# **FY 2018 JLBC Baseline**

## **Summary Version**

**January 13, 2017**

**JLBC**

## **'18 JLBC Baseline is Nominally Balanced**

**- But Several Factors Will Likely Eliminate Available \$**

---

- Baseline compares revenues with funding formula requirements to provide a guideline of available resources
- Both net revenues and spending are nearly flat compared to '17
- '18 Baseline cash balance is \$159 M, and the structural balance is \$46 M
- Even before new initiatives are discussed, the retention of some one-time '17 spending and minimum wage requirements could eliminate the surplus funds.

# Baseline Eliminates \$240 M in 1-Time Spending

## - Legislative Interest in Retaining Some of These Funds?

<b>Total</b>	<b>130</b>

# **Proposition 206 Minimum Wage Costs**

## **- Affects State's Contracted Providers**

---

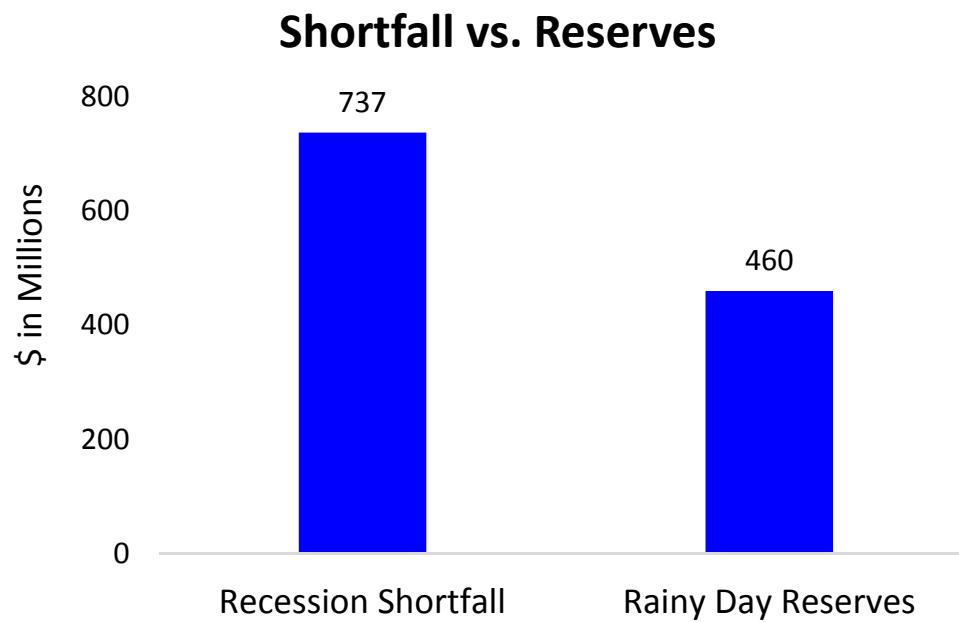

- The state has raised rates for Medicaid Long-Term Care providers at a cost of \$23 M
- Cost is based on a simplifying set of assumptions, not known wages
- We are researching other impacts, such as K-12, Universities, DCS, and DES
- Combined, possible one-time retention candidates and the Long-Term Care minimum wage would cost \$153 M
- If these items were funded ongoing, the \$46 M structural balance would become a \$(107) M shortfall

# Budgets Should Also Be “Stress Tested”

## - Evaluates Level of Reserves in a Recession

---

- ❑ While Base Revenue would grow 3.9% in '18 Baseline, in stress test revenues decline (5)%
- ❑ \$(737) M Shortfall under stress test

# Is a Recession Likely? Not at this Time

## But Current Expansion Reaching Record Length...

# Revenue Forecast Uncertainties

---

- Department of Revenue Staffing
  - Unknown impact of 1/3rd reduction in DOR collections/audit staff
  - Forecast has not been specifically adjusted, but staff reduction may have affected FAC panelists' estimates
  - DOR hopes to offset loss of staff with greater e-filing, but impact unlikely to be immediate
  
- Federal Fiscal and Monetary Policy
  - New tax reductions and infrastructure spending likely to stimulate the economy
  - If federal deficit grows, interest rates could rise and offset the fiscal policy stimulus
  - Federal Reserve will need to chart a course on interest rates as events unfold

# Arizona Has Other Fiscal Challenges

---

- Federal changes to Affordable Care Act could cost between \$100 M and \$1.4 B
  - Unknown start date; could be deferred to '19
- Pending Litigation Against the State
  - Hospital Assessment (\$100 M - \$250 M)
  - Rental Care Surcharge (\$150 M)
- Retirement System Underfunding
  - '18 employer rates do not reflect the cost of the AZ Supreme Court's decision in the Hall case
  - The Elected Official System is underfunded by approximately \$30 M
