

BALLOT PROPOSITION #102
Standing; Federal Violation; Damages

FISCAL ANALYSIS

Description

Proposition 102 prohibits a person who is present in the state in violation of federal immigration law related to improper entry by an illegal immigrant from being awarded punitive damages in any court in the state of Arizona.

Estimated Impact

Proposition 102 would not have a fiscal impact on state or local government. Current Arizona law already precludes public entities from being held liable for punitive damages.

7/24/06
