

## BUDGET CYCLE

Under A.R.S. § 35-113, the state has a “bifurcated” budget system in which most state agencies submit a biennial budget request each odd-numbered year, requesting a separate appropriation for each of the next 2 fiscal years. Larger state agencies make an annual budget request. These “annual budget units” are:

- Arizona Department of Administration (ADOA)
- Arizona Health Care Cost Containment System (AHCCCS)
- Arizona Community Colleges
- Department of Corrections (ADC)
- Department of Economic Security (DES)
- Arizona Department of Education (ADE)
- Department of Health Services (DHS)
- Judiciary
- Department of Juvenile Corrections (DJC)
- School Facilities Board (SFB)
- Arizona Department of Transportation (ADOT)

- Universities, including:
  - Arizona Board of Regents
  - Arizona State University - Main, East, and West
  - University of Arizona
  - Northern Arizona University

In addition to these agencies, the FY 2010 General Appropriation Act appropriated annual budgets to all other agencies. As a result, all agencies will also need to have an FY 2011 budget approved in the 2010 legislative session.

The table below provides additional detail on how the budget cycle has changed for state agencies since FY 1992 and FY 1993.

<b><u>Biennium</u></b>	<b><u>Changes in Biennial Budgeting</u></b>

All other budgets biennial for FY 2004 and FY 2005.
