates equal the sum of the gross medical expense PMPM in Section VI and the non-benefit costs from Section IX, less the reinsurance offset in Section VIII, divided by one minus two percent for premium tax. Tables IIa, IIb and IIc below summarize the projected member months, proposed capitation rates, and estimated total capitation by coverage type and in total on a statewide basis.

Table IIa: Budget Impact of Proposed Capitation Rates Effective 10/1/2016 through 12/31/2016

Rate Cell	Fully Integrated	Partially Integrated/ Acute	Partially Integrated/ BH	CRS Only	Total
Q1 CYE 17 (10/1/16 - 12/31/16) Projected MMs	51,805	519	19,642	3,436	
CYE 16 Rate (1/1/16)	$830.84	$800.81	$755.20	$477.12	
CYE 17 Rate (10/1/16)	$841.21	$587.16	$793.20	$475.31	
Estimated Q1 CYE 17 Capitation, using 1/1/16 rates	$43,041,565	$415,252	$14,833,512	$1,639,525	$59,929,854
Estimated Q1 CYE 17 Capitation, using 10/1/16 rates	$43,578,825	$304,464	$15,579,997	$1,633,278	$61,096,565
Dollar Impact on estimated capitation	$537,260	($110,788)	$746,485	($6,247)	$1,166,710
Percentage Impact on estimated capitation	1.2%	-26.7%	5.0%	-0.4%	1.9%

Table IIb: Budget Impact of Proposed Capitation Rates Effective 1/1/2017 through 9/30/2017

Rate Cell	Fully Integrated	Partially Integrated/ Acute	Partially Integrated/ BH	CRS Only	Total
Q2-Q4 CYE 17 (1/1/17 - 9/30/17) Projected MMs	156,845	1,570	59,468	10,404	
CYE 17 Rate (10/1/16)	$841.21	$587.16	$793.20	$475.31

Dollar Impact on estimated capitation	$3,827,527	($446,209)	$3,485,395	$36,964	$6,903,677
Percentage Impact on estimated capitation	2.2%	-26.7%	5.8%	0.6%	2.9%

XI. Actuarial Certification of the Capitation Rates

I, Matthew C. Varitek, am an employee of Arizona Health Care Cost Containment System (AHCCCS). I am a Member of the American Academy of Actuaries and a Fellow of the Society of Actuaries. I meet the qualification standards established by the American Academy of Actuaries and have followed the practice standards established from time-to-time by the Actuarial Standards Board.

The capitation rates were developed using generally accepted actuarial principles and practices and are considered to be actuarially sound. The capitation rates were developed to demonstrate compliance with the CMS requirements under 42 CFR 438.6(c) and are in accordance with applicable laws and regulations. The capitation rates are appropriate for the Medicaid populations covered and Medicaid services to be furnished under the contract. The capitation rates may not be appropriate for any other purpose. The documentation has been included with this certification. The actuarially sound capitation rates that are associated with this certification are effective for the twelve-month period beginning October 1, 2016.

The actuarially sound capitation rates are a projection of future events. It may be expected that actual experience will vary from the values in the capitation rates.

In developing the actuarially sound capitation rates, I have relied upon data and information provided by the Contractors and the AHCCCS internal databases. In addition, I have relied upon the Contractors' auditors and other AHCCCS employees for the accuracy of the data and I have accepted the data without audit, after checking the data for reasonableness.

This actuarial certification has been based on the actuarial methods, considerations, and analyses promulgated from time to time through the Actuarial Standards of Practice by the Actuarial Standards Board.

This certification letter assumes the reader is familiar with the CRS program, Medicaid eligibility rules and actuarial rating techniques. It is intended for AHCCCS and CMS and should not be relied upon by third parties. Other readers should seek the advice of actuaries or other qualified professionals competent in the area of actuarial rate projections to understand the technical nature of these results.

Matthew C. Varitek — 08/21/2016

Matthew C. Varitek — Date

Fellow of the Society of Actuaries
Member, American Academy of Actuaries

Comprehensive Medical and Dental Program (CMDP)
Actuarial Memorandum

I. Purpose

The purpose of this actuarial memorandum is to demonstrate that the updated capitation rates were developed in compliance with 42 CFR 438.6(c). It is not intended for any other purpose.

This memorandum presents a discussion of the revision to the CMDP capitation rates which were developed as a rate rebase. These capitation rates represent the twelve month contract period from July 1, 2016 through June 30, 2017 (SFY 17). CMDP is a division of the state's Department of Child Safety (DCS) and thus operates on the state fiscal year period.

II. General Program Information

CMDP is a program within DCS that is responsible for managing the health care needs for children who are: a) placed in a foster home; b) in the custody of DCS and placed with a relative, in a certified adoptive home prior to the final order of adoption, or in an independent living program as provided in A.R.S. §8-512; and c) in the custody of the Arizona Department of Juvenile Corrections (ADJC) or the Administrative Office of the Courts/Juvenile Probation Office (AOC/JPO) and placed in foster care. CMDP has been operating in this capacity since July 1970.

III. Overview of Rate Setting Methodology

SFY 17 actuarially sound capitation rates were developed utilizing the steps outlined as follows:

1. Develop base period data (Section IV)
2. Adjust base period data for subsequent changes to the program benefits and the provider fee schedule, if applicable (Section IV)
3. Develop trend factors (Section V)
4. Apply trend factors to bring base period data forward (Section VI)
5. Adjust trended data for program and provider fee schedule changes, if applicable (Section VII)
6. Add provision for reinsurance and third party liability (Section VIII)
7. Add provision for non-benefit costs (Section IX)
8. Combine for final capitation rates (Section X)

IV. Base Period Experience

CMDP has a relatively small membership base which is located statewide. Ideally, the experience should be analyzed by different rate cells, which are comprised of members with similar risk characteristics; however, segregating the CMDP population into different rate cells would lead to a statistical credibility problem. Therefore, Arizona Health Care Cost Containment System (AHCCCS) believes that having only two rate cells, Prospective and Prior Period Coverage (PPC), is more actuarially sound than creating more rate cells.

Since CMDP has a relatively small membership base, multiple years and sources of data were used to increase the statistical credibility. For SFY 17 rate development, CMDP's adjudicated and approved encounter data was combined with pending encounter data to get a complete base data set. CMDP had encounter issues in the dental category of service for SFY 15 (the most recent year of data) and is working together with AHCCCS on a corrective plan of action to ensure this does not occur again. The base year experience is the 2013 state fiscal year (SFY 13), 2014 state fiscal year (SFY 14), and 2015 state fiscal year (SFY 15) encounter data for both Prospective and Prior Period Coverage (PPC) CMDP members. The PMPM claim costs observed for all categories of service were completed as appropriate and then adjusted to reflect program and reimbursement changes that were effective subsequent to the experience periods used. The actuary determined the base data to be credible for use after the previously described adjustments.

The experience only includes CMDP Medicaid eligible expenses for CMDP Medicaid eligible individuals. In addition, the experience includes reinsurance amounts. PPC rates are reconciled to a maximum of 2% profit or loss. There are no other incentives or risk sharing arrangements.

V. Projected Trend Rates

The trend analysis includes adjudicated and pending encounter experience from July 2012 through June 2015 (state fiscal years 13-15). The trend analysis considered historical changes in AHCCCS' Professional and Outpatient Fee Schedules, Dental Fee Schedule, Transportation Schedule, and estimates of the impact of various changes to benefits and reimbursement levels. AHCCCS developed utilization and unit cost trend estimates by category of service (COS) using the encounter data. The hospital inpatient category of service is the only category of service where this method was not employed. While the implementation of Diagnosis-Related Groups (DRGs) for inpatient stays was estimated to be budget-neutral at the state-wide level for Arizona Medicaid services, CMDP experienced an overall decrease in their hospital inpatient service costs. With the rebase, it is deemed appropriate to hold the trend flat for this singular category of service until there are multiple years of DRG experience to draw from.

The trend rates used in projecting the claim costs are as follows:

Table I :Prospective and PPC Average Annual Trend Rate

Service Category	Average Annual Trend	
	Prospective	PPC
Hospital Inpatient	0.00%	0.00%
Physician	1.47%	-3.20%
Emergency Services	6.28%	n/a
Pharmacy	4.03%	n/a
Lab, X-ray, & med image	0.96%	n/a
Outpatient Facility	0.81%	n/a
Durable Med Equip	-1.07%	n/a
Dental	-1.40%	n/a
FQHC/RHC	0.00%	n/a
Transportation	-4.11%	n/a
NF, Home HC	-3.05%	n/a
PT, Other Prof, Misc Med	-1.43%	-9.38%

VI. Projected Gross Claim PMPM

The claims PMPMs were trended from the weighted midpoint of the base claims period to the midpoint of the projected claims period. The midpoint of the projected claims period is January 1, 2017. In developing the average claims PMPM for the base period, more weight was given to the PMPM for state fiscal year 2015 and less weight was given to the PMPM for state fiscal year 2013. Thus the weighted midpoint of the base claims period is May 1, 2014.

VII. Programmatic Changes

No program changes will take effect at this time. AHCCCS intends to review and possibly update the CMDP capitation rates effective October 1, 2016 to include changes to various acute care categories of service. This capitation rate update for July 1, 2016 does not include adjustments for anticipated reimbursement changes or program changes with effective dates after July 1, 2016. If appropriate, AHCCCS will include these adjustments in the capitation rates updated effective October 1, 2016.

VIII. Projected Net Claim PMPM

The projected gross claim PMPMs were adjusted for the reinsurance offset and third party liability to obtain the net claim PMPM. For PPC, all categories of service other than Physician and Hospital Inpatient are rolled up into one line for credibility purposes. There is no reinsurance offset or third party liability for PPC. For Prospective, the estimated reinsurance offset and third party liability is $4.31 PMPM. The projected net claim PMPMs are as follows:

Table II: Projected Net Claim PMPM

Service Category	Projected SFY 17 Claim Cost PMPM	
	Prospective	PPC
Hospital Inpatient	$21.86	$158.17
Physician	$44.62	$57.81
Emergency Services	$14.88	$0.00
Pharmacy	$26.99	$0.00
Lab, X-ray, & med image	$5.25	$0.00
Outpatient Facility	$30.90	$0.00
Durable Med Equip	$12.52	$0.00
Dental	$29.40	$0.00
FQHC/RHC	$7.05	$0.00
Transportation	$2.95	$0.00
NF, Home HC	$0.19	$0.00
PT, Other Prof, Misc Med	$0.70	$50.06
Total	$197.32	$266.05
Less Reinsurance & TPL	($4.31)	$0.00
Net Claim Cost	$193.01	$266.05

IX. Administrative Expenses

The PMPM administrative expense decreased from $32.46 to $32.41. The proposed administrative expense is based on actual and projected administrative expense data provided by CMDP.

X. Proposed Capitation Rates and Their Impacts

The proposed capitation rates equal the sum of the projected net claim PMPM (in Section VIII) and the projected administrative expenses PMPM (in section IX), divided by one minus the two percent premium tax. Table III below shows the current and proposed capitation rates and the budget impact from SFY 16 (01/01/16 capitation rate) to SFY 17 using the same projected membership base.

Table III: Proposed Capitation Rates and Budget Impact

Rate Cell	Prospective	PPC	Total
Projected SFY 17 Member Months	221,514	6,743	
SFY 16 Rate (1/1/16 - 6/30/16)	$253.64	$401.18	
SFY 17 Rate	$230.02	$304.55	
Estimated SFY 16 Capitation	$56,184,760	$2,704,961	$58,889,721
Estimated SFY 17 Capitation	$50,952,604	$2,053,432	$53,006,036
Dollar Impact	($5,232,156)	($651,529)	($5,883,685)
Percentage Impact	-9.31%	-24.09%	-9.99%

XI. Coordination of Benefits

While this section does not directly impact the capitation rate development it is important to note the efforts made by the State and the Contractors when it comes to coordination of benefits. AHCCCS provides Contractors with verified commercial and Medicare coverage information for their members which Contractors utilize to ensure payments are not made for medical services that are covered by the other carriers. When Contractors make a payment to cover members' coinsurance, deductibles, or Medicaid-covered services that are not covered by the other carriers, the Contractors submit encounters for these amounts. From state fiscal year (SFY) 2008 through SFY 2015, encounter-reported Coordination of Benefits (COB) cost avoidance grew from $7,500 to $274,000. AHCCCS continues to emphasize the importance of COB activities with the Contractor.

XII. Actuarial Certification of the Capitation Rates

I, Matthew C. Varitek, am an employee of Arizona Health Care Cost Containment System (AHCCCS). I am a Member of the American Academy of Actuaries and a Fellow of the Society of Actuaries. I meet the qualification standards established by the American Academy of Actuaries and have followed the practice standards established from time-to-time by the Actuarial Standards Board.

The capitation rates were developed using generally accepted actuarial principles and practices and are considered to be actuarially sound. The capitation rates were developed to demonstrate compliance with the CMS requirements under 42 CFR 438.6(c) and are in accordance with applicable laws and regulations. The capitation rates are appropriate for the Medicaid populations covered and Medicaid services to be furnished under the contract. The capitation rates may not be appropriate for any other purpose. The documentation has been included with this certification. The actuarially sound capitation rates that are associated with this certification are effective for the twelve month period beginning July 1, 2016.

In developing the actuarially sound capitation rates, I have relied upon data and information provided by CMDP and the AHCCCS internal databases. I have accepted the data without audit and have relied upon the CMDP auditors and other AHCCCS employees for the accuracy of the data.

This actuarial certification has been based on the actuarial methods, considerations and analyses promulgated from time-to-time through the Actuarial Standards of Practice by the Actuarial Standards Board.

This certification letter assumes the reader is familiar with the CMDP program, Medicare and Medicaid eligibility rules and actuarial rating techniques. It is intended for AHCCCS, CMDP and CMS and should not be relied upon by third parties. Other readers should seek the advice of actuaries or other qualified professionals competent in the area of actuarial rate projections to understand the technical nature of these results.

Matthew C. Varitek

Fellow of the Society of Actuaries
Member, American Academy of Actuaries

Comprehensive Medical and Dental Program (CMDP)
Updated Actuarial Memorandum

I. Purpose

The purpose of this actuarial memorandum is to demonstrate that the capitation rates for contract year ending 2017 (CYE 17: July 1, 2016 through June 30, 2017) are updated for the period of October 1, 2016 through June 30, 2017, and were developed in compliance with 42 CFR 438.6(c). It is not intended for any other purpose.

This memorandum presents a revision to the previously-proposed CYE 17 CMDP capitation rates for programmatic and provider fee schedule changes. Due to one programmatic change (high acuity pediatric adjustor) that will be implemented with an effective date of January 1, 2017, this certification will cover two sets of capitation rates. One set will apply for the time frame from October 1, 2016 through December 31, 2016 and another set will apply from January 1, 2017 through June 30, 2017. The rate development process is the same for both sets of capitation rates except the latter set includes the impact of the high acuity pediatric adjustor.

Prior actuarial certifications can be found on the Arizona Health Care Cost Containment System (AHCCCS) website, including the CMDP July 1, 2016 certification which details the original capitation rate buildup:

https://www.azahcccs.gov/PlansProviders/RatesAndBilling/ManagedCare/capitationrates.html

II. General Program Information

CMDP is a program within Department of Child Safety (DCS) that is responsible for managing the health care needs for children who are: a) placed in a foster home; b) in the custody of DCS and placed with a relative, in a certified adoptive home prior to the final order of adoption, or in an independent living program as provided in A.R.S. §8-512; and c) in the custody of the Arizona Department of Juvenile Corrections (ADJC) or the Administrative Office of the Courts/Juvenile Probation Office (AOC/JPO) and placed in foster care. CMDP has been operating in this capacity since July 1970.

III. Overview of Changes

Provider Fee Schedule Changes

Effective October 1, 2016, AHCCCS is changing Fee For Service (FFS) provider rates for certain providers based either on access to care needs, Medicare/Arizona Department of Health Services (ADHS) fee schedule rate changes, and/or legislative mandates. Because CMDP is mandated by state law to pay the AHCCCS Fee Schedule, the estimated statewide impact to the CMDP program is an increase of approximately $183,000 for nine months.

High Acuity Pediatric Adjustor
The AHCCCS All Patient Refined Diagnosis Related Group (APR-DRG) payment system includes several policy adjustors. One such adjustor applies a factor of 1.25 to the reimbursement amount that would otherwise apply for "claims for members under age 19," as long as the claim is not subject to one of the other policy adjustors.

On January 1, 2016, AHCCCS addressed the costs associated with high-acuity pediatric cases by using an adjustment factor of 1.60 in place of the above pediatric policy adjustor in the following instances only: for inpatient stays, where an APR-DRG assignment of level 3 or 4 Severity of Illness is indicated. Effective January 1, 2017, AHCCCS will change the adjustment factor of 1.60 established January 1, 2016 to 1.945. The estimated six month impact to the CMDP program is an increase of approximately $236,000.

VBP Differential
AHCCCS has proposed Value-Based Purchasing (VBP) Differential Adjusted Fee Schedule rates to distinguish providers who have committed to supporting designated actions that improve the patient care experience, improve member health, and reduce cost of care growth. The proposed VBP differential rates are applicable for dates of service from October 1, 2016 through September 30, 2017. FFS rates for select providers meeting specific criteria will be increased 1% for qualified AHCCCS-registered Arizona Nursing Facility providers, 0.5% for qualified AHCCCS-registered Arizona Hospital providers for inpatient and outpatient services, and 10% for qualified AHCCCS-registered Integrated Clinics for selected physical health services. Contractors are required to adopt the VBP Differential payment adjustments for qualified providers meeting the specific criteria. The estimated nine-month impact to the CMDP program is an increase of approximately $34,000.

Provider Reimbursement for AzEIP Members
The Arizona Early Intervention Program (AzEIP) is a program that provides services to enhance the capacity of families and caregivers to support infants and toddlers with developmental delays or disabilities in their development. AzEIP members may be AHCCCS enrolled, in which case AHCCCS pays for the services, or non-AHCCCS enrolled, in which case AzEIP pays directly. Effective October 1, 2016, AHCCCS is modifying the speech therapy rate structure for services provided to a member who is a child identified in the AHCCCS system as an AzEIP recipient in order to more closely align the rates with the AzEIP rate structure. This change is intended to assure continued access to care, particularly for rural AzEIP members, where providers often travel to provide services in the natural setting, and should limit the rate differential whether the provider is paid the AHCCCS rates or the AzEIP rates. This will ensure there is not different access to services for AzEIP children based on whether the payer is AHCCCS or AzEIP. The estimated nine-month impact to the CMDP program is an increase of approximately $41,000.

IV. Proposed Revised Capitation Rates and Their Impacts

Tables Ia, Ib and Ic below summarize the projected member months, proposed capitation rates, and estimated total capitation by coverage type and in total on a statewide basis.

Table Ia - Rates Effective 10/1/2016 through 12/31/2016

Rate Cell	Projected Member Months 10/1/16 - 12/31/16	SFY 17 Rate (7/1/16 - 9/30/16)	SFY 17 Rate (10/1/16 - 12/31/16)	Estimated Capitation using 7/1 rates	Estimated Capitation using 10/1 rates	Dollar Impact	Percentage Impact
Prospective	55,319	$230.02	$231.53	$12,724,543	$12,808,075	$83,532	0.7%
PPC	1,413	$304.55	$305.93	$430,442	$432,393	$1,951	0.5%
Total				$13,154,985	$13,240,468	$85,483	0.6%

Table Ib - Rates Effective 1/1/2017 through 6/30/2017

V. Actuarial Certification of the Capitation Rates

I, Matthew C. Varitek, am an employee of Arizona Health Care Cost Containment System (AHCCCS). I am a Member of the American Academy of Actuaries and a Fellow of the Society of Actuaries. I meet the qualification standards established by the American Academy of Actuaries and have followed the practice standards established from time-to-time by the Actuarial Standards Board.

The capitation rates were developed using generally accepted actuarial principles and practices and are considered to be actuarially sound. The capitation rates were developed to demonstrate compliance with the CMS requirements under 42 CFR 438.6(c) and are in accordance with applicable laws and regulations. The capitation rates are appropriate for the Medicaid populations covered and Medicaid services to be furnished under the contract. The capitation rates may not be appropriate for any other purpose. The documentation has been included with this certification. The proposed actuarially sound capitation rates that are associated with this certification are effective for the nine-month period beginning October 1, 2016.

In developing the actuarially sound capitation rates, I have relied upon data and information provided by CMDP and the AHCCCS internal databases. In addition, I have relied upon the CMDP auditors and other AHCCCS employees for the accuracy of the data and I have accepted the data without audit, after checking the data for reasonableness.

This actuarial certification has been based on the actuarial methods, considerations and analyses promulgated from time-to-time through the Actuarial Standards of Practice by the Actuarial Standards Board.

This certification letter assumes the reader is familiar with the CMDP program, Medicare and Medicaid eligibility rules and actuarial rating techniques. It is intended for AHCCCS, CMDP and CMS and should not be relied upon by third parties. Other readers should seek the advice of actuaries or other qualified professionals competent in the area of actuarial rate projections to understand the technical nature of these results.

Member, American Academy of Actuaries

Department of Economic Security / Division of Developmental Disabilities (DES/DDD) Actuarial Memorandum

I. Purpose

The purpose of this actuarial memorandum is to demonstrate that the capitation rates were developed in compliance with 42 CFR 438.6(c). It is not intended for any other purpose.

Arizona Health Cost Containment System (AHCCCS) intends to review and possibly update the DDD Contractor capitation rates effective October 1, 2016 to include changes to the acute care category of service. This capitation rate update for July 1, 2016 does not include adjustments for anticipated reimbursement changes or program changes with effective dates after July 1, 2016. If appropriate, AHCCCS will include these adjustments in the capitation rates updated effective October 1, 2016.

The Affordable Care Act (ACA) places an annual fee on the health insurance industry nationwide including most Medicaid health plans effective January 1, 2014. The fee will be allocated to health insurers based on their respective market share of premium revenue in the previous year. Due to the uncertainty of the actual fees and other unknowns, AHCCCS will not be adjusting the capitation rates for this fee at this time. AHCCCS intends to make a revision once the impacts are known, if applicable to DDD's sub-contractors.

II. General Program Information

This certification covers the Medicaid eligible members with intellectual and developmental disabilities (DD) program. The program offers long-term care services, acute physical health services, and behavioral health services.

Contract year ending 2017 (CYE 17) capitation rates were developed as a rate rebase from the previously approved contract year ending 2016 (CYE 16) capitation rates. The CYE 17 capitation rates represent the twelve month contract period from July 1, 2016 through June 30, 2017. DDD is a division of the state's Department of Economic Security and thus operates on the state fiscal year period.

The experience used in the development of these rates only includes DDD Medicaid eligible expenses for DD Medicaid eligible individuals.

Ideally, the experience data should be analyzed by different rate cells which are comprised of members with similar risk characteristics. However, segregating the DD population into different rate cells would lead to a statistical credibility problem due to the statewide disbursement of the relatively small membership base. Accordingly, DDD will have two separate capitation rates – a regular DDD capitation rate and a targeted case management (TCM) capitation rate. The regular DDD capitation rate covers the DD members' acute and long-term care services. Previous years'

certifications included a behavioral health capitation rate to cover the DD members' behavioral health services. Effective July 1, 2016, the responsibility for the provision of behavioral health services to DD members will be removed from the DDD contract and moved into the Regional Behavioral Health Authorities (RBHAs) contract, thus expected costs for those services will be incorporated into the capitation rates for the RBHAs. The TCM capitation rate covers case management services for members who have a DD diagnosis and meet the financial eligibility for Title XIX and XXI programs, but do not meet the functional requirements of Arizona Long Term Care Services (ALTCS).

The Acute rate component (including the Acute reinsurance offset) of the regular DDD capitation rate will not be rebased or updated for this certification. These rates will be reviewed for an October 1, 2016 effective date and updated as appropriate.

III. Overview of Rate Setting Methodology

CYE 17 actuarially sound capitation rates were developed utilizing the steps outlined as follows:

1. Develop base period data (Section IV)
2. Develop trend factors (Section V)
3. Apply trend factors to bring base period data forward (Section VI)
4. Adjust projected CYE 17 claims costs for programmatic and provider fee schedule changes, if applicable (Section VII)
5. Add provision for share of cost (SOC) (Section VIII)
6. Add provision for non-benefit costs (Section IX)
7. Combine for final capitation rates (Section X)

IV. Base Period Data

The base period data consisted of historical Medicaid adjudicated and approved encounter and member month data for this population for the time period July 1, 2012 through June 30, 2015. In addition, AHCCCS used the Contractor's supplemental experience data for the same time frame due to zero payment data submitted on encounter data for a small portion (approximately three percent) of nursing facility (institutional) and home and community based services (HCBS) expenses. The encounter data also included an immaterial amount of costs associated with prior period coverage.

The data was reviewed for accuracy, timeliness and completeness through encounter validation studies as well as studies comparing the encounter data to the Contractor's financial statements, and deemed acceptable for use with no concerns regarding data quality.

Adjustments were made to the base data for completion factors, historical programmatic changes and historical provider fee for service rate schedule changes. The base period claim costs PMPM by category of service (COS) shown in Table I represent the adjusted base data for CYE 15 (July 1, 2014 through June 30, 2015).

Table I: Base Period Claims Costs PMPM

High Level COS	Data Source	Detail COS	Base Period PMPM
Institutional	Encounters	Institutional	$ 50.31
Institutional	DDD Supplemental Information	ATPC, ICF/IID [1]	$ 62.91
HCBS	Encounters	Attendant Care	$ 226.23
HCBS	Encounters	Respite	$ 272.05
HCBS	Encounters	Hab Res Per Diem	$ 915.77
HCBS	Encounters	Hab Rest Per 15 mins	$ 279.88
HCBS	Encounters	Day Treatment	$ 323.92
HCBS	Encounters	Self Care Home	$ 7.43
HCBS	Encounters	Therapy and Evals	$ 118.97
HCBS	Encounters	Transportation	$ 41.36
HCBS	Encounters	Nursing	$ 121.57
HCBS	Encounters	Employment	$ 80.13
HCBS	Encounters	Misc	$ 1.04
HCBS	DDD Supplemental Information	SOGH [2]	$ 13.57

1) Arizona Training Program Coolidge (ATPC), Institutional Care Facility/Individuals with Intellectual Disabilities (ICF/ID)

2) State Operated Group Home (SOGH)

V. Projected Trend Rates

A trend analysis was performed using the adjusted base period data. The trends were developed at a category of service (COS) level, examining annualized growth rates in utilization and unit costs, with a limit on the percentage change to smooth out unreasonable trends.

The annual historical PMPM trend rates by COS are identified in Table II.

Table II: Annual Historical Trend Rates

High Level COS	Data Source	Detail COS	Annual PMPM Trend Rate
Institutional	Encounters	Institutional	5.6%
Institutional	DDD Supplemental Information	ATPC, ICF/IID	-5.8%
HCBS	Encounters	Attendant Care	8.7%
HCBS	Encounters	Respite	2.2%
HCBS	Encounters	Hab Res Per Diem	0.8%
HCBS	Encounters	Hab Rest Per 15 mins	1.7%
HCBS	Encounters	Day Treatment	3.4%
HCBS	Encounters	Self Care Home	-10.0%
HCBS	Encounters	Therapy and Evals	3.4%
HCBS	Encounters	Transportation	4.2%
HCBS	Encounters	Nursing	6.3%
HCBS	Encounters	Employment	5.4%
HCBS	Encounters	Misc	-1.3%
HCBS	DDD Supplemental Information	SOGH	-4.2%

VI. Projected Claim Costs

Base period claim costs PMPM were trended 24 months using the trend rates shown in Table II from the midpoint of the base period claim costs to the midpoint of the projected claims period. The midpoint of the projected claims period is January 1, 2017. The midpoint of the base claims period is January 1, 2015.

The projected claims cost PMPM by COS are identified in Table III.

Table III: Projected Claims Costs PMPM

High Level COS	Data Source	Detail COS	Proj Claim Cost PMPM
Institutional	Encounters	Institutional	$ 56.07
Institutional	DDD Supplemental Information	ATPC, ICF/IID	$ 55.85
Institutional	Total	Total	$ 111.92
HCBS	Encounters	Attendant Care	$ 270.02
HCBS	Encounters	Respite	$ 287.01
HCBS	Encounters	Hab Res Per Diem	$ 939.34
HCBS	Encounters	Hab Rest Per 15 mins	$ 292.59
HCBS	Encounters	Day Treatment	$ 349.69
HCBS	Encounters	Self Care Home	$ 6.08
HCBS	Encounters	Therapy and Evals	$ 128.54
HCBS	Encounters	Transportation	$ 45.40
HCBS	Encounters	Nursing	$ 138.64
HCBS	Encounters	Employment	$ 89.84
HCBS	Encounters	Misc	$ 1.02
HCBS	DDD Supplemental Information	SOGH	$ 12.47
HCBS	Total	Total	$2,560.62

VII. Projected Programmatic and Reimbursement Changes

HCBS Provider Fee Schedule Change
Effective July 1, 2016, the capitation development includes a 1.0% reimbursement rate adjustment for HCBS providers to DD members.

The estimated statewide impact to the DDD program is an increase of approximately $9.2 million for SFY 17.

Cost Effectiveness Study Rates
The Special Terms and Conditions of Arizona's 1115 Waiver permit DD member placement in an HCBS setting if the HCBS services will meet the individual member's needs and the HCBS costs for the specific member do not exceed 100 percent of the net cost of institutional care for that member. This determination is done through a Cost Effectiveness Study (CES). DDD is currently rebasing the institutional care costs used in the CES. While this is not expected to materially impact the capitation rates, AHCCCS and DES will monitor this situation and, if it is determined there was a material impact, the capitation rates will be adjusted.

VIII. Projected Share of Cost

The CYE 17 capitation rates include a provision for the recipients' share of cost (SOC). The share of cost was estimated based on the DD member SOC data, and was rebased for CYE 17 using actual SOC amounts from CYE 15. This is a similar method to previously approved rates. The CYE 17 SOC PMPM for the DD population is $5.35.

IX. Non-Benefit Costs

Case Management
For DD members the CYE 17 case management PMPM was developed by reviewing supplemental case management cost reports provided by the Contractor, the AHCCCS case management model, and the Contractor financials. This is a similar methodology to previously approved rates. The CYE 17 case management PMPM includes an adjustment for a salary action for case managers and direct care workers. The CYE 17 case management PMPM for the DD population is $175.75.

The targeted case management (TCM) PMPM was developed by reviewing supplemental TCM cost information for the TCM population provided by the Contractor and the AHCCCS TCM model. The supplemental TCM cost information reflected a decrease in costs PMPM from CYE 15 to YTD CYE 16. Those costs are not expected to decrease further. The CYE 17 TCM PMPM also includes the salary action for case managers described in the previous paragraph. The CYE 17 TCM PMPM with premium tax for the TCM population is $151.59.

Administrative Costs, Risk Contingency and Premium Tax
The administrative cost component was developed by reviewing the Contractor's administrative expense report which includes historical and projected administrative costs, and financial statements. The CYE 17 administrative expense PMPM for the Contractor for the DD population is $203.68. The risk contingency for the Contractor is 1.00% and the premium tax is 2.00%.

X. Proposed Capitation Rates and Their Impacts

The proposed capitation rates equal the sum of projected claim costs (Section VI), projected programmatic and provider fee schedule changes (Section VII), projected SOC (Section VIII) and provision for non-benefit costs (Section IX), divided by one minus the two percent premium tax.

Appendix I shows the current and proposed capitation rate build-up by rate component. As noted above the Acute component (including the Acute reinsurance offset) of the regular DDD capitation rate has not been rebased or updated. Thus the table will show no impact over the current Acute component of the capitation rate. It will be reviewed for a possible October 1, 2016 capitation rate rebase/update.

Table IV shows the current and proposed capitation rates and the budget impact from CYE 16 (01/01/16 capitation rate) to CYE 17 using CYE 17 projected members.

Table IV: Proposed Capitation Rates and Budget Impact

Rate Cell	Projected CYE 17 Member Months	CYE 16 Rate	CYE 17 Rate	Costs Based on Projected CYE 17 Member Months: Estimated CYE 16 Capitation	Estimated CYE 17 Capitation	Dollar Impact	Pctg Impact
DDD	357,992	$ 3,438.92	$ 3,530.13	$ 1,231,103,536	$ 1,263,758,821	$ 32,655,285	2.65%
Targeted Case Management	51,469	$ 145.92	$ 151.59	$ 7,510,333	$ 7,802,432	$ 292,098	3.89%
Total				$ 1,238,613,870	$ 1,271,561,253	$ 32,947,383	2.66%

The CYE16 rate shown here is adjusted to remove premium tax for BH services covered through DDD prior to 7/1/2016.

XI. Coordination of Benefits and Other Service Information

While this section does not directly impact the capitation rate development it is important to note the efforts made by the State and the Contractors when it comes to coordination of benefits. AHCCCS provides Contractors with verified commercial and Medicare coverage information for their members which Contractors utilize to ensure payments are not made for medical services that are covered by the other carriers. When Contractors make a payment to cover members' coinsurance, deductibles, or Medicaid-covered services that are not covered by the other carriers, the Contractors submit encounters for these amounts. From state fiscal year (SFY) 2008 through SFY 2015, encounter-reported Coordination of Benefits (COB) cost avoidance grew by greater than 162.5%, from $16 million to $42 million. Additionally, DDD cost-avoided more than $8.6 million in SFY ending 2015 in additional claims for which the Contractor had no financial obligation after the private insurance or Medicare payment was made. Consequently, no encounters were submitted to AHCCCS and therefore those services are excluded completely from capitation expenditure projections. AHCCCS continues to emphasize the importance of COB activities with the Contractor.

In-Lieu-of Services

No funds are included in the capitation rates for "in-lieu-of" services, which substitute cost-effective alternative inpatient settings in place of more costly inpatient non-specialty hospital placements. Within the DDD program, in-lieu-of services were only utilized for the Behavioral Health category of service, which will no longer be provided through DDD as noted in Section II of this certification.

Minimum Expense Ratio (MER) Requirements

All entities involved in administration of DDD services must comply with AHCCCS established financial viability standards. On a quarterly basis, AHCCCS will review the MER for the purpose of monitoring the financial health of the DDD program. The MER is calculated as (total medical expense minus TPL) divided by (total payments received from AHCCCS minus premium tax). AHCCCS will take into account the Contractors' unique programs for managing care and improving the health status of members when analyzing MER results. The MER standard of 85% must be met by all entities involved in administration of DDD services. If the standard is not met by any relevant entity, sanctions may be imposed and additional monitoring, such as monthly reporting, may be required.

XII. Actuarial Certification of the Capitation Rates

I, Matthew C. Varitek, am an employee of Arizona Health Care Cost Containment System (AHCCCS). I am a Member of the American Academy of Actuaries. I meet the qualification standards established by the American Academy of Actuaries and have followed the practice standards established from time-to-time by the Actuarial Standards Board.

The rates were developed using generally accepted actuarial principles and practices and are considered to be actuarially sound. The rates were developed to demonstrate compliance with the CMS requirements under 42 CFR 438.6(c) and are in accordance with applicable laws and regulations. The rates are appropriate for the Medicaid populations covered and Medicaid services to be furnished under the contract. The rates may not be appropriate for any other purpose. The documentation has been included with this certification. The actuarially sound capitation rates that are associated with this certification are effective for the twelve-month period beginning July 1, 2016.

The actuarially sound capitation rates are a projection of future events. It may be expected that actual experience will vary from the values in the rates.

In developing the actuarially sound capitation rates, I have relied upon data and information provided by DES/DDD and the AHCCCS internal databases. I have accepted the data without audit and have relied upon the DES/DDD auditors and other AHCCCS employees for the accuracy of the data.

This actuarial certification has been based on the actuarial methods, considerations, and analyses promulgated from time to time through the Actuarial Standards of Practice by the Actuarial Standards Board.

This certification letter assumes the reader is familiar with the DDD program, Medicaid eligibility rules and actuarial rating techniques. It is intended for AHCCCS, DES/DDD and CMS and should not be relied upon by third parties. Other readers should seek the advice of actuaries or other qualified professionals competent in the area of actuarial rate projections to understand the technical nature of these results.

Matthew C. Varitek

Arizona Department of Economic Security / Division of Developmental Disabilities (ADES/DDD) Actuarial Memorandum

I. Purpose

The purpose of this actuarial memorandum is to demonstrate that the updated capitation rates for contract year ending 2017 (CYE 17: July 1, 2016 through June 30, 2017) are updated for the period of October 1, 2016 through June 30, 2017, and were developed in compliance with 42 CFR 438.6(c). It is not intended for any other purpose.

This memorandum presents a revision to the previously-proposed CYE 17 capitation rates for the ADES/DDD program. The revision is due to updates to the institutional service component and acute component of the capitation rates. Due to one programmatic change (high acuity pediatric adjustor) that will be implemented with an effective date of January 1, 2017, this certification will cover two sets of capitation rates. One set for the time frame from October 1, 2016 through December 31, 2016 and another set from January 1, 2017 through June 30, 2017. The rate development process is the same for both sets of capitation rates, except the latter set includes the impact of the high acuity pediatric adjustor.

The Affordable Care Act (ACA) places an annual fee on the health insurance industry nationwide including most Medicaid health plans effective January 1, 2014. The CYE 17 capitation rates do not include the fee at this time; that adjustment will be addressed in a retroactive capitation rate adjustment once the fees are known. Historical actuarial certifications for health insurer fee adjustment can be found on the AHCCCS website: https://www.azahcccs.gov/PlansProviders/RatesAndBilling/ManagedCare/capitationrates.html

II. Overview of the DD Program

This certification covers the DD program. This program delivers long-term care (LTC), acute care and case management services to eligible members who live with intellectual and developmental disabilities. The experience used in the development of these rates only includes DDD Medicaid eligible expenses for DD Medicaid eligible individuals.

ADES/DDD subcontracts most of the acute care services to sub-contractors on an October 1st to September 30th Contract year basis. Due to the different contract basis the service components are updated/rebased at different times as displayed in Table I.

Table I: Components of the Capitation Rate and Contract Period

Components of DDD Capitation Rate	Types of Services	Contract Period	Sub-Contracted?
Institutional Services	LTC	7/1 - 6/30	No
Home and Community Based Services	LTC	7/1 - 6/30	No
Case Management (including Targeted)	LTC	7/1 - 6/30	No
Share of Cost (SOC)	LTC	7/1 - 6/30	No
Acute Care Services Including Reinsurance Offset	Acute Care	10/1 - 9/30	Yes *
Admin/Risk Contingency/Premium Tax	All	determined by component	Yes/No**

* Of the total acute services for DDD members 95% are provided by the sub-contracted MCOs and 5% are provided by DDD as fee for service. The 5% covers those American Indians who opted out of MCOs. The 95% could contain American Indians who chose to enroll in an MCO.

**Admin and Risk contingency are part of the subcontracted rate for the MCOs, but DDD pays the premium tax on their behalf.

DDD has two separate capitation rates:

- Regular DDD capitation rate [which covers LTC (including SOC), acute services (including reinsurance offset), case management and admin/risk/premium tax]; and
- Targeted case management (TCM) capitation rate. The TCM capitation rate covers case management services for members who have a DD diagnosis and meet the financial eligibility for Title XIX and XXI programs, but do not meet the functional requirements of the Arizona Long Term Care System (ALTCS).

The TCM capitation rate is paid over only those members eligible for that program.

Prior actuarial certifications can be found on the AHCCCS website with the July 1, 2016 certification describing more about the DD program and the rate build of the LTC services components.

III. Overview of Changes

Table II contains the changes listed in the certification, the component impact and the resulting impact.

Acute Care Component Rate Development

The Acute Care component represents approximately eleven percent of the DD capitation rate. The Acute Care component consists of services paid for by both subcontracted Managed Care Organizations (MCO), and Fee-For-Service (FFS) (for the American Indian population for which DDD reimburses providers directly). Both pieces of the Acute Care component rate include a reinsurance offset. The Acute Care component distinguishes between members who are dually eligible for Medicare ("duals") and those who are not ("non-duals") for rate development purposes but is combined into a single blended rate before going into the regular DDD capitation rate build up.

The Acute Care component was rebased using data from October 1, 2012 through September 30, 2015. The data used for the capitation rate rebase for both pieces of the Acute Care component consisted of encounter, financial, reinsurance payment and member month data. The data was reviewed for accuracy, timeliness and completeness

through encounter validation studies, and deemed acceptable for use with no concerns regarding data quality.

The base encounter data was adjusted by completion factors, and historical programmatic and provider fee schedule changes. One high cost member's data was excluded from the analysis since that member moved to another AHCCCS program. Per member per month (PMPM) annualized trends by category of service (COS) and risk group were developed using the adjusted encounter data with upper and lower limits on the trend percentages to smooth out unreasonable trends. The trends do not reflect the impact of any future programmatic changes or provider fee schedule changes. The base data was then trended forward and adjusted by any new programmatic and provider fee schedule changes (see below) to develop the acute care service claim cost. Reinsurance offsets were then applied for a net acute care service claim cost. Additionally, non-benefit costs including administration expenses for the MCOs, risk contingency and premium tax were applied. These non-benefit cost items are included in Appendix I along with the non-benefit costs for LTC.

Nursing Facility Fee Schedule Change
Effective October 1, 2016, AHCCCS has increased the Nursing Facility Fee Schedule rates by 1%, uniformly applied to the current rates, to address improvements in the Arizona economy leading to challenges in hiring and retaining direct care staff and to ensure access to care. The estimated nine month impact to the DDD program is an increase of approximately $151,000.

Adult Dental
During the 2016 legislative session, non-emergency (basic and preventive) dental services were reinstated for DDD adults up to a limit of $1,000 annually per member. Effective October 1, 2016 AHCCCS will restore this covered service. The estimated nine month statewide impact is an increase of approximately $924,000.

VBP Differential Adjustment
AHCCCS has proposed Value-Based Purchasing (VBP) Differential Adjusted Fee Schedule rates to distinguish providers who have committed to supporting designated actions that improve the patient care experience, improve member health, and reduce cost of care growth. The proposed VBP differential rates are applicable for dates of service from October 1, 2016 through September 30, 2017. FFS rates for select providers meeting specific criteria will be increased 1% for qualified AHCCCS-registered Arizona Nursing Facility providers, 0.5% for qualified AHCCCS-registered Arizona Hospital providers for inpatient and outpatient services, and 10% for qualified AHCCCS-registered Integrated Clinics for selected physical health services. Contractors are required to adopt the VBP Differential payment adjustments for qualified providers meeting the specific criteria. The estimated nine month impact to the DDD program is an increase of approximately $109,000.

Provider Fee Schedule Changes
Effective October 1, 2016, AHCCCS is changing FFS rates for certain providers based either on access to care needs, Medicare/ADHS fee schedule rate changes, and/or legislative mandates. The estimated nine month statewide impact is an increase of approximately $344,000.

High Acuity Pediatric Adjustor

The AHCCCS All Patient Refined Diagnosis Related Group (APR-DRG) payment system includes several policy adjustors. One such adjustor applies a factor of 1.25 to the reimbursement amount that would otherwise apply for "claims for members under age 19," so long as the claim is not subject to one of the other policy adjustors.

On January 1, 2016, AHCCCS addressed the costs associated with high-acuity pediatric cases by using an adjustment factor of 1.60 in place of the above pediatric policy adjustor in the following instances only: for inpatient stays, where an APR-DRG assignment of level 3 or 4 Severity of Illness is indicated. Effective January 1, 2017, AHCCCS will change the adjustment factor of 1.60 established January 1, 2016 to 1.945. The estimated six month impact is an increase of approximately $2.1 million.

Table II: Component Changes and Their Impacts

Changes to DDD Capitation Rate	Effective Date of Change	Service Impact	Approx Impact through 6/30/2017 *
Acute Care Services Rate Rebase (including Reinsurance Offset and Admin Impact)	10/1/2016	Acute Care	$751,000
Nursing Facility Fee Schedule Changes	10/1/2016	Institutional	$151,000
Adult Dental Benefit	10/1/2016	Acute Care	$924,000
VBP Differential Adjusted Fee Schedule	10/1/2016	Acute Care	$109,000
Provider Fee Schedule Changes	10/1/2016	Acute Care	$344,000
High Acuity Pediatric Adjustment	1/1/2017	Acute Care	$2.1 million

* impacts do not include impacts of premium tax and/or risk contingency unless noted

IV. Proposed Capitation Rates and Budget Impacts

Tables IIIa and IIIb show the current and proposed capitation rates and their budget impact. Table IIIc shows the combined budget impact for CYE 17. Appendix I shows the current and proposed capitation rate build-up by rate component.

V. Actuarial Certification of the Capitation Rates

I, Matthew C. Varitek, am an employee of Arizona Health Care Cost Containment System (AHCCCS). I am a Member of the American Academy of Actuaries. I meet the qualification standards established by the American Academy of Actuaries and have followed the practice standards established from time-to-time by the Actuarial Standards Board.

The capitation rates were developed using generally accepted actuarial principles and practices and are considered to be actuarially sound. The capitation rates were developed to demonstrate compliance with the CMS requirements under 42 CFR 438.6(c) and are in accordance with applicable laws and regulations. The capitation rates are appropriate for the Medicaid populations covered and Medicaid services to be furnished under the contract. The capitation rates may not be appropriate for any other purpose. The documentation has been included with this certification. The actuarially sound capitation rates that are associated with this certification are effective for the nine-month period beginning October 1, 2016.

The actuarially sound capitation rates are a projection of future events. It may be expected that actual experience will vary from the values in the capitation rates.

In developing the actuarially sound capitation rates, I have relied upon data and information provided by ADES/DDD and the AHCCCS internal databases. In addition, I have relied upon the ADES/DDD and MCO auditors and other AHCCCS employees for the accuracy of the data. I have checked the data for consistency and reasonableness to the extent possible and practical.

This actuarial certification has been based on the actuarial methods, considerations, and analyses promulgated from time to time through the Actuarial Standards of Practice by the Actuarial Standards Board.

This certification letter assumes the reader is familiar with the DD program, Medicaid eligibility rules and actuarial rating techniques. It is intended for AHCCCS, DES/DDD and CMS and should not be relied upon by third parties. Other readers should seek the advice of actuaries or other qualified professionals competent in the area of actuarial rate projections to understand the technical nature of these results.

Matthew C. Varitek

08/21/2016

Matthew C. Varitek — Date

Fellow of the Society of Actuaries
Member, American Academy of Actuaries

SUBJECT: Department of Economic Security - Review of Division of Developmental Disabilities Salary Adjustments and Hiring

Request

The FY 2017 General Appropriation Act (Laws 2016, Chapter 117) requires Committee review of DES' salary adjustments and hiring for the Division of Developmental Disabilities (DDD).

Recommendation

The Committee has at least the following 2 options:

1. A favorable review of the expenditure plan.

2. An unfavorable review of the expenditure plan.

Under any option, the Committee may consider the following provisions:

A. DES shall submit a report to the Committee on or before September 1, 2017 on the change in the turnover rate from FY 2016 to FY 2017 for the job classifications receiving salary adjustments.

B. DES shall submit all future DDD capitation rate changes and DDD salary adjustments to the Committee for its review prior to implementation.

(Continued)

Analysis

Salary Adjustments

In accordance with a FY 2017 General Appropriation Act footnote, DES has submitted to the Committee for its review DES' plan to provide salary increases for current DDD staff. The plan would provide salary increases for habilitation services staff, licensed practical nurses, and registered nurses employed by DDD. DES projects the salary adjustments and associated benefits would have a Total Funds cost of $807,000, including $249,000 from the General Fund. These adjustments consist of:

- $528,000 to provide salary increases ranging from 6.4% to 9.2% for 111 habilitation services staff members.
- $279,000 to provide a 7.8% salary increase to 46 nurses. DES estimates that the current average DDD nurse salary is $63,800. The increase would bring the average DDD nurse salary to $68,800, or about a $5,000 raise. DES believes the increase would bring DDD nurse salaries more in line with private sector nurse salaries. The federal Bureau of Labor Statistics reports that in Arizona the average salary for a registered nurse is $71,800.

DES states that the proposed salary increases are intended to reduce turnover rates. The agency reports annual turnover ranging from 19%-30% for habilitation services staff and 27% for nursing staff, but has not established goals for how much they hope to reduce turnover for each classification. To evaluate whether the proposed salary increases result in the desired reductions in staff turnover, the Committee may consider a provision requiring DES to report to the Committee on or before September 1, 2017 on the change in the turnover rate between FY 2016 and FY 2017 for habilitation services staff and nurses.

Table 1

DDD FY 2017 Proposed Salary Adjustments and Hiring

Salary Adjustments	FTE Positions Affected	Total Cost 1/	Current Average Salary	Proposed Average Salary
Habilitation Services Project Coordinator	90	446,500	34,900	38,100
Habilitation Services Support Supervisor	21	81,500	39,500	42,000
Nurses	46	279,000	63,800	68,800
Subtotal - Salary Adjustments	*157*	*807,000*	--	--
Nursing Positions				
Nursing Vacancies 2/	17	1,479,000	--	68,800
Subtotal – Nursing Positions	*17*	*1,479,000*	--	--
Total	**174**	**2,286,000**		

1/ The total cost includes base salary adjustments as well as corresponding changes in Employee Related Expenses.
2/ Includes $(34,000) in savings on Professional and Outside Services for contracted nurses that would be converted to FTE Positions.

Hiring Plan

A separate FY 2017 General Appropriation Act footnote requires DES to submit to the Committee an expenditure plan for review for any hiring of DDD non-case management positions that were not filled

(Continued)

as of June 30, 2016. In accordance with that footnote, DES' submission includes a plan to fill 17 nursing staff vacancies and convert 11 contracted nursing staff to full-time positions. Of the 17 vacancies that would be filled, 13 are nursing staff positions at the Arizona Training Program at Coolidge. DES estimates that the total cost of the new hires would be $1.48 million in Total Funds, including $456,000 from the General Fund.

Combined Plan

As shown in *Table 1* above, the total cost of the salary adjustments and filling of vacancies would be $2.29 million in Total Funds in FY 2017, including $705,000 from the General Fund. DES would pay for the plan with increased funding available as a result of recent capitation rate increases. On July 1, 2016, the Arizona Health Care Cost Containment System (AHCCCS) implemented a 2.65% capitation rate increase for DDD. AHCCCS estimates that the increase will provide $32.9 million in additional Total Funds for DDD in FY 2017. As a result, DES' proposed filling of DDD staff vacancies and salary adjustments would account for 7% of the additional funding available from the capitation rate increase.

Case Manager Salary Adjustments and Capitation Rate Changes

The Committee previously favorably reviewed funding for some case manager salary adjustments in FY 2016. In February 2016, DES submitted a request for review from the Committee to transfer funding from the Medicaid Home and Community Based Services (HCBS) to the Medicaid Case Management line item in FY 2016 for case manager salary increases.

The Committee favorably reviewed a transfer of $2.1 million, which provided funds for case manager salary adjustments through the remainder of FY 2016. In its favorable review, the Committee added a provision that ongoing funding for the pay adjustments would have to be authorized by the entire Legislature as part of the FY 2017 budget process.

DES reports that they implemented the case manager salary adjustments on April 1, 2016. The adjustments are displayed in *Table 2* below. The average case manager salary increased from approximately $34,100 to $39,700, or about a 16.6% increase. The increases were intended to reduce case manager turnover, which DES has estimated averages 40% annually.

Table 2

DDD Case Manager Salary Adjustments Implemented April 1, 2016

	FTE Positions[1/]	Original FY 2016 Salary	April 1st Salary	Percentage Increase
Human Services Specialist 2	625	$32,110	$37,444	16.6%
Human Services Specialist 3	150	36,000	40,748	13.2%
Human Services Unit Supervisor	116	39,690	48,725	22.8%
DDD Support Coordination Area Manager	15	54,080	55,459	2.5%
Average	**906**	**$34,088**	**$39,734**	**16.6%**

1/ FTE Positions as reported by DES in FY 2017 budget request.

The Executive did not seek funding to annualize the cost of the DDD case manager salary increases in the FY 2017 Executive Budget. DES instead incorporated these adjustments into its capitation rate increase that took effect on July 1, 2016. By incorporating the pay raise into the capitation adjustment,

(Continued)

the Executive did not seek separate funding for this policy issue. AHCCCS reports that 0.65% of the 3.25% total capitation rate increase for DDD in FY 2017 is for case manager salary adjustments. The 0.65% increase will result in approximately $8.0 million in Total Fund costs in FY 2017. The overall FY 2017 DDD capitation rate increase, however, is still slightly lower than the increase approved in the FY 2017 budget.

As in prior budgets, the FY 2017 General Appropriation Act requires DES to have all capitation adjustments reviewed by the Committee. DES did not submit the July increase to the Committee. There has been some confusion regarding the applicability of this particular review requirement. To ensure that all future DDD capitation rate changes and DDD staff salary adjustments receive appropriate oversight, the Committee may consider a provision clarifying that DES is to submit all capitation rate changes and salary adjustments to the Committee for its review prior to implementation. This practice would be consistent with the treatment of other Medicaid programs. In addition, the Committee may consider requiring DES to include case manager turnover rates in the report on staff turnover discussed under "Salary Adjustments." This information will allow the Committee to determine whether the salary adjustment had its intended effect.

DEPARTMENT OF ECONOMIC SECURITY
Your Partner For A Stronger Arizona

Timothy Jeffries
Director

AUG 0 3 2016

Mr. Richard Stavneak
Director, Joint Legislative Budget Committee
1716 West Adams
Phoenix, Arizona 85007

Dear Director Stavneak:

The Department of Economic Security, Division of Developmental Disabilities is responsible for the managed care for Arizona's Long Term Care System (ALTCS) members with developmental disabilities. In human terms the Davison is responsible for the health, safety and care for some of Arizona's most vulnerable citizens. The Division's membership is living longer, and as they age, are acquiring medical conditions related to aging. At the same time, individuals are also entering the Division at younger ages with more complex medical issues that only become more complicated with age.

The Department recently completed a turnover review and determined that the Division had several positions that were experiencing untenable turnover. By its very nature, high turnover stresses staff, undermines morale, and increases costs. Increased direct costs are experienced by the selection, recruitment and training of replacement staff combined with the overtime required to maintain proper staffing levels. Less quantifiable costs such as lost productivity resulting from decreased morale and overly stressed staff have a direct impact on the quality of care members receive.

The Department of Economic Security is hereby providing notification to the Joint Legislative Budget Committee of the salary adjustments for the Division of Developmental Disabilities Habilitation Services series and the Licensed Practical Nurse (LPN) and Registered Nurse (RN) series.

The Department plans to expend approximately $2,580,000 above current staff costs from the Division of Developmental Disabilities current fund sources in fiscal year 2017. Pursuant to Laws 2016, Chapter 117, Section 35:

> The Department shall submit an expenditure plan to the Joint Legislative Budget Committee for review of any new Division of Developmental Disabilities salary adjustments not previously reviewed by the Joint Legislative Budget Committee.

1789 W. Jefferson, Mail Drop 1111, Phoenix, AZ 85007 • P.O. Box 6123, Phoenix, AZ 85005
Telephone (602) 542-5757 • Fax (602) 542-5339 • https://des.az.gov/

The Division of Developmental Disabilities expenditure plans are outlined below:

Habilitation Services Series

Position Title	Grade	Employees Impacted	New Salary Floor	Fiscal Year Impact*
Hab Services Project Coordinator	18	90	$ 38,130	$ 434,000
Hab Services Support Supervisor	19	21	$ 42,000	$ 94,000
*Estimated Salary and Employee Related Expenses				$ 528,000

These staff are responsible for critical functions including Health and Safety Reviews of member care based on incidents of alleged abuse and neglect of vulnerable children and adults, development of network sufficiency and member placement into medically necessary services, monitoring service quality for services authorized under the Division's contract with AHCCCS, and regulatory enforcement for member safety through certification and licensing of providers. Turnover rates for state fiscal year 2016 were 19 percent for the Project Coordinator series while supervisor turnover was 30 percent.

Licensed Practical and Registered Nurse Series

Cost Description	Fiscal Year Impact*
Current Staff Salary Adjustments	$ 573,000
Conversion of Contractors to FTE	$ (34,000)
Filling Staff Vacancies	$ 1,513,000
Total	$ 2,052,000

*Estimated Salary and Employee Related Expenses

As previously noted, the Division's membership is living longer and have more complicated medical needs. It is critical that the Division increase compensation for LPNs and RNs so that it can ensure adequate medical management, continuity of care, and care coordination for the Division's medically fragile members, especially as their longevity increases and they experience an increase in medical conditions.

The proposal assumes filling all positions that were vacant last year, salary increases based on the proposed steps for current staff, and converting contracted staff to full time employees within both the Division's Health Care Services and Home and Community Based Services units. The Division's LPNs and RNs have recurring high turnover rates of approximately 27 percent. Additionally, the Division has been using contracted nurses to serve DDD members statewide and at the Arizona Training Program at Coolidge (ATPC) and would like to reduce contracted expenditures by converting contractors to FTEs.

The Division will pay for these increases within the approved capitation rate set by the Arizona Health Care Cost Containment System for fiscal year 2017.

If you have any questions please contact Debra Peterson, Assistant Director, Division of Business and Finance at (602) 542-8905.

Sincerely,

Timothy Jeffries
Director

RECEIVED
SEP 02 2016
JOINT BUDGET COMMITTEE

The Honorable Don Shooter
Chairman, Joint Legislative Budget Committee
Arizona State Senate
1700 West Washington
Phoenix, Arizona 85007

Dear Senator Shooter:

The Department of Economic Security is hereby providing notification to the Joint Legislative Budget Committee of the number of filled positions for case managers and non-case managers within the Division of Developmental Disabilities as of June 30, 2016. Pursuant to Laws 2016, Chapter 117, Section 35:

> The department shall report to the joint legislative budget committee on or before September 1, 2016 the number of filled positions for case managers and non-case managers in the division of developmental disabilities as of June 30, 2016. The department shall submit an expenditure plan of its staffing levels for review by the joint legislative budget committee if the department plans on hiring staff for non-case manager, non-case aide, non-case unit supervisor and non-case section manager positions above the staffing level indicated in the September 1, 2016 report.

The table below outlines the number of filled positions for case managers, residential services, and non-case managers FTE's within the Division of Developmental Disabilities as of June 30, 2016.

Filled Positions as of June 30, 2016		
Case Management	1,044	54%
Direct Care	700	36%
Managed Care	202	10%
Total Number of Filled FTE's	**1,946**	**100%**

The case management line includes case aides, case managers, supervisors, and area program managers. The residential services line includes all positions that are supporting the Division of Developmental Disabilities state-operated programs which include Arizona Training Program at Coolidge, state-operated intermediate care facitilies, and state-operated group homes. The non-case management line includes all other positions within the Division of Developmental Disablities.

SUBJECT: Arizona Department of Education - Review of Joint Technical Education District (JTED) Quarterly Report

Request

The Arizona Department of Education (ADE) requests Committee review of its recent quarterly report on joint technical education district (JTED) programs and courses, as required by Laws 2016, Chapter 4, Section 6.

Recommendation

The Committee has at least the following 2 options:

1. A favorable review of the report.

2. An unfavorable review of the report.

Analysis

Laws 2016, Chapter 4, Section 6 added new requirements for JTED programs and courses and requires ADE to review existing JTED programs and courses to see if they remain eligible for state funding under the new requirements. Chapter 4, for example, now requires JTED programs and courses to be taught primarily in a "laboratory environment, field-based environment or work-based learning environment" (*please see bulleted lists on pages 3 and 4 of Attachment 1).* JTED programs or courses that do not meet the new Chapter 4 requirements are not eligible for continued state JTED funding.

(Continued)

Chapter 4 requires ADE to submit quarterly reports to the Committee through December 31, 2018 for review on its progress and the subsequent approval or rejection of currently eligible JTED programs and courses. *Attachment 1* is ADE's first quarterly report for this issue. It indicates that JTED Superintendents and ADE held 8 meetings between March 2, 2016 and June 11, 2016 to discuss the implementation of Chapter 4.

Based on input from those meetings, ADE initially reviewed 22 of 73 currently approved Career and Technical Education (CTE) programs prior to June 30, 2016 and determined that the following 5 programs no longer qualify for state JTED funding:

- Environmental Service Systems
- Food Products and Processing Systems
- Natural Renewable Resource Systems
- Power, Structural and Technical Systems
- Advertising and Public Relations

Table 1 lists the instructional focus of the 5 disqualified programs and requirements for state JTED funding that they do not meet, as determined by recent ADE program reviews *(please see Attachments 2 – 6).* Requirements typically not met include the following: 1) industry recognized certifications, 2) a passing score of at least 60% on an end of program exam that measures job readiness; 3) specialized equipment, 4) taught primarily in a laboratory environment, field-based environment or work-based learning environment; and 5) has a defined pathway to career and postsecondary education in a specific vocation or industry.

In *Attachments 2 – 6* ADE notes that the disqualified programs all comply with some JTED requirements in A.R.S. § 15-391, as amended by Chapter 4, but that they do not meet all of them. It notes, however, that all of the disqualified programs can continue to develop using non-Basic State Aid (BSA) JTED funding, such as from federal Carl D. Perkins grants, and may be reconsidered for BSA funding eligibility in the future if they begin to meet all statutory requirements.

ADE notes in *Attachment 1* that it plans to submit a revised draft list of eligible and ineligible JTED programs in its next quarterly report. It also notes that the reviews that it has conducted thus far are for JTED programs at the state level and that individual satellite or central program sites might not have "all of the pieces in place" to remain eligible for JTED funding even for "approved" programs. The latter will be determined when ADE evaluates individual JTED sites later in the review process.

(Continued)

Table 1

Disqualified Programs As of June 30, 2016

Program	Instructional Focus	Requirement Not Met 1/
Advertising and Public Relations	Advertising and Public Relations	Industry recognized certifications; minimum 60% score on end of program assessment; majority of instruction in non-classroom setting
Environmental Service Systems	Pollution Prevention, Water & Air Quality, Hazardous Materials, Solid Waste Management, Health & Safety Sanitation	Specific credential or skill; minimum 60% score on end of program assessment; defined pathway to career and postsecondary education
Food Products and Processing Systems	Food processing and preserving, packaging, distribution, government monitoring & regulation	Industry recognized certifications; minimum 60% score on end of program assessment
Natural Renewable Resource Systems	Habitat Conservation, Forest Products, Parks and Recreation, Mining, Environmental Sciences, Fisheries, Soil Conservation	Minimum 60% score on end of program assessment; qualify student for employment in program area; defined pathway to career and postsecondary education
Power, Structural and Technical Systems	Power, Structures, Controls, Geospatial Technology, Computer Systems, Electronics, Hydraulics, Pneumatics	Industry recognized certifications; minimum 60% score on end of program assessment; defined pathway to career and postsecondary education

RECEIVED
SEP 02 2016
JOINT BUDGET COMMITTEE

August 29, 2016

Dear Chairman Shooter,

The purpose of this letter is to fulfil statutory requirements pursuant to Senate Bill 1525 (Laws 2016, Chapter 4, Section 6). The Department of Education (Department) is required to submit a quarterly report to the Joint Legislative Budget Committee (JLBC) to evaluate Joint Technical Education (JTED) program progress, the approval or rejection of currently eligible JTED programs and JTED courses. Additionally, the Department shall submit a copy of this report to the JLBC for review. Attached is the JTED Quarterly Report dated June 30, 2016.

Please do not hesitate to contact my office if you have any questions.

Sincerely,

Ashley Berg

Ashley R Berg

Associate Superintendent
Policy Development and Government Relations
Department of Education

CC: Richard Stavneak; Director of the Joint Legislative Budget Committee

Attachment 1

Quarterly Report to the Joint Legislative Budget Committee
Per Senate Bill 1525, Section 6

Arizona Department of Education

June 30, 2016

Career and Technical Education/ADE Implementation of SB1525

The following provides an overview of the activities that have been completed by the Career and Technical Education Division at the Arizona Department of Education regarding the implementation of SB1525 and CTE programs meeting the course/program requirements. Per SB1525 Section 6, the Arizona Department of Education shall immediately start reviewing the compliance and eligibility of all joint technical education district programs and courses currently in effect with the new requirements set forth in this act. Through December 31, 2018, the Department of Education shall submit quarterly reports to the Joint Legislative Budget Committee. This is the first quarterly report and quarterly reports will be sent subsequently on September 30th, December 31st, March 31st and June 30th through 2018.

Meetings and Timeline:

Since March 2nd, eight meetings have been held collaboratively between the JTED Superintendents and CTE/ADE to discuss the implementation of SB1525 and determine CTE program eligibility for JTED funding. Additionally, CTE/ADE has held meetings internally to develop processes to review the 73 CTE programs for JTED eligibility and provide supporting evidence and documentation for the program and course requirements.

Date	Location	Attendees Summary	Purpose
3/2/16	ADE/CTE	5 JTED Supt. attended 5 JTED Supt. via phone ADE/CTE Staff attended	Planning meeting for unwrapping the new statutory requirements included in SB1525. Identified need for CTE definitions to interpret requirements. Set timeline for implementation.
3/3/16	Phoenix	JTED Superintendent monthly meeting. ADE/CTE/DAS attended.	Review program requirements and areas requiring clarification.
3/11/16	ADE/CTE	JTED Superintendents, ADE/CTE Staff attended.	Discussion of current CTE approved program list and how each program had the potential to meet the new requirements of SB1525.
4/7/16	Yuma/STEDY	JTED Superintendents monthly meeting. ADE/CTE/DAS attended.	Collaboratively began extensive review of each CTE program for JTED eligibility using CTE definitions.
4/14/16	EVIT	JTED Superintendents ADE/CTE/DAS attended.	Follow-up meeting to continue extensive review of each CTE program.
4/27/16	Chandler	JTED Superintendents, ADE/CTE, CTE District Administrators	Meeting to include district CTE Administrators to discuss new requirements of SB1525, program review process to date, receive input from the field and next steps in the process and communication to the member districts.
5/5/16	EVIT	JTED Superintendents monthly meeting, ADE/CTE staff attended.	Office of the Auditor General presentation on cost reporting and JTED special audit requirements. Further program review to identify which CTE programs needed a working group review for JTED funding eligibility.

6/11/16	CTE Webinar	CTE District Administrators, JTED Representatives, ADE/CTE Staff (approximately 80 participants) Co-Facilitated by Jeanne Roberts, CTE State Director; Jeramy Plumb, MIJTED Supt. and Tina Norton, Asst. Supt. PCJTED.	Provide communication to CTE Administrators on SB1525 implementation to ensure a common, uniform message. Agenda included an overview of the process to date including program reviews and formation of working groups. Questions were submitted prior to the webinar and answered during meeting. All Q and A will be disseminated and posted along with responses to additional follow-up questions.

Program Review Process: CTE/ADE created a verification template to review each of the current 73 approved CTE programs and determine if the program meets the course/program requirements per Arizona Revised Statute (A.R.S.) §15-391(3)(a-g) and §15-391(5)(a-o). The CTE Program Specialists are working with business and industry to assist in the research and verification for JTED eligibility requirements. See **Appendix A** as a sample verification template.

Per A.R.S. §15-391(5), each CTE program is being reviewed for the following JTED program requirements:

- An assessment that requires a passing score of at least 60%. A.R.S. § 15-391(5)(b)
- Requires specialized equipment to provide instruction that exceeds the cost of a standard educational course. A.R.S. §15-391(5)(c)
- Majority of instructional time in laboratory, field-based or work-based learning environment and requires Career and Technical Student Organization (CTSO) participation. A.R.S. §15-391(5)(d)
- Demonstrates alignment through curriculum, instructional model and course sequence to meet the standards of a CTE program as determined by CTE/ADE. A.R.S. §15-391(5)(e)
- Defined pathway to career and postsecondary education in specific vocation or industry as determined by CTE/ADE. A.R.S. §15-391(5)(f)
- Fills high need vocational or industry as determined by CTE/ADE. A.R.S. §15-391(5)(j)
- Requires a single or stackable credential or a skill that allows a student to obtain work on graduation before receiving an associate's degree or baccalaureate degree. A.R.S. §15-391(5)(k)
- Leads to certification or licensure in the designated vocation or industry that has been verified and accepted by that vocation or industry AND that qualifies the recipient of the certification or licensure for employment which the student would not otherwise qualify. A.R.S. §15-391(5)(l)
- If there is no certification or licensure that is accepted by the vocation or industry, completion of the program must qualify the student for employment for which the student would not otherwise qualify without completing the JTED program. A.R.S. §15-391(5)(l)
- Requires instruction and instructional materials in courses that is substantially different from and exceeds the scope of standard instruction and that include skills, competencies and knowledge to be successful in the designated JTED program vocation or industry. A.R.S. §15-391(5)(m)
- Industry or vocation has agreed to provide financial or technical support to the JTED for a specific JTED program. A.R.S. §15-391(5)(n)
- JTED has demonstrated a need for extra funding in order to provide the JTED program. A.R.S. §15-391(5)(o)

Per A.R.S. §15-391(3), the review included the following JTED course requirements:

- Is part of a program that requires students to obtain a passing score of at least 60% on an assessment. A.R.S. § 15-391(3)(b)
- Is not a course or any variation of a course, including honors, that is required under the minimum course of study pursuant to section 15-701.01 in order to graduate from high school. A.R.S. §15-391(3)(d)
- Majority of instructional time in laboratory, field-based or work-based learning environment. A.R.S. §15-391(3)(e)
- Demonstrated a need for extra funding in order to provide the JTED course. A.R.S. §15-391(3)(f)
- Requires specialized equipment to provide instruction that exceeds the cost of a standard educational course. A.R.S. §15-391(3)(g)

During the meetings with the JTED Superintendents and ADE/CTE, each CTE program was reviewed for the above mentioned JTED program/course requirements. While many of the CTE programs do meet all the requirements of the new legislation, there are some programs that will need further review, documentation and/or revision. It was decided to form working groups to collaboratively review 22 CTE programs for eligibility and compliance with SB1525 requirements.

Formation of Working Groups

Career and Technical Education/ADE took the lead on this important work by organizing and facilitating the working groups. The working groups included stakeholders: CTE administrators, CTE teacher leaders in the program area, business and industry representatives, JTED representatives and ADE/CTE Program Specialist, Program Director and State CTE Director. The agendas for meetings have heavily focused on stakeholder input to provide supporting evidence of work being done in the field and verified by business and industry. All program review working groups used the same agenda and format to ensure uniformity across program areas.

The 3 hour working group agenda included:

- Introductions – Who are the stakeholders?
- Purpose of Working Group – How and why the working groups were formed?
- Overview of SB1525 Course/Program Requirements
- Small Group Assignments Reviewing the CTE Program to Meet SB1525 Requirements
    - Review of Supporting Evidence/Documentation
    - Identification of Additional Work (if appropriate)
- Reports from Small Group Work
- Next Steps

The following 22 CTE program working groups were reviewed through the working group process:

- 41.0100.00 Bioscience- 6/2/16
- 51.0800.50 Sports Medicine and Rehabilitation Services- 6/2/16
- 50.0500.20 Technical Theater-6/9/16
- Agriculture Programs-6/13/16
    - 01.0100.00 Environmental Service Systems
    - 01.0100.20 Food Products and Processing Systems
    - 01.0100.50 Natural Renewable Resources Systems
    - 01.0100.90 Agribusiness Systems
    - 01.0100.60 Power, Structural and Technical Systems
- Business Programs-6/14/16
    - 52.0200.00 Business Management and Administrative Services
    - 52.0400.00 Business Operations Support and Assistant Services
    - 52.0300.00 Accounting and Related Services
    - 52.0800.00 Financial Services
- Marketing Programs-6/14/16
    - 52.1800.20 Professional Sales and Marketing
    - 52.1800.30 Advertising and Public Relations
    - 52.1800.40 Entertainment Marketing
    - 52.1800.50 Entrepreneurship
    - 52.0900.00 Hospitality Management
- 46.0400.20 Cabinetmaking-6/15/16
- 13.1200.00 Education Professions-6/20/16
- 10.0200.40 Journalism-6/21/16
- 10.0200.20 Digital Printing-6/21/16
- 51.1500.00 Mental and Social Health Services-6/21/16

Representatives from the various stakeholder groups attended the program review working groups and attendees provided important supporting evidence and documentation on how the program meets the JTED program requirements. ADE/CTE is in the process of reviewing all of the notes from the working groups and will determine JTED eligibility. Some of the working group program areas will require further research and verification from business and industry. See **Appendix B** for a sample program verification template and working group notes.

Based on the working group reviews, some determinations have made regarding JTED eligibility. The following CTE programs were determined to not meet the requirements for JTED program eligibility:

- 01.0100.00 Environmental Service Systems
- 01.0100.20 Food Products and Processing Systems
- 01.0100.50 Natural Renewable Resources Systems
- 01.0100.60 Power, Structural and Technical Systems
- 52.1800.30 Advertising and Public Relations

When the program reviews are completed and final determination has been made for JTED eligibility, a new CTE Program list will be disseminated with an additional column indicating JTED Eligibility. The initial target date to have the draft CTE program list available is at the ACTEAZ Summer Conference CTE Administrators Meeting on July 17 and will be included in the next quarterly report.

Communication to CTE Administrators, Member Districts and JTED Representatives

Throughout the process, ADE/CTE has provided communication to all stakeholders regarding the implementation of SB1525 to ensure a uniform message and that information is provided on a timely basis. In addition to the June webinar previously mentioned, ADE/CTE has disseminated several communications to provide clarification on the process and the decisions. See **Appendix C** for email communications.

Additional Work Conducted by ADE/CTE for SB1525 Implementation

- CTE Definitions have been posted to the ADE/CTE website to provide uniform guidance on language found in ARS §15-391(3)(a-g) and §15-391(5)(a-o). See **Appendix D** or http://www.azed.gov/career-technical-education/files/2016/06/cte-definitions.pdf.
- 2016-2017 JTED Statement of Assurances has been revised and updated to include the new SB1525 requirements. See **Appendix E** or find Statement of Assurance information at http://www.azed.gov/career-technical-education/joint-technical-education-districts/
- CTE/JTED Program Monitoring Document for JTED Eligibility and Compliance has been revised and updated to include the new requirements. ADE/CTE will be using the same form to review all JTED programs and courses for compliance and eligibility. This document will be used for 2016-2017 site monitoring reviews which will begin again in August. This form will determine JTED eligibility and compliance at the site level. See **Appendix F** for Monitoring Document.
- ADE/CTE created a **draft** list of 2017 CTE Programs with Identified Industry Certifications for JTED Eligibility that was disseminated to CTE Administrators and JTED representatives. This list included 42 CTE programs and is still in draft form pending additional feedback and input from the various stakeholder groups. The list will be updated with additional certifications after the convening of the working groups and industry verification. See **Appendix G** for email dated 6/7/16 and certification list.
- ADE/CTE created a form *"Industry Certification Submission for Consideration to Meet JTED Eligibility"* which includes a description of the certification, justification for the certification and business and industry verification of the certification. This is a process for districts to obtain approval for certifications other than those on the disseminated list. See **Appendix H** for email and form.
- ADE/CTE Program Specialists are completing the verification document for each of their CTE programs which links to program descriptions, course sequence, standards, equipment lists and provides feedback on each of the SB1525 requirements. As these are updated, verified and completed, they will be posted on the ADE/CTE website.
- A final review of the 2015-16 JTED log was conducted and 351 Internship courses were identified and color coded as ineligible for JTED funding. These courses will remain on the log to document the program included work-based learning, but have been highlighted as JTED funding ineligible. Note: These courses were not previously submitted for JTED ADM according to our log.

Upcoming Quarter Activities

- Continue program review and prepare FY17 CTE Program List with JTED eligibility defined.
- Continue research and evaluation of industry verified certifications for CTE programs.
- Create timeline for regional program reviews and begin review process for site level compliance and eligibility in August, 2016.
- Meet with ADE Assessment team and psychometrician to review current end of program technical assessment passing scores and determine steps to meet the 60% passing score requirement.

For questions or clarifications, contact Jeanne Roberts, ADE/CTE State Director, Deputy Associate Superintendent, 602-364-2211, jeanne.roberts@azed.gov.

Program Name	Advertising and Public Relations
Program CIP Code	52.1800.30
Program Description and Coherent Sequence	The **Advertising and Public Relations** instructional program is designed to provide technical support to professionals in advertising and public relations and prepares students to create and market communication strategies utilizing multiple media mediums. Students will develop skills in handling all phases of sales, including prospecting, presentations, closing business, and client retention. Students will also create and deliver marketing and public relations ideas and concepts while also creating marketing materials and managing projects. This program is designed and delivered as a coherent sequence of school-based and work-based supervised learning. Students learn leadership skills and develop their leadership abilities through participating in the state-recognized Career and Technical Student Organization, DECA.

SB1525 JTED Course and Program Requirements

Requires students obtain passing score of 60% on assessment 15-391(3)(b) Page 1/20-24 & 15-391(5)(b) Page 2/1-6	Not at this time.
Not a Course Required under Minimum Course of Study including Honors 15-391(3)(d) Page 1/27-29	Not required for graduation.
Majority of Instructional Time in Lab / Field / Work Based Learning Environment 15-391 (3)(e) Page 1/30-32 and **Requires CTSO Participation** 15-391(5)(d) Page 2/10-13	Yes, most programs have Land Lab consisting of greenhouses, animal facilities, riparian and crop production areas and aquatic fish tanks. Yes, FFA is one of the oldest and largest youth organizations in the world.

Demonstrated Need for Extra Funding for a course 15-391 (3)(f) Page 1/33-34	Technology and lab needs. Change is required to modernize labs and keep abreast of relevant trends to prepare students for the world of work. Funding is needed for development and maintenance for state of the art programs.
Specialized Equipment Exceeds Cost of Standard Course 15-391(3)(g) Page 1/35-36 and 15-391(5)(c) Page 2/7-9	Yes. Environmental Service Systems (Tissue leaves reproduction , sterilization tables, sterilizing equipment, auto clave and tractors, implements, trucks, trailers for hauling plants) and AG Mechanics (arc welders, mig welders, tig welders, lath houses etc.)
Alignment through Curriculum, Instructional Model and Courses Sequence 15-391(5)(e) Page 2/15-18	Yes. State established course sequence consists of three Carnegie Units of Instruction.
Defined Pathway to Career and Postsecondary Ed in Specific Vocation or Industry 15-391(5)(f) Page 2/19-21	**No specific pathway for Environmental Service Systems identified.** Most jobs in this area require an Associates of Science and Bachelors of Science or Masters of Science.
Fills High Need Vocation or Industry as Determined by CTE/ADE 15-391(5)(j) Page 2/30-31	This program is 34th on the CTE program list based on high skill, high wage and high demand (need).
Requires a Single or Stackable Credential or a Skill that allows a student to obtain work 15-391(5)(k) Page 2/32-35	OHSA 10 hour Certification and National Safe Tractor and Machinery Operator (30hrs) Students develop skills inclusive of but not limited to Technical Reading Technical Writing Resume Writing Mock Job Interviews Employability Skills Problem Solving Skills Locating Information Conflict Resolution Public Speaking and Communication Skills Planning and Organization Skills Team Work No specific credential or skill for Environmental Service Systems identified.

Leads to certification or licensure verified by that vocation or industry that qualifies student for employment which the student would not otherwise qualify. 15-391(5)(l) Page 2/36-39	No specific credential or skill for Environmental Service Systems identified.
If no certification or licensure is accepted by vocation or industry, completion of program must qualify student for employment for which student would not otherwise qualify without completing JTED program. 15-391(5)(l) Page 2/39-43	No specific credential or skill for Environmental Service Systems identified.
Requires instruction and instructional materials substantially different from and exceed scope of standard instruction and include skills, competencies and knowledge to be successful in JTED program vocation or industry. 15-391(5)(m) Page 2/44-45 and 3/1-3	Environmental Service programs require specialized curriculum resources and equipment that exceed cost of other courses. Example: CASE curriculum that requires substantially more specialize training and lab equipment.
Industry provided financial or technical support. 15-391(5)(n) Page 3/4-8	Yes, AG ED has an FFA Arizona Foundation Board that has raised money for scholarships for students wanting to further their careers. Farm Bureau donated $5,000.00 in 2016 to Fund Arizona Quality AG Program Improvement Assessment. This will help improve the quality of program facilities and delivery content to the students. Workshops are often supported by agriculture company. The national FFA foundation paid for the development of the CASE curriculum. The curriculum was developed around Science, Technology, Engineering, Math, (STEM) making it the most research developed curriculum in the United States.
Demonstrated need for extra funding in order to provide JTED program 15-391(5)(o) Page 3/9-11	Environmental Service Systems requires specialized equipment, specialized resources, specialized instruction training and specialized curriculum.

Eligibility		**Yes**	**No**
JTED	The **Environmental Service Systems** program meets the requirements for **JTED** compliance and eligibility		X
CTE Federal Perkins and State Priority	The **Environmental Service Systems** program meets the requirements for **Perkins** and is eligible to generate **CTE State Priority funding**.	X	

Comments:

Environmental Service Systems program was reviewed and found not to be compliant with the requirements of JTED legislative requirements. While it has some areas of compliance, it does not meet all the criteria required in the JTED legislation. The program can continue to develop utilizing funding from local, State Priority and Federal Carl D Perkins sources. At such time the program strengthens and meets all components of the JTED legislation, it may be reconsidered.

SUBJECT: Arizona Department of Corrections - Review of FY 2016 Bed Capacity Report

Request

Pursuant to a FY 2017 General Appropriation Act footnote, the Arizona Department of Corrections (ADC) has submitted for review a report detailing the bed capacity changes in FY 2016, and the proposed changes in FY 2017.

Recommendation

The Committee has at least the following 2 options:

1. A favorable review of the department's bed capacity report.

2. An unfavorable review of the department's submission.

When accounting for all beds, ADC has a total capacity surplus. In terms of just permanent beds, however, ADC has a shortfall.

At the end of FY 2015, the total bed surplus systemwide was 1,078 beds. During FY 2016, the department increased its total capacity by 320 beds to 44,009. Taking into account an increase of 291 prisoners, the FY 2016 total bed surplus increased to 1,107.

ADC currently uses over 5,876 temporary beds. After accounting for that factor, the total bed surplus becomes a permanent bed shortfall of (4,769).

(Continued)

For FY 2017, the department plans to open 1,120 beds. Of this amount, the department will activate 1,000 private medium custody beds as authorized by Laws 2015, Chapter 17. ADC began moving prisoners into these beds in July 2016 at a rate of about 150 per month. The department plans to have the entire 1,000 beds online by January 2017. In addition, the department will add 120 temporary maximum custody beds at ASPC - Eyman. The department will also convert 500 permanent male medium custody beds to male close custody beds at ASPC - Eyman.

Analysis

Apart from any legislative changes, ADC may alter its bed capacity during the year. The department can establish or decommission beds and also has flexibility to shift beds between inmate classifications. These changes affect its bed capacity during the year, thus impacting calculation of the bed surplus and shortfall. To better track the impact of the department's revisions, the FY 2017 General Appropriation Act requires ADC to submit bed capacity data for FY 2016, explain any adjustments since FY 2015, and provide projections for FY 2017.

Total Capacity

The department's total capacity is the sum of permanent and temporary beds at both state operated and private prisons. Permanent (rated) beds are, by physical design or as defined by law, a permanent part of a unit. Temporary beds are added to areas that were not originally intended to house inmates or double-bunked beds in areas that were intended for single beds.

For FY 2016, ADC reported a total capacity increase of 320 male beds, with no change to the capacity of female beds. As described in *Table 1,* the net increase included the opening of 48 permanent and 272 temporary beds. By the end of FY 2017, ADC anticipates the number of total beds will increase by 1,120 from June 30, 2016. The projected FY 2017 changes include the opening of 1,000 male private medium custody beds at ASP - Red Rock and 120 male temporary maximum custody beds at APSC - Eyman.

ADC indicated that the department may activate additional temporary beds for males and females in FY 2017 if needed for growth.

In addition to permanent and temporary beds, special use beds are used for investigative detention, disciplinary isolation, maximum behavior control, mental health observation, or medical inpatient care. Due to their short-term usage, these special use beds are not counted as part of ADC's total capacity. In FY 2016, ADC reported a net increase of 3 special use beds. ADC made the following adjustments to their special used beds in FY 2016: reduced (80) male special use detention beds at ASPC - Eyman Meadows which were converted to male temporary close custody beds, added 80 male special use detention beds at ASPC - Eyman Rynning, and added 3 female inpatient care beds at ASPC - Perryville.

Appendix A provides a summary of the adjustments for FY 2016 and the proposed adjustments for FY 2017.

(Continued)

Table 1

FY 2016 Bed Capacity Changes

Custody Level	Permanent	Temporary	Total (Operating) Capacity	Description
Minimum	0	0	0	• No changes.
Medium	100	200	300	• Added 100 male permanent beds at ASPC - Rynning from converted close custody beds in the same unit. • Added 16 male temporary beds at ASPC - Douglas, 16 male temporary beds at ASPC - Yuma, 100 male temporary beds at ASPC - Safford, 116 male temporary beds at ASPC – Lewis. • Eliminated (48) male temporary beds at ASPC - Tucson for the creation of a residential housing unit which required single cell beds.
Close	(92)	0	(92)	• Converted (100) male permanent beds to medium custody at ASPC - Eyman Rynning unit and added 8 female permanent beds at ASPC - Perryville converted from maximum custody. • Added 80 male temporary beds by converting special use beds at ASPC - Eyman Meadows. • Converted (80) male temporary beds to ASPC to special use beds at ASPC - Eyman Rynning.
Maximum	40	72	112	• Lost (8) female permanent beds converted to close custody beds at ASPC - Perryville and 48 permanent male beds at ASPC - Eyman. • Added 24 female temporary custody beds at ASPC - Perryville and 48 male temporary custody beds at ASPC - Eyman due to need.
Total	**48**	**272**	**320**	

FY 2016 Bed Surplus/Shortfall

Table 2 illustrates 2 different ways to evaluate whether the department is experiencing a bed surplus or shortfall. When counting only permanent beds in relation to the inmate population, ADC has a shortfall of (4,769) beds. The second method of evaluating bed status is to determine ADC's total bed capacity, including both permanent and temporary beds. After adjusting for 5,876 temporary beds in the ADC system, the (4,769) permanent bed shortfall becomes a 1,107 total bed surplus.

Table 2

End of FY 2016 Bed Surplus/Shortfall -ADC Systemwide

	Permanent Beds	Total Beds (Incl. Temp.) 1/	Inmate Population 6/30/16	Permanent Surplus (+) / Shortfall (-)	Total Surplus (+) / Shortfall (-)
ADC System					
Minimum	14,045	15,423	14,946	(901)	477
Medium	15,227	19,002	18,875	(3,648)	127
Close	5,767	5,877	5,719	48	158
Maximum	3,094	3,707	3,362	(268)	345
Total – ADC System	**38,133**	**44,009**	**42,902**	**(4,769)**	**1,107**

1/ Excludes special use beds.

(Continued)

At the end of FY 2016, male inmate beds represented the majority of the bed surplus as shown in *Table 3.* As described earlier, ADC exercised its authority to activate and close beds to deal with the continued growth in the male medium and close custody populations, and changes to the maximum custody policy.

Table 3

End of FY 2016 Total Bed Surplus (+) / Shortfall (-)

	Male	Female	Systemwide
Minimum	493	(16)	477
Medium	144	(17)	127
Close	(67)	225	158
Maximum	247	98	345
Total	**817**	**290**	**1,107**

ADC made no changes to the female total capacity. The total capacity for female beds declined from 296 at the end of FY 2015 to 290 at the end of FY 2016.

Appendix B details the capacity and population by custody level and gender.

FY 2016 Bed Surplus/Shortfall

From FY 2015 to FY 2016, the department's total (operating) capacity changed as follows:

Minimum Security: At the end of FY 2015, there was a total capacity surplus of 441 minimum security beds. With the custody level population decreasing by (36) inmates, the FY 2016 total capacity surplus increased to 477. The department reported a surplus of 493 male beds and a shortfall of (16) female beds.

Medium Security: At the end of FY 2015, there was a surplus of 124 medium beds. The surplus increased to 127 in FY 2016 with the population increasing by 297 and the addition of 300 beds. The department reported a surplus of 144 male beds and a shortfall of (17) female beds.

Close Custody: At the end of FY 2015, ADC had a close custody surplus of 275 beds. For FY 2016, ADC reported a decrease of (92) close custody beds. Combined with a close custody inmate population increase of 25, the close custody surplus shrunk to 158. The department reported a shortfall of (67) male beds and a surplus of 225 female beds.

Maximum Security: At the end of FY 2015, ADC had a surplus of 238 maximum beds. The number of maximum custody inmates increased by 5 during the fiscal year, but this growth was offset by the increase of 112 beds. The maximum custody surplus increased to 345. The department reported a surplus of 247 male beds and 98 female beds.

DOUGLAS A. DUCEY
GOVERNOR

CHARLES L. RYAN
DIRECTOR

RECEIVED
JUL 22 2016
JOINT BUDGET COMMITTEE

July 22, 2016

The Honorable Don Shooter, Chairman
Joint Legislative Budget Committee
1716 West Adams
Phoenix, AZ 85007

Dear Senator Shooter:

Enclosed you will find the Arizona Department of Corrections Bed Capacity Report which is being submitted pursuant to Laws 2016, 2nd Regular Session, Chapter 117 (HB 2695), Section 29.

As required by statute the report reflects the bed capacity of each custody level by gender at each state-run and private institution, divided by rated and total beds. The reporting period is for June 30, 2015 to June 30, 2016 and includes an explanation for each change that occurred within this time period. In addition to the actual bed capacity, the enclosed report also includes the projected bed capacity through June 30, 2017 and provides an explanation for the anticipated changes.

ADC beds are defined, categorized, tracked and utilized in a variety of ways. For the purposes of this report and by policy the ADC defines beds as outlined below:

- Rated Beds (R): Rated beds are by physical design or as defined by law or court order, or as determined in relation to staffing level, food service, water and sewage capabilities, and a permanent part of a unit.
- Temporary Beds (T): Temporary beds are added to a unit in addition to rated beds assigned to that unit such as tents, or beds in day rooms. Temporary beds are not part of the physical design of a unit and can result in overcrowding, impact staff and inmate safety and create a strain on the physical plant such as water and sewage capabilities.
- Operating Capacity (R+T=OC): Operating capacity is the sum of rated beds and temporary beds only.
- Special Use Beds (SU): Special use beds are used for maximum behavior control, mental health observation or medical inpatient care, and investigative detention. Special use beds are short-term and not part of the operating capacity.

During FY 2016 the ADC operating capacity (rated beds + temporary beds = operating capacity) was increased by 320 beds from 43,689 on June 30, 2015 to 44,009 on June 30, 2016. In addition, special use beds were increased by 3 from 1,689 on June 30, 2015 to 1,692 on June 30, 2016.

During FY 2016 no new prison units were activated. Changes to rated and temporary beds were at existing prison units and were the result of population management needs such as custody level, gender, and specialized inmate populations.

In July 2015, due to riots at the Huachuca Unit at ASP-Kingman, ADC relocated 1,159 inmates from ASP-Kingman to other private prison and county jail facilities. Following the re-assignment of the contract, repair to the facility and retraining of all security staff the ASP-Kingman facility was returned to use beginning in December 2015 and fully available by March 2016.

Additional detail on changes that occurred during FY 2016 can be found in Section I of the enclosed report.

During FY 2017 ADC plans to activate 1,000 medium custody beds at ASP-Red Rock. The beds were authorized pursuant to Laws 2015, 1st Regular Session, Chapter 17 (SB 1478), Section 11. Activation and loading is scheduled to begin in July 2016 and to end by January 2017.

As always, if I can provide additional information, please do not hesitate to contact me.

Sincerely,

Charles L. Ryan
Director

Enclosure

Bed Capacity Report

June 2016

Prepared By: Bureau of Planning, Budget, and Research
Date Prepared: July 22, 2016

ARIZONA DEPARTMENT OF CORRECTIONS
BED CAPACITY REPORT

Pursuant to Laws 2016, Fifty-second Legislature, Second Regular Session, Chapter 117 (HB 2695) the ADC is required to "provide a report on bed capacity to the joint legislative budget committee for its review on or before August 1, 2016. The report shall reflect the bed capacity for each security classification by gender at each state-run and private institution, divided by rated and total beds. The report shall include bed capacity data for June 30, 2015 and June 30, 2016 and the projected capacity for June 30, 2017, as well as the reasons for any change within that time period. Within the total bed count, the department shall provide the number of temporary and special use beds."

SUBJECT: Arizona Department of Administration - Consider Approval of Maximum Lodging and Per Diem Reimbursement Rates

Request

A.R.S. § 38-624C requires the Arizona Department of Administration (ADOA) to establish maximum reimbursement amounts for lodging and meal expenses taking into consideration the amounts established by the federal government. These reimbursements compensate state employees traveling on official state business. Statute requires Committee approval of any rate change.

ADOA proposes adjusting the maximum lodging rates to match the new federal government rates, which are effective on October 1, 2016. ADOA is also proposing a new flat per diem rate of $13 and $20 for employees who travel for at least 6 hours or 12 hours, respectively, without an overnight stay.

Recommendation

The Committee has at least the following 2 options:

1. Approve the ADOA recommended maximum lodging and per diem rates.

2. Approve some other adjustment or maintain the current lodging and per diem reimbursement rates.

Under either option, the Committee may consider the following provisions:

A. Committee approval does not constitute an endorsement of additional appropriations to cover higher reimbursement costs.

(Continued)

Analysis

Lodging

The U.S. General Services Administration annually publishes a reimbursement schedule for room rentals based on lodging industry economic data at the beginning of the federal fiscal year (FFY) (October). The federal rate schedule establishes a standard rate but specifies additional rates for many cities, with seasonal distinctions in some cases. Lodging is more expensive in non-standard areas than in standard areas, depending on the season. For example, the current federal rate in the District of Columbia (DC) in March is $226 while the rate in July is $174.

The Committee approved changes to the state travel rates twice last year, in June and September 2015. In June 2015, the Committee approved adopting the FFY 2015 federal lodging rates by increasing the state standard rate from $60 to $83 and adjusting the state rates for non-standard locations. Prior to June 2015, the last time the Committee approved changes to the lodging rates were in December 2004 for the standard rate and November 2006 for the non-standard rates. In September 2015, the Committee approved adopting the FFY 2016 federal lodging rates by increasing the state standard rate from $83 to $89 and adjusting the state rates for non-standard locations.

ADOA currently recommends adopting the FFY 2017 federal lodging rate, effective October 1, 2016, as the state's maximum lodging reimbursement rate. ADOA's request would change the standard rate from $89 to $91, which is an increase of $2, or 2%. In addition, the request would increase most of the non-standard rates and make a few decreases. For non-standard locations, the average change is $5 or 3%. Due to its length, the list of federal rates appears as an attachment only in the JLBC's online agenda materials.

ADOA does not anticipate any significant fiscal impact from their proposal.

Lodging Waivers

There are 2 mitigating factors in evaluating the state lodging rate:

1. The state rate does not apply to conference meetings. State agencies are allowed to pay the conference rate regardless of the specific city rate but are encouraged to ensure the conference rate is the lowest available rate or adequate housing is located within walking distance of the event.

2. General Accounting Office (GAO) can waive the state rate for non-conference meetings. In addition, GAO may approve reimbursements above the federal rate. At its April 2016 meeting, the Committee favorably reviewed GAO's formal guidelines for reviewing and approving waivers. If the federal rate is not adopted, GAO would likely receive more requests for rate waivers.

Meals Per Diem

Per diem rates are used to reimburse meal expenses for in-state and out-of-state travel. The federal government conducts a nationwide meals study every 3 to 5 years to determine the average prices charged by restaurants in areas frequented by federal travelers. There are no proposed changes to these rates. The FFY 2017 standard per diem rate equal is $51. Depending on the geographic area this federal schedule has 5 other tiers that increase in $5 increments to $74 per day. ADOA's sets the state per diem rates to be $10 less than the federal reimbursement rates in every tier. ADOA recommends the lower rates due to its belief that the amounts provide for reasonable reimbursements. These rates apply for employees who are on travel status with an overnight stay. For Arizona, *Table 1* shows the federal and ADOA recommended per diem rates.

(Continued)

Table 1

Comparison of Federal and State Per Diem Rates

Location [1/]	FY 2017 Federal Rate	FY 2017 State Rate
Yuma	$51.00	$41.00
Sierra Vista	$51.00	$41.00
Flagstaff/Grand Canyon	$64.00	$54.00
Tucson	$59.00	$49.00
Kayenta	$59.00	$49.00
Phoenix/Scottsdale	$59.00	$49.00
Sedona	$74.00	$64.00
All Other Areas in Arizona	$51.00	$41.00

1/ Rates for locations outside Arizona vary.

For employees on travel status without an overnight stay, ADOA is recommending a new meal reimbursement rate. Employees are on travel status when they are at least 50 miles from both the traveler's residence and regular duty post. Employees on travel status for at least 6 hours would receive a meal reimbursement up to $13 regardless of meal consumed and employees on travel status for at least 12 hours would receive a meal reimbursement up to $20.

In some cases, the new rates decrease the amount an employee may be reimbursed. For example, assuming a Phoenix-based employee travels to Flagstaff for a meeting and was on travel status for 6 hours, the employee would currently be eligible for 1 meal reimbursement. Depending on the meal claimed, the employee would receive up to $14 (lunch) or $29 (dinner). Under ADOA's proposal the employees will now only receive $13. However, if the same employee instead travels to Wickenburg, under the current policy, the employee would be able to claim up to $11 (lunch) or $20 (dinner) but would receive up to $13 under the new policy. ADOA reports that the proposed policy will streamline the claims process.

JOINT BUDGET COMMITTEE

September 1, 2016

The Honorable Don Shooter, Chairman 2016
Joint Legislative Budget Committee
Arizona Senate
1700 West Washington
Phoenix, AZ 85007

Dear Senator Shooter:

We request placement on the next Joint Legislative Budget Committee (JLBC) meeting agenda to address State travel increases for lodging and changes for meal reimbursement. The Federal government has announced changes in lodging and meals for the upcoming Federal fiscal year, effective October 1. Consistent with our approach, we are recommending adopting the Federal lodging rate as the State's maximum lodging reimbursement rate.

As you are aware, the government lodging rate generally offered by establishments is essentially driven by the Federal lodging rates. The Federal Government annually adjusts their lodging allowances for several locations. The Federal adjustments incorporate many seasonal adjustments as well. Although most of the Federal adjustments are increases (which is reflective of the overall industry), there are some decreases. We have reviewed these changes and are recommending adoption of the Federal lodging rates. Comparisons to the new Federal rates have been provided to staff.

We are also proposing a change for meal reimbursement rates when there is no overnight stay. The proposed maximum rates are $13 and $20 per day if in travel status for at least 6 hours and 12 hours respectively.

Thank you for your attention to this request. If you have any questions or need any additional information, please call me at 602-542-5405.

Sincerely,

D. Clark Partridge
State Comptroller

SUBJECT: Arizona Department of Administration - Review of ASET Projects (Automation Projects Fund)

Request

Pursuant to A.R.S. § 41-714, the Arizona Department of Administration (ADOA) has requested that the Committee review $1,007,700 in non-lapsing FY 2016 monies and $13,448,400 in proposed FY 2017 expenditures from the Automation Projects Fund (APF) for Information Technology (IT) projects for the Arizona Strategic Enterprise Technology (ASET) Office in ADOA. ADOA will later seek review of the remaining $250,000 of its $13,598,400 FY 2017 APF appropriation.

Recommendation

The Committee has at least the following 2 options:

1. A favorable review.

2. An unfavorable review.

Under ether option, the JLBC Staff recommends the following provisions:

A. Committee review does not commit the Legislature to any ongoing ASET funding.

B. ADOA shall report to the JLBC Staff on or before November 30, 2016 its efforts to increase the level of background information provided in the Project Investment Justification (PIJ) documents.

(Continued)

C. In its next APF quarterly report, ADOA shall include the project milestones for the FY 2017 projects. ADOA shall report on the progress of these reaching these milestones on or before April 28, 2017.

D. ADOA shall report to the JLBC Staff on the self-funding implementation plan and FY 2018 revenue estimates for the Arizona Enterprise Services Platform on or before April 28, 2017.

E. Upon completion of the IT consolidation assessment, the ADOA shall submit a report that summarizes the assessment to the JLBC for its review.

Analysis

Background

The Automation Projects Fund consists of monies appropriated by the Legislature and administered by ADOA. Monies in the fund are to be used to implement, upgrade, or maintain automation IT projects for any state agency. Pursuant to A.R.S. § 41-714, before monies are expended from the fund, ADOA must submit an expenditure plan to the JLBC for review.

All IT projects over $25,000 are reviewed by ASET through the Project Investment Justification (PIJ) process. If an IT project's development cost exceeds $1.0 million, statute requires additional approval by the (ITAC). ITAC consists of members from both the public and private sectors and is staffed by ADOA. If a project funds internal staff or training, neither ITAC nor ASET approval is required.

The JLBC has reviewed $8.4 million in FY 2016 for ASET IT projects. At the end of FY 2016, ADOA had a non-lapsing balance of $4.1 million including $1.0 million not yet reviewed by the Committee. The FY 2017 budget allows these FY 2016 monies to remain available through FY 2017.

Current Request

ADOA was appropriated a new $13.6 million from the APF for ASET projects in FY 2017. ADOA is currently proposing an expenditure plan totaling $1.0 million from the FY 2016 APF appropriation and $13.3 million from the FY 2017 APF appropriation. *Table 1* outlines the ADOA's current request.

Table 1

FY 2016-FY 2017 ASET-APF Appropriations

ASET Project	FY 2016 Appropriation	FY 2016 Balance 1/	FY 2017 Appropriation	September 2016 Request
SDC/Network and Security Infrastructure	2,625,000	1,110,100	5,700,000	5,700,000
Security, Privacy, and Risk	3,125,000	692,300	3,248,400	3,248,400
Enterprise Architecture	500,000	400,100	1,050,000	800,000
Digital Government 2/	1,075,000	1,007,700	1,300,000	2,307,700
IT Consolidation Assessment	0	0	800,000	800,000
Project Management	2,150,000	897,200	1,500,000	1,500,000
Total	**9,475,000**	**4,107,400**	**13,598,400**	**14,356,100**

1/ Balance as of June 30, 2016 as reported in the ADOA Quarterly Report
2/ The FY 2016 balance totaling $1,007,700 for Digital Government has not yet been reviewed by the Committee and is part of the September 2016 request.

(Continued)

State Data Center
ADOA's ASET office operates and maintains the State Data Center (SDC), which currently provides services to more than 140 customers including numerous state agencies as well as Hawaii's Medicaid Program. The physical facility, including fire suppression, generator capacity, and commercial power, requires continual maintenance. For example, in FY 2014, the Committee favorably reviewed ADOA's $2.1 million expenditure plan to update the back-up power supply at the SDC.

The FY 2017 budget included $5.7 million to implement network infrastructure at the Capitol Mall and security equipment and software at a third-party off-site data center. These improvements will facilitate moving data centers for ADOA and other state agencies to a privately-operated location. The Department of Economic Security already leases space in a private data center.

ADOA is currently requesting review of the total $5.7 million. The amount would fund phase 1 of the project. The PIJ is scheduled to be reviewed at the ITAC meeting on September 14, 2016. ADOA's FY 2018 budget request includes $7.0 million for phase 2, which would relocate the SDC to the third-party off-site.

At its June 2015 meeting, the Committee favorably reviewed ADOA's FY 2016 APF expenditure plan with a provision that the department report to the Committee on the final design of the PIJ reports. The new PIJ form was developed with input from agency PIJ users, JLBC, OSPB, and ADOA Procurement stakeholders. The new PIJ form is designed in a "Turbo Tax"-like format. The form asks agencies to answer a series of questions about the solution being proposed. The attached PIJ for ADOA's Data Center migration project uses the new form.

Based on submissions during the past year, the JLBC Staff believes that the new PIJ format is not providing sufficient information about the projects. The content lacks the necessary details to understand the justification for the project, the proposed solution including implementation plan, vendor selection, and budget components. In addition, for projects with multiple phases, the PIJ does not address these phases or ongoing operating costs. The Committee may consider a provision requiring ADOA to report to the JLBC Staff on or before November 30, 2016 its efforts to improve the depth of information provided in the PIJ documents. In addition, in order to better track the FY 2017 ASET projects, the Committee may consider an additional provision requiring ADOA, in its next APF quarterly report, to include the project milestones for the FY 2017 projects, and report on the progress of these reaching these milestones on or before April 28, 2017.

Security, Privacy, and Risk
ADOA's ASET Office is responsible for directing state policy to prevent cyber-attacks and data breaches. Security projects include assessing security gaps at the State Data Center and in the cloud environment, implementing updated firewalls and security technologies, and testing applications. Prior year appropriations were spent to identify security gaps, implement updated firewalls and security technologies, and test applications. At the end of FY 2016, ADOA had a balance of $692,300 from the FY 2016 budget.

ADOA is currently requesting a review of the total $3.2 million FY 2017 appropriation, which would fund the following 2 projects:

(Continued)

- **Host Intrusion Detection and Prevention**
  The project is estimated to cost $684,500. This amount funds advanced endpoint protection and file integrity monitoring software. These new security tools prevent exploits on state computers and applications by tracking changes made to software applications and operating systems. These security tools assist ASET in monitoring state computer systems and networks. This project has received the relevant PIJ approval from ASET.

- **Statewide Information Security and Privacy Office Operations**
  The project is estimated to cost $2,563,900. This amount continues to fund statewide security projects similar to those funded in the FY 2014 though FY 2016 APF appropriations.

  The funds will be spent to continue identifying security gaps, implementing updated firewalls and security technologies, and testing applications. This project does not require a PIJ because it consists of ongoing operating costs for past security projects.

Enterprise Architecture
Enterprise Architecture is the process of creating an ongoing framework to assist in evaluating the need for a new IT system or an upgrade to an existing one in state agencies. At the end of FY 2016, ADOA had a balance of $400,000 from the FY 2016 budget.

ADOA is currently requesting a review of $800,000 from the $1.1 million FY 2017 appropriation. This amount would fund the following 5 projects:

- **Business and Technical Enterprise Architecture Training**
  The project is estimated to cost $100,000, the same as FY 2016. This would fund statewide training opportunities on updated policies, standards, and procedures.

- **Statewide IT Planning Program**
  The project is estimated to cost $150,000. This amount funds support and resources to develop and sustain an IT planning program. A.R.S § 41-3504 requires ADOA-ASET to develop and implement a statewide IT planning program which would incorporate IT planning into budgeting and procurement.

- **Establish Statewide IT Asset Data Stewardship and Analysis Program**
  The project is estimated to cost $150,000. This amount funds the development and staffing for IT asset management. A.R.S § 41-3504 requires ADOA-ASET to maintain a detailed list of IT assets owned, leased or employed by this state. ADOA plans to implement an IT asset management solution using the new AFIS fixed asset system. This amount funds the reporting and analytic development of the system. In addition, this amount augments funding for training and policy development.

- **Establish Statewide Data Management System**
  The project is estimated to cost $200,000. This amount funds training, consulting services, and tools to enable statewide adoption of formal data management practices. Data management is the development and implementation of policies and practices that control quality of and access to data and information assets.

(Continued)

- **IT Governance**
  The project is estimated to cost $200,000. This amount funds ongoing support, resources, and tools for statewide IT governance. IT governance includes the development and implementation of statewide IT policies, standards, and procedures.

These projects do not require PIJ approval from ASET because they fund internal staff, program and policy development, and training.

Digital Government
The state's Digital Government projects are intended to enhance the design and capabilities of the state's web portal on an ongoing basis. At the end of FY 2016, ADOA had a balance of $1,007,700 from the FY 2016 budget. ADOA is requesting a review of the remaining FY 2016 amount. In addition, ADOA is requesting a review of the $1.3 million FY 2017 appropriation. The $2.3 million combined would fund following 2 projects, as follows:

- **Agency Website Transformation**
  The project is estimated to cost $450,000. This amount funds ongoing efforts to transition state agency websites to the same platform to provide consistent appearance, improve the functionality of state agency websites including mobile content, and train state employees to manage website content.

  ADOA currently supports 95 agencies and more than 100 websites. In both FY 2014 and FY 2015, the Committee favorably reviewed $325,000 for ongoing efforts to transition to a new web platform and content management capabilities for agencies to maintain and manage websites. No funding was allocated in FY 2016 for this purpose.

- **Arizona Enterprise Services Platform (AESP) Operations**
  The project is estimated to cost $1,857,700, which consists of $1,007,700 from the FY 2016 APF appropriation and $850,000 from the FY 2017 APF appropriation. This amount funds relocating additional agency applications to the platform.

  At its June 2015 meeting, the Committee approved an expenditure plan of $2.6 million from the FY 2016 APF appropriation for the AESP. Of the total budget, $584,400 was allocated to complete platform development and add additional functionality and security. The remaining $2.0 million was allocated for platform maintenance, support, and licensing for the first 4 years of the project.

  A platform is an IT environment including hardware and software that enables the usage of products, applications, and processes. The AESP is a cloud-based system. Cloud technology allows the platform to be stored in a vendor-hosted remote location while the user of the service remains on site.

  Applications on the platform will allow state agencies to share and maintain centralized data. For example, one current application allows the Arizona Corporation Commission, during the registration process, to automatically validate companies' names from the Department of Environmental Quality database. Essentially, the platform can host applications, which act as conduits for decentralized agency systems. ADOA reports that it plans to relocate agency applications currently on the State Web Portal as well as the new MyDEQ application to the platform.

(Continued)

The Platform has the capability of generating revenue to support the ongoing operating costs outside of the APF. The Committee may consider a provision requiring ADOA to report to the JLBC Staff on the self-funding implementation plan and FY 2018 revenue estimates for the AESP on or before April 30, 2017.

IT Consolidation Assessment

ADOA is currently requesting review of $800,000 for an IT consolidation assessment. The FY 2017 General Appropriation Act allocates $800,000 from the APF for a third-party IT consolidation assessment that assesses the implementation, transfer, coordination, and modernization of state agencies' IT systems.

A budget footnote requires ADOA to submit a report summarizing the completed assessment to the JLBC and prohibits any new IT project with a budget greater than $15,000,000 from starting until the assessment is complete. ADOA has issued a Request for Proposals (RFP) for the third-party assessment. ADOA has not yet selected a vendor. The vendor will be required to complete the assessment by the end of Calendar Year 2016.

In addition, the budget footnote requires ADOA to, upon completion of the assessment, submit to the President of the Senate, the Speaker of the House of Representatives and the JLBC a report that summarizes the assessment. The Committee may consider a provision requiring ADOA to request review of this report.

Project Management

ADOA's ASET Office is responsible for approving and tracking all IT projects over $25,000 through the PIJ process. The office also implements statewide transformation initiatives and assists agencies with IT planning and development. At the end of FY 2016, ADOA had a balance of $897,200 from the FY 2016 budget.

The FY 2017 budget appropriated $1.5 million to ADOA for project management. ADOA is requesting a review of the total FY 2017 appropriation which funds 15 FTE Positions. This entire allocation is an ongoing operating cost of ASET.

Further Review

The FY 2017 General Appropriation Act appropriated $13.6 million to ADOA from the APF for ASET projects. ADOA is currently requesting a review of $13.3 million in FY 2017 for ASET projects. Following the current review, $250,000 will remain to be reviewed by JLBC later, following the necessary PIJ and ITAC approvals.

Dear Senator Shooter and Representative Olson:

In accordance with Arizona Revised Statutes § 41-714, the Arizona Department of Administration (ADOA) is submitting this request for review of fiscal years 2016 and 2017 Automation Projects Fund (APF) projects. Monies to support the expenditure plans have already been appropriated to the APF.

The attached documents contain a detailed explanation of the proposed projects. We will be happy to meet with your staff to provide further explanation as appropriate.

Sincerely,

Craig C. Brown
Director

Project Management of Statewide Automation and Information Technology Projects

Project Name	FY17 Project Scope	FY17 Project Budget	Fav. Rev. Req'd Amt.	PIJ/ASET/ ITAC Status	JLBC Fav. Rev. Status
Transformation Initiatives Project Managers; Automation Projects Fund Strategic Execution Team (No PIJ ID#)	- Apply project management resources to the implementation of ADOA-ASET transformation initiatives - Assure best in class management of transformation initiatives - Improve strategic alignment, project execution, risk mitigation, and transparency for all initiatives and projects, through consultative services, streamlined processes, and collaborative governance - Support enhanced Strategic Oversight, including improved reporting and processes	$1,500,000	$1,500,000	PIJ Not Required	**Pending**
Total			**$1,500,000**		

Projects Related to E-Government

Project Name	FY17 Project Scope	FY17 Project Budget	Fav. Rev. Req'd Amt.	PIJ/ASET/ ITAC Status	JLBC Fav. Rev. Status
Agency Website Transformation & CMS Solution Implementation (No PIJ ID#)	- Move State Agency websites to a web platform that provides increased functionality, improved look and feel, increased security and reduced maintenance costs - Ensure State Agency websites utilize accessible and mobile-enabled technologies to better serve the needs of Arizona's citizens by supporting online transactions and ease of use - Provide agencies with ability to maintain and manage their own web content	$450,000	$450,000	PIJ Not Required	**Pending**
Arizona Enterprise Services Platform (AESP) Operations (No PIJ ID#)	- In Fiscal Year 2017, ADOA-ASET is operationalizing the AESP and paying for the AWS infrastructure, management, support, and security of the solution - ADOA-ASET is also in discussions with ADEQ about hosting the myDEQ application and with DES about their use of the platform for their business needs - All of these onboarding activities will generate revenue to offset the future operational costs	$850,000	$850,000	PIJ Not Required	**Pending**
Total			**$1,300,000**		

Enhancing Enterprise Architecture

Project Name	FY17 Project Scope	FY17 Project Budget	Fav. Rev. Req'd Amt.	PIJ/ASET/ ITAC Status	JLBC Fav. Rev. Status
Statewide IT Planning Program (No PIJ ID#)	- Provide support, resources and tools to develop and sustain IT Planning to comply with A.R.S. § 41-3504.A.1(f)	$150,000	$150,000	PIJ Not Required	**Pending**
Enterprise Business and Technical Training (No PIJ ID#)	- Provide statewide training in multiple IT and business disciplines to deliver better customer value of IT services	$100,000	$100,000	PIJ Not Required	**Pending**
Establish Statewide IT Asset Data Stewardship and Analysis Program (No PIJ ID#)	- Develop and staff an IT Asset Data Stewardship role, enhance analytics capabilities and deploy tools to enable more effective decision-making on IT assets statewide	$150,000	$150,000	PIJ Not Required	**Pending**
Establish Statewide Data Management Program (No PIJ ID#)	- The Data Management program will comprise training services, consulting services and tools to enable statewide adoption of formal data management practices	$200,000	$200,000	PIJ Not Required	**Pending**
IT Governance (No PIJ ID#)	- Provide support, resources and tools to develop and sustain IT Governance in the state	$200,000	$200,000	PIJ Not Required	**Pending**
Total			**$800,000**		

Improving and Maintaining the Network and Security Infrastructure

Project Name	FY17 Project Scope	FY17 Project Budget	Fav. Rev. Req'd Amt.	PIJ/ASET/ ITAC Status	JLBC Fav. Rev. Status
Data Center Facility Migration (PIJ ID# AD16015)	- The State Data Center (SDC) is an aging facility that will need major improvements and maintenance activities in order to remain sustainable. The current costs to operate, and deferred maintenance for the State Data Center are excessive and show that the State of Arizona could provide better fiduciary responsibility by establishing and relocating services into a Shared Hosted Data Center - This proposal will enable any state agency to move its IT services into the shared Hosted Data Center. This proposal also ensures cost avoidance on carrier build-out to each of the 35 buildings on the mall as well as cost avoidance on carrier transport (network connectivity) requirement to match current transport capacity	$5,700,000	$5,700,000	Will seek ITAC approval on September 14, 2016	**Pending**
Total			**$5,700,000**		

Third-Party Information Technology Consolidation Assessment

Project Name	FY17 Scope	FY17 Project Budget	Fav. Rev. Req'd Amt.	PIJ/ASET/ ITAC Status	JLBC Fav. Rev. Status
IT Efficiencies Assessment (No PIJ ID#)	- Identify and engage a third party for assessment, methodology, process, cost, timeline and recommendations (a roadmap) to increase the efficiency of IT functions within the state - The vendor(s) will be required to deliver their report by the end of the calendar year. This will enable ADOA-ASET to review the findings and, if necessary, request additional funding to implement their recommendations during the 2017 legislative session - ADOA-ASET has drafted an RFP which is due to be released prior to September 1, 2016. The RFP limits the scope of the assessment to five (5) critical subject areas: (1) Email and office productivity tools; (2) Infrastructure including severs, data centers and internal networks; (3) Cyber-security; (4) Database technologies and (5) Geographic Information Systems - The assessment will be performed on 21 representative budget units; between five and eight subject areas will be examined per agency	$800,000	$800,000	PIJ Not Required	**Pending**
Total			**$800,000**		

E-Procurement

Project Name	FY17 Scope	FY17 Project Budget	Fav. Rev. Req'd Amt.	PIJ/ASET/ ITAC Status	JLBC Fav. Rev. Status
Electronic Procurement Solution (PIJ ID# Pending)	- Implementation of the current e-procurement system achieved the initial goal of establishing a single statewide standardized system. Standardization to a single system has provided the necessary foundation upon which increasing value added lean efforts can be launched. In addition, investment in a procurement solution will address the current compatibility issues. The system must integrate with the Arizona Financial Information System (AFIS) to allow for Purchase Order and Invoice transactions to flow from the e-Procurement tool to AFIS to record the appropriate accounting information. The integration issues include a lack of business intelligence and data analytics and the fact that the current contract expires in April 2017 - ADOA proposes to acquire a new enterprise procurement system through a competitive Request for Proposal (RFP) that specifies all technical and business requirements for the Department of Administration and all other State agencies. An RFP has been issued, responses are being evaluated, and a vendor is anticipated to be selected in October 2016 to provide this solution for the State - The initial $3M will provide funds for the beginning phases of gathering system and user requirements, creating design and functionality documentation and system integration	$3,000,000	$3,000,000	Will go before ITAC on September 14, 2016 as an informational item; will seek ITAC approval at October 2016 meeting; Pre-PIJ was approved by State CIO on 4/11/16 and presented to ITAC as an informational item on 4/27/16	**Pending**
Total			**$3,000,000**		

Statewide Security Enhancements

Project Name	FY17 Scope	FY17 Project Budget	Fav. Rev. Req'd Amt.	PIJ/ASET/ ITAC Status	JLBC Fav. Rev. Status
Host Intrusion Detection and Prevention (PIJ ID# AD16014)	The key host intrusion detection and prevention solutions include: - Advanced Endpoint Protection tool will provide comprehensive exploit and malware prevention designed to prevent an attack before the malware can be successful - File Integrity Management (FIM) software will validate the integrity of operating system, application software files, and ensure change management compliance through automated and historical change tracking - Incident Response and Remediation tools will assist with managing and addressing cyber security attacks and/or security breaches to limit damage and reduce recovery time and costs - Directory Auditing Tool will detect and manage insider threats, monitor global changes, perform forensics, and provide detailed user access and authentication reports to secure the State's Enterprise Directory Service	$684,541	$684,541	State CIO Approved	**Pending**
Statewide Information Security and Privacy Office (SISPO) Operations Initiative (No PIJ ID#)	- Provide subject matter expertise through professional services and current security staff to expand and strengthen existing technologies for mitigating security risks to State systems and information - Defend State systems and protect State information - Detect cyber security activities, attacks, and system vulnerabilities - Respond and recover through effective incident management and remediation of existing security gaps - Leverage better economies of scale by consolidating State security services and standardizing on the most cost effective controls	$2,563,859	$2,563,859	PIJ Not Required	**Pending**
Total			**$3,248,400**		

CHILDS Replacement (Guardian)

Project Name	FY17 Scope	FY17 Project Budget	Fav. Rev. Req'd Amt.	PIJ/ASET/ ITAC Status	JLBC Fav. Rev. Status
CHILDS Replacement (Guardian) (PIJ ID# CH17002)	-Finalize roadmap, complete remaining RFPs -Deliver Data Management Plan (Data Cleansing) -Onboarding of resources to manage FY17 scope of work -Conduct organizational change management to align solution to business needs and processes -Award, and begin development of mobile solution for case workers -Ongoing Third Party IV&V -Ongoing Quality Management for the program	$4,387,000 (FY15 APF) + $1,873,947 (FY17 APF) + $6,260,946 (Federal Funds) = $12,521,893	$1,873,947	Will go before ITAC in September 2016 as an informational item; Will seek ITAC Approval at October 2016 meeting	**Pending**
Total			**$1,873,947**

FY16 Automation Projects Fund (APF; A.R.S. § 41-714)

Favorable Review Request for September 2016 JLBC Meeting

Agency-Division	Project Name	FY16 APF Appropriation	JLBC Favorable Review Request	PIJ/ASET/ITAC Status
ADOA-ASET	Arizona Enterprise Services Platform	$1,075,000	$1,007,714[1]	PIJ Not Required
DES	DES Network Access Control and Fraud Protection	$936,400	$222,400[2]	Pending State CIO Approval
	Total FY16 APF September 2016 Request		**$1,230,114**	
	Total Favorably Reviewed FY16 APF Funds		$23,670,778*	*This amount includes unspent $332,714 previously favorably reviewed for Business One Stop
	FY16 APF Funds Not Yet Reviewed by JLBC		$226,222	
	Total FY16 Appropriated APF Budget		$24,794,400	

[1] Using Fiscal Year 2016 APF funds appropriated for E-Government projects, ADOA-ASET completed the Business One Stop Project (Pre-PIJ #AD15011) at a cost of $67,286, well below budget. ADOA-ASET proposes to utilize the remaining Fiscal Year 2016 APF funds appropriated for E-Government projects in the amount of $1,007,714 to operationalize the Arizona Enterprise Services Platform (AESP). The AESP is a web-based, multi-tenant, and auto-scaling platform that provides State agencies a central development and deployment location for applications and services. This platform leverages various existing technologies and services, and provides flexibility for future integration, while creating the opportunity for new revenue streams. ADOA-ASET also proposes to utilize $850,000 out of the Fiscal Year 2017 APF appropriation for E-Government projects toward the operationalizing of AESP. That part of the request is described in the Fiscal Year 2017 section of this document.

[2] At the April 7, 2016 meeting, JLBC gave favorable review of $487,778 for Phase 1 of the DES Network Access Control and Fraud Detection project. DES is continuing the project to prevent non-authenticated workstations or users from accessing sensitive data by deploying Network Access Control (NAC) or Endpoint Visualization, Access, and Security (EVACS) in its environment. Phase 2 will implement the capability that DES accomplished during Phase 1 to the remainder of the network statewide.

DESCRIPTION OF PROJECTS INCLUDED IN THIS REPORT THAT DO NOT REQUIRE A PROJECT INVESTMENT JUSTIFICATION (PIJ)

Joint Legislative Budget Committee (JLBC)
Favorable Review Request
Arizona Department of Administration,
Arizona Strategic Enterprise Technology (ADOA-ASET)

The Arizona Department of Administration (ADOA) requests favorable review of an expenditure of $1,500,000 from the Fiscal Year 2017 Automation Projects Fund (APF) in accordance with Laws 2016, Chapter 117, Section 129 for the purposes described below.

Project Management of Statewide Automation and IT Projects

Strong project management is the foundation to successful projects. It is critical to have the right project management lifecycle methodology and highly trained Project Management staff to execute that methodology.

The ADOA-ASET Enterprise Project Management Office (EPMO) manages strategic and operational initiatives for ADOA-ASET and its customers. The EPMO also manages a statewide center of excellence for project management and continues to increase the project management capabilities of state agencies for IT projects.

Among other functions, the ADOA-ASET Business Engineering Team is responsible for consultative oversight services to all agencies, boards and commissions. All State IT projects over $25,000 in development costs require review by this team to assure proper lifecycle analysis and justification warranting approval by the State CIO and/or the Information Technology Authorization Committee (ITAC).

Sub-Projects

- Transformation Initiatives Project Managers
- Automation Projects Fund Strategic Execution Team

Request Amount

$1,500,000

Description

- Transformation Initiatives Project Managers
  - Apply project management resources to the implementation of transformation initiatives
- Automation Projects Fund Strategic Execution Team
  - Support enhanced Strategic Oversight, including improved reporting and processes

Goals

- Transformation Initiatives Project Managers
  - To assure best in class management of transformation initiatives
- Automation Projects Fund Strategic Execution Team
  - To advance IT project execution, risk mitigation, communication and transparency for all initiatives and projects through consultative oversight services and to help ensure the success of IT projects across the State.

Objectives

- Transformation Initiatives Project Managers
  - Provide project management services and support
  - Lean processes to implement Project Management best practices, templates and tools
  - Provide project manager education and training
  - Implement Agile/Scrum methodologies
  - Support statewide Project Management Center of Excellence activities

- Automation Projects Fund Strategic Execution Team
  - Assist in the creation of plans and programs to further the effective and efficient implementation and maintenance of Agency IT initiatives, goals, and objectives, as well as statewide strategies and enterprise initiatives.
  - Assist agencies in preparing a business case and selecting a technology approach to support an IT project of $25,000 or more.
  - Provide advice and guidance during the course of an IT project, to help ensure a successful outcome.

Rationale

- Transformation Initiatives Project Managers

  - APF Project Management Support: ADOA-ASET APF Initiatives (Balance of FY16 plus FY17 = est. $19,606,290) that project managers funded by this Initiative will manage:
    - Network and Security Infrastructure Enhancements
    - Statewide Security Enhancements
    - Enterprise Architecture Enhancements
    - E-Government/Digital Government
    - Project Management of Statewide Automation and Information Technology Projects
  - Project Manager Services: ADOA-ASET's EPMO provides:
    - Project Management (PM) Services – provides quality PM services throughout the PM Life Cycle
    - PM Best Practices – identifies, documents and improves (continually) processes, templates and tools that encourage PM best practices (in alignment with national standards)
    - PM Training and Education – creates project management related training and education programs
    - Agile/Scrum services – provide Certified Scrum Master, Agile Coach and Certified Scrum Product Owner services as well as transition to Agile consulting
    - PM Center of Excellence – organizes and shares knowledge through a multi-agency PM Center of Excellence to foster project management best practices in AZ State government

- Automation Projects Fund Strategic Execution Team

  - JLBC Reporting
  - APF Fund Transfers from ADOA to Agency
  - Project Investment Justification (PIJ) and ITAC approval including:
    - ADOA assists Agency in developing IT project proposals
    - ADOA works with Agency to ensure IT projects are ready for review and recommendation for approval
    - ADOA facilitates review and approval by ITAC, when required

- Project Execution including:
  - ADOA ensures Agency is appropriately managing scope, timeline, major milestones, budget, risks and issues throughout the project's lifecycle
  - ADOA ensures Agency has the required competencies to carry out IT projects and provides additional training and support, if required
  - ADOA works with Agency to address next steps for projects that may be at risk for failure

Joint Legislative Budget Committee (JLBC)
Favorable Review Request
Arizona Department of Administration, Arizona Strategic Enterprise Technology (ADOA-ASET)

The Arizona Department of Administration (ADOA) requests favorable review of an expenditure of $450,000 from the Fiscal Year 2017 Automation Projects Fund (APF) in accordance with Laws 2016, Chapter 117, Section 129 for the purposes described below.

Digital Government Enhancements

The ADOA-ASET Agency Platform is an open platform with documented interfaces for State Agency websites and web applications. This open structure enables agencies to build on top of the platform and encourages data-sharing between agencies. The Agency Platform is flexible and extensible to integrate with other existing agency systems. The platform allows agencies to achieve more with their web content and maximize their resources. The secure, easy to use, web-based platform allows teams to control content and make changes from any web-browser, anywhere.

Project

Agency Website Transformation & CMS Solution Implementation

Request Amount

$450,000

Description

Provide a secure, enterprise platform for hosting agency websites to include modern themes and content / web management capabilities.

Goals

- To move State Agency websites to a web platform that provides increased functionality, improved look and feel, increased security and reduced maintenance costs.
- To ensure State Agency websites utilize accessible and mobile-enabled technologies to better serve the needs of Arizonans by supporting online transactions and ease of use.
- To provide agencies with the ability to maintain and manage their own web content.

Objectives

- Identify potential websites for migration
- Provide maintenance and support of agency websites
- Implement tools to enhance Section 508 accessibility requirements
- Define and conduct training events and post training videos to improve platform knowledge

Rationale

- Keep State websites up to date with current technology and trends
- Increase security posture for State Agency websites
- Reduce maintenance and operations costs
- Allow agencies to focus on creating content rather than building systems to deliver that content.

Joint Legislative Budget Committee (JLBC)
Favorable Review Request
Arizona Department of Administration, Arizona Strategic Enterprise Technology (ADOA-ASET)

The Arizona Department of Administration (ADOA) requests favorable review of an expenditure of $1,007,714 from the Fiscal Year 2016 Automation Projects Fund (APF) appropriation for projects related to e-government in accordance with Laws 2015, 1st Regular Session, Chapter 8, Section 126 and an expenditure of $850,000 from the Fiscal Year 2017 APF appropriation for projects related to e-government in accordance with Laws 2016, Chapter 117, Section 129 for the purposes described below.

Projects Related to E-Government – **Arizona Enterprise Services Platform (AESP) Operations**

Using Fiscal Year 2016 APF monies, ADOA-ASET developed the Arizona Enterprise Services Platform (AESP), a web-based, multi-tenant, and auto-scaling platform that provides State agencies a central development and deployment location for applications and services. This platform leveraged various existing technologies and services, and provides flexibility for future integration, while creating the opportunity for new revenue streams. The platform was built using Open Source Technologies and Open Standards and provides the necessary scalability for deployment to meet the enterprise needs of the State, without the expense of proprietary licensing costs. New service enhancements were incorporated into the foundation of the platform, including additional enterprise content management and workflow capabilities, and an enhanced security offering using multi-factor authentication (MFA) technology. The platform also supports the creation of additional services in a modular, reusable manner that act as building blocks for future applications.

In Fiscal Year 2017, ADOA-ASET is set to onboard multiple Web Portal applications onto the platform using Web Portal funding.

Project

Arizona Enterprise Services Platform (AESP) Operations

Request Amount

ADOA requests favorable review of the remaining Fiscal Year 2016 APF appropriation for projects related to e-government in the amount of $1,007,714 plus $850,000 out of the Fiscal Year 2017 APF Appropriation for projects related to e-government for a total favorable review request of $1,857,714.

Description

In Fiscal Year 2017, ADOA-ASET is operationalizing the AESP and paying for the AWS infrastructure, management, support, and security of the solution. In addition, ADOA-ASET is planning to onboard 30+ Web Portal applications onto the platform (using Web Portal funding). We are also in discussions with ADEQ about hosting the myDEQ application and with DES about their use of the platform for their business needs. All of these onboarding activities will generate revenue to offset the future operational costs.

Goals

- Maintain a stable, supported platform to meet the needs of State agencies.
- Relocate 30+ Web Portal applications from various state agencies onto AESP
- Onboard the myDEQ application to AESP.

- Support DES in their business needs for application hosting.
- Promote the availability of the platform and its capabilities to State agencies.

Objectives

- Fund the ongoing operations of AESP including the AWS infrastructure, management of the platform, support for the platform and application development, and security of the entire solution.
- Migrate web portal applications to AESP
- Migrate myDEQ application to AESP
- Onboard DES as a tenant and user of AESP.
- Perform testing with customers
- Receive final approval from customers

Rationale

- Bring an enterprise approach to applications and platforms in order to drive efficiencies and to use analytics to enable faster decisions that benefit the citizens of Arizona.
- Enable the development of a secure cloud-based infrastructure and other platform services.
- Implement orchestration, automation and monitoring capabilities to increase efficiencies, reduce costs, improve security, and assist agencies with cloud migration efforts.

Joint Legislative Budget Committee (JLBC)
Favorable Review Request
Arizona Department of Administration, Arizona Strategic Enterprise Technology (ADOA-ASET)

The Arizona Department of Administration (ADOA) requests favorable review of an expenditure of $150,000 from the Fiscal Year 2017 Automation Projects Fund (APF) in accordance with Laws 2016, Chapter 117, Section 129 for the purposes described below.

Statewide IT Planning Program

As part of the Statewide IT Governance Program under A.R.S. 41-3504.A(1) and A.R.S. 41-3504.A(2), ADOA-ASET plans to work with budget units to establish a Statewide IT planning program that will align closely with the timing of the OSPB schedules and provide meaningful inputs to the Governor's budget proposal, legislative sessions & appropriations and JLBC approvals with sufficient lead time to plan and minimize risks.

Project

Statewide IT Planning Program

Request Amount

$150,000

Description

Provide support, resources and tools to develop and sustain IT Planning to comply with A.R.S. 41-3504.A.1(f)

Goals

- To improve IT planning workflow to collect timely information about IT plans from agencies
- Provide relevant tools, guidance and guidelines to agencies to stay in compliance
- Develop the foundation for automation

Objectives

- Identify data points and long term scope
- Analyze data and refine collection methodologies and requirements
- Define and conduct training events to improve the IT planning process

Rationale

- Improve statewide IT planning to reduce inefficiencies, duplication
- Identify opportunities for enterprise IT contracts and implementations
- Provide data for decision support for IT investments and priorities

Joint Legislative Budget Committee (JLBC)
Favorable Review Request
Arizona Department of Administration, Arizona Strategic Enterprise Technology (ADOA-ASET)

The Arizona Department of Administration (ADOA) requests favorable review of an expenditure of $100,000 from the Fiscal Year 2017 Automation Projects Fund (APF) in accordance with Laws 2016, Chapter 117, Section 129 for the purposes described below.

Statewide IT Training

The rapidly changing landscape of Information Technology places demands on personnel to stay current in order to perform at their jobs. A robust training program is necessary to retain staff. ADOA-ASET plans to continue to provide statewide training opportunities.

Project

Enterprise Business and Technical Training

Request Amount

$100,000

Description

Provide statewide training in multiple IT and business disciplines to deliver better customer value of IT services

Goals

- To improve knowledge and awareness of value of various IT and business disciplines
- Provide relevant IT training to state employees to stay current with rapidly changing technologies to offer best value services to budget units and enhance citizen experience while doing business with state government

Objectives

- Identify potential training vendors
- Prepare written training requirements
- Define and conduct training events to improve IT knowledge

Rationale

- Keep State IT employees up to date on current technology and trends
- Build innovative and engaged teams
- Recruit, retain and grow key leaders and senior contributors
- Train the trainer to share the knowledge

Joint Legislative Budget Committee (JLBC)
Favorable Review Request
Arizona Department of Administration, Arizona Strategic Enterprise Technology (ADOA-ASET)

The Arizona Department of Administration (ADOA) requests favorable review of an expenditure of $150,000 from the Fiscal Year 2017 Automation Projects Fund (APF) in accordance with Laws 2016, Chapter 117, Section 129 for the purposes described below.

Statewide IT Asset Management

ADOA is required under ARS §41-3504(A)(1)(e) to *"[Develop] a detailed list of information technology assets owned, leased or employed by this state.*

During the Fiscal Year 2016 ADOA-ASET undertook an initiative to eliminate the obsolete and cumbersome system previously used by agencies to report IT assets. Close collaboration with the ADOA-GAO BREAZ Team has given us the capability to leverage the new AFIS Fixed Asset system for this purpose. Since July 2015, this system now enables state budget units to use existing business processes to fulfill their IT asset reporting obligations. To complete this initiative, two gaps must be addressed: 1) Formal stewardship of the IT asset information is needed to manage and maintain its quality and fitness for use, and 2) Analytics capabilities on the new data set have not been put in place to enable us to effectively use this valuable information.

Project

Establish Statewide IT Asset Data Stewardship and Analysis Program

Request Amount

$150,000

Description

This project will develop and staff an IT Asset Data Stewardship role, enhance analytics capabilities and deploy tools to enable more effective decision-making on IT assets statewide.

Goals

- Improve the quality of IT asset information collected by AFIS.
- Develop reporting and analytics capabilities to allow ADOA-ASET to identify opportunities to optimize the State's IT asset management practices and support planning and forecasting.

Objectives

- Establish, staff and provide necessary tools for a statewide IT Asset Stewardship role within ADOA-ASET.
- Develop business processes to manage IT Asset data quality and fitness for use
- Deploy tools to develop dashboards, reports and analytics needed for effective IT resource planning.

Rationale

- IT asset information is critical input for decisions such as consolidation of IT resources; cost-saving measures such as enterprise purchase agreements; and exposing risk from obsolete and outdated infrastructure.

Joint Legislative Budget Committee (JLBC)
Favorable Review Request
Arizona Department of Administration, Arizona Strategic Enterprise Technology (ADOA-ASET)

The Arizona Department of Administration (ADOA) requests favorable review of an expenditure of $200,000 from the Fiscal Year 2017 Automation Projects Fund (APF) in accordance with Laws 2016, Chapter 117, Section 129 for the purposes described below.

Data Management

Data Management is a discipline that covers the full spectrum of business and technical processes and controls affecting how we manage and use data. The processes are embodied in the Data Management Body of Knowledge (DMBoK) maintained and published by the Data Management Association (DAMA). The goal of the Data Management Program is to implement these processes and controls in as many state budget units as possible, thus enhancing the data management maturity of these organizations. This will pave the way to more effective and efficient use of data and sharing of information across state agencies, while driving data-driven decision making statewide.

Project

Establish Statewide Data Management Program

Request Amount

$200,000

Description

The Data Management program will comprise training services, consulting services and tools to enable statewide adoption of formal data management practices.

Goals

- Improve and measure data quality
- Eliminate wasteful manual processes by increasing automated exchange of data and information between State agencies

Objectives

- Establish data management career tracks and roles
- Train state agencies on effective data management practices
- Develop data stewardship roles and training programs within state agencies
- Deploy tools to manage data

Rationale

- In a recent survey, a majority of employees who work with data stated (a) agency personnel don't agree on common business terms; (b) there are regulatory and/or administrative barriers to automated exchange of data between agencies; (c) they need assurance of data quality; (d) they need continuous training and tools to

manage confidential data effectively; (e) most information exchanges with other agencies are done manually by phone or email.

Joint Legislative Budget Committee (JLBC)
Favorable Review Request
Arizona Department of Administration, Arizona Strategic Enterprise Technology (ADOA-ASET)

The Arizona Department of Administration (ADOA) requests favorable review of an expenditure of $200,000 from the Fiscal Year 2017 Automation Projects Fund (APF) in accordance with Laws 2016, Chapter 117, Section 129 for the purposes described below.

Statewide IT Governance

As part of the Statewide IT Governance Program under A.R.S. 41-3504.A(13), ADOA-ASET needs to work closely with budget units to finalize drafts of much needed policies, standards and procedures to update and transform IT Governance, Collaboration and Communications, Application Development, Security, Operations, Managed Services, Business Innovation, Enterprise Architecture and Data Governance.

Project

IT Governance

Request Amount

$200,000

Description

Provide support, resources and tools to develop and sustain IT Governance in the state

Goals

- To improve IT governance to support current and emerging technologies and business needs
- Provide relevant tools, guidance and guidelines to agencies to stay in compliance
- Develop the foundation for a strong governance practice to promote standards and consistency

Objectives

- Identify budget unit requests for new and updated guidance
- Fill gaps in governance created by changing technology needs
- Define and conduct training events to improve IT governance statewide

Rationale

- Improve statewide IT governance to improve compliance and reduce risk
- Provide a framework for continuous improvement, change and innovation
- Provide framework for agencies to define strategic and tactical IT direction and identify gaps

Joint Legislative Budget Committee (JLBC)
Favorable Review Request
Arizona Department of Administration, Arizona Strategic Enterprise Technology (ADOA-ASET)

The Arizona Department of Administration (ADOA) requests favorable review of an expenditure of $800,000 from the Fiscal Year 2017 Automation Projects Fund (APF) in accordance with Laws 2016, Chapter 117, Section 129 for the purposes described below.

IT Efficiency Assessment

Laws 2016, Second Regular Session, Chapter 117 Section 129(B) mandated ADOA-ASET to complete a statewide analysis of consolidation and modernization of Information Technology systems and appropriated $800,000 for Phase I of the assessment. Multiple states facing similar challenges have undertaken initiatives to consolidate information technology to improve efficiency and deliver services at the speed of business. ADOA-ASET plans to engage a third party to perform an IT efficiency study in FY2017. An RFP is in progress and due to be released prior to September 1, 2016.

Project

Third party IT efficiency assessment

Request Amount

$800,000

Description

Identify and engage a third party for assessment, methodology, process, cost, timeline and recommendations (a roadmap) to increase the efficiency of IT functions within the state. The vendor(s) will be required to deliver their report by the end of the calendar year. This will enable ADOA-ASET to review the findings and, if necessary, request additional funding to implement their recommendations during the 2017 legislative session. ADOA-ASET has drafted an RFP which is due to be released prior to September 1, 2016. The RFP limits the scope of the assessment to five (5) critical subject areas: (1) Email and office productivity tools; (2) Infrastructure including severs, data centers and internal networks; (3) Cyber-security; (4) Database technologies and (5) Geographic Information Systems. The assessment will be performed on 21 representative budget units. Between five (5) and eight (8) subject areas will be examined per agency.

Agencies that will be in scope have been chosen based on their IT footprint and relevance to the subject area scope:

Agency	Productivity Tools	Infrastructure	Security	Databases	GIS
Dept Of Economic Security	x		x	x	
Dept Of Administration	x			x	
Dept Of Transportation		x			
Dept Of Education				x	
Dept Of Health Services	x			x	x
Dept Of Corrections		x	x	x	
Dept Of Public Safety		x			x
Dept Of Environmental Quality					x
Dept Of Revenue	x		x		
Game And Fish Department		x	x		x
Attorney General (Dept Of Law)		x	x		
Dept Of Emergency And Military Affairs		x			
Arizona State Retirement System (ASRS)			x		

Agency	Productivity Tools	Infrastructure	Security	Databases	GIS
Secretary Of State (Dept Of State)			x		
Industrial Commission	x				
Legislative Council		x			
Dept Of Veterans Services	x				
Dept Of Water Resources					x
Parks Board					x
Land Department					x
Dept Of Agriculture				x	x

Goals

- To reduce risk due to federated IT implementations with inconsistent standards
- Develop the strategy for limiting the proliferation of diverse technologies and infrastructure

Objectives

- Identify vulnerabilities and opportunities
- Identify gaps in compliance and standards
- Analyze agency IT footprint data and define methodologies and requirements for transformation
- Develop roadmap for implementation of recommendations beginning in FY18

Rationale

- Improve statewide IT capabilities and management to reduce inefficiencies and duplication
- Position the state IT to be able to perform at standards expected in the 21st century
- Promote shared services for common IT capabilities as a standard IT consumption model

9Joint Legislative Budget Committee (JLBC)
Favorable Review Request
Arizona Department of Administration, Arizona Strategic Enterprise Technology (ADOA-ASET)

The Arizona Department of Administration (ADOA) requests favorable review of an expenditure of $2,563,859 from the Fiscal Year 2017 Automation Projects Fund (APF) in accordance with Laws 2016, Chapter 117, Section 129 for the purposes described below.

Statewide Security Enhancements

This office requests funds to continue operationalizing statewide cyber security controls and services established over the past two years through ADOA-ASET initiatives funded by the FY15 and FY16 Automation Projects Fund (APF). The Security, Privacy, and Risk (SPR) team within ADOA-ASET has developed a comprehensive enterprise strategy that standardizes security technology solutions to take advantage of purchasing power and resource utilization for greater cost effectiveness and efficiencies across State agencies. By providing centralized security that is managed and facilitated by subject matter experts, ADOA-ASET is reducing costs and increasing the effectiveness of security in comparison to agencies and entities attempting to provide security themselves by procuring tools separately and hiring additional resources.

Project

Statewide Information Security and Privacy Office (SISPO) Operations Initiative

Request Amount

$2,563,854

Description

Maintain and expand the enterprise security services established through the FY15 and FY16 transformation initiatives. ADOA-ASET will submit for approval, a new Project Investment Justification (PIJ) or appropriate amendment to existing projects, if any future technology expansion components require such action. ADOA-ASET will inform the JLBC as per current notification protocols.

Goals

- To provide subject matter expertise through professional services and current security staff to expand and strengthen existing technologies for mitigating security risks to State systems and information

Objectives

- Defend State systems and protect State information
- Detect cyber security activities, attacks, and system vulnerabilities
- Respond and recover through effective incident management and remediation of existing security gaps
- Leverage better economies of scale by consolidating State security services and standardizing on the most cost effective controls

Rationale

The listed technologies are aligned to the National Institute of Standards and Technology (NIST) Cybersecurity Framework. This framework was established to improve the security posture of organizations that manage critical infrastructures based on these core functions: **Identify**, **Protect**, **Detect**, **Respond** and **Recover** for these security solution functionalities:

- Data Loss Prevention (DLP)
- Web Content Filtering
- Web Application Firewall

- Distributed Denial of Service (DDoS)
- Security Awareness / Training / Exercises
- Security Information Event Management (SIEM)
- Multi State Monitoring Service / Albert Alert System
- Vulnerability Assessments and Management
- Application Penetration Testing
- Cyber Compliance System
- Server Hardening Software

Has a Project Request been completed for this PIJ?	Y

What is the operational issue or business need that the Agency is trying to solve? (i.e. ...current process is manual, which increases resource time/costs to the State/Agency, and leads to errors...)
The State Data Center (SDC) is an aging facility that will need major improvements and maintenance activities in order to remain sustainable. The current costs to operate, and deferred maintenance for the State Data Center are excessive and show that the State of Arizona could provide better fiduciary responsibility by establishing and relocating services into a Shared Hosted Data Center.

How will solving this issue or addressing this need benefit the State or the Agency?
This proposal will enable any state agency to move its IT services into the shared Hosted Data Center (HDC). This proposal also ensures cost avoidance on carrier build out to each of the 35 buildings on the mall as well as cost avoidance on carrier transport (network connectivity) requirement to match our current transport capacity.

Describe the proposed solution to this business need:
The proposed business solution is to establish presence into an alternate shared HDC while still leveraging the State owned Fiber network on the mall which will enable the future move of the IT services located at the current State Data Center (submitted as FY18 budget issue). The solution is proposed in multiple phases. This PIJ is proposing project deliverables and associated costs for Phase I Establish Statewide Presence. Funding for Phase I was requested for FY2017 and approved in the amount of $5.7M to establish presence in a shared HDC that all agencies can leverage, allowing to proceed with other phases to move out of the current State Data Center. Proposed Future Phases to include: Phase II. Relocation of ADOA Hosted (co-located) agencies and ADOA services I.e. Servers that are not in the cloud. Phase III. Voice and Security Services relocation including SIP implementation. Phase IV: Establishing & implementing solution for other aging State Data Center(s).

Has the existing technology environment, into which the proposed solution will be implemented, been documented?	Y

Indicate where that documentation can be found, or provide the information under separate cover before the meeting, otherwise describe below:
ADOA online SharePoint, Managed Services Site, Hosted Data Center Folder

Have the business requirements been gathered, along with any technology requirements that have been identified?	Y
Are you submitting this as a Pre-PIJ in order to issue a Request for Proposal (RFP) to evaluate options and select a solution that meets the project requirements?	N
Will you be completing an assessment/Pilot/RFP phase, i.e., an evaluation by a vendor, third party or your agency, of the current state, needs, and desired future state, in order to determine the cost, effort, approach (RFP or otherwise) and/or feasibility of a project before submitting the full PIJ?	N
Does the project fall into one of the following categories: - hardware technology refresh/expansion, e.g., replacement/more laptops, radios, peripherals, etc.?	N

Is there any possibility that project implementation costs could reach $1 million or more?	Y
Is the proposed procurement the result of an RFP solicitation process?	N
Is this project referenced in your agency's Strategic IT Plan?	Y
Does your agency have a formal project methodology in place?	Y

Describe the high level make-up and roles/responsibilities of the Agency, Vendor(s), and other third parties below: (i.e. ...agency will do...vendor wil do...other third parties will do..)
State CIO :Sponsor State Chief of Managed Services: Project Owner Phase I: ASET PMO and AZNET PMO will share the Project Management responsibilities AZNet II service provider will be the Resource, Architecture and Engineering for Managed Devices World Wide Technology as CPE provider will be the vendor for Equipment purchase and Engineering for Configuration of Non- Managed Devices State Data Center Manager will be the resource for rack and power requirements as well as current server inventory ADOA General Services Division will be the resource for building modifications on the new MDF

Will a PM be assigned to manage the project, regardless of whether internal or vendor provided?	Y

If the PM is credentialed, e.g., PMP, CPM, State certification etc., please provide certification information below:
Yes, PMP and State Certified

Is a project plan available that reflects the estimated start date and end date of the project, and the supporting milestones for the project?	Y
Have steps needed to roll-out to all impacted parties been incorporated, e.g. communications, planned outages, deployment plan?	Y
Will any phyciscal infrastructure improvements be required prior to the implementation of the proposed solution. e.g., building reconstruction, cabling, etc.?	Y

Does the PIJ include the facilities costs associated with construction?	Y
Does the project plan reflect the timeline associated with completing the construction?	Y
Are there any known resource availability conflicts that could impact the project?	N
Does your schedule have dependencies on any other projects or procurements?	N
Will the implementation involve major end user view or functionality changes?	N
Will the proposed solution result in a change to a public-facing application or system?	N
Is a detailed project budget reflecting all of the up-front/startup costs to implement the project available, e.g., hardware, initial software licenses, training, taxes, P&OS, etc.?	Y
Have the ongoing support costs for sustaining the proposed solution over a 5-year lifecycle, once the project is complete, been determined, e.g., ongoing vendor hosting costs, annual maintenance and support not acquired upfront, etc.?	Y
Have all required funding sources for the project and ongoing support costs been identified?	Y
Will the funding for this project expire on a specific date, regardless of project timelines?	Y

Provide the dates for the funding availability below:			
Estimated Start	10/01/16	Estimated Finish	06/30/17

Will the funding allocated for this project include any contingency, in the event of cost over-runs or potential changes in scope?	Y

Please indicate whether a statewide enterprise solution will be used or select the primary reason for not choosing an enterprise solution:
Statewide Enterprise Solution

Will the technology and all required services be acquired off existing State contract(s)?	Y
Will any software be acquired through the current State value-added reseller contract?	N
Does the project involve any technology that is new and/or unfamiliar to your agency, e.g., software tool never used before, virtualized server environment?	N
Does your agency have experience with the vendor (if known)?	Y
Does the vendor (if known) have professional experience with similar projects?	Y
Does the project involve any coordination across multiple vendors?	Y
Does this project require multiple system interfaces, e.g., APIs, data exchange with other external application systems/agencies or other internal systems/divisions?	N
Have any compatibility issues been identified between the proposed solution and the existing environment, e.g., upgrade to server needed before new COTS solution can be installed?	N
Will a migration/conversion step be required, i.e., data extract, transformation and load?	N
Is this replacing an existing solution?	Y

Indicate below when the solution being replaced was originally acquired?
Approximately 45 years ago

Describe the planned disposition of the existing technology below, e.g., surplused, retired, used as backup, used for another purpose:
Re-deployment for equipment, Surplus of copper

Describe how the agency determined the quantities reflected in the PIJ, e.g., number of hours of P&OS, disk capacity required, number of licenses, etc. for the proposed solution?
Through requirement gathering, reviewing current environment and interviewing Subject Matter Experts

Does the proposed solution and associated costs reflect any assumptions regarding projected growth, e.g., more users over time, increases in the amount of data to be stored over 5 years?	Y
Does the proposed solution and associated costs include failover and disaster recovery contingencies?	Y
Will the vendor need to configure the proposed solution for use by your agency?	Y
Are the costs associated with that configuration included in the PIJ financials?	Y
Will any application development or customization of the proposed solution be required for the agency to use the product in the current/planned technology environment, e.g., a COTS application that will require custom programming, an agency application that will be entirely custom developed?	N
Have you determined that this project is in compliance with all applicable statutes, regulations, policies, standards, and procedures, including those for network, security, platform, software/application, and/or data/information found at https://aset.az.gov/resources/psp?	Y
Are there other high risk project issues that have not been identified as part of this PIJ?	N
Will the proposed solution be vendor-hosted?	Y

Please select from the following vendor-hosted options:
Hosted Data Center at CenturyLink I/O

Describe the rationale for selecting the vendor-hosted option below:
State contract award, meeting the space and design requirement

Has the agency been able to confirm the long-term viability of the vendor-hosted environment?	Y
Has the agency addressed contract termination contingencies, e.g., solution ownership, data ownership, application portability, migration plans upon contract/support termination?	Y
Has a Conceptual Design / Network Diagram been provided and reviewed by ASET-SPR?	Y
Has the spreadsheet located at https://aset.az.gov/arizona-baseline-security-controls-excel already been completed by the vendor and approved by ASET-SPR?	Y
Will the proposed solution be hosted on-premise in a state agency?	N
Will any PII, PHI, or other Protected Information as defined in the 8110 Statewide Data Classification Policy be transmitted, stored, or processed with this project?	N

Describe below what security infrastructure/controls are/will be put in place to safeguard this data:
All Security Requirements will be met, covered under issue state contracts and AZNet II Contract.

Summary of PIJ Financials	
Total of Development Cost:	$ 2,304,781
Total of Operational Cost:	$ 7,299,948
Total Costs:	$ 9,604,729

Strategic Program Manager Analysis

The State Data Center (SDC) is an aging facility that is in need of major improvements and maintenance in order to remain sustainable. Current costs to operate the SDC are excessive and analysis indicates that the State of Arizona would be better served by establishing and relocating IT services into a Hosted Data Center (HDC). The solution being proposed is to establish presence in an HDC while continuing to leverage the State owned fiber network. Doing so will enable future moves of the IT services currently located at the SDC. This proposed solution, to establish a statewide presence in an HDC, is Phase 1 of a planned multi-phased initiative. There are no known issues or concerns with the project as described. Recommended for Approval via delegated authority.

SUBJECT: Attorney General - Review of Uncollectible Debts

Request

Pursuant to A.R.S. § 35-150E, the Attorney General (AG) requests Committee review of its listing of uncollectible debts referred to the AG by state agencies for collection. The listing totals $78.3 million for debts listed as uncollectible in FY 2016 and prior years.

Recommendation

The Committee has at least the following 2 options:

1. A favorable review.

2. An unfavorable review.

A favorable review by the Committee would allow the State Comptroller to remove this debt, determined by the AG to be uncollectible, from the state accounting system.

Analysis

When state agencies, boards, and commissions are unable to collect past due debts, the uncollected debt is processed in 2 ways: 1) the AG or state agencies may initiate debt collection proceedings; or 2) debt is determined to be uncollectable and then referred to JLBC for review. Upon review by the JLBC, debt that is found to be uncollectible may be removed from the state's accounts receivable.

(Continued)

The AG's Collection Enforcement Unit functions as a collection service for debts owed to the state. The unit returns 65% of collected monies to the client agencies and retains the remaining 35% for unit operational costs. While the Collection Enforcement Unit is able to collect from many individuals and businesses that owe monies to the state, some debts are uncollectible for a variety of reasons.

In the last several fiscal years, the Committee gave favorable reviews of the 2011 uncollectible debt listings totaling $17.2 million, the 2012 listings totaling $30.4 million, the 2013 listings totaling $44.9 million, and the 2014 and 2015 listings totaling $88.4 million.

Since its last report, the AG's office has again reviewed the cases assigned to the Collection Enforcement Unit and cases deemed uncollectible by state agencies. Based on this review, the AG advises that $78.3 million owed to the state is uncollectible as of April 30, 2016. Due to its length, the specific listing of uncollectible debts appears as an attachment only in the JLBC's online agenda materials.

Of the $78.3 million in uncollectible debt, approximately 95.1% is classified under 4 categories: 1) the debtor is a defunct corporation (85.0%); 2) the debt was discharged in bankruptcy (5.1%); 3) the collection cost would exceed the amount owed (2.9%); or 4) the case was settled with the debtor for a lesser amount than owed (2.1%). The remaining amount is listed as uncollectible for reasons including that the debtor is deceased, the debt lacked supporting documentation, the debtor either has no assets, wages or possesses a negative credit report, the debtor is incarcerated, the debtor lives and/or works on a reservation, or the debtor was unable to be located (*see Table 1*).

Table 1

Uncollectible Debt by Reason Code

	Amount Recommended for Write-Off	Percentage
Defunct Corporation/LLC	$66,533,000	85.0%
Debt Discharged in Bankruptcy	4,007,000	5.1%
Collection Cost Would Exceed Amount Owed	2,278,500	2.9%
Settled	1,645,400	2.1%
Debtor is Deceased	1,417,200	1.8%
Debts with Insufficient Documentation	1,403,200	1.8%
No Assets/No Wages/Negative Credit Report	854,200	1.1%
Other	115,800	0.1%
Total	**$78,254,300**	**100%** 1/

1/ Note: Numbers do not add due to rounding.

The 3 largest individual cases in this report comprise $21.2 million of the $78.3 million, or 27.0% of the uncollectible debt total. The 3 largest cases are all owed to the Department of Revenue (*see Table 2*). Of the $78.3 million in uncollectible debt from the cases in this report, approximately 94.9% in debts is owed to 2 agencies: the Department of Revenue and the Registrar of Contractors. The remaining 5.1% in debts is owed to 35 other agencies (*see Table 3*).

Nearly all (98.4%) of the debts in this report were certified as uncollectible in FY 2015 and FY 2016 (*see Table 4*). The rest of the debts were deemed uncollectible in earlier years but were never formally reviewed by the Attorney General until now.

Phoenix, Arizona 85007

RE: FY 2016 May 21, 2015 - April 30, 2016 for Non-DOR Uncollectible Debt Report
FY 2015 DOR Uncollectible Debt Report

Dear Representative Olson:

As requested by the Joint Legislative Budget Committee ("JLBC") pursuant to A.R.S. § 35-150(E), enclosed are the FY 2016 May 21, 2015 through April 30, 2016 for Non-DOR Uncollectible Debt Report and the FY 2015 DOR Uncollectible Debt Report ("the Reports").

The Reports include: 1) debt owed to the State that was referred to the Collection Enforcement Revolving Fund ("CERF") for collection and determined to be uncollectible; and 2) debt owed to the Department of Revenue ("DOR") and other State agencies, boards and commissions that was not referred to the CERF and was deemed uncollectible by the agencies; With respect to the DOR debt listed in the Reports as uncollectible, for FY 2015 the Attorney General's Office is relying upon the certification by DOR set forth in memorandum dated September 15, 2015, from DOR to the Attorney General's Office and entitled, "Fiscal Year 2015 Certification of Cases for Abatement" ("Certification"). The Certification states that the debt described in the Certifications meets the criteria pursuant to A.R.S. § 42-1004B, and for liabilities discharged in bankruptcy, pursuant to the United States Bankruptcy Code, and that DOR has validated through its internal policies and process that it verified the reasons for abatement, as stated in the Certifications, and that they are true and accurate.

With respect to the debt owed to State agencies other than DOR that was not referred to CERF, each respective agency Director certified that the agency has validated through its internal policies and process that it verified the reasons for abatement, as stated in the Certifications, and that they are true and accurate.

The reporting of a debt as uncollectible, including the act of the State abating the debt, does not necessarily preclude the State from reopening a case and collecting a debt owed to the State at a later date. At times, we have been able to reopen a case and collect a debt because we have identified a debtor's assets or revenue source that previously did not exist or was not able to be located. There are three exceptions to when the State would be able to pursue a debtor post-abatement. They are: 1) debts discharged in bankruptcy; 2) debts where the statute of limitations has expired; and 3) debts that the State has agreed to settle for a lesser amount than what was owed.

The Reports provide a reason each debt is deemed uncollectible. The reasons include case settled, debtor deceased, debtor is incarcerated, unable to locate debtor, collection costs would exceed the amount to be collected, debtor has neither assets nor wages, debtor lives and/or works on a Reservation, debt discharged in bankruptcy, lack of supporting documentation regarding the validity of the debt and defunct corporation/LLC.

Finally, the Reports also provide the amount uncollected for each debt. This amount may include all or a portion of the original debt and, if applicable, all or a portion of interest and penalties associated with the debt.

Please contact either of the undersigned if you have any questions.

Sincerely,

Paul Watkins

SUBJECT: Attorney General - Review of FY 2017 Internet Crimes Against Children Expenditure Plan

Request

The FY 2017 General Appropriation Act (Laws 2016, Chapter 117) requires the Attorney General (AG) to submit, for Committee review, an expenditure plan for the $1.3 million FY 2017 appropriation from the Internet Crimes Against Children (ICAC) Enforcement line item.

Recommendation

The Committee has at least the following 2 options:

1. A favorable review of the expenditure plan.

2. An unfavorable review of the expenditure plan.

Analysis

Background
Established by the Legislature in FY 2015, the ICAC line item provides funding for the operation of the ICAC Task Force program. The Arizona branch of this national program is AZICAC, which is a joint federal, state, and local law enforcement task force led by the Phoenix Police Department (PD) that investigates child pornography. In both FY 2015 and FY 2016, the Department of Child Safety (DCS) received a $350,000 annual General Fund appropriation, which was distributed to AZICAC for vehicles, equipment, training, and overtime costs. The FY 2017 General Appropriation Act shifted the annual $350,000 General Fund appropriation from DCS to the AG in FY 2017.

(Continued)

Additionally, Laws 2015, Chapter 245 established an appropriated ICAC Enforcement Fund, which receives annual deposits of $900,000 in lottery proceeds and is administered by the AG. These monies are intended to be pass-through funds to AZICAC. Chapter 245, however, did not appropriate the lottery revenues in FY 2015 or FY 2016. To remedy this the Legislature passed Laws 2016, Chapter 1 which appropriated $1.8 million in non-lapsing monies from the ICAC Enforcement Fund as a FY 2016 supplemental appropriation to the AG to make up for the intended $900,000 annual appropriations in both FY 2015 and FY 2016. The FY 2017 budget continued the $900,000 annual ICAC Enforcement Fund appropriation, which when combined with the $350,000 General Fund appropriation, provides total AZICAC resources of $1.3 million in FY 2017.

Expenditure Plan

The AG's expenditure plan for the $1.3 million appropriated to AZICAC includes funding for 6 FTE Positions in AZICAC and the AG's Office, one-time equipment purchases, training, and other operational costs of the task force. Since these monies are non-lapsing until June 30, 2018, the proposed expenditures for AZICAC would occur during FY 2018 *(see below for discussion of FY 2017 funding)*. The allocation for 2 AG positions, however, would be expended in FY 2017. The AG is proposing the following allocations:

- $574,000 for 4 FTE Positions within AZICAC and Overtime – $493,000 would fund the second year of a Forensic Examiner, Investigator, Crime Scene Specialist Investigator, and Contract Specialist in the Phoenix PD that would also be full-time staff within AZICAC. A further $81,000 would be utilized for overtime costs of the task force.

- $350,000 for 2 FTE Positions within the AG's Office – The AG currently handles the prosecution of some sexual exploitation cases, although they do not currently have dedicated staff. The AG has said that this work is funded in part by Anti-Racketeering monies. The AG does not believe these Anti-Racketeering monies are a sustainable funding source. The AG would use the $350,000 to shift these costs to the General Fund.

- $222,500 for One-Time Equipment – Cameras, evidence items, forensic computers, laptops, hardware, software, subscriptions to forensic tools, and other forensic and information technology equipment.

- $87,500 for Training – Airfare, hotel, and per-diem costs as well as costs associated with gaining certification training in forensic skills and relevant computer programs.

- $6,000 for Vehicle Maintenance – Regular maintenance for AZICAC vehicles.

- $10,000 for Other Operational Costs – Educational materials and employee recognition items.

Laws 2016, Chapter 1, which included the $1.8 million FY 2016 supplemental appropriation from the ICAC Enforcement Fund, did not include a provision requiring JLBC review. As a result, the AG has already initiated the dispersal of these monies to AZICAC, which will fund their share of AZICAC operations in FY 2017. The monies will be used for the following purposes:

- $606,400 for 4 FTE Positions within AZICAC and Overtime – This will fund the first year of the aforementioned new AZICAC positions that would be continued under the proposed plan and $113,400 as a set-aside for overtime costs of the task force.

(Continued)

- $106,000 for Ongoing Operating Costs of AZICAC – Vehicle maintenance, subscriptions for forensic tools, computers, software, hardware, and forensic tools.

- $899,000 for One-Time Equipment Costs – Crime scene van, laptops, unmarked investigator vehicles, educational material, office furniture, software, hardware, storage boxes, cameras, monitors, a forensic van, and other evidence collection and safety equipment.

- $100,000 for Annual Equipment Costs – Upgrades to computers, software, and hardware.

- $88,600 for Training – Airfare, hotel, and per-diem costs, as well as costs associated with gaining certification training in forensic skills and relevant computer programs.

Laws 2015, Chapter 245 requires quarterly reports to JLBC on the expenditure of the monies in the ICAC Enforcement Fund.

MARK BRNOVICH
Attorney General

Office of the Attorney General
State of Arizona

RECEIVED
SEP 01 2016
JOINT BUDGET COMMITTEE

September 1, 2016

The Honorable Don Shooter, Chairman
Joint Legislative Budget Committee
1716 West Adams
Phoenix, Arizona 85007

Dear Senator Shooter:

In accordance with the FY 2017 appropriations bill, the Arizona Attorney General is required to submit an ICAC expenditure plan for JLBC review prior to expenditure.

Background:
Laws 2015, Chapter 245 established the ICAC Enforcement Fund subject to legislative appropriation and administered by the Attorney General (AGO). The intent behind Chapter 245 was to provide $900,000 in FY 2015 and every year thereafter from the proceeds of lottery games sold from a vending machine in age-restricted areas. The legislation became effective immediately because there was an emergency clause included in the enacted legislation.

However, there was no appropriation associated with this legislation in either FY 15 or FY16, resulting in an accumulation of $1,800,000 into the fund and no expenditures.

Laws 2016, Chapter 1, provided an FY 16 supplemental appropriation to the Attorney General of $1,800,000 to address this issue. This appropriation did not require a review by the JLBC. Plans are currently underway to expend these dollars in FY 2017 through an intergovernmental agreement with the Phoenix Police Department (PPD).

These plans included hiring four additional staff for the PPD, one-time equipment cost, ongoing expenses and training for ICAC staff. It is anticipated that these funds will be mostly expended by the end of FY 2017.

FY 2017 Appropriation $1,250,000 continuously appropriated through June 30, 2018:
The FY 2017 appropriation included $900,000 from the ICAC Enforcement Fund. The AGO plans to enter into an agreement with PPD to expend these funds during FY 2018. These funds would be used to provide annualized support for the four newly created ICAC positions within the PPD ICAC Unit and to provide associated ongoing costs including specialized equipment, training and support.

The FY 2017 appropriation also included $350,000 from the General Fund. These funds had previously been allocated to the Department of Child Safety. The Attorney General plans to use these funds in FY 2017 to provide ongoing prosecutorial support and investigative capabilities to support ICAC efforts statewide by funding a prosecutor and an investigator within the AGO.

Sincerely,

Mark Brnovich
Attorney General

SUBJECT: Arizona Commerce Authority (ACA) - Review of Progress on Auditor General Recommendations

Request

Pursuant to a footnote in the FY 2017 General Appropriation Act (Laws 2016, Chapter 117), the Arizona Commerce Authority (ACA) is required to report on the progress the agency has made towards implementing a series of Auditor General recommendations as a result of a September 2015 audit.

Recommendation

The Committee has at least the following 2 options:

1. A favorable review.

2. An unfavorable review.

Under either option, the Committee may consider including a provision that ACA report back to the Committee once all of the Auditor General's recommendations have been fully implemented.

In general, ACA is proceeding with implementing the Auditor General recommendations.

(Continued)

Analysis

As part of the sunset review process, the Auditor General conducted an agencywide audit of ACA that concluded in a report issued on September 24, 2015. The report included a series of recommendations to enhance the clarity of reporting on economic incentives, improve monitoring of grantees, develop written guidelines for the administration of grants, and improve other administrative procedures. The specific recommendations are outlined below.

A follow-up report by the Auditor General from June 30, 2016 indicated that ACA had fully implemented 3 recommendations, was in the process of implementing 14 others, and 1 was no longer applicable. The report provided by ACA included additional detail on efforts that have been made to address the recommendations and plans for changes going forward. The results, listed by recommendation number, along with the Auditor General's assessment of the progress ACA had made as of June 30, 2016, and a brief description of how the recommendations were addressed by ACA are included below.

Laws 2016, Chapter 114 incorporated into statute provisions based on the Auditor General recommendations included in recommendations 1-5 listed below. Additionally, the bill required ACA, to the extent allowed by law, to post on its website information on each incentive application approved by ACA including the amount of the award and the applicant's job creation and investment activity that is projected or has been achieved.

Recommendations

1. Ensure that the public can clearly understand ACA's economic development efforts and results by:
   a. Ensuring that ACA reports cumulative progress towards its three 5-year goals. Status: *In progress. ACA posted summary information on its website which showed job creation, capital investment and wage progress towards its 5-year goals for the first 4 years.*
   b. Clarifying in reports whether the information presented on jobs created, wages, and capital investments represents actual activity or commitments. Status: *Implemented. ACA reports that they reflect all reported job creation, wage, and capital investment activity as actuals or projected.*
   c. Developing a report or adding information to the ACA reports or website that better summarizes Arizona's total economic development investment costs and the benefits that the state received as a result of these expenditures. Status: *In progress. ACA will provide cumulative incentive data in its upcoming FY 2016 annual report.*

2. Ensure compliance with statutory reporting requirements by including the following in its annual Competes Fund report:
   a. Required information such as jobs committed and created for each grant recipient for the innovation and rural grants. Status: *Implemented. ACA reported required actual and projected job creation, wage, and capital investment data in their FY 2015 Competes Fund report and intends to do so in the FY 2016 report.*
   b. The median wage of the jobs each Competes Fund grant recipient created. Status: *No longer applies. Laws 2016, Ch. 114 removed the statutory provision requiring ACA to report the median wage of jobs created in favor of the average wage. ACA intends to comply with this change.*

(Continued)

3. Enhance its Competes Fund grant-awarding practices by:
   a. Developing and implementing, or continuing with its efforts to develop and implement, comprehensive written procedures for all of its Competes Fund grants. Status: *In progress. As of August, ACA has drafted written grant administration guidelines for the Competes Fund and Arizona Innovation Challenge programs which cover administrative procedures for all Competes Fund grants.*
   b. Training staff on these written procedures and ensuring that staff follow them. Status: *In progress. ACA has held training sessions for all personnel that have Competes Fund responsibilities. ACA will train new staff as necessary and conduct annual refresher courses for existing staff.*
   c. Developing procedures detailing what documentation should be maintained in its files and a final verification process to ensure that all required documentation is in the grant recipient's file. Status: *In progress. ACA claims to have existing protocols for what information should be maintained in a grantee's file and have expanded upon those guidelines in their Competes Fund administrative guidelines that were drafted as part of recommendation 3.A.*

4. Improve monitoring of all Competes Fund grants by developing and implementing written policies and procedures for verifying grant recipient-reported milestones and/or outcomes. These policies and procedures should include:
   a. What milestone and/or outcome information grant recipients should report. Status: *In progress. ACA claims to have already built in required milestone information requirements to grant recipient awards. ACA has also initiated the process of providing new grantees with a reporting checklist that details all of the information the grantee must report during the term of the grant.*
   b. How submitted information should be verified, including the independent sources ACA uses to verify the information. Status: *In progress. ACA has included in their Competes Fund administrative guidelines the sources that they intend to use to verify information. These sources include e-verify, the Department of Revenue, unemployment tax and wage reports, grantee payroll reports, and other information as provided by the grantee.*
   c. What information should be documented in ACA files. Status: *In progress. ACA did not address this in their report, however, the draft Competes Fund administrative guidelines require that the grantee report milestone information pursuant to their respective contract.*
   d. What grant payments will not be made until the verification process is completed and documented. Status: *In progress. ACA indicates that they have procedures in place to prohibit a grant payment until all documentation is received.*

5. ACA should develop and implement policies and procedures for making changes to grant agreements to help ensure that it consistently addresses changes to the required outcomes specified in the agreements, such as changes in milestones or delays in meeting goals within the required time. These policies should include:
   a. How ACA will document the discussions, decisions, and any changes to the grant agreement in the grant files. Status: *In progress. ACA has not developed a written policy that ensures consistent behavior related to grant modifications. ACA indicated that they don't always allow modifications, but when they do, ACA may only require increased job creation, wage targets, or capital investment performance in certain circumstances.*
   b. Steps for ensuring that grant recipients report milestone or outcome results or when such results are not reported, exceptions to the reporting requirements are noted in ACA's file. Status: *In progress. ACA reports that they commonly include clauses in their awards that halt payments if milestone information is not reported.*

(Continued)

6. ACA should strengthen its conflict-of-interest practices by:
   a. Ensuring that all ACA decision makers comply with its policy to review and sign conflict-of-interest policy acknowledgment forms annually. Status: *In progress. In July 2016, ACA staff completed new conflict of interest forms. ACA board members will do the same at their next meeting in October. ACA will continue this practice annually.*
   b. Requiring judges for the innovation grants to sign and submit its policy acknowledgment form and disclose conflicts as required by its policy. Status: *Implemented. ACA will maintain its policy of having Arizona Innovation Challenge judges sign conflict of interest policy acknowledgement forms.*

7. ACA should continue with efforts to adopt rules to administer research tax credits and the Computer Data Center Program as required by statute. Status: *In progress. Due to changes included in Laws 2016, Chapter 369, ACA will amend the Computer Data Center Program rules to conform with the statutory changes. ACA has drafted preliminary guidance for the Research Tax Credit program.*

8. ACA should improve its compliance with Arizona's open meeting laws by continuing to ensure its meeting minutes are available with 3 business days and including the required Americans with Disabilities Act statement related to reasonable accommodation on its meeting notices. Status: *In progress. ACA will post its board meeting minutes within 3 business days and will continue to maintain the practice of including the Americans with Disabilities Act language on meeting notices.*

Phoenix, Arizona 85007

The Honorable Justin Olson, Vice Chairman
Joint Legislative Budget Committee
Arizona House of Representatives
1700 West Washington Street
Phoenix, Arizona 85007

Re: Report on Progress Made by the ACA in Implementing the Auditor General's September 2015 Audit Recommendations

Dear Senator Shooter and Representative Olson:

Pursuant to Section 135 of H.B. 2695 (Fifty-second Legislature, Second Regular Session 2016), the Arizona Commerce Authority ("ACA") is required, on or before August 31, 2016, to submit for review by the Joint Legislative Budget Committee a report detailing the progress made by the ACA in implementing the Auditor General's ("Auditor's") recommendations included in the Auditor's September, 2015 audit of the ACA. This correspondence and the attachments hereto are intended to constitute the required report.

Auditor's Recommendation #1: Ensure that the ACA reports the cumulative progress it makes toward its three 5-year goals.

ACA Actions Taken:

In addition to the actions taken by the ACA referred to in the Auditor's Interim Report dated June 30, 2016, a copy of which is attached as Attachment 1 (the "Auditor's 2016 Report"), the ACA posted on its website in July, 2016 a FY 2016 Summary Infographic Report that details the ACA's cumulative progress towards its 5-year goals (encompassing FYs 2013-2017) occurring during the initial 4 years of implementation (FYs 2013-2016). The FY 2016 Summary Infographic Report reflects numeric comparisons between the 5-year goals and the ACA's progress towards those goals in the first 4 years of implementation in terms of (i) projected job creation and (ii) projected capital investment. Specifically, the 2016 Summary Infographic Report notes that the ACA has in the initial 4 years of implementation exceeded by 118% and 152%, respectively, the 5-year goals for projected jobs and projected capital investment allocable to the first 4 years of

implementation.[1] A copy of the 2016 Summary Infographic Report is included as Attachment 2. See the section "Cumulative Results Towards Goals."

Given space limitations inherent in the 2016 Summary Infographic Report presentation, the ACA posted on its website shortly thereafter an expanded summary of the ACA's cumulative progress towards its 5-year goals occurring during FYs 2013 – 2016 (the "Expanded Goals Summary") which also includes the ACA's progress towards its 5-year goal pertaining to projected average annual wages.[2] The Expanded Goals Summary details that the ACA achieved 95.9% of its 5-year goal for projected average annual wages allocable to the first 4 years of implementation. A copy of the Expanded Goal Summary is included as Attachment 3.

The ACA's FY 2016 Annual Report will include the details reflected in the Expanded Goals Summary. Further, the ACA's FY 2017 Annual Report will address the cumulative progress towards the ACA's 5-year goals (encompassing FYs 2013-2017) occurring during the full 5 years of implementation (FYs 2013-2017).

---

[1] The 5-year ACA goal of 75,000 projected new jobs assumed *annual* projected new job progression as follows: Year 1: 12,000; Year 2: 13,000; Year 3: 15,000; Year 4: 17,000 and Year 5: 18,000; hence, 57,000 of the 75,000 projected new jobs through Year 4. In the first 4 years, the ACA reported 67,659 projected new jobs; as noted, the cumulative progress in the first 4 years of implementation exceeded by 118% the 5-year projected jobs goal allocable to the initial 4 years.

The 5-year ACA goal of $6 billion in projected new capital investment assumed *annual* projected capital investment progression as follows: Year 1: $1.0 billion; Year 2: $1.1 billion; Year 3: $1.2 billion; Year 4: $1.3 billion and Year 5: $1.4 billion; hence, $4.6 billion of the $6.0 billion projected capital investment through Year 4. In the first 4 years, the ACA reported $7.0 billion in projected new capital investment; as noted, the cumulative progress in the first 4 years of implementation exceeded by 152% the 5-year projected capital investment goal allocable to the initial 4 years.

[2] The 5-year ACA goal of a projected cumulative blended average annual wage equal to 157.7% of the state median annual wage assumed a ratable average annual projected wage progression of between 155% and 175% of the Arizona median wage over the 5-year period in respect to 2/3 of the projected new jobs and between 130% and 150% of the Arizona median wage over the 5-year period in respect to 1/3 of the projected new jobs; hence, in respect to the 57,000 projected jobs through Year 4, a cumulative blended average annual wage equal to 154.9% of the Arizona median annual wage through Year 4. In the first 4 years, the ACA reported an average annual wage of 148.6% of the state median annual wage; as noted, the cumulative progress in the first 4 years of implementation represented 95.9% of the 5-year projected average annual wage goal allocable to the initial 4 years.

Auditor's Recommendation #2: Clarify in the ACA annual report and other reports produced whether the information presented on jobs created, wages, and capital investment represents actual activity or commitments.

ACA Actions Taken:

The ACA reflects in all of its reporting whether information presented on job creation, wages and capital investment represents actual activity or projections. Consistent therewith, the Auditor's 2016 Report describes this recommendation as having been implemented.

Auditor's Recommendation #3: Develop a report or add information that it can legally report to its existing reports or web site that better summarizes Arizona's total economic development investment costs and the benefits that the State received as a result of these expenditures.

ACA Actions Taken:

In addition to the actions taken by the ACA in the FY 2015 ACA Annual Report referred to in the Auditor's 2016 Report, the ACA proposes to provide in its FY 2016 Annual Report cumulative data that will reflect the aggregate amount of incentives approved in respect to the principal ACA-administered incentives along with information detailing the actual job creation, actual average wage and actual capital investment that generated these incentives. It is believed that the correlation between the amount of approved incentives and the actual performance criteria that generated the incentives will furnish the most reliable basis for comparing the investment costs incurred by the State and the benefits received by the State in connection therewith.

The ACA-administered incentives for which such information is proposed to be provided in the FY 2016 ACA Annual Report include the following:

Arizona Qualified Facility Tax Credit Program (from inception)
Arizona Renewable Energy Tax Incentive Program (from inception)
Arizona Competes Fund (from inception)
Arizona Job Training Grants Program (since 2012)
Arizona Quality Jobs Tax Credit Program (since 2011)
Arizona Commercial Industrial Solar Tax Credit Program (since 2012)

Auditor's Recommendation #4: To ensure compliance with statutory reporting requirements, the Authority should include in its annual Competes Fund report required information, such as jobs committed and created, for each grant recipient for the innovation and rural grants.

ACA Actions Taken:

In its FY 2015 Arizona Competes Fund ("ACF") Annual Report posted on November 1, 2015, the ACA provided information in respect to its 13 grants that had been issued through FY 2015 pursuant to A.R.S. § 41-1545.02(A)(1) relating to projected and actual new jobs, projected and actual wages and projected and actual capital investment. The ACA reflected similar information in respect to the 66 then combined innovation and rural grants issued pursuant to A.R.S. § 41-1545.02(A)(2). See Attachment 4. Consistent therewith, the Auditor's 2016 Report describes this recommendation as having been implemented.

The FY 2016 ACF Annual Report, due on November 1, 2016, will provide updated information in respect to all 19 grants issued pursuant to A.R.S. § 41-1545.02(A)(1) through FY 2016 and the 77 combined innovation and rural grants issued pursuant to A.R.S. § 41-1545.02(A)(2) through the close of FY 2016.

Auditor's Recommendation #5: To ensure compliance with statutory reporting requirements, the Authority should include in its annual Competes Fund report required information, such as the median wage of the jobs each Competes Fund grant recipient created.

ACA Actions Taken:

As noted in the Auditor's 2016 Report, S.B. 1501 (Fifty-second Legislature, Second Session 2016) amended A.R.S. § 41-1545.04 to remove the requirement that the ACA report the *median* wage of the jobs each ACF grant recipient creates and simultaneously expanded the reporting and methods required for disseminating the ACF Annual Report to the public. The ACA intends to satisfy the expanded reporting and dissemination requirements commencing with the 2016 ACF Annual Report which, as noted, is due on November 1, 2016.

Auditor's Recommendation #6: The Authority should enhance its Competes Fund grant-awarding practices by developing and implementing, or continuing with its efforts to develop and implement, comprehensive written procedures for all of its Competes Fund grants.

ACA Actions Taken:

The ACA has developed written procedures for all of its Competes Fund grants. See the "Arizona Competes Fund Administration Guidelines" dated August 24, 2016 which is included as Attachment 5 and the "Arizona Innovation Challenge Standard Operating Procedures" dated August 12, 2016 which is included as Attachment 6.

The Auditor's 2016 Report characterized the ACA's written policies which formed the basis for the 2 documents above as "comprehensive." More particularly, the Auditor's 2016 Report stated as follows:

> The Authority has drafted comprehensive written policies and procedures for all of its Competes Fund grants.

Auditor's Recommendation #7: The Authority should enhance its Competes Fund grant-awarding practices by developing and implementing, or continuing with its efforts to develop and implement, comprehensive written procedures for all of its Competes Fund grants by training staff on these written procedures and ensuring that staff follow them.

ACA Actions Taken:

Training on the procedures to be utilized in administering the ACF have been held for all ACA personnel with ACF grant administration responsibilities. Additional training is contemplated in respect to any new personnel that may be engaged in the future. Further, the expectation is for the ACA to convene on at least an annual basis a "refresher" training session that would also address any changes in the administrative policies in the intervening period. ACA personnel are encouraged at all times to advise management of issues they may confront in the administration of ACF matters with the objective of further refining the administrative policies, as necessary, to appropriately protect the interests of the State's taxpayers in administering Competes Fund grants.

Auditor's Recommendation #8: The Authority should enhance its Competes Fund grant-awarding practices by developing and implementing, or continuing with its efforts to develop and implement, comprehensive written procedures for all of its Competes Fund grant by **developing** ***procedures detailing what documentation should be maintained in its files and a final verification process to ensure that all required documentation is in the grant recipient's file.***

ACA Actions Taken:

The Auditor's 2016 Report stated as follows in respect to the ACA's administrative procedures governing file maintenance matters:

> Based on auditors' review of the Authority's draft policies and procedures, they include information on what documentation should be maintained in the files and a verification process for ensuring files are complete.

Further in this regard, see Sections 5.7.6 and 10 of the Arizona Competes Fund Administration Guidelines and Sections 5.7.2, 6.4.3.1 and 6.4.4.1 of the Arizona Innovation Challenge Standard Operating Procedures. [3]

Auditor's Recommendation #9: The Authority should improve its monitoring of all Competes Fund grants by developing and implementing written policies and procedures. These policies and procedures should specify what milestone and/or outcome information grant recipients should report.

ACA Actions Taken:

In terms of required information reporting, the Auditor's 2016 Report states as follows:

> The Authority has drafted comprehensive written policies and procedures for all of its Competes Fund grants. Based on auditors' review of the Authority's draft policies and procedures, they will specify the milestone and/or outcome information that grant recipients should report, include a checklist to use for verifying grantee report data and documents, identify what information should be documented in the Authority's files and a checklist to use for verifying that files have complete and accurate information, and indicate that an initial payment will typically be made once all required documents are received and subsequent payments will be based on successful completion of performance milestones.

As an example of milestone and other reporting by grantees of grants issued pursuant to A.R.S. § 41-1545.02(A)(1) and Arizona Innovation Challenge ("AIC") grants issued pursuant to A.R.S. § 41-1545.02(A)(2), the ACA has initiated the process of providing new grantees with a "Report Summary Checklist" that details all reporting and information required by the grantee during the term of the grant.

For example, in the context of a new grant issued pursuant to A.R.S. § 41-1545.02(A)(1) that provides for performance over a 5-year period commencing June 1, 2016, the Report Summary Checklist provides the following narrative that is consistent with the underlying grant agreement:

> 1. Annual Reports. The Grantee is required to file annual reports on or before July 31 each year during the term of the Grant commencing July 31, 2017 and ending July 31, 2020 that reports on a cumulative

[3] The Auditor's 2016 Report actually refers to file matters in two of its recommendations. See Sections 2.1(c) and 2.2(c); the discussion herein is consolidated and is the basis for the disparity between the 17 recommendations discussed herein and the reference to 18 original recommendations in the Auditor's 2016 Report.

basis the Project's actual job creation, average wage, and capital investment through the preceding June 30.

2. Milestone Reports. Upon or after achievement of each of the 5 identified Milestones, the Grantee is required to file a Milestone Report that details the cumulative job creation, average wage and capital investment through the date the Milestone was achieved as well as the percentage health insurance subsidy offered by the Grantee to employees. The Milestone Report must be accompanied by an itemized payroll report, a payment affidavit in the form attached as Exhibit B to the Grant Agreement and a copy of the Form UC-018/UC-020 most recently filed by Grantee with the Department of Economic Security ("DES"). Where applicable, including for example in the context of non-recurring wage items such as bonuses and commissions, the Grantee may also be required to provide Forms UC-018/UC-020 filed by Grantee with DES in respect to other calendar quarters and will also be required to submit documentation establishing the extent of capital investment incurred by Grantee in connection with the Project.
3. Close-Out Report. Within 20 Business Days following June 1, 2021, the Grantee is required to submit a Close-Out Report that details on a cumulative basis the Project's job creation, average wage, and capital investment through June 1, 2021. As applicable, the Close-Out Report must be accompanied by the documentation specified above in the context of Milestone Reports.
4. Project Liquidation Report. Within 5 Business Days following the occurrence of a Project Liquidation, if applicable, the Grantee is required to submit a Project Liquidation Report reporting the Project Liquidation. For this purpose, a Project Liquidation is defined as the liquidation of the Project in Arizona at any time before June 1, 2021; the Project will be deemed liquidated on any date after June 1, 2016 and before June 1, 2021 on which the number of New Jobs represents at least a 75% reduction from the highest number of New Jobs following June 1, 2016.

In terms of monitoring *all* required report filings on a timely basis, the ACA maintains an aggregate Report Summary Checklist that reflects the due dates of all reports required by all grantees under all outstanding grants.

The reporting and administration process for the performance period of an AIC grant is detailed in Section 6.4.5 of the Arizona Innovation Challenge Standard Operating Procedures.

Auditor's Recommendation #10: In improving its monitoring of all Competes Fund grants, indicate how the Authority should verify submitted information, including the independent sources the Authority should use to verify the reported information.

ACA Actions Taken:

In respect to verification matters, the Auditor's 2016 Report states as follows:

> The Authority has drafted comprehensive written policies and procedures for all of its Competes Fund grants. Based on auditors' review of the Authority's draft policies and procedures, they will .... include a checklist to use for verifying grantee report data and documents.....

Further in this regard, please see Sections 10.1 and Section 10.2 of the Arizona Competes Fund Administration Guidelines which detail the procedures required to ensure proper verification of job creation, requisite wage thresholds and capital investment.

Auditor's Recommendation #11: In improving its monitoring of all Competes Fund grants, specify that grant payments will not be made until the Authority completes and documents the verification process.

ACA Actions Taken:

The Auditor's 2016 Report states as follows in terms of deferring grant payments until completion of the verification process:

> The Authority has drafted comprehensive written policies and procedures for all of its Competes Fund grants. Based on auditors' review of the Authority's draft policies and procedures, they will .... include a checklist to use for verifying grantee report data and documents .... and indicate that an initial payment will typically be made once all required documents are received and subsequent payments will be based on successful completion of performance milestones.

Auditor's Recommendation #12: The Authority should develop and implement policies and procedures for making changes to grant agreements to help ensure that it consistently addresses changes to the required outcomes specified in the agreements, such as changes in milestones or delays in meeting goals within the required time. These policies and procedures should include how it will document the discussions, decisions and any changes to the grant agreement in the grant files.

ACA Actions Taken:

ARS 41-1545.02(A)(1) Grants:
To date, in the context of grant agreements issued pursuant to A.R.S. § 41-1545.02(A)(1), no request has been made to extend the period of time in which to achieve the requisite job and investment performance. If requested in the future, it is the policy of the ACA to demand some form of *quid pro quo* from the grantee as a condition to granting any such extension. To illustrate, assume a grant (i) provides a 3-year performance period in which job creation and capital investment must reach stated thresholds in order for full payment of the grant to occur and (ii) requires jobs for which grant payments were made to be maintained for a total of 5 years to avoid triggering any claw-back obligation. If a grantee seeks a 1-year extension of the otherwise 3-year performance period and the ACA determines that the request was in the best interests of the State, the ACA, in granting the 1-year extension will demand, at a minimum, an extension of two years (i.e., from 5 to 7 years) in the period of time in which the jobs created over the then 4-year period would be required to be maintained to avoid a claw-back obligation. There are circumstances in which the ACA might also seek an increase in the number of jobs required for full payment of the grant; hence, in exchange for extending from 3 to 4 years the duration of the job creation and capital investment performance period (a 33% extension in terms of timing), the ACA might also seek an increase of 10% in the number of jobs required for full payment. ACA policy would limit any grantee to no more than 2 extensions the cumulative period of which would not exceed 12 months. As soon as the first extension was granted, the ACA would document all such extension decisions to ensure consistency in outcomes. Further, the ACA would amend the respective Grant Agreement to address the modifications as well as the Report Summary Checklist to reflect the modified period over which reporting would be required.

To date, in the context of grant agreements issued pursuant to A.R.S. § 41-1545.02(A)(1), no request has been made to adjust the structure of any grant's milestones. At the current time, the ACA does *not* intend to adjust the milestones in the context of any such grants, including to reduce the amount of required jobs or capital investment (i.e., any possible amendment would be confined to an extension of the performance period in which to achieve one or more milestones).

Arizona Innovation Challenge Grants:
In contrast to A-1 Grants, it is not uncommon to adjust milestones for AIC Grants. Milestones for early-stage companies are established and measured with rigor, in consultation with ACA staff, to gauge significant progress towards commercializing new technology, attracting investment capital, generating revenue and scaling companies. Milestones are not applied to assess quid pro quo benefit to the State. The majority of the benefit accrues not in the first 12-months of the technology commercialization phase, but later in the five-year performance period when successful companies scale and invest in employees and capital equipment, and pay taxes. Adjusting milestones is only allowed when there is a rationale based on significant demonstrated progress, but additional time is needed, or a change in company or market conditions requires a reallocation of funds to higher value activities. Without significant demonstrated progress, payments are suspended, or awards may be liquidated.

REDG Grants:
In respect to REDG Grants, if a governmental entity-grantee requests an extension of time beyond the standard 18-month period in which to complete infrastructure improvements as a result of a delay due to circumstances beyond its control and if the ACA is satisfied that the project would otherwise be completed without further grant support and continues to be in the best interests of the attendant rural community, the ACA maintains a policy of offering up to 2 extensions of time the cumulative period of which would not exceed 12 months.

Further in respect to changes in grant provisions, the Auditor's 2016 Report states as follows:

> Based on auditors' review of the Authority's draft policies and procedures, they will include steps on how to manage any issues or changes related to grant agreements ....

Auditor's Recommendation #13: Indicate steps the ACA will take for ensuring that grant recipients report milestone or outcome results or, when such results are not reported, exceptions to the reporting requirements are noted in the Authority's file.

ACA Actions Taken:

The Auditor's 2016 Report states as follows in respect to non-reporting:

> Based on auditors' review of the Authority's draft policies and procedures, they will include steps on how to manage any issues or changes related to grant agreements <u>and a checklist that must be filled out for a variety of issues, such as a grantee failing to submit reports or exceptions to reporting requirements, and changes in grant milestones or delays in meeting goals</u>... These policies and procedures will require the checklist to be documented in its grant files.

In respect to the consequences for non-reporting, it should also be noted that grant agreements executed in the context of grants issued pursuant to A.R.S. § 41-1545.02(A)(1) and Arizona Innovation Challenge grants issued pursuant to A.R.S. § 41-1545.02(A)(2) provide, subject to notice and cure, for the suspension of grant payments and for repayment of any amounts paid to the respective grantee. For example, the following is a common provision in a grant agreement in the context of a grant issued pursuant to A.R.S.§ 41-1545.02(A)(1):

> Notwithstanding the preceding sentence, if Grantee fails to submit a Progress Report or to otherwise comply with the conditions of receiving Grant Payments under this Agreement, including without limitation those set forth in <u>Article 4</u>, within forty-five (45) days after such condition being due, then, subject to the Notice and Cure Period, Grantee shall be required to repay all Grant proceeds received hereunder within ten (10) Business

> Days following written notice thereof from the Authority, and the Authority shall be forever relieved of its obligations hereunder.

Before issuing any such notice of default, the ACA may take the following steps in respect to all programs: (i) contacting the grantee and advising the grantee of an upcoming deadline for submission of a required report, (ii) contacting the grantee reminding the grantee of an unsatisfied past reporting deadline and requesting the report within a specified number of days and (iii) elevating the issue to a manager who will contact the grantee explaining the situation and providing the grantee a further specified number of days to respond. After issuing a notice of default that fails to trigger a timely response, the Program Manager will meet with the CEO or the legal counsel to determine precisely the remedy that will be taken by the ACA as a consequence thereof.

Auditor's Recommendation #14: The Authority should strengthen its conflict-of-interest practices by ensuring that all Authority decision makers comply with its policy to review and sign conflict-of interest policy acknowledgment forms annually.

ACA Actions Taken:

In respect to the ACA's annual compliance with conflict-of-interest policies, in July 2016, ACA staff were provided with a copy of the conflict-of-interest policy and all executed new conflict-of-interest acknowledgment forms. Members of the ACA Board of Directors will execute new conflict-of-interest acknowledgment forms in conjunction with the next Board meeting in October. In addition, a procedure has been implemented to ensure that all decision makers are provided with the ACA's conflict-of-interest policy and requested to execute a conflict-of-interest acknowledgement form every year

Auditor's Recommendation #15: The Authority should strengthen its conflict-of-interest practices by requiring judges for the innovation grants to sign and submit its policy acknowledgement form and disclose conflicts as required by its policy.

ACA Actions Taken:

The ACA will maintain its Arizona Innovation Challenge policies regarding conflict-of-interest matters which the Auditor's 2016 Report characterizes as already having implemented the Auditor's recommendation on the issue.

Auditor's Recommendation #16: The Authority should continue with its efforts to adopt rules to administer research tax credits and for the Computer Data Center Program as required by statute.

ACA Actions Taken:

In respect to the Computer Data Center Program (the "CDC Program"), the ACA issued an original Notice of Rulemaking on July 13, 2015.[4] Following the requisite comment period, the ACA issued an original Notice of Adoption on October 2, 2015. In response to significant changes made to the CDC Program by H.B. 2584 (Fifty-second Legislature, Second Regular Session 2016) that are effective August 6, 2016, the ACA issued a subsequent Notice of Rule Making on July 25, 2016. Following the attendant comment period, the ACA will proceed with any necessary revisions and formal adoption of an amended CDC Program Rule that is compliant with H.B. 2584.

In respect to the University Research Tax Credit Program, the ACA in 2015 certified "basic research" payments for a single taxpayer. In anticipation of the 2016 tax year filing season, in the summer of 2016, the ACA adopted preliminary guidance regarding procedures for obtaining such certifications in respect to the 2016 tax year. The preliminary guidance may be found at: http://www.azcommerce.com/incentives/research-development/university-research-and-development-income-tax-credit

Auditors Recommendation #17: The Authority should improve its compliance with the State's open meeting law by continuing to ensure its meeting minutes are available within 3 business days and including the required ADA statement related to reasonable accommodation on its meeting notices.

ACA Actions Taken:

In terms of compliance with open meetings laws, the ACA has adopted and will continue to maintain the practice of posting on its website, within 3 business days of any meeting of the ACA Board of Directors (the "ACA Board"), draft minutes of ACA Board meetings.[5] Further, the ACA has adopted and will continue to maintain the practice of including on meeting notices the American with Disabilities Act ("ADA")-required statement relating to reasonable accommodation. The 2 occurrences referred to the Auditor's 2016 Report in which the ADA statements omitted a contact name and contact number will not transpire again.

---

[4] The intent of the 2015 Notice of Rule Making was to replace interim guidance issued in 2013 governing submittal of applications for CDC certification.

[5] ACA Board meeting minutes are not formally adopted until adoption thereof by Board members at a subsequent ACA Board meeting.

If we can answer any questions or provide any additional information, please let us know.

Thank you.

JOINT BUDGET COMMITTEE

The Honorable John Allen, Chair
Joint Legislative Audit Committee

The Honorable Judy Burges, Vice Chair
Joint Legislative Audit Committee

Dear Representative Allen and Senator Burges:

Our Office has recently completed an initial followup of the *Arizona Commerce Authority* (Authority) regarding the implementation status of the 18 audit recommendations (including sub-parts of the recommendations) presented in the performance audit report released in September 2015 (Auditor General Report No. 15-112). As the attached grid indicates:

- 3 have been implemented;
- 14 are in the process of being implemented; and
- 1 is no longer applicable.

Our Office will conduct an 18-month followup with the Authority on the status of those recommendations that have not yet been fully implemented.

Sincerely,

Dale Chapman, Director
Performance Audit Division

Arizona Commerce Authority
Auditor General Report No. 15-112
Initial Follow-Up Report

Recommendation	Status/Additional Explanation
Finding 1: Authority can more clearly present its impact on Arizona's economic development	
1.1 To help ensure the Legislature and the public can clearly understand the Authority's economic development efforts and results, the Authority should enhance its reporting in the following three ways:	
a. Ensure that it reports the cumulative progress it makes toward its three 5-year goals. For example, it could consider making its summary report that shows the cumulative progress made more readily available to the public by posting it on its Web site.	**Implementation in process** The Authority has included information about its three 5-year goals in two reports. Specifically, the Authority outlined its 5-year goals in a fiscal year 2015 summary report that it posted on its Web site. However, this report only shows the Authority's progress on these goals for 1 year, fiscal year 2015. This report does not show its cumulative progress toward its 5-year goals. In addition, although the Authority included cumulative progress on these goals in its fiscal year 2015 *Annual Report*, it shows the Authority's progress for 3 years, but does not compare this progress to its 5-year goals. According to the Authority, the information presented in its fiscal year 2015 *Annual Report* represents the portion of the 5-year goals it was expected to meet at 3 years. Auditors will determine whether the Authority presents additional information regarding its cumulative progress toward its 5-year goals during the 18-month followup.
b. Clarify in its annual report and other reports it produces whether the information presented on jobs created, wages, and capital investment represents actual activity or commitments.	**Implemented at 6 months**
c. Develop a report or add information that it can legally report to its existing reports or Web site that better summarizes Arizona's total economic development investment costs and the benefits that the State received as a result of these expenditures. For example, the Authority's report could show by fiscal year the financial incentives Arizona committed to provide on a company-by-company basis along with each company's announced job creation and capital investment commitments. This report should also compare actual job creation and capital investment outcomes to those announced and update this comparison each year to show progress over time. For information that cannot be disclosed on a company-by-company basis, this comparison could be presented in aggregate by combining the information for all the companies to avoid any confidentiality issues.	**Implementation in process** The Authority included several additional tables in its fiscal year 2015 *Annual Report* that provide more information on Arizona's economic development investment costs and the benefits the State has received. For example, the fiscal year 2015 *Annual Report* includes information on projected and actual jobs, average wages, and capital investment on a company-by-company basis, when allowed. However, the report's tables show only the actual jobs created, average wages of jobs, and capital investment made compared to incentives awarded for 1 year, and do not show progress over time. In addition, the tables showing actual results do not include the projections as well, and thus they do not illustrate how actual results compare to projections. The Authority has published one annual report since the audit was completed in September 2015, and according to the Authority, it intends to include additional information in

Recommendation	Status/Additional Explanation
	its next annual report. Auditors will assess whether the Authority includes cumulative progress and comparative information in its *Annual Report* during the 18-month followup.
1.2 To ensure compliance with statutory reporting requirements, the Authority should include in its annual Competes Fund report:	
a. Required information, such as jobs committed and created, for each grant recipient for the innovation and rural grants; and	**Implemented at 6 months**
b. The median wage of the jobs each Competes Fund grant recipient created.	**No longer applicable** Laws 2016, Ch. 114, amended A.R.S. §41-1545.04 to remove the requirement that the Authority report the median wage of the jobs each Competes Fund grant recipient created.
Finding 2: Competes Fund grant-selection processes generally align with statutes and best practices, but should be formalized and monitoring processes can be improved	
2.1 The Authority should enhance its Competes Fund grant-awarding practices by:	
a. Developing and implementing, or continuing with its efforts to develop and implement, comprehensive written procedures for all of its Competes Fund grants;	**Implementation in process** The Authority has drafted the comprehensive written policies and procedures for all of its Competes Fund grants. According to the Authority, it is currently using these draft policies and procedures as of June 2016 and reported that they will be completed by the end of fiscal year 2016. Auditors will review the completion and continued implementation of these policies and procedures during the 18-month followup.
b. Training staff on these written procedures and ensuring that staff follow them; and	**Implementation in process** According to the Authority, although it has not provided any formal training, it has been training staff on an ongoing basis about the audit findings and how it should change its processes in response to the recommendations. In addition, the Authority indicated it will conduct more formal summary training once the procedures are completed (see Recommendation 2.1a for more information).
c. Developing procedures detailing what documentation should be maintained in its files and a final verification process to ensure that all required documentation is in the grant recipient's file.	**Implementation in process** Based on auditors' review of the Authority's draft policies and procedures, they include information on what documentation should be maintained in the files and a verification process for ensuring files are complete (see Recommendation 2.1a for more information).

Recommendation	Status/Additional Explanation
2.2 The Authority should improve its monitoring of all Competes Fund grants by developing and implementing written policies and procedures for verifying grant-recipient-reported milestones and/or outcomes. These policies and procedures should:	
a. Specify what milestone and/or outcome information grant recipients should report;	**Implementation in process** The Authority has drafted comprehensive written policies and procedures for all of its Competes Fund grants. Based on auditors' review of the Authority's draft policies and procedures, they will specify the milestone and/or outcome information that grant recipients should report, include a checklist to use for verifying grantee report data and documents, identify what information should be documented in the Authority's files and a checklist to use for verifying that files have complete and accurate information, and indicate that an initial payment will typically be made once all required documents are received and subsequent payments will be based on successful completion of performance milestones.
b. Indicate how the Authority should verify submitted information, including the independent sources the Authority should use to verify the reported information;	**Implementation in process** See explanation for Recommendation 2.2a.
c. Identify what information the Authority should document in files; and	**Implementation in process** See explanation for Recommendation 2.2a.
d. Specify that grant payments will not be made until the Authority completes and documents the verification process.	**Implementation in process** See explanation for Recommendation 2.2a.
2.3 The Authority should develop and implement policies and procedures for making changes to grant agreements to help ensure that it consistently addresses changes to the required outcomes specified in the agreements, such as changes in milestones or delays in meeting goals within the required time. These policies and procedures should include:	
a. How it will document the discussions, decisions, and any changes to the grant agreement in the grant files; and	**Implementation in process** Based on auditors' review of the Authority's draft policies and procedures, they will include steps on how to manage any issues or changes related to grant agreements and a checklist that must be filled out for a variety of issues, such as a grantee failing to submit reports or exceptions to reporting requirements, and changes in grant milestones or delays in meeting goals (see Recommendation 2.2a for more information). These policies and procedures will require the checklist to be documented in its grant files.

Recommendation	Status/Additional Explanation
b. Steps for ensuring that grant recipients report milestone or outcome results or, when such results are not reported, exceptions to the reporting requirements are noted in the Authority's file.	**Implementation in process** See explanation for Recommendation 2.3a.
Sunset factor #2: The extent to which the Authority has met its statutory objective and purpose and the efficiency with which it has operated.	
1. The Authority should strengthen its conflict-of-interest practices by:	
a. Ensuring that all authority decision makers comply with its policy to review and sign conflict-of-interest policy acknowledgment forms annually; and	**Implementation in process** Authority staff and board members signed conflict-of-interest acknowledgment forms for fiscal year 2016. Auditors will assess whether these forms are annually updated as required during the 18-month followup.
b. Requiring judges for the innovation grants to sign and submit its policy acknowledgement form and disclose conflicts as required by its policy.	**Implemented at 6 months**
Sunset factor #4: The extent to which rules adopted by the Authority are consistent with the legislative mandate.	
2. The Authority should continue with its efforts to adopt rules to administer research tax credits and for the Computer Data Center Program as required by statute.	**Implementation in process** On October 2, 2015, the Authority adopted rules for the Computer Data Center Program and posted them on its Web site. The Authority also revised its application for the Research and Development tax credit program, which provides some temporary guidelines for the program. According to the Authority, it will adopt formal rules for the program in conjunction with the Arizona Department of Revenue. The Authority anticipates adopting the rules in early fiscal year 2017.
Sunset factor #5: The extent to which the Authority has encouraged input from the public before adopting its rules and the extent to which it has informed the public as to its actions and their expected impact on the public.	
3. The Authority should improve its compliance with the State's open meeting law by continuing to ensure its meeting minutes are available within 3 business days and including the required ADA statement related to reasonable accommodation on its meeting notices.	**Implementation in process** The Authority developed new policies and procedures to help ensure compliance with ADA and draft meeting minute requirements. Auditors found that the Authority included the required ADA statement on two of the four agendas auditors tested. However, on two of the agendas auditors tested, although the Authority had the required statement, the Authority did not fill in a contact name or number for an individual to request reasonable accommodations. Auditors will review the implementation status of this recommendation again during the 18-month followup to ensure the Authority consistently demonstrates its compliance with open meeting law.

SUBJECT: Arizona Department of Environmental Quality - Review of Safe Drinking Water Expenditure Plan

Request

Pursuant to an FY 2017 General Appropriation Act footnote, the Arizona Department of Environmental Quality (ADEQ) has requested Committee review of its expenditure plan for $1,800,000 from the Emissions Inspection Fund for the Safe Drinking Water Program in FY 2017.

Recommendation

The Committee has at least the following 2 options:

1. A favorable review.

2. An unfavorable review.

Analysis

Background

Pursuant to A.R.S. § 49-1243, ADEQ is the state agency with primary responsibility for administration of this state's public water system supervision program under the U.S. Safe Drinking Water Act of 1974 (SDWA). The SDWA sets national safety standards for over 80 contaminants that may be found in drinking water. States set additional standards based on their own laws and rules. ADEQ's Safe Drinking Water Program is designed to prevent, detect, and correct any possible contamination of drinking water systems or sources. ADEQ delegates some drinking water safety responsibilities to Maricopa and Pima Counties, though ADEQ still retains oversight of the programs.

(Continued)

As part of the Safe Drinking Water Program, ADEQ regulates 1,523 public water systems (PWS) with the help of local counties to ensure the quality of tap water meets or exceeds state and SDWA standards. A total of 1,465 of these PWS are small water systems. According to ADEQ, about 26% of PWS in Arizona have some level of non-compliance.

Prior to FY 2009, the Safe Drinking Water Program was funded primarily by appropriations from the General Fund. Between FY 2009 and FY 2010, the General Fund appropriation for the Safe Drinking Water Program was eliminated.

To offset the loss of General Fund monies, ADEQ began relying primarily on federal funding in FY 2009. These federal monies were set-aside dollars and non-program fees transferred from the Water Infrastructure Finance Authority's (WIFA) State Revolving Funds (SRF) to ADEQ. Over the last few fiscal years, WIFA has been experiencing significant losses in its allotment from the federal government. Starting in late FY 2011, WIFA began decreasing distributions of these monies to ADEQ, opting to use more of these monies internally. In FY 2017, ADEQ will receive an estimated $524,300 in federal grants and $3.1 million from WIFA.

ADEQ does collect some monies for the Safe Drinking Water Program from charging fees. ADEQ estimates that it will collect $323,600 in fees in FY 2017 for engineering review of drinking water systems. In addition, Laws 2016, Chapter 192 modified statute to redirect operator certification fees from the General Fund to the Water Quality Fee Fund, which is estimated to generate $166,700 in revenues for ADEQ in FY 2017. ADEQ does not have statutory authority to charge any other fees.

As a substitute for reductions in Federal Funds, the Safe Drinking Water Program first received a $1.8 million Emissions Inspection Fund appropriation in the FY 2013 budget. The program did not receive an appropriation in the FY 2014 budget but again received a $1.8 million Emissions Inspection Fund appropriation in the FY 2015, FY 2016, and FY 2017 budgets. Revenues for the Emissions Inspection Fund are generated by vehicle emissions inspection fees. *(See discussion below.)*

While vehicle emissions inspection fees are unrelated to Safe Drinking Water, the Arizona State Agency Fee Commission (currently inactive) recommended in 2012 that ADEQ be allowed to use revenues from the Emissions Inspection Fund as general purpose monies.

ADEQ's expenditures for the Safe Drinking Water Program in FY 2016 appear in *Table 1*. ADEQ spent $1.6 million of its $1.8 million appropriation. Direct personnel costs made up approximately 64% of total costs and the Indirect Cost Fund allocation made up approximately 29% of total costs.

Table 1

Safe Drinking Water Program Costs

	FY 2016 (Actual)		FY 2017 (Expenditure Plan)	
Position or Function	**FTEs**	**Cost**	**FTEs**	**Cost**
Direct Personnel	14.0	$1,016,500	14.0	$1,114,400

Request

ADEQ's expenditure plan for the Safe Drinking Water Program for FY 2017 appears in *Table 1*. In FY 2017, ADEQ is planning to expend $1.8 million. The allocation is similar in percentage terms to the FY 2016 allocation.

Emissions Inspection Fund

Pursuant to A.R.S. § 49-544, the Director of ADEQ has the authority to specify the fees required to pay for the full cost of the Vehicle Emissions Inspection (VEI) Program.

In recent years, the fees have exceeded program expenses and the resulting balances have been utilized for other programs. Since FY 2014, a total of $16.8 million of Emissions Inspection Fund monies have been transferred to the Automation Projects Fund to fund ADEQ's departmentwide e-licensing portal. The appropriations from the Emissions Inspection Fund for the Safe Drinking Water Program have totaled $7.2 million since FY 2013. Additionally, the FY 2017 Environment BRB utilizes $4.3 million from the Emissions Inspection Fund to help fund the Water Quality Assurance Revolving Fund (WQARF) Program in FY 2017. ADEQ estimates the Emissions Inspection Fund will have a $9.8 million balance at the end of FY 2017, down from $20.0 million in FY 2015, as shown in *Table 2*. VEI fees will be insufficient to continue subsidizing non-VEI programs after FY 2018.

Table 2

Emissions Inspection Fund

	FY 2014 (Actuals)	FY 2015 (Actuals)	FY 2016 (Actuals)	FY 2017 (Estimate)
Balance Forward	$12,000,800	$20,016,500	$17,318,000	$16,262,000
Inspections	25,550,400	24,890,000	24,206,500	27,220,500
Automated Projects Fund	5,000,000	6,800,000	5,000,000	0
SDWP	0	1,367,700	1,579,700	1,800,000
WQARF	0	0	0	4,250,000
AFIS Adjustments	191,200	0	0	0
Total Expenditures	**$30,741,600**	**$33,057,700**	**$30,786,200**	**$33,270,500**
Total Revenue	$38,757,400	$30,359,300	$29,730,200	$26,764,000
Total Balance	**$20,016,500**	**$17,318,000**	**$16,262,000**	**$9,755,500**

The FY 2013 Environment Budget Reconciliation Bill (Laws 2012, Chapter 303) required the State Agency Fee Commission to recommend reductions to vehicle emissions inspection fees by December 31, 2012. The Fee Commission recommended that the current fee structure remain unchanged and that the Legislature set a statutory cap of 140% of Emissions Inspection contract costs. A statutory fee cap was not implemented. Statute does not currently specify a fee level, as fee levels continue to be determined by the Director of ADEQ.

In response to the report, however, ADEQ decreased the primary vehicle emissions inspection fee in Maricopa County on July 1, 2014 from $27.75 to $20.00. Despite this fee reduction, vehicle emissions inspection fees continued to generate a structural surplus.

(Continued)

The FY 2017 Environment BRB further reduces emissions inspection fees by $3.00 in Area A, which refers to the Phoenix Metropolitan Area and includes Maricopa County as well as portions of Pinal and Yavapai Counties. This does not affect Area B, which refers to the Tucson Metropolitan Area. Area A's onboard diagnostic test fee is reduced from $20.00 to $17.00, its steady state and idle test fee is reduced from $19.00 to $16.00, and its heavy-duty diesel test fee is reduced from $28.00 to $25.00. These changes are estimated to reduce fees on over 1.2 million tests conducted annually and reduce Emissions Inspection Fund revenues by approximately $3.7 million annually. *Table 2* shows the estimated revenues after fee reductions.

Re: Safe Drinking Water Program line item expenditure plan for review

Dear Senator Shooter,

In accordance with Laws 2016, 52nd Legislature, 2nd Regular Session, Chapter 117 (HB2695), Section 39, line 28 *"Before the expenditure of any monies from the safe drinking water program line item, the department on environmental quality shall submit an expenditure plan for review by the joint legislative budget committee,"* The Arizona Department of Environmental Quality is submitting the safe drinking water program expenditure plan for review. Monies to support the expenditure plan have already been appropriated by Vehicle Emission Inspection.

The attached document contains the Drinking Water Program Budget/Expenditure Plan. We will be happy to meet with your staff to provide explanation as appropriate. If you need further information, please contact Trevor Baggiore, Director, ADEQ Water Quality Division, at 602-771-2303.

Sincerely,

Misael Cabrera, PE
Director

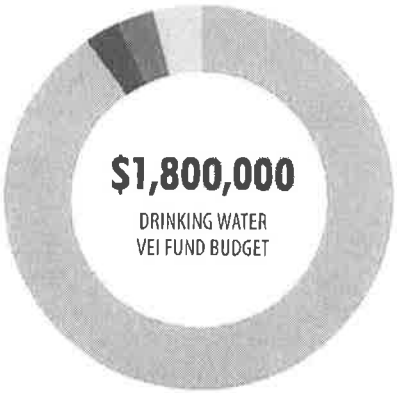
WATER QUALITY DIVISION

June 2016

DRINKING WATER PROGRAM BUDGET FUNDED BY VEHICLE EMISSION INSPECTION (VEI)



$1,613,000 14.0 FTE
- Salaries
- Indirect
- Benefits

$90,600 PROFESSIONAL & OUTSIDE SERVICES
- Attorney General

$25,000 IN-STATE TRAVEL
- Operator certification
- Training
- Inspections

$4,500 OUT OF STATE TRAVEL
- EPA conferences

$66,900 OTHER OPERATING EXPENSES
- Software updates
- Supplies
- Printing

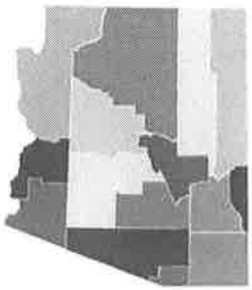
PROGRAM SCOPE

- Regulate 1,523 public water systems (PWS)– 1,465 are small systems.
- Ensure PWS are designed and constructed correctly.
- Train and certify 2,700 municipal and private system personnel to operate PWS properly.
- Continually educate and advise regulated community to help keep them in compliance
- Provide water quality information to the public.
- Provide guidance on source water protection and technical assistance to schools and PWS.
- Receive and review 85,000 water quality test results each year from PWS.
- Conduct an average of 235 water system inspections per year and assist in returning systems to compliance as rapidly as possible.

WHY IT MATTERS

- About 26% of PWS in Arizona have some level of non-compliance.
- Majority of compliance issues are small water systems, which require focused attention to achieve compliance.
- Without stable funding, Arizona runs the risk of EPA taking over compliance activities.
- Historically funded by the General Fund, the Drinking Water Program is the only ADEQ program not transitioned to the fee for service model.

COMPARISONS BY COUNTY



"Studies indicate that drinking water contaminants are linked to millions of instances of illness within the United States each year."

Dr. Philip Landrigan, Dean of Global Health at Mount Sinai School of Medicine, was discussing the health effects from drinking the lead contaminated water for the children of Flint and stated "There's real danger that the injury is going to be permanent and lifelong in them. These children are going to be injured for life. They're going to need remedial education, they're going to need educational enrichment programs. They're kids who are going to be prevented from functioning at their full level."

There are no known drugs to effectively reverse the developmental damage caused by lead.

SUBJECT: Arizona Department of Administration - Review of ASET E-Procurement Project Automation Projects Fund)

Request

Pursuant to A.R.S. § 41-714, the Arizona Department of Administration (ADOA) has requested that the Committee review $300,000 in proposed FY 2017 expenditures from the Automation Projects Fund (APF) for the replacement of the state's e-procurement system.

ADOA has not yet selected a vendor for the project but plans to seek approval from the Information Technology Authorization Committee (ITAC) by the end of calendar year 2016.

Recommendation

The Committee has at least the following 2 options:

1. A favorable review of the $300,000 allocation.

2. An unfavorable review of the $300,000 allocation.

Under either option, the Committee may consider the following provision:

A. Committee review does not commit the Legislature to any additional funding above the currently allocated $15.1 million to replace the e-procurement system.

(Continued)

Analysis

Background

The state's e-procurement system, ProcureAZ, was implemented in 2010. The system serves as an online, publicly available, official procurement record and allows state agencies to manage solicitations, requisitions, and purchase orders, and notify registered vendors of available solicitations.

ADOA reports that the current system lacks the ability to integrate with the state's accounting system, the Arizona Financial Information System (AFIS), to record purchase order and invoice transactions. In addition, the current system lacks data analytic capabilities to track data such as contract utilization of cross-agency contracts.

ADOA was appropriated $12.0 million from the APF in FY 2017 to replace the state's e-procurement system. This amount consists of $3.0 million transferred from the General Fund and $9.0 million transferred from other appropriated and non-appropriated funds. In addition, the budget requires ADOA to use $3.1 million from the AFIS replacement monies for the replacement of the e-procurement system. The total amount available for the project is approximately $15.1 million.

Current Request

ADOA is currently requesting a review of $300,000 from the FY 2017 appropriation. ADOA issued a Request for Proposals (RFP) in June 2016 but has since cancelled the solicitation because the responses were not sufficient to address the scope of work. ADOA is currently in the process of revising the RFP. ADOA will then finalize the Project Investment Justification (PIJ) and request approval from ITAC.

ADOA reports that allocating $300,000 of the project funds will allow ADOA to move forward with initial expenses including project management, developing the business and technology integration requirements, and the third-party oversight. These expenses do not require a completed PIJ. ADOA will request JLBC review of the remaining funds at the next scheduled Committee meeting (typically December).

Third-Party Review

Pursuant to A.R.S. § 41-3504, any large-scale Information Technology (IT) projects with a total cost greater than $5.0 million must receive relevant third-party analysis from an independent contracted vendor before receiving approval from ITAC. The third-party consultant is required to review and provide guidance on the technology approach, scope, estimated cost, timeline for completion and overall feasibility of the project. ADOA reports that for this e-procurement project, it plans to retain the same consultant as the AFIS replacement project. The consultant has extensive knowledge of the AFIS project including the procurement interface and assisted with the development of the e-procurement RFP.

Analyst Request

Subject: ADOA State Procurement Office Interim Spend Request

As requested from the meeting with ASET, the preliminary ask estimates for the initial expenses in support of the Electronic Procurement Replacement project are as follows:

1. Third Party Assessment expense for the review and analysis of the project viability, estimate is $85,000.00;

2. Time and labor of a Business Analyst to develop and produce the business requirements document, identify and analyze current and future process workflow throughout the project life cycle. Initial request is $50,000.00; and

3. Time and labor of a Project Manager, to perform project management duties, regarding scope, schedule, and budget oversight, including timely participation and advisory services regarding ASET process and procedures throughout the project life cycle. Initial request is $50,000.00.

4. Time and labor of current AFIS Contractor regarding potential integration changes to realign the internal process flow between the two dependent systems, ProcureAZ and AFIS. One-time expense, with an initial request of $125,000.00
