The following reflects one-time appropriations:

#### **Building Renewal**

##### **Building Renewal**

The Baseline includes \$22,540,100 in FY 2026 for Building Renewal within ADOT's Building System. This amount consists of \$22,145,300 from the State Highway Fund (SHF) and \$394,800 from the State Aviation Fund (SAF). The SHF amount is for the ADOT Building System and the State Aviation amount is for the Grand Canyon Airport.

Building renewal appropriations are used for major repair and maintenance of state-owned buildings. The formula is based on the square footage and replacement cost of existing buildings. The amounts represent 96% funding of the FY 2026 highway building renewal formula and 100% funding of the FY 2026 aviation building renewal formula. The FY 2025 budget appropriated \$22,082,800 from the SHF and \$457,300 from the SAF, which represented 100% funding of the FY 2025 highway building renewal formula and 100% funding of the FY 2025 aviation building renewal formula. The FY 2026 Baseline maintains the same overall dollar level as in FY 2025, but shifts funding out of the Aviation Fund to the State Highway Fund to lower the Aviation Fund building renewal percentage to 100%.

#### **Airport Planning and Development**

##### **Airport Planning and Development**

The Baseline includes \$44,340,700 from the State Aviation Fund (SAF) in FY 2026 for ADOT's airport capital improvement program. Fund revenues are generated from the jet fuel tax and Grand Canyon Airport

operational revenues. This amount corresponds to the programmed amount in the department's FY 2025-2029 Airport Capital Improvement Program (ACIP). ADOT develops an annual Five-Year ACIP to program airport planning and development monies, subject to the approval of the State Transportation Board. By aligning the airport planning and development appropriation with the programmed amount, the appropriation reflects the amount ADOT plans to award. In comparison, the FY 2025 budget included \$25,550,000 for this purpose.

#### **Interstate and State Highway Road Projects**

##### **Controlled Access Highways**

The Baseline includes an estimated urban freeway controlled access funding level of \$141,314,000 from SHF in FY 2026. The Maricopa Association of Governments (MAG) receives 75% and the Pima Association of Governments (PAG) receives 25%. These amounts are deposited into 4 subaccounts of the SHF: the MAG 12.6% account, MAG 2.6% account, PAG 12.6% account, and PAG 2.6% account. The 12.6% accounts refer to the statutory HURF distribution and the 2.6% accounts refer to the State Transportation Board policy amount. ADOT spends these amounts as programmed by MAG and PAG.

##### **Debt Service**

The Baseline includes \$118,773,000 from SHF in FY 2026 for the appropriated portion of the debt service on bonds. ADOT has approximately \$903,150,000 in outstanding bonds and other long-term debt. The amount represents the appropriated portion of FY 2026 debt service payments. (Please see Table 5 for more information on debt service.)

**Statewide Highway Construction**

The Baseline includes \$198,683,000 from SHF in FY 2026 for new highway construction. Only a small portion of the state's total \$2,125,900,000 highway construction funding is appropriated. Other monies available for highway construction include beginning balances and bond revenues from SHF, Federal Funds, the Maricopa Regional Area Road Fund (MRARF), and HURF for controlled access roads. (See the Total Highway Construction Funding discussion and Table 5 in Other Issues for additional information.) A footnote in the FY 2026 Baseline appropriates any additional monies in SHF above the appropriation to ADOT for highway construction.

Expenditure of highway construction funding is determined by the State Transportation Board, which approves a 5-Year Program developed by ADOT.

Highway construction monies represent the amount that is available for the discretionary SHF to fund the State Transportation Board's 5-Year Program after all other allocations have been made. (Please see the Summary of Highway Construction section and Table 6 for more information.)

Table 1 shows the allocation of the highway construction budget prior to any ADOT operating and capital issues and statewide adjustments made during the budget process, which would reduce the level of available highway construction funding.

As noted in the HURF distribution table (please see Table 6), an additional amount of \$695,207,000 from the balances of the MAG and PAG 12.6% and 2.6% subaccounts will also be available in FY 2026.

**Summary of Non-Appropriated Capital Funds**

Table 2 provides a summary of non-appropriated capital expenditures. Non-appropriated capital expenditures are expected to grow from \$1,546,185,000 in FY 2024 to \$1,900,620,000 in FY 2025 and \$1,856,767,000 in FY 2026.

Further background information regarding the funds is contained in the ADOT Summary of Funds in the ADOT

operating section of the FY 2026 Baseline Book. The ADOT operating budget section does not include the non-appropriated capital expenditures as those only appear in Table 2.

The State Transportation Board oversees the department's highway construction program. The 5-Year Highway Construction Program adopted by the board on June 21, 2024 includes monies from SHF, Federal Funds, MRARF, SHF for controlled access roads, and bond revenues. The highway construction program adopted by the State Transportation Board totals \$1,802,758,000 for FY 2026. (Please see Table 3 for additional details.)

<sup>2/</sup> Includes expenditures from SHF for controlled access, PAG, and MRARF.  
<sup>3/</sup> Includes construction preparation, contingency set-asides, and related highway construction and maintenance items.

**Total Highway Construction Funding**

Only a small portion of the state’s total highway construction funding is appropriated. The FY 2026 Baseline includes \$458,770,000 for highway construction, including \$198,683,000 of net SHF monies for statewide highway construction.

Table 5 summarizes expenditures for highway construction that are planned in the future and currently underway from FY 2024 through FY 2026 on a cash flow basis, as provided by ADOT. Table 3, which shows the highway construction program adopted by the State Transportation Board, presents a different view since it only shows the total dollar cost of highway projects scheduled to begin in FY 2026 by category of construction. Table 5 also includes monies from the Local Agency Deposits Fund, while Table 3 does not.

For FY 2024, Table 5 shows that total cash highway construction expenditures were \$1,216,600,000 while \$604,400,000 was spent on debt service. In FY 2025, total estimated cash highway construction expenditures are \$1,835,300,000 with total debt service of \$294,700,000. In FY 2026, total estimated cash highway construction expenditures are \$1,977,100,000 with total debt service of \$148,800,000.

The major sources of highway construction funding are SHF, Federal Aid, the half-cent sales tax in Maricopa County (MRARF), bond proceeds, and the Local Agency Deposits Fund. The Local Agency Deposits Fund receives monies from the federal government and local agencies for the payment of local agency sponsored county secondary road construction projects.

Table 5 does not include highway maintenance spending of \$143,304,200 in FY 2024, \$165,300,900 in FY 2025, and \$164,274,100 in FY 2026. Of the \$148,800,000 total FY 2026 debt service amount in Table 6, only \$118,773,000 is appropriated.

**Highway User Revenue Fund Analysis**

HURF consists of monies received in the state from transportation-related licenses, taxes, fees, penalties and interest such as the motor vehicle fuel tax, vehicle license tax (VLT), vehicle registration, driver’s license, and others. Table 4 explains the formula distribution of HURF monies between state and local governments. Table 6 presents the overall HURF distribution for FY 2024 through FY 2026. The line in Table 6 showing net SHF Available for Statewide Highway Construction, which totals \$198,683,000 for FY 2026, does not include Maricopa County and Pima County Controlled Access Funds, Bond Funds, Federal Funds, and Miscellaneous Funds available for construction. This line represents the amount that is

available from the discretionary SHF to fund the State Transportation Board’s 5-Year Program.

Total FY 2024 HURF collections of \$1,801,131,000 were 3.0% above FY 2023 collections. As of December 2024, FY 2025 HURF year-to-date collections were 2.8% higher than the prior year collections.

VLT is the largest source of HURF collections, accounting for 32.7% of HURF revenue in FY 2024, a percentage which has been increasing in recent years. From FY 2020 to FY 2024, the gas tax share of total collections has decreased by (4.5)% while VLT’s share has increased by 0.7%.

The gas tax comprises the second largest source of HURF collections at 30.3%.

ADOT forecasts HURF collections 10 years out each summer using a model based on the state’s nominal personal income, population, non-farm employment, fleet fuel efficiency and nominal gas price.

Table 4 breaks down the distribution of HURF monies between cities, counties, controlled access, and the SHF.

Cities	30.5%
Counties	19.0%
Controlled Access <sup>1/</sup>	7.7%
State Highway Fund <sup>1/</sup>	<u>42.8%</u>
<b>Total</b>	<b>100.0%</b>

<sup>1/</sup> A.R.S. § 28-6538 distributes 50.5% of HURF monies to SHF, with 12.6% of the monies distributed to SHF being allocated to controlled access highways in Maricopa and Pima Counties. The State Transportation Board adds 2.6% by Board Policy to the statutory 12.6%, making a total of 15.2% of SHF monies set aside for controlled access highways (15.2% of 50.5% = 7.7% displayed in the table above). The controlled access monies are divided: 75% for Maricopa County and 25% for Pima County. Pima County may also use some of their monies for arterial streets and highways.

<sup>1/</sup> MRARF debt service assumes all debt incurred as a result of Prop 400 collections will be paid off by FY 2026. MAG's current Transportation Improvement Plan (TIP) does not include Prop 479 figures (half-cent sales tax extension) passed by Arizona voters in November 2024. As of this writing, ADOT is awaiting a new TIP in order to estimate MRARF debt service in FY 2026 and beyond.

<sup>2/</sup> Information provided by the department. Includes \$118,772,579 for HURF bonds (\$106,943,470 for statewide program and \$11,829,108 MAG program); \$29,970,500 for Grant Anticipation Notes; and \$0 for MRARF bonds.

<sup>1/</sup> Provides monies for economic strength highway projects recommended by the Arizona Commerce Authority and approved by the State Transportation Board.

<sup>2/</sup> A statutorily defined distribution of HURF monies for acquisition and construction of streets or highways.

<sup>3/</sup> A.R.S § 28-5808A transfers 1.51% of VLT for distribution to SHF to the Parity Compensation Fund beginning in FY 2006.

<sup>4/</sup> A.R.S § 28-5808E transfers the SHF share of the HURF VLT to the state General Fund that is generated from the difference between a 2-year registration and a 5-year registration.

<sup>5/</sup> A.R.S § 28-5808D also transfers the SHF share of the HURF VLT to the state General Fund that is equal to 90% of the fees collected under A.R.S. § 28-4802A and 60% of the fees collected under A.R.S. § 28-4802B to the state General Fund.

<sup>6/</sup> This VLT transfer to the state General Fund reflects savings generated from the department's operating budget as a result of an ongoing decrease in the Enforcement and Compliance Division (ECD). The FY 2025 budget reduced ADOT's ECD budget by \$2,000,000, beginning in FY 2025.

<sup>7/</sup> A statutorily defined distribution of SHF monies for design, acquisition, and construction of controlled access highways. The monies are divided 75% for Maricopa County and 25% for Pima County. Pima County may also use some of their monies for arterial streets and highways.

<sup>8/</sup> Includes transfers from the MAG 12.6% subaccount to the SHF for debt service on HURF bonds, miscellaneous receipts, rental income, sale of capital assets, underground storage tank deposits, investment income, grants from Governor's Office of Highway Safety, retained MVD fees, oversize permits, and abandoned vehicle fees.

<sup>9/</sup> Statutory payments to third parties from VLT collected by third parties. Non-VLT fees to ATPs are listed at the top of the chart.

<sup>10/</sup> Local entities can exchange federal aid monies for State Highway Fund monies.

<sup>11/</sup> Debt service on highway revenue bonds, does not include debt service payable from Maricopa and Pima controlled access funds.

<sup>12/</sup> Excludes Maricopa and Pima County controlled access funds, and bond, federal, and miscellaneous funds available for construction.

<sup>13/</sup> The amounts displayed in the Net SHF Available for Statewide Highway Construction do not match the amounts contained in the respective Capital Outlay Bill for each fiscal year due to spending changes in ADOT's operating budget, DPS's operating budget, building renewal, and capital outlay projects.
