Finance Advisory Committee Revenue and Budget Update April 7, 2022

Key Points – Similar to Our January Outlook

- General Fund revenues continue their strong growth currently 18%
- The outcome of referendum, litigation and federal policy decisions will affect available resources
- We now project \$1.29 B is available for ongoing initiatives plus \$2.8 B for one-time purposes (January estimates were \$1.0 B/\$2.1 B)
- "Maximum Commitment" scenario same as January: based on outcomes using up the most resources so as to not overstate '23 \$

"Maximum Commitment" Scenario Assumptions:

- Not a Prediction of Litigation/Referendum Results!
- Proposition 208 is upheld in litigation
 - With Superior Court ruling, seems much less likely
- Set aside \$939 M of General Fund income tax revenues to transfer to the Prop 208 fund or for taxpayer refunds
- The enacted income tax cut, including the triggers, go into effect
- The federal government does not extend the special enhanced Medicaid match rate past June 2022
- Add \$100 M in '24 and \$140 M in '25 for the just-released lower regular Federal Medicaid match rates

General Fund Revenues

January vs. April 4-Sector Forecasts

- April Estimates Raise the Forecast in '22 and '23

4-Sector Components

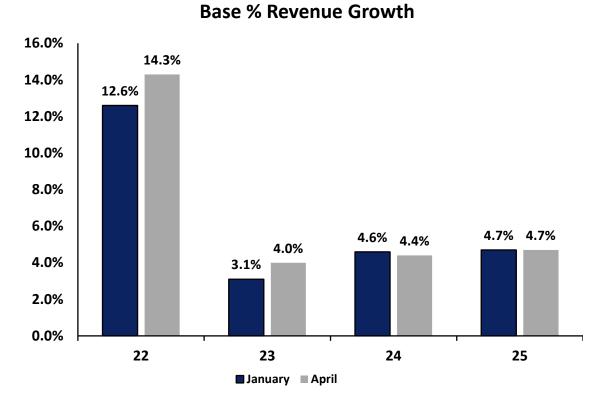

- Finance Advisory Committee
- UA model base
- UA model more cautious
- JLBC Staff

Represents Base Growth

Prior to Enacted Tax Reductions

Income Tax Deferral

'22% adjusted to remove 7/20 income tax deferral

Excludes balance forward, one-time transfers, tax law changes and urban revenue sharing

See Appendix A and B

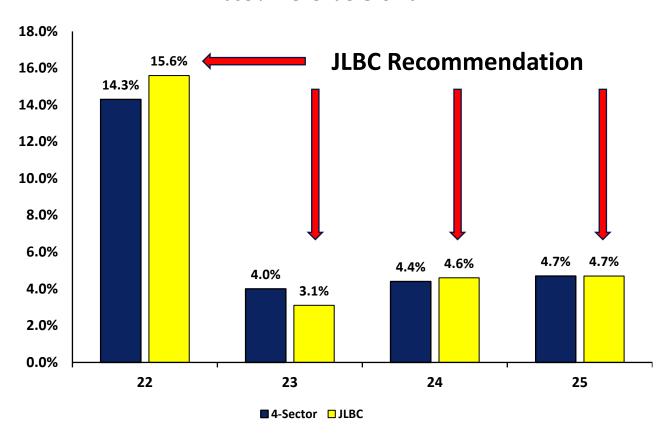

JLBC Staff Recommends Modifying the April 4-Sector

- Use a 15.6% '22 growth rate rather than the 14.3% 4-Sector rate
 - Based on early income tax filings, there is substantial upside potential above the 14.3% growth in 4-Sector forecast
 - Hard to interpret income tax results in the middle of filing season
- Retain the lower January 4-Sector '23 '25 growth rates; general economic conditions do not appear to warrant more optimism
 - Federal Reserve has the challenge of raising interest rates by 2%+ in the next 2
 years without substantially slowing down economic growth
 - Highest inflation rate in 40 years
 - Russia-Ukraine War

JLBC Staff Recommended '22 - '25 Forecast

Projected Ending Balances

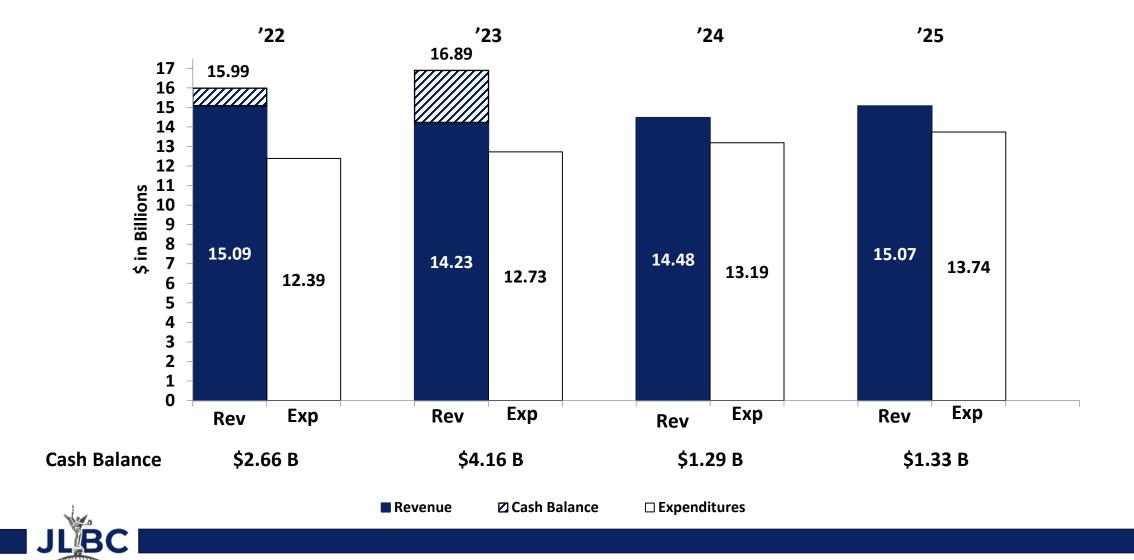

Excludes \$985 M in Budget Stabilization Fund

More Information in Appendix C

April Baseline Balances: \$1.29 B Ongoing & \$2.8 B One-Time

- \$2.7 B '22 Balance Is After \$939 M Set Aside for Prop 208 Reserve

Impact of Invalidating Proposition 208

- Superior Court ruled that Prop 208 would cause the K-12 Aggregate Expenditure Limit to be exceeded
- Based on a prior Supreme Court ruling, the result would be to invalidate the Prop 208 3.5% income tax surcharge
- Since the '22 budget set aside resources to limit the impact of the surcharge, the court rulings would effectively free up General Fund \$
- If the rulings stand:
 - Ongoing resources increase from \$1.29 B to \$1.57 B and
 - One-time resources increase from \$2.8 B to \$3.7 B

Ending Balance <u>4</u> /	\$2,657,809,200	\$4,162,256,900	\$1,285,406,700	\$1,333,383,800

Baseline estimates reflect a "Maximum Commitment" scenario, which is based on the outcomes of pending litigation and referendum that use the most resources.

^{2/} Reflects revertments of savings for a higher federal Medicaid match rate and lower K12 formula costs.

^{3/} Reflects Proposition 208 uncertainty. If surcharge upheld, revenue would be transferred to Proposition 208 fund. If surcharge not upheld, state would refund revenue.

^{4/} Reflects the difference between total revenues and total expenditures. Excludes any Budget Stabilization Fund balance.

Economic Conditions Update For JLBC FAC

April 2022

ROUNDS CONSULTING GROUP

ROUNDS CONSULTING GROUP

www.roundsconsulting.com

1

How to forecast in this recovery...

- Look at the numbers,
- Look at the percentages,
- Figure out what else is influencing the data,
- Factor in risk (war, inflation, DC policy, etc.),

ROUNDS CONSULTING GROUP

www.roundsconsulting.com

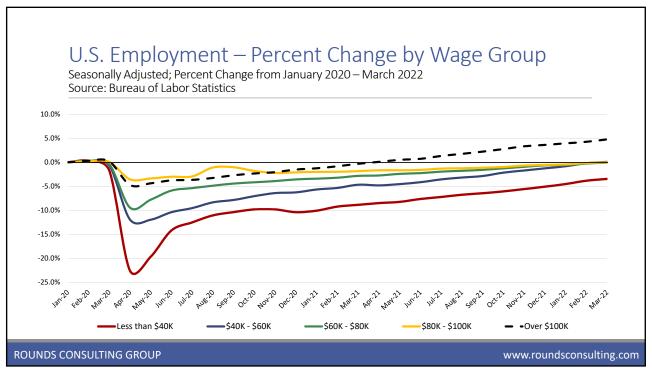

How to forecast in this recovery...

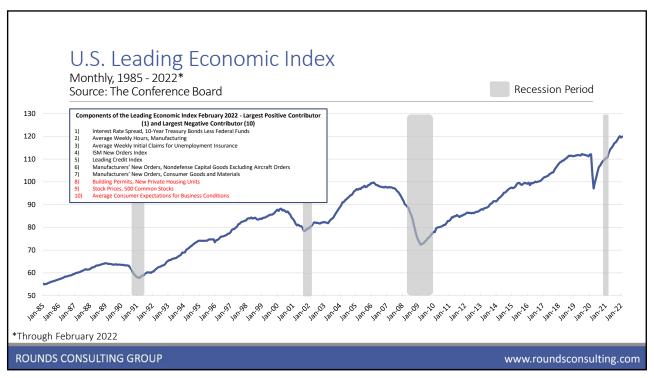

- If higher risk, the forecast would come down,
- But, how is AZ different than rest of U.S.?
- Will we continue to be top 5?
- Will we continue to be more resilient?

Recommendations

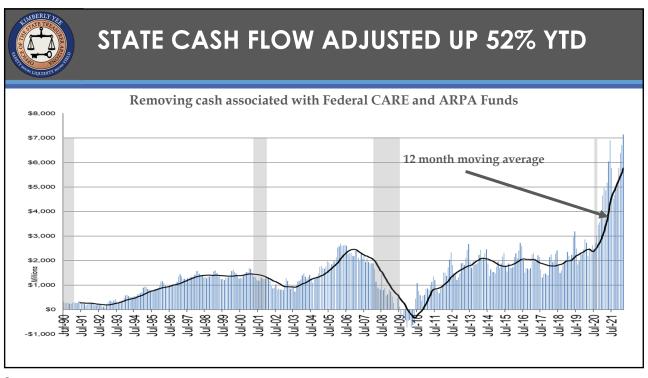

- Hedge against uncertainty with \$1.5B in rainy day fund – mild recession requires \$2.5B.
- Workforce...the biggest opportunity and risk fund high ROI projects.
- AZ will likely outperform the U.S. during the next downturn still be cautious.

Insurance Premium Tax

INSURANCE PREMIUM TAX

WHO PAYS

All authorized insurers are subject to the insurance premium tax. Additionally, the tax applies to health care service organizations, prepaid dental plan organizations, and prepaid legal insurance corporations. [A.R.S. § 20-206, A.R.S. § 20-224, A.R.S. § 20-401.05, A.R.S. § 20-416, A.R.S. § 20-837, A.R.S. § 20-1010, A.R.S. § 20-1060, A.R.S. § 20-1097.07].

DISTRIBUTION

Except for a portion of the tax on fire insurance premiums and an additional tax paid on vehicle insurance premiums, these tax revenues are deposited in the state's General Fund [A.R.S. § 20-227].

Eighty-five percent of the fire insurance premium tax is transferred to cities and towns and legally organized fire districts which procure the services of private fire companies and to cities and towns which have their own fire department or legally organized fire district. The proceeds are to be used to assist in funding pension plans for fire-fighting personnel. The other 15% is deposited into the state's General Fund [A.R.S. § 20-224, A.R.S. § 9-951, and A.R.S. § 9-952].

An additional tax of 0.4312% paid on insurance carried on vehicles is separately accounted for and transferred to the Public Safety Personnel Retirement System for deposit in the Highway Patrol Account to assist in funding the pension plan for highway patrol personnel [A.R.S. § 20-224.01].

REVENUE BASE

The tax applies to premiums paid for insurance covering liabilities that exist within the state. The tax is levied on the net premium income, which is defined as the total amount received from premiums after deducting cancellations, returned premiums, policy dividends, and refund reductions. The specific types of insurance that are taxed are described in the *Taxable Lines of Insurance* section.

TAX RATE

Pursuant to Laws 2016, Chapter 358, the insurance premium tax rate on life, vehicle, and other property and casualty lines of insurance is gradually reduced from 2.0% in calendar year (CY) 2015 to 1.7% in CY 2021. Under Chapter 358, the rate is 1.80% in CY 2019, 1.75% in CY 2020, and 1.70% in CY 2021 and each sequent year. Except for fire insurance and surplus line insurance, the tax rate for most other types of insurance is 2.0% of net premium income [A.R.S. § 20-224].

The tax rate for fire insurance is 0.66% for insurance on properties located in an incorporated city or town which procures the services of a private fire company. The rate on all other fire insurance is 2.2% [A.R.S. § 20-224].

The tax rate on premiums paid to brokers selling surplus line insurance and industrial insurance contracts procured from unauthorized insurers is 3% of the net premium income [A.R.S. § 20-401.07 and A.R.S. § 20-416].

PAYMENT SCHEDULE

Payment of the preceding calendar year's insurance premium tax liability is due on or before March 1 of each year. [A.R.S. § 20-224].

Any insurer that paid or is required to pay a tax of \$50,000 or more for the preceding calendar year is required to pay an "installment" payment of 15% of that amount on or before the 15th day of each month from March through August. Laws 2017, Chapter 153 increased the threshold of tax liability above which an insurer is required to make installment payments, from \$2,000 to \$50,000 in the preceding calendar year, beginning in calendar year 2018. Installment payments are credited against the insurance premium tax due on March 1 of the following year [A.R.S. § 20-224].

TAXABLE LINES OF INSURANCE

The table at the end of this section lists the Insurance Premium Tax revenue collections to the General Fund from FY 2015 to FY 2021, by line item. Each of the insurance lines in the table is described below.

<u>AHCCCS Contractors</u>: The Arizona Health Care Cost Containment System (AHCCCS) makes predetermined monthly capitation payments to managed care organizations that provide Medicaid health insurance to qualifying low-income individuals. The state and federal government share in the costs of the program. With some exceptions, the state's Medicaid program covers individuals with family incomes up to 133% of the federal poverty level.

Since FY 2004, capitation payments to AHCCCS contractors have been subject to Insurance Premium Tax. Both the state and federal portions of capitation payments are subject to the tax. Tax collections from this line were about 48% of Insurance Premium Tax General Fund revenues in FY 2021. The revenue growth of 23.7% in FY 2015 and 17.2% in FY 2016 in this line was largely driven by the expansion of eligible income levels for the program on January 1, 2014. Growth slowed in the period from FY 2017 through FY 2019 as Medicaid enrollment slowed. Revenue increased by 33.1% in FY 2021. This surge in collections was due to the large AHCCCS enrollment during calendar year 2020.

<u>Accident and Health</u>: Includes insurance policies for medical risks and accidental injury or death. Much of this line consists of personal and employer-sponsored health insurance plans. Federal law, though, exempts employer self-insured plans from state insurance premium tax. Collections from the line made up about 20% of Insurance Premium Tax General Fund revenues in FY 2021. Revenue growth in this line was 9.0% in FY 2021.

<u>Vehicle</u>: This line consists of insurance against damage to vehicles and accidental injury or death or damage to non-vehicle property caused while using a vehicle. According to the Department of Insurance and Financial Institutions, private passenger automobile insurance accounts for 90% of this line's premiums while insurance for commercial risks account for the remaining 10% of premiums. Revenue from this line of insurance declined by (3.0)% in FY 2021. Collections from this line made up 18% of Insurance Premium Tax General Fund revenues in FY 2021.

<u>Other Property and Casualty</u>: Consists of numerous types of property and casualty insurance that together were 11% of Insurance Premium Tax General Fund revenue in FY 2021. The largest subcategory of insurance in this line is homeowners' insurance, which makes up about one-third of the

line's taxable premiums. Some other major sub-categories of this line include property in transit, commercial multi-peril, and medical professional liability.

<u>Life</u>: Includes temporary or permanent policies that insure human life. Collections from this line made up about 7% of Insurance Premium Tax General Fund revenues in FY 2021.

<u>Surplus Lines</u>: Includes types of insurance that are not sufficiently offered by authorized insurers and therefore may be procured from an unauthorized out-of-state insurer. Collections from this line were 4% of Insurance Premium Tax General Fund revenues in FY 2021.

<u>Fire</u>: Includes insurance against damage or loss from fire, beyond the level of coverage from other forms of property insurance. Collections from this line were less than 1% of Insurance Premium Tax General Fund revenues in FY 2021.

Retaliatory Payments: Out-of-state insurers pay the greater of the Arizona insurance premium tax or the tax imposed by their home state on Arizona insurers. Retaliation applies to taxes, fees, assessments, or other charges levied in the insurance company's home state. Collections from this line were 2% of Insurance Premium Tax General Fund revenues in FY 2021.

<u>Tax Credits</u>: Tax revenues from the insurance lines above are reduced by Insurance Premium Tax credits. Growth of tax credit use in recent years has largely been driven by the 20% annual increases in the cap on Private School Tuition Organization - Low Income Students credits. Laws 2019, Chapter 281 limits the annual increase of the credit cap to 15% in FY 2021, 10% in FY 2022, and 5% in FY 2023. Beginning in FY 2024, the increase of the credit cap is limited to the greater of 2% or the annual change of the Metropolitan Phoenix consumer price index. Dollar impacts of the specific Insurance Premium Tax credits in FY 2021 are listed in the table below.

FY 2021 Insurance Premium Tax Credits (\$ in millions)								
Credits: Private School Tuition Organization - Low Income Students 1/ New Employment Health Insurance Premium 2/ Private School Tuition Organization - Disabled/Displaced Students 3/ Insurance Guaranty Fund Assessment Total Value of Credits	Annual <u>Cost</u> \$46.6 7.0 4.2 4.3 7.1 \$69.2							
 Credit was capped at \$123.1 million in between corporate and insurance pre taxpayers. Credit is capped at \$5.0 million annua Through FY 2021, credit is capped at \$ annually between corporate income a insurance premium taxpayers. 	emium Ily. 5.0 million

JLBC FINANCE ADVISORY COMMITTEE (FAC) MEMBERS

State Treasurer Kimberly Yee serves as the state's Chief Banker and Investment Officer, overseeing approximately \$15 billion in state assets. The Treasurer also serves as the Chair of Arizona's State Board of Investment and State Loan Commission and is a member of the State Land Selection Board. Since the FAC's inception, the sitting State Treasurer has been a panelist.

Matthew Gress is the Director of the Governor's Office of Strategic Planning and Budgeting (OSPB). The sitting OSPB Director is always a FAC panelist.

George W. Hammond is Director and Research Professor of the Economic and Business Research Center in the Eller College of Management at the University of Arizona. Dr. Hammond brings 17 years of experience in state and local econometric forecasting and regional economic analysis to the Center. He has completed over 50 regional economic studies on topics that include economic and workforce development, energy forecasting, and the impact of higher education on human capital accumulation.

John C. Lucking is President of ECON-LINC, an economic consulting firm. Dr. Lucking also serves as a director for Sanu Resources Ltd., an international mineral exploration company, and as a trustee for several municipal bond mutual funds. Previously, he served as Chief Economist for Bank One Arizona and as the Executive Director of the Governor's Partnership for Economic Development (GSPED). Dr. Lucking has been a member of the FAC since 1987.

Alan E. Maguire is the President of The Maguire Company, an economic and public policy consulting firm. Previously he was a senior municipal investment banker, the Chief Deputy Treasurer of Arizona, and the Economic Advisor to the Arizona State Senate. He is member of the Arizona Economic Estimates Commission and a founding member of the Arizona Blue Chip Economic Forecast panel.

Lorenzo Martinez is Vice President, Finance and Administration for the Arizona Board of Regents (ABOR) and has been with ABOR for 11 years. Prior to joining ABOR, he served as Assistant Director with the Arizona Joint Legislative Budget Committee.

Elliott D. Pollack is President of Elliott D. Pollack and Company in Scottsdale, Arizona, an economic and real estate consulting firm established in 1987. Mr. Pollack served as Chief Economist of Valley National Bank in Arizona for 14 years prior to establishing his consulting firm and is currently a member of the Economic Estimates Commission. He has been a member of the FAC since its inception.

Jim Rounds is President of Rounds Consulting Group. The firm specializes in economic development and tax policy research. Previously, Mr. Rounds served as a Senior Economist and Senior Budget Analyst with the Arizona Joint Legislative Budget Committee, and as Senior Vice President at Elliott D. Pollack & Company.

Elaine Smith joined the Finance Advisory Committee in 2014. Elaine is the Assistant Deputy Director of the Office of Economic Research and Analysis at the Arizona Department of Revenue. She has been with the department for over 25 years.

Randie Stein is a Director in the Public Finance Department of the Investment Banking Firm Stifel, Nicolaus & Company, Incorporated. She has been with Stifel since 2004. Ms. Stein has 10 years of experience as a fiscal advisor and Finance Committee analyst in the Arizona State Senate and as an economist/budget analyst with the Joint Legislative Budget Committee and is a former staff director of the School Facilities Board. She has been a member of the FAC since 2005.

Steve Taddie joined the Finance Advisory Committee in 2014. Steve was a co-founder of Stellar Capital Management, a Phoenix based investment management firm, and has been its Managing Partner since 2000. He has 30 years of investment experience, has focused on applied economics in the financial markets for the last 15 years, and is a panelist for the NABE Outlook and the Arizona Blue Chip Economic forecasts.

Doug Walls is the Labor Market Information Director for the Arizona Office of Economic Opportunity, which generates and manages labor market information for the state. In this role, Mr. Walls provides support for long-term workforce development initiatives around the state. Mr. Walls is also responsible for producing and communicating state employment reports including employment projections, unemployment estimates, median-family income estimates and occupational profiles.
