APPROVAL OF MINUTES

Hearing no objections from the members of the Committee to the minutes of December 17, 2014, Chairman Justin Olson stated that the minutes would stand approved.

ADOPTION OF COMMITTEE RULES AND REGULATIONS.

Mr. Richard Stavneak, JLBC Staff, stated that the Committee Rules and Regulations remain the same as last session.

Senator Shooter moved that the Committee adopt the JLBC Committee Rules and Regulations. The motion carried.

ARIZONA DEPARTMENT OF ADMINISTRATION (ADOA)/DEPARTMENT OF CHILD SAFETY (DCS) - Review of CHILDS (Automation Projects Fund).

Mr. Ben Beutler, JLBC Staff, stated that this item requires Committee review prior to any monies being expended from the ADOA's Automation Projects Fund (APF) for replacement of the Children's Information Library and Data Source (CHILDS) system.

(Continued)

DCS is requesting Committee review of \$313,000 for CHILDS replacement as part of the Phase 1 Planning project. The JLBC Staff presented options to the Committee.

Ms. Vicki Mayo, Deputy Director of Business Operation, DCS, responded to member questions.

Senator Shooter moved that the Committee give a favorable review of the \$313,000 in proposed FY 2015 expenditures from the APF for CHILDS replacement as part of the Phase 1 Planning project with the following Information Technology Authorization Committee (ITAC)/Arizona Strategic Enterprise Technology (ASET) provisions:

- A. DCS may proceed to contract for requirements definition, a cost benefit study, alternative analysis, and feasibility study utilizing available funding. Should additional APF funding be authorized for this project, DCS must amend the Project Investment Justification (PIJ) or submit a new PIJ to reflect the change in scope and proposed costs, and submit it to ASET, and to the ITAC if required, for review and approval prior to additional expenditure of funds.*
- B. DCS may proceed with the discovery phases needed to define requirements, produce a cost benefit study, alternative analysis, and feasibility study. However, DCS may not proceed with further development efforts until an updated PIJ, reflecting the final costs, scope of work, technology, and implementation schedule for the proposed solution, has been submitted to ASET and ITAC for review and approval (if required).*

The motion carried.

ADOA/ARIZONA DEPARTMENT OF CORRECTIONS (ADC) - Review of Adult Information Management System FY 2015 (Automation Projects Fund).

Ms. Micaela Larkin, JLBC Staff, stated that this item is for a review of \$8,000,000 in proposed FY 2015 expenditures from the Automation Projects Fund (APF) for the second year of funding for the replacement of the Adult Information Management System (AIMS) at the ADC. The JLBC Staff presented options to the Committee.

Senator Shooter moved that the Committee give a favorable review of the \$8,000,000 in proposed FY 2015 expenditures from the APF for the second year of funding for the replacement of the AIMS at the State Department of Corrections. The motion carried.

ADOA/DCS - Review of Transition Funding Expenditure Plan (Moving Expenses).

Mr. Ben Beutler, JLBC Staff, stated that this item is for review of monies being expended from the ADOA's \$19,500,000 appropriation for the establishment of the DCS transition expenses. DCS is requesting Committee review of \$1,593,400 in relocation expenses from the transition appropriation. The JLBC Staff presented options to the Committee.

Ms. Vicki Mayo, Deputy Director of Business Operation, DCS, responded to member questions.

Senator Shooter moved that the Committee give a favorable review to \$1,593,400 in relocation expenses from the transition appropriation. These monies are to be used to assist in the relocation of DCS to 3003 North Central Avenue in Phoenix. The motion carried.

ADOA/DEPARTMENT OF ECONOMIC SECURITY (DES) - Review of Transition Funding Expenditure Plan (Data Center).

Mr. Tom Ritland, JLBC Staff, stated that this item requires Committee review prior to any monies being expended from the ADOA's \$19,500,000 appropriation for the establishment of the DCS and the relocation of the DES Data Center. DES is requesting Committee review of \$4,000,000 for the final phase of the data center relocation. The JLBC Staff presented options to the Committee.

Mr. Jim Hillyard, Deputy Director of Operations, DES, responded to member questions.

Senator Shooter moved that the Committee give a favorable review to of \$4,000,000 for the final phase of the data center relocation with the following ITAC/ASET provisions:

- A. Should there be any changes in the proposed costs, technology approach, scope of work, or implementation schedule, DES must amend the PIJ to reflect the changes and submit it to ADOA-ASET and ITAC if required for review and approval prior to further expenditure of funds.*
- B. Given the current required independent third-party review of project progress, DES will make the results of the reviews available to ITAC and JLBC as of the end of each calendar quarter, as well as comply with any further amendments to the current third-party review requirement.*
- C. In the event of migration issues that could suspend business processes during the DES migration, DES assumes full responsibility to inform all state agencies, federal agencies, and private industries that depend on DES information processing.*

The motion carried.

ADOA - Review of Emergency Telecommunication Services Revolving Fund Expenditure Plan.

Mr. Richard Stavneak, JLBC Director, stated that this item is for review of the wireless services portion of the ADOA's Emergency Telecommunications Services Revolving Fund (ETSF) expenditure plan. The JLBC Staff presented options to the Committee.

Ms. Barbara Jaeger, State 911 Administrator, ADOA, responded to member questions.

Senator Shooter moved that the Committee give a favorable review of the \$5.5 million wireless portion of the FY 2015 ETSF expenditure plan. The motion carried.

ATTORNEY GENERAL (AG) - Review of Quarterly Reports on Legal Settlements.

Mr. Matt Gress, JLBC Staff, stated that this item is for review of quarterly AG reports on the receipts to and disbursements from the Consumer Protection - Consumer Fraud (CPCF) Revolving Fund, the Consumer Restitution and Remediation Revolving Fund, and the Antitrust Enforcement Revolving Fund, as well as deposits made to the General Fund. In the second quarter of FY 2015, the AG deposited \$538,900 to the CPCF Revolving Fund, \$21,100 to the Restitution Subaccount, and \$10,000 to the Remediation Subaccount. The JLBC Staff presented options to the Committee.

Senator Shooter moved that the Committee give a favorable review to the AG's allocation of legal settlements among the various funds. The review included the provision that the AG return to the Committee if it intends to expend any of the monies the state received from the McKesson Corporation settlement. The motion carried.

NORTHERN ARIZONA UNIVERSITY (NAU) - Review of Expenditure and Performance Report on Nonprofit Biotechnology Research Appropriation.

Mr. Art Smith, JLBC Staff, stated that this item is for review of an expenditure and performance report resulting from an annual appropriation of \$3.0 million to NAU from FY 2015 through FY 2019 to a nonprofit biomedical research entity.

Ms. Christine Farley, Director, Governmental and Legislative Affairs, NAU, responded to member questions.

Senator Shooter moved that the Committee give a favorable review to NAU's biomedical research report. The motion carried.

AUTOMOBILE THEFT AUTHORITY (ATA) - Review of the Proposed Expenditures from the Reimbursable Programs Line Item.

Mr. Eric Billings, JLBC Staff, stated that this item is for review of proposed expenditures from the Reimbursable Programs line item as submitted by the ATA. The JLBC Staff presented options to the Committee.

Senator Shooter moved that the Committee give a favorable review of ATA's proposal to expend up to \$5,000, donated by the National Insurance Crime Bureau (NICB), in FY 2015 to support the Arizona Vehicle Theft Task Force through the purchase of 2 trailers. The trailers will be used to help transport large pieces of scrap metal to the Department of Public Safety for further analysis and storage. The motion carried.

ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM (AHCCCS)/DEPARTMENT OF HEALTH SERVICES (DHS)/DES/DCS - Review of Proposed Capitation Rate Changes.

Mr. Jon Stall, JLBC Staff, stated that the Committee is required to review the AHCCCS, DHS, DES and DCS capitation rate changes prior to implementation. The JLBC Staff presented options to the Committee.

Senator Shooter moved that the Committee give a favorable review to the revised FY 2015 capitation rates for the following programs:

- *AHCCCS Acute Care*
- *Children's Rehabilitative Services*
- *DHS Behavioral Health Services*
- *DES ALTCS Developmentally Disabled*
- *AHCCCS ALTCS Elderly & Physically Disabled*
- *DCS Comprehensive Medical & Dental Program*

The revised capitation rates have an April 1, 2015 effective date.

The motion carried.

EXECUTIVE SESSION

SUBJECT: Arizona Department of Administration - Consider Approval of Maximum Lodging and Per Diem Reimbursement Rates

Request

A.R.S. § 38-624C requires the Arizona Department of Administration (ADOA) to establish maximum reimbursement amounts for lodging and meal expenses taking into consideration the amounts established by the federal government. These reimbursements compensate state employees traveling on official state business. Statute requires Committee approval of any rate change. ADOA requests the Committee approve the following reimbursement rates:

1. Adopt the current federal lodging rate as the state's maximum lodging reimbursement rate.
2. Adopt the current federal meals and incidental per diem rate, less \$10.
3. Automatically adjust the state rates to any changes to the federal rates in the future. The \$10 differential for the per diem would continue. As the federal rates are adjusted, the state rates would automatically be adjusted without Committee review.

Recommendation

The Committee has the option of approving or disapproving the 3 elements of the ADOA proposal.

If the Committee approves the ADOA rates, the Committee may consider the following provisions:

- A. Committee approval does not constitute an endorsement of additional appropriations to cover higher reimbursement costs.

(Continued)

- B. ADOA is to rescind its delegated waiver authority to the agencies and eliminate its own policy of granting waivers from the maximum rates. If the need for such a policy arises in the future, ADOA would request Committee approval to reinstate waivers.

Analysis

Lodging

The federal government establishes a maximum daily rate for room rentals in a geographic area based on lodging industry economic data. The federal rate schedule specifies rates for many cities, with seasonal distinctions in some cases. The U.S. General Services Administration annually publishes a reimbursement schedule at the beginning of the federal fiscal year (FFY) (October). In addition to establishing rates for specific geographic areas, the schedule also includes a standard rate of \$83 for all other locations. Lodging is more expensive in non-standard areas than in standard areas. For example, depending on the season, the New York City rate is up to \$204 and the District of Columbia (DC) rate is up to \$229.

The last time the Committee changed the standard lodging rate was at its December 2004 meeting when the standard rate was increased from \$55 to \$60. In addition, the last time the Committee changed the non-standard rates was at its November 2006 meeting. In 2006, the Committee approved an average increase of \$21 for non-standard areas. ADOA requested review for lodging rates in September 2011, but the request was not included on the agenda due to the state's overall financial issues.

ADOA currently recommends adopting the federal lodging rate as the state's maximum lodging reimbursement rate. As the federal rate is adjusted annually, the state rate would automatically be adjusted without Committee review. ADOA's request would change the standard rate from \$60 to \$83, which is an increase of \$23, or 38%. In addition, the request would increase most of the non-standard rates and make a few decreases. For non-standard locations, the average change is \$18. Due to its length, the list of federal rates appears as an attachment only in the JLBC's online agenda materials.

Evaluating the adequacy of the state rate for specific locations can be difficult as the federal rate may vary significantly during the year. For example, the federal rate in DC in March is \$229 while the rate in July is \$162. Conversely, the state rate in DC in March is \$188 while the rate in July is also \$162.

While the state rates have not been adjusted in 9 years, there are 2 mitigating factors:

- The state rate does not apply to conference meetings. State agencies are allowed to pay the conference rate regardless of the specific city rate but are encouraged to ensure the conference rate is the lowest available rate or adequate housing is located within walking distance of the event.
- GAO can waive the state rate for non-conference meetings. GAO often waives the rate up to the federal maximum.

ADOA does not anticipate any significant fiscal impact from their proposal, because they are already granting waivers up to the federal rate.

(Continued)

Due to the workload associated with the waivers, GAO has recently revised its Travel Policy in the State's Accounting Manual to delegate to agency directors the authority to approve these waivers if the reimbursement is above the state rate but below the federal rate. The GAO must approve all reimbursements above the federal rate.

Given the state rates would be reset to the current federal rates if the ADOA request were approved, it would dramatically reduce the need for waivers. The Committee may consider a provision requiring ADOA to rescind its delegated waiver authority to agencies and eliminate its own waiver policy. ADOA would request Committee approval to reinstate waivers if the need arises in the future.

Meals Per Diem

The federal government conducts a nationwide meals study to determine the average prices charged by restaurants in areas frequented by federal travelers. For FFY 2015, the standard meals and incidental per diem was set at \$46 per day. Depending on the geographic area this federal schedule has 5 other tiers that increase in \$5 increments to \$71 per day.

The last time the Committee changed the per diem rate was at its November 2006 meeting when the standard per diem rate was increased to from \$29.50 per day to \$34. The increase set the state rate at \$5 below the federal rate for at the time.

ADOA currently recommends increasing the current per diem rates to be \$10 less than the federal reimbursement rates in every tier. ADOA recommends increasing the standard per diem rate from \$34 to \$36 per day. In addition, ADOA recommends indexing the state rate to allow ADOA to automatically adjust the state rate when the federal rates change to always be \$10 less than the federal rate. These rates are used to reimburse per diem expenses for in-state and out-of-state travel. For Arizona, *Table 1* shows the federal and ADOA recommended per diem rates. ADOA is recommending the lower rates due to its belief that the amounts provide for reasonable reimbursements. Excluding universities, ADOA anticipates the rate increase will increase per diem reimbursements by \$136,800 per year. Of this increase, \$18,800 is from the General Fund and \$118,000 is from Other Appropriated and Non-Appropriated Funds.

The Honorable Justin Olson, Chairman 2015
Joint Legislative Budget Committee
Arizona House of Representatives
1700 West Washington
Phoenix, AZ 85007

Dear Representative Olson:

We request placement on the next Joint Legislative Budget Committee (JLBC) meeting agenda to address State travel increases for lodging and meal reimbursement. We are recommending adopting the Federal lodging rate as the State's maximum lodging reimbursement rate, and indexing the State maximum meal reimbursement rate to an amount \$10 less than the Federal meal per diem. The last increase in State lodging and meal rates was in 2006.

The government lodging rate generally offered by establishments is essentially driven by the Federal lodging rates. The Federal Government annually adjusts their lodging allowances for several locations. The Federal adjustments incorporate some seasonal adjustments as well as some overall price adjustments. Although most of the Federal adjustments are increases (which is reflective of the overall industry), there are some decreases. We have reviewed these changes and are recommending adoption of the Federal lodging rates on an ongoing basis (see attached for a comparison of current State lodging rates to the current Federal lodging rates).

Thank you for your attention to this request. If you have any questions or need any additional information, please call me at 602-542-5405.

Sincerely,

D. Clark Partridge
State Comptroller

SUBJECT: Arizona Department of Administration - Review of ASET Projects (Automation Projects Fund)

Request

Pursuant to A.R.S. § 41-714, the Arizona Department of Administration (ADOA) has requested that the Committee review \$8.6 million in proposed FY 2016 expenditures from the Automation Projects Fund (APF) for information technology (IT) projects for the Arizona Strategic Enterprise Technology (ASET) Office in ADOA. ADOA will later seek review of the remaining \$925,000 of its \$9.5 million ASET APF appropriation.

Recommendation

The Committee has at least the following 3 options:

1. A favorable review of the \$8,550,000 request
2. A favorable review of \$7,875,000. The review of the remaining \$675,000 for the Business One Stop project would be deferred until the Information Technology Authorization Committee (ITAC) approves the project and the scope of the project is better defined.
3. An unfavorable review.

Under options 1 and 2, the Committee may consider the following provisions:

- A. Committee review does not commit the Legislature to any ongoing ASET funding above the level of the FY 2016 appropriation.

(Continued)

- B. ADOA is to submit a report by December 31, 2015 on the potential ongoing funding options and revenue sources for the Arizona Enterprise Services Platform.
- C. ADOA, the JLBC Staff, and the Governor's Office of Strategic Planning & Budgeting (OSPB) are to report back to the Committee by October 1, 2015 on the final design of the Project Investment Justification (PIJ) reports. ADOA is streamlining the process by which agencies submit their justification for IT projects. The JLBC Staff and OSPB participation will ensure policymakers receive sufficient information to evaluate the merits of proposed large scale IT projects.
- D. As a result of further planning and deployment efforts, should the final costs of the "Arizona Enterprise Services Platform" exceed the estimated costs by 10%, or more, or should there be significant changes to the proposed technology, scope of work, or implementation schedule, ADOA must amend the PIJ to reflect the changes and submit it to ADOA-ASET for review and approval prior to further expenditure of funds. (This provision was adopted by ASET as part of its review.)
- E. ADOA may proceed with the assessment phase of the "Business One Stop" project, in order to complete the initial discovery and requirements gathering identified in the Pre-PIJ, at a cost not to exceed \$400,000. However, ADOA may not proceed with the development phase until the full PIJ, reflecting the final costs, scope of work, technology, and implementation schedule for the proposed solution, has been submitted to ADOA-ASET and ITAC for review and approval. (This provision was adopted by ASET as part of its review.)

The JLBC has favorably reviewed \$11.5 million in FY 2014 and \$9.0 million in FY 2015 for ASET IT projects. As of the end of March, a significant share of those funds remain unspent – \$3.7 million and \$6.4 million of the respective FY 2014 and FY 2015 appropriations (see *Table 1*). The FY 2014 and FY 2015 budget allows monies to remain available for 2 years. Therefore, \$3.7 million of FY 2014 funds displayed below, less the amount spent in the fourth quarter, will lapse at the end of FY 2015.

^{1/} Information as of March 31, 2015 and as reported in ADOA's quarterly APF report to the JLBC.

Analysis

Background

The Automation Projects Fund consists of monies appropriated by the Legislature and administered by ADOA. Monies in the fund are to be used to implement, upgrade, or maintain automation IT projects for any state agency. Pursuant to A.R.S. § 41-714, before monies are expended from the fund, ADOA must submit an expenditure plan to the JLBC for review.

(Continued)

All IT projects over \$25,000 are reviewed by ASET through the PIJ process. If an IT project's development cost exceeds \$1.0 million, statute requires additional approval by ITAC. ITAC consists of members from both the public and private sectors and is staffed by ADOA. If a project funds internal staff or training, neither ITAC nor ASET approval is required.

Current Request

ADOA is currently proposing an expenditure plan totaling \$8.6 million from the Automation Projects Fund for projects to enhance the state's IT infrastructure, including:

• State Data Center	\$2,625,000
• Digital Government /Business One Stop	1,075,000
• Security, Privacy, and Risk	2,200,000
• Enterprise Architecture	500,000
• Project Management	2,150,000

State Data Center

ADOA's ASET office operates and maintains the State Data Center (SDC), which currently provides services to more than 140 customers, including numerous state agencies as well as Hawaii's Medicaid Program. In FY 2014, the JLBC favorably reviewed \$2.7 million for projects at the SDC, which included facilities upgrades and disaster recovery solutions. In FY 2015, The JLBC favorably reviewed \$2.9 million to upgrade the state's mainframe at the SDC. As of March 31, 2015, ADOA had a remaining balance of \$1.2 million and \$940,000 from the FY 2014 and FY 2015 budgets, respectively.

ADOA is currently requesting a review of a total of \$2.6 million FY 2016 SDC appropriation for its Arizona Enterprise Services Platform (AESP) project. A platform is an IT environment including hardware and software that enables the usage of products, applications, and processes. The AESP is a cloud-based system. Cloud technology allows the platform to be stored in a vendor-hosted remote location while the user of the service remains on site.

Applications on the platform will allow state agencies to share and maintain centralized data. For example, one current application allows the Arizona Corporation Commission, during the registration process, to automatically validate companies' names from the Department of Environmental Quality database.

Of the total budget, \$584,400 will be spent to complete platform development and add additional functionality and security. An amount of \$2.0 million will be spent for platform maintenance, support, and licensing for the first 4 years of the project. The ongoing funding mechanism for this function has not been determined.

In the future, platform applications may generate revenue. For example, if an application for payment processing for credit cards was on the platform, agencies could use the AESP for payment processing. Under this example, ADOA could charge a processing fee similar to the fee currently charged by outside vendors for this service. Because ongoing funding and revenue sources have not yet been determined, the Committee may consider a provision requiring ADOA-ASET to submit a report by December 31, 2015 identifying potential revenue sources for the platform.

In addition to APF funding, the cloud infrastructure subscription is estimated to cost \$250,000 annually. ADOA proposes to fund this cost through the State Web Portal Fund, which would require an additional appropriation in the future.

(Continued)

Digital Government/Business One Stop

Laws 2010, Chapter 287 required the Secretary of State to develop an online searchable database that contains administrative rules, codes, and ordinances for Arizona businesses by December 31, 2015. Laws 2011, Chapter 343 transferred this requirement to ADOA-ASET.

ADOA is currently requesting review of the total \$1.1 million digital government FY 2016 appropriation for its Business One Stop project. This project will assist stakeholders in navigating regulatory requirements at various stages in their business development timeline. For example, the database will centralize automated documents for establishing a new business.

However, ADOA has only received pre-PIJ approval for a proposal to spend \$400,000 for the project's discovery phase. During the discovery phase, ADOA will issue a task order to select 1 of 4 state contracted web portal vendors. The vendor will outline the requirements necessary to establish the database and develop surveys to allow state agencies, counties, and municipalities to submit regulatory information.

In addition, the vendor will coordinate stakeholder meetings and analyze other states' Business One Stop websites. According to the National Conference of State Legislatures, at least 2 other states, Michigan and Virginia, have Business One Stops. ADOA is proposing a partnership with the Arizona Commerce Authority, which will be defined in the discovery phase.

The scope and required funds to complete the project could vary widely depending on the outcome of the discovery phase. As a result, the Committee has the option of reviewing only the initial \$400,000 and requiring ADOA to receive JLBC review for the remaining \$675,000 project appropriation after submitting the full PIJ for ADOA-ASET and ITAC review and approval. (*See option 2 on page 1*)

Security, Privacy, and Risk

ADOA's ASET Office is responsible for directing state policy to prevent cyber attacks and data breaches. Security projects include assessing security gaps at the State Data Center and in the cloud environment, implementing updated firewalls and security technologies, and testing applications. In FY 2014, the JLBC favorably reviewed \$3.1 million for projects related to security enhancements. In FY 2015, the JLBC favorably reviewed an additional \$3.1 million to continue these projects and extend their scope. As of March 31, 2015, ADOA had a remaining balance of \$669,000 and \$2.8 million from the FY 2014 and FY 2015 budgets, respectively.

ADOA is currently requesting \$2.2 million in FY 2016 APF appropriations to continue the statewide security projects similar to those funded in the FY 2014 and FY 2015 APF appropriation. The funds will be spent to continue identifying security gaps, implementing updated firewalls and security technologies, and testing applications.

Enterprise Architecture

Enterprise Architecture is the process of creating an ongoing framework to assist in evaluating the need for a new IT system or an upgrade to an existing one in state agencies. In FY 2014, the JLBC favorably reviewed \$1.0 million for Enterprise Architecture. In FY 2015, the JLBC favorably reviewed \$500,000 to continue 2 projects. As of March 31, 2015, ADOA had a remaining balance of \$161,400 and \$499,700 from the FY 2014 and FY 2015 budgets, respectively.

ADOA is currently requesting a review of the total \$500,000 FY 2016 appropriation, which would continue to fund the 2 projects, as follows:

(Continued)

- **Strategic Technology Assessment**

The project is estimated to cost \$400,000, the same as FY 2015. This amount includes providing policy, standards, and procedure compliance training to state agencies along with providing business analytics and management services statewide.

- **Business and Technical Enterprise Architecture Training**

The project is estimated to cost \$100,000, the same as FY 2015. This would fund statewide training opportunities on updated policies, standards, and procedures.

Project Management

ADOA's ASET Office is responsible for approving and tracking all IT projects over \$25,000 through the PIJ process. The office also implements statewide transformation initiatives and assists agencies with IT planning and development. The FY 2016 budget appropriated \$2.2 million to ADOA for project management. ADOA is requesting a review of the total FY 2016 appropriation, which would fund 2 ongoing projects, as follows:

- **APF Strategic Execution Team**

The project is estimated to cost \$1.3 million. This amount is designated for a 13-person team tasked with assisting other state agencies with their respective IT projects on an ongoing basis.

- **Transformation Initiatives Project Managers**

The project is estimated to cost \$850,000. This amount would fund additional FTE Positions to implement project management best practices and processes for ASET initiatives.

In FY 2014, the JLBC favorably reviewed \$2.5 million for FY 2014 project management. At the September 2014 meeting, the JLBC favorably reviewed \$2.2 million in FY 2015 for the same 2 projects. At the time, ADOA still had significant unexpended funds from FY 2014, so the review included the provision that ADOA report by November 21, 2014 their plans for expending \$1.3 million in unused FY 2014 project management funds. ADOA did not submit this report.

As of March 2015, ADOA had not expended \$1.9 million of the \$2.2 million FY 2015 appropriation. ADOA reports that it plans to expend \$1.7 million to streamline its PIJ process. ADOA plans to develop a web-based database application to manage the PIJ process including new PIJ forms, relevant communications, and workflow data. Because the PIJ is the process by which the Governor's Office and the JLBC evaluate the merits of IT projects, the Committee may consider a provision to require that ADOA, the JLBC Staff, and OSPB are to report back to the Committee on the final design of the PIJ reports.

Further Review

The FY 2016 General Appropriation Act appropriated \$9.5 million to ADOA for ASET Projects. ADOA is currently requesting a review of \$8.6 million in FY 2016 for ASET Projects. Following the current review, \$925,000 for ASET Security projects will remain to be reviewed by JLBC later, following the necessary PIJ and ITAC approvals.

Favorable Review Request
Arizona Department of Administration, Arizona Strategic Enterprise Technology (ADOA-ASET)

The Arizona Department of Administration (ADOA) requests favorable review of an expenditure of \$1,300,000 from the Fiscal Year 2016 Automation Projects Fund (APF) in accordance with Laws 2015, 1st Regular Session, Chapter 8, Section 126 for the purposes described below.

Project Management of Statewide Automation and IT Projects

Strong project management is the foundation to successful projects. It is critical to have the right project management lifecycle methodology and to empower project managers with the right resources.

The ADOA-ASET Enterprise Program and Project Management Office has developed a statewide center of excellence for project management and has increased the project management capabilities of State agencies for strategic automation projects.

The ADOA-ASET Strategic Oversight Team is responsible for consultative oversight services to all agencies, boards and commissions (Agency). All State IT projects with over \$25,000 in development costs require review by the Strategic Oversight team to assure proper lifecycle analysis and justification warranting approval by the State CIO and/or the Information Technology Authorization Committee (ITAC).

Project

Automation Projects Fund Strategic Execution Team

Request Amount

\$1,300,000

Description

Support enhanced Strategic Oversight Team, including improved reporting and processes

Goals

- To advance IT project execution, risk mitigation, communication and transparency for all initiatives and projects through consultative oversight services and to help ensure the success of IT projects across the State.

Objectives

- Strategic Planning - To assist in the creation of plans and programs to further the effective and efficient implementation and maintenance of Agency IT initiatives, goals, and objectives, as well as statewide strategies and enterprise initiatives.
- Business Justification - To assist Agency in preparing a business case and selecting a technology approach to support an IT project of \$25,000 or more.
- Project Oversight - To provide advice and guidance as needed during the course of an IT project, to help ensure a successful outcome.

Rationale

Automation Projects Oversight: Required Activities

- JLBC report and presentation
 - ADOA provides templates
 - Agency develops report and project breakout – materials are required from Agency to ADOA 28 calendar days prior to JLBC meeting (materials are due to JLBC 21 calendar days prior to JLBC meeting)
 - Agency presents to JLBC with ADOA support
- Transfer funds from ADOA to Agency upon JLBC favorable review and once an Interagency Service Agreement is executed.
- Project Investment Justification (PIJ) and ITAC approval
 - ADOA assists Agency in developing IT project proposals
 - ADOA works with Agency to ensure IT projects are ready for review and recommendation for approval
 - ADOA facilitates review and approval by ITAC, when required
- Project execution
 - ADOA ensures Agency is appropriately managing scope, timeline, major milestones, budget, risks and issues throughout the project's lifecycle
 - ADOA ensures Agency has the required competencies to carry out IT projects and provides additional training and support, if required
 - ADOA works with Agency to address next steps for projects that may be at risk for failure
- Quarterly JLBC reporting
 - Agency provides details
 - ADOA compiles quarterly report by fiscal year and submits to JLBC
- Monthly accomplishments and financial reporting
 - ADOA provides templates
 - Agency populates project status, monthly accomplishments and financial data
 - ADOA ensures project status, accomplishments, and financial data are consistent

Favorable Review Request
Arizona Department of Administration, Arizona Strategic Enterprise Technology (ADOA-ASET)

The Arizona Department of Administration (ADOA) requests favorable review of an expenditure of \$850,000 from the Fiscal Year 2016 Automation Projects Fund (APF) in accordance with Laws 2015, 1st Regular Session, Chapter 8, Section 126 for the purposes described below.

Project Management of Statewide Automation and IT Projects

Strong project management is the foundation to successful projects. It is critical to have the right project management lifecycle methodology and highly trained Project Management staff to execute that methodology.

The ADOA-ASET Enterprise Project Management Office (EPMO) manages strategic and operational initiatives for ADOA-ASET and its customers. The EPMO also manages a statewide center of excellence for project management and continues to increase the project management capabilities of state agencies for IT projects.

The ADOA-ASET Strategic Oversight Team is responsible for consultative oversight services to all agencies, boards and commissions. All State IT projects over \$25,000 in development costs require review by this oversight team to assure proper lifecycle analysis and justification warranting approval by the State CIO and/or the Information Technology Authorization Committee (ITAC).

Project

Transformation Initiatives Project Managers

Request Amount

\$850,000

Description

Apply project management resources to the implementation of transformation initiatives

Goals

- To enhance EPMO operational objectives and support for transformation initiatives

Objectives

- Implement, maintain and enhance Project Management Best Practices, Templates and Processes
- Provide project manager education and training
- Support Project Management Center of Excellence activities
- Provide project management services and support

Rationale

APF Project Management Support: ADOA-ASET APF Initiatives (Balance of FY15 plus FY16 = est. \$13.4M) that project managers funded by this Initiative will manage:

- State Data Center Improvements and Maintenance
- Statewide Security Enhancements
- Enterprise Architecture Enhancements
- E-Government/Digital Government
- Project Management of Statewide Automation and Information Technology Projects

Project Manager Services: ADOA-ASET's EPMO provides:

- Project Management (PM) Services – provides quality PM services throughout the PM Life Cycle
- PM Best Practices – identifies and documents processes, templates and tools that encourage PM best practices (in alignment with national standards)
- PM Training and Education – creates project management related training and education programs
- PM Center of Excellence – organizes and shares knowledge through a multi-agency PM Center of Excellence to foster project management best practices in AZ State government

Joint Legislative Budget Committee (JLBC)
Favorable Review Request
Arizona Department of Administration, Arizona Strategic Enterprise Technology (ADOA-ASET)

The Arizona Department of Administration (ADOA) requests favorable review of an expenditure of \$400,000 from the Fiscal Year 2016 Automation Projects Fund (APF) in accordance with Laws 2015, 1st Regular Session, Chapter 8, Section 126 for the purposes described below.

Enterprise Architecture Enhancements

Enterprise Architecture (EA) is a disciplined approach to long-term Business Information Technology planning. ADOA-ASET's EA objective is to:

Increase enterprise agility through leadership, strategic alignment, unified processes, strong data governance and actionable policies, standards and procedures.

To accomplish this objective, ADOA-ASET plans to continue to provide statewide training opportunities; provide updated policies, standards and procedures as well as proactively assessing strategic technologies and key services that will enhance the value of business services.

Project

Strategic Technology Assessment

Request Amount

\$400,000

Description

Support development of strategic platform and services for statewide adoption of IT Asset Management by rationalizing IT service rates, governance model, improving efficiencies and continuity through end-to-end process mapping

Goals

- To complete assessment of ASET services including assets (hardware and software) and resources for IT across the State
- To complete cost analysis of each ASET IT service and establish new service and pricing models based on customer impact analysis
- To transition to using the new AFIS system for IT asset management
- To work with State agencies through the development, review, approval, publication, dissemination, and adoption process for a framework of IT policies, standards and procedures (PSPs)

Objectives

- Develop processes, IT asset topology map, labor time capture to determine ASET IT service rates
- Develop support artifacts and framework for strategic programs and initiatives
- Establish statewide PSP framework by collaborating with budget units

- Create and implement tiered approach for updating and reviewing all Agency PSP frameworks

Rationale

Executive decision support: Executive management wants more and better quality data from which to base decisions. Resources funded by this initiative will:

- Produce the operational framework for organization-wide process transformation
- Migrate to and develop IT asset data collection, capture and reporting to determine technology footprint and costs using the new AFIS system
- Analyze technology trends to assist with budgeting
- Determine ASET IT service rates

Statewide IT planning guidance: Budget Units look to ADOA-ASET for guidance on IT strategy and management. This effort will:

- Create a Framework of IT Policies, Standards and Procedures based on industry standards
- Guide Budget Units with the IT Planning process to facilitate optimal use of available resources
- Form workgroups to improve collaboration and assist with adoption of IT industry best practices

Joint Legislative Budget Committee (JLBC)
Favorable Review Request
Arizona Department of Administration, Arizona Strategic Enterprise Technology (ADOA-ASET)

The Arizona Department of Administration (ADOA) requests favorable review of an expenditure of \$100,000 from the Fiscal Year 2016 Automation Projects Fund (APF) in accordance with Laws 2015, 1st Regular Session, Chapter 8, Section 126 for the purposes described below.

Enterprise Architecture Enhancements

Enterprise Architecture (EA) is a disciplined approach to long-term Business Information Technology planning. ADOA-ASET's EA objective is to:

Increase enterprise agility through leadership, strategic alignment, unified processes, strong data governance and actionable policies, standards and procedures.

To accomplish this objective, ADOA-ASET plans to continue to provide statewide training opportunities; provide updated policies, standards and procedures as well as proactively assessing strategic technologies and key services that will enhance the value of business services.

Project

Business and Technical EA Training

Request Amount

\$100,000

Description

Provide statewide Enterprise Architecture (EA) training

Goals

- To improve knowledge and awareness of value of EA
- Provide relevant IT training to state employees to stay current with rapidly changing technologies to offer best value services to budget units and enhance citizen experience while doing business with state government

Objectives

- Identify potential training vendors
- Prepare written training requirements
- Define and conduct training events to improve IT knowledge

Rationale

- Keep State IT employees up to date on current technology and trends
- Build innovative and engaged teams
- Recruit, retain and grow key leaders and senior contributors
- Train the trainer to share the knowledge

Joint Legislative Budget Committee (JLBC) Favorable Review Request

Arizona Department of Administration, Arizona Strategic Enterprise Technology (ADOA-ASET)

The Arizona Department of Administration (ADOA) requests favorable review of an expenditure of \$2,200,000 from the Fiscal Year 2016 Automation Projects Fund (APF) in accordance with Laws 2015, 1st Regular Session, Chapter 8, Section 126 for the purposes described below.

Statewide Security Enhancements

This office requests funds to operationalize statewide cyber security controls established over the past two years through ADOA-ASET initiatives funded by the FY14 and FY15 Automation Projects Fund (APF). The Security, Privacy, and Risk (SPR) team within ADOA-ASET has developed a comprehensive security strategy that standardizes technology to take advantage of purchasing power and resource utilization for greater cost effectiveness and efficiency for this organization and across the enterprise. By providing centralized security that is managed and facilitated by subject matter experts, ADOA-ASET is reducing costs and increasing the effectiveness of security in comparison to agencies and entities attempting to provide security themselves by procuring tools separately and hiring additional resources.

Project

Statewide Information Security and Privacy Office (SISPO) Operations Initiative

Request Amount

\$2,200,000

Description

Maintain and expand the enterprise security services established through the FY14 and FY15 transformation initiatives. ADOA-ASET will submit for approval, a new Project Investment Justification (PIJ) or appropriate amendment to existing projects, if any future technology expansion components require such action. ADOA-ASET will inform the JLBC as per current notification protocols.

Goals

- To provide professional services and technologies for mitigating security risks to State systems and information

Objectives

- Protect State systems and information
- Detect cyber security activities, attacks, and system vulnerabilities
- Respond and recover through effective management and remediation of security gaps

Rationale

The listed technologies are aligned to the National Institute of Standards and Technology (NIST) Cybersecurity Framework. This framework was established to improve the security posture of organizations that manage critical infrastructures based on these core functions: **Identify, Protect, Detect, Respond and Recover.**

- Data Loss Prevention (DLP)
- Web Content Filtering
- Web Application Firewall
- Distributed Denial of Service (DDoS)
- Security Awareness / Training / Exercises
- Security Information Event Management (SIEM)
- Multi State Monitoring Service / Albert Alert System
- Vulnerability Assessments and Management

- Application Penetration Testing
- Cyber Compliance System
- Server Hardening Software
- System Center Configuration Manager (SCCM)

Project Overview

Problem Description

Currently, State agencies, employees, businesses, and citizens face challenges when trying to access, share or utilize State data and services. Challenges include:

- Business and technical inefficiencies due to the lack of a centralized, secure technology platform.
- Lack of reusability due to IT silos, resulting in agencies re-inventing the wheel to solve similar problems.
- The lack of a centralized and secure identity and profile management solution.
- The inability of State agencies to share and maintain information regarding their services in a centralized repository.
- Lack of ability for most State agencies to generate and grow revenue from data and services.

These challenges create inefficiencies that result in lost opportunities for a collaborative approach to developing enterprise level solutions within and between ADOA-ASET and other State agencies.

Solution

With this project, ADOA-ASET proposes to develop the Arizona Enterprise Services Platform (AESP). This will be a web-based, multi-tenant, and auto-scaling platform that will provide State agencies a central development and deployment location for applications and services. This platform will leverage various existing technologies and services, and provide flexibility for future integration, while creating the opportunity for new revenue streams. The platform will be built using Open Source Technologies and Open Standards. This strategy will provide the necessary scalability for the deployment to meet the enterprise needs of the State, without the expense of proprietary licensing costs. It will also accelerate the adoption of Open Source Technologies within State agencies.

New service enhancements will be incorporated into the foundation of the platform, including additional enterprise content management and workflow capabilities, and an enhanced security offering using multi-factor authentication (MFA) technology. The platform will also support the creation of additional services in a modular, reusable manner that will act as building blocks for future applications.

Major Deliverables and Outcomes

Some of the basic components of the AESP architecture have already been developed, utilizing funds allocated to other approved technology projects. Those include an existing identity management function and Application Programming Interface (API) store, which are available on the existing platform that resides in the Amazon Web Services (AWS) cloud environment. ADOA-ASET proposes to develop the following platform components as part of this project:

- Quick Start Program (QSP) Application Program Interface (API) Migration - Five APIs that were built to support early adopter applications within the WSO2 middleware platform will be migrated to the Production AESP environment.
- MultiFactor Authentication (MFA) Integration - This security mechanism will provide additional protection for digital assets and customer data.
- Apache Stratos Core High Availability Implementation - This service implementation will ensure a pre-arranged highly available level of operational performance.
- Business Process Server (BPS) - BPS will be responsible for execution of business processes and workflows.
- Business Rules Server (BRS) Development and Testing - BRS functionality will provide the capability for defining, deploying, monitoring, and maintaining business rules, and making them available to other applications.
- Business Activity Monitor (BAM) - A WSO2 framework component that will provide application analytics capabilities for the AESP platform.
- Migration of the myDEQ application (PIJ IDs EV14003/14004) onto the AESP platform.
- Oversight Automation (PIJ Application) migration (PIJ ID AD15005) onto the platform
- Single Sign-On Application migration onto the platform (PIJ TBD).

Benefits

This platform will provide State agencies, employees, businesses, and citizens a means to improve accessibility and efficiency. This effort will enable the development of a secure cloud-based infrastructure and other platform services. The project will implement orchestration, automation and monitoring capabilities to increase efficiencies, reduce costs, improve security, and assist agencies with cloud migration efforts.

Project Management

An ADOA Project Manager will oversee the project. Internal ADOA-ASET contractors will support both discovery and development phases. External contracted subject matter experts will provide technical support during, the discovery, development, and ongoing operational phases of the project life-cycle. Testing and roll-out will be performed by ADOA.

Project Overview

Problem Description

The Arizona Strategic Enterprise Technology (ASET) office within the Arizona Department of Administration (ADOA) is tasked with fulfilling the mandate by Arizona Revised Statute (A.R.S.) 41-3504 (A), section 17, to establish an interactive web-based technology solution to quickly and efficiently connect citizens, businesses, and other stakeholders to regulatory resources and information. This online directory is to include codes, rules, ordinances, and statutes to assist stakeholders in navigating regulatory requirements and obligations. Per statute, this solution is to be functional and available to the public by December 31, 2015. At this time, no such directory exists.

Solution

With this Pre-PIJ, ADOA-ASET is proposing a partnership with the Arizona Commerce Authority (ACA) to create an interactive web-based repository to serve as a one-stop resource for Arizona businesses. As mandated, the proposed Business One Stop (BOS) solution will provide information regarding business licensing and other statewide resources, to serve stakeholders at various stages in the business development timeline. Specifics of the partnership with ACA will be more clearly defined during the discovery phase of the project.

Major Deliverables and Outcomes

ADOA-ASET proposes to issue a task order for discovery services to the four Web Portal vendors currently on State contract. Once a vendor is selected, and a clear and accurate development path has been determined, it is anticipated that the project will move from the Pre-PIJ assessment to a development phase. Upon completion of the discovery effort, the development phase is planned to be implemented in two stages:

- The first stage will focus on fulfilling the statute requirements on or before the deadline of December 31, 2015.
- The second stage will focus on enhancements and interactive user experience upgrades, above and beyond the statutory requirements, which will not likely be incorporated within the mandated timeframe. These enhancements will help to transform the user experience by providing convenient access to useful information at various stages of business development.

Benefits

It is anticipated that the BOS solution will guide a business owner through each step required to establish a new business. This information repository will help stakeholders streamline business

processes while centralizing automated forms. This service is expected to reduce business costs and the time required to manually process required documents.

Project Management

An ADOA Project Manager will oversee the project. Vendor subject matter experts and internal contracted resources will provide technical support, while ADOA resources manage the discovery and development efforts. Testing and roll-out will be performed by ADOA.

Recommendation: Approval with Conditions

1. ADOA may proceed with the assessment phase of this project, in order to complete the initial discovery and requirements gathering identified in the Pre-PIJ, at a cost not to exceed \$400.0 thousand. However, ADOA may not proceed with the development phase until a full PIJ, reflecting the final costs, scope of work, technology, and implementation schedule for the proposed solution, has been submitted to ADOA-ASET and the Information Technology Authorization Committee (ITAC) for review and approval.

SUBJECT: Arizona Department of Administration - Review of Arizona Financial Information System Transaction Fee

Request

Pursuant to A.R.S § 41-740.01 the Arizona Department of Administration (ADOA) requests review of its proposed \$1.08 transaction fee charged to state agencies for the operation of the Arizona Financial Information System (AFIS).

Recommendation

The Committee has at least the following 2 options:

1. A favorable review.
2. An unfavorable review.

Analysis

Background

The 4-year Business Re-Engineering Arizona (BREA) project to replace the state's accounting system will conclude in FY 2016 as the new AFIS system is scheduled to "go live" on July 1, 2015. The FY 2016 Budget Procedures Reconciliation Bill (Laws 2015 Chapter 11) established A.R.S § 41-740.01 which creates the AFIS Collections Fund administered by ADOA. The bill allows ADOA to collect a per transaction usage fee from agencies to recover the ongoing operating costs associated with AFIS and requires Committee review prior to ADOA establishing or changing the transaction fee.

(Continued)

The FY 2016 General Appropriation Act budget included \$7.6 million and 28 FTE Positions from the AFIS Collections Fund in FY 2016 for AFIS operating costs. The appropriation assumed an equivalent amount of agency fee charges, of which \$1.9 million were charged to the General Fund, \$1.1 million to Other Appropriated Funds, and the remaining \$4.6 million to Non-Appropriated Funds. The budget then appropriated funding to agencies to pay their portion of the charge.

Fee Proposal

ADOA proposes charging agencies for their share of transactions made in AFIS. Specifically, a transaction fee will be calculated annually by dividing the total AFIS operating costs of \$7.6 million by the total annual AFIS transactions. Additionally, ADOA proposes agencies pay their bill based on the transactions made by each fund.

ADOA's FY 2016 transaction fee is based on FY 2014 transactions from the current AFIS and transaction estimates for agencies not on the current AFIS such as the Arizona Department of Transportation, Arizona Health Care Cost Containment System, and the Arizona Department of Economic Security. Specifically, in FY 2014, there were approximately 7.0 million transactions which amounts to a fee of \$1.08 per transaction.

ADOA plans to adjust the fee annually based on the number of AFIS transactions. Although the fee per transaction may change, each agency will still pay its proportional share of the cost based on the agency's usage compared to the overall usage. For example, if the total transactions remain constant but some agencies increase their usage while others decrease their usage, ADOA will make adjustments to agency charges. Conversely, if overall usage increases, but proportional usage is constant, the fee per transaction will decrease and the charges to agencies will remain constant.

Dear Representative Olson:

Pursuant to A.R.S. § 41-740.01, we request placement on the next Joint Legislative Budget Committee (JLBC) meeting agenda to review the fee charged to State agencies for the operating costs of the Arizona Financial Information System (AFIS) for FY16. We propose using the cost allocation which we submitted last fall, which is based on FY14 transactions from the current statewide accounting system and is the most recent complete information available. We plan to transition to transactions from the new accounting system within the next two fiscal years.

Please note that we expect Federal programs to participate in this cost allocation. As such, our cost allocation methodology must be consistent with Federal cost principles and be approved by the State's Federal cognizant agency as well.

Thank you for your attention to this request. If you have any questions or need any additional information, please call me at 602-542-5405.

Sincerely,

SUBJECT: AHCCCS/DEPARTMENT OF HEALTH SERVICES/DEPARTMENT OF ECONOMIC SECURITY -
Review of Revised Capitation Rate Changes

Request

Pursuant to footnotes in the FY 2015 General Appropriation Act, the Arizona Health Care Cost Containment System (AHCCCS), Department of Health Services (DHS) and Department of Economic Security (DES) are required to report capitation rate changes to the Committee for review prior to implementation. The agencies propose revisions to previously reviewed contract year (CYE) 2013 capitation rates. The proposed rate changes would reimburse Medicaid health insurers for federal and state income taxes that will be incurred as a result of rate changes previously reviewed at the JLBC meeting on December 17, 2014.

Recommendation

The Committee has at least the following 2 options:

1. A favorable review.
2. An unfavorable review.

The FY 2015 budget included \$25.0 million from the General Fund for health insurer fee increases. The \$7.9 million cost of the proposed rate adjustments will be covered by the budgeted set-aside.

In combination with rates reviewed on December 17, 2014, the proposed rate changes are expected to cost a total of \$19.9 million, or a savings of \$(5.1) million from the original budget of \$25 million.

(Continued)

Analysis

The federal Affordable Care Act placed an \$8 billion annual fee on the health insurance industry nationwide in 2014. The fee grows to \$14.3 billion in 2018 and is indexed to inflation thereafter. The fee is allocated to qualifying health insurers, including most of the state's Medicaid health insurers, based on their respective market share of premium revenue in the previous year.

Insurers were required to pay the 2014 fee to the Internal Revenue Service by September 30, 2014. Of the 1,109,000 Medicaid capitation enrollees in September 2013, about 724,000 (65%) were covered by a health insurer subject to the fee.

The federal Centers for Medicare and Medicaid Services (CMS) require that Medicaid capitation rates reimburse insurers for all costs of doing business, including costs from fees or taxes paid as a result of insuring Medicaid enrollees. In order to reimburse Medicaid health insurers for the fee paid for 2014, the agencies used CMS' approved methodology of retroactively increasing capitation rates for the final month of CYE 2013 (September 1 to September 30, 2013). These rate adjustments for reimbursement of the 2014 health insurer fee were reviewed at the JLBC meeting on December 17, 2014 and were estimated to cost \$12.0 million in FY 2015 (*See Table 1*).

The federal fee reimbursement is considered added revenue and therefore will increase state and federal corporate income tax liability of for-profit health insurers. CMS requires that Medicaid capitation rates include reimbursement for these additional taxes. At the time of the December review, the agencies reported that they would further amend the rates when the tax liabilities were known. The agencies now propose additional retroactive increases to capitation rates for the final month of CYE 2013 to reimburse these taxes, which are estimated to cost the General Fund \$7.9 million in FY 2015.

In aggregate, the General Fund impact of the December 2014 and proposed June 2015 rate revisions to fund the first year of the health insurer fee is \$19.9 million in FY 2015. This amount is \$(5.1) million less than the \$25.0 million included in the final FY 2015 budget for health insurer fees. The AHCCCS adjustments are expected to save \$(6.4) million. Savings would be partially offset by cost increases of \$0.6 million and \$0.7 million above the budgeted amounts for DHS' Behavioral Health Services program and DES' Developmentally Disabled program, respectively.

Table 1

Health Insurer Fee Capitation Rate Revisions

^{2/} Rate adjustments associated with this impact received a favorable review at the December 17, 2014 JLBC meeting.

^{3/} The FY 2015 budget allocated all health insurer fee costs to AHCCCS and DHS. The revised rates, however, include amounts to reimburse fees paid by DD health insurers for acute care costs.

June 3, 2015

The Honorable Justin Olson
Arizona State House of Representatives
1700 West Washington
Phoenix, Arizona 85007

Dear Representative Olson:

On November 25, 2014, AHCCCS provided the JLBC with information regarding an amendment of prior year capitation rates in order to include the costs of the Affordable Care Act (ACA) Health Insurer Fee mandate impacting nearly all insurers, including the majority of the AHCCCS contracted Managed Care Organizations (MCOs). The JLBC gave favorable review of those capitation rate amendments in a December 17, 2014 meeting.

In the November notification, AHCCCS stated that the amendment at that time was for the fee itself, but that MCOs would also pay federal and state income taxes on this new revenue in the spring of 2015, and in the spring following subsequent years' fee payments. AHCCCS shared its intent to further amend those capitation rates when the tax liability for each MCO was known.

AHCCCS has received tax information from its MCOs and is now amending, once again, capitation rates from calendar year 2013, using a methodology approved by the Centers for Medicare and Medicaid Services (CMS).

Background

The Affordable Care Act (ACA) imposes a new tax on most health insurers beginning in calendar year 2014. In the first year the health insurer fee was expected to generate \$8 billion in payments, and the fee increases to total payments of \$14.3 billion by 2018. The tax is imposed on commercial, Medicare and Medicaid insurers with certain exemptions. Those exclusions impacting AHCCCS include:

- Government entities, including independent nonprofit county-organized health system entities that contract with state Medicaid agencies; and
- Nonprofit entities that receive more than 80% of gross revenue from government programs that target low-income, elderly, or disabled populations including Medicare, Medicaid, Children's Health Insurance Plan (CHIP), and dual eligible (Medicare/Medicaid) plans

The 2014 health insurer fee was due by MCOs to the IRS on September 30, 2014. Subsequent years' payments will be due on the same schedule.

Capitation rates must be actuarially-sound pursuant to 42 CFR §438.6. That is, they must cover the projected costs of the membership, including the costs of doing business such as administrative expenses, and fees and taxes. As such, AHCCCS will amend capitation rates to include the costs of the health insurer fee and the related taxes annually.

Capitation Rate Adjustments

The total cost of the health insurer fee, including Arizona premium tax but before federal and state income tax, was approximately \$42.3 million (\$14.4 million State Match and \$27.9 million Federal

The Honorable Justin Olson
June 3, 2015

Funds). The federal and state tax liability on the health insurer fee totals approximately \$25.6 million (\$8.7 million State Match and \$16.9 million Federal Funds). Capitation rate adjustments were developed separately for each MCO based on the MCO's tax liability allocation to each program in which they hold a contract. These rates have been submitted to CMS for approval. The estimates for the income tax payment were included in the November actuarial memos; therefore, there are no new actuarial memos associated with this adjustment.

Capitation rates are amended for each of the following AHCCCS programs:

Program	Rates Amended	Contract Year Impacted	TF Fiscal Impact	SM Fiscal Impact	Fed Fiscal Impact	% Impact
Acute Care	September 1 – 30, 2013*	CYE 2013*	\$16.2 million	\$5.5 million	\$10.7 million	0.51%
Children's Rehabilitative Services (CRS)	October 1 – 31, 2014	CYE 2014	\$1.3 million	\$450,000	\$850,000	0.65%
Arizona Department of Health Services (ADHS)/Behavioral Health Services (BHS)	September 1 – 30, 2013	CYE 2013	\$7.1 million	\$2.4 million	\$4.7 million	0.66%

SUBJECT: Arizona Department of Corrections - Review of Per Diem Rate Change for Inmate Health Care Contracted Services

Request

Pursuant to a FY 2016 General Appropriation Act footnote (Laws 2015, Chapter 8), the Arizona Department of Corrections (ADC) must present an expenditure plan for Committee review prior to implementing any changes in inmate health care capitation rates. ADC has submitted an expenditure plan to increase the inmate health care per diem from \$11.20 to \$11.60 at a FY 2016 cost of \$5.2 million. Since this amount was not budgeted for FY 2016, ADC plans to seek a supplemental.

Recommendation

The Committee has at least the following 2 options:

1. A favorable review.
2. An unfavorable review.

Analysis

Background

ADC provides health care to inmates within state facilities through a contract with a vendor at a per diem rate of \$11.20. On March 4, 2013, ADC entered into a contract with the vendor, Corizon, to provide inmate health care contracted services, replacing the original vendor, Wexford Health. The current contract ends in March 2016, when the state and the vendor have the option to exercise 2 separate 1-year renewals.

(Continued)

The vendor and ADC amended the contract twice in the past year, raising the per diem from the original \$10.10 to \$11.20 for the following adjustments:

- \$0.32 for increased vendor staffing for mental health and prescription distribution (June 2014).
- \$0.09 for additional vendor staffing at inpatient care unit (March 2015).
- \$0.06 for additional vendor staffing at new maximum custody unit (March 2015).
- \$0.63 for additional staffing for the health care litigation agreement scope changes (March 2015).

The Legislature funded these increases in the FY 2016 budget at a cost of \$14.0 million.

A FY 2016 budget footnote instituted Joint Legislative Budget Committee review of changes in per diem rates for the inmate health care contract.

Requested Inflation Adjustment

Corizon has indicated that the previous adjustments are insufficient to covers its costs, and the company may not renew the contract in March 2016. In response, ADC and Corizon have signed an amendment raising the per diem based on medical inflation and instituting additional changes to the contract including the extension of the contract term to March 3, 2017. The amendment increases the per diem by \$0.40 from \$11.20 to \$11.60 to adjust the medical payment for changes in prices for medical goods and services. The original contract included a provision permitting the vendor to ask ADC for a price adjustment increase up to the percent of change in the average medical CPI for Metropolitan Phoenix for the most recent calendar year. The medical CPI for Metropolitan Phoenix was 3.6% for 2014, and this expenditure plan raises the per diem by 3.6%.

With a projected average daily population of 35,159 inmates in state facilities, ADC estimates the annual cost of the amendment's 3.6% increase to be \$5.2 million. The amendment is retroactive to March 4, 2015. ADC will fund the \$1.7 million FY 2015 cost with one-time savings from unfilled positions and a surplus in the private prisons line item. The Executive requested funding for the estimated CPI in the FY 2016 budget, but it was not funded. For FY 2016, ADC will seek a supplemental appropriation of \$5.2 million to fund the increase.

Other Amendment Provisions

The amendment includes additional changes to the inmate contracted health services contract.

The previous contract terms did not include a cancellation provision for the vendor. The amended contract now allows the vendor to cancel if the Legislature does not fund a 4% inflationary increase for the costs of Year 4 (March 3, 2016 – March 3, 2017) in the FY 2017 budget after a negotiation process outlined in the amendment. The estimated annual cost for increasing the \$11.60 per diem by 4% is \$6.0 million. If the Legislature funds the 4% increase for Year 4, the contract will be extended to March 3, 2018. If funding is not available, the vendor could exit the contract by November 2016 if the negotiation process outlined in the amendment fails.

Other changes make the terms for indemnity, oversight, sanctions consistent with the health care litigation stipulation.

Re: Submission for Review of Expenditure Plan

Dear Representative Olson:

Pursuant to Laws 2015, 1st Regular Session, Chapter 8 (SB 1469), Section 26, the Arizona Department of Corrections respectfully submits for review the attached expenditure plan for Amendment No. 10 of the Corizon contract (ADOC13-041943/1300551DC).

The third year of the private health care contract with Corizon began on March 4, 2015. The initial three-year contract term expires on March 3, 2016. Through this Amendment, ADC and Corizon agree to exercise a mutual one-year renewal provision to extend the contract through March 3, 2017. The Amendment ensures continuity of care at this critical juncture and provides ADC with cost certainty through March 2017.

Material provisions of the Amendment include:

1. The exercise of the year 4 renewal option, which extends the contract term one year, from March 3, 2016 to March 3, 2017;
2. Corizon's agreement to exercise the year 5 renewal option if the State authorizes a 4.0% CPI increase for contract year 4, which would extend the contract term to March 3, 2018;
3. A cancellation clause requiring a 60-day negotiating period and 180-day notice in the event that the year 4 and/or year 5 CPI is not funded;
4. Enhanced indemnification language to ensure consistency with the terms of the stipulated agreement in *Parsons v. Ryan*;

The Honorable Justin Olson
May 8, 2015
Page 2 of 2

5. Corizon's commitment to fully participate in court-ordered mediation proceedings, which relieves the State of the substantial expense of doing so;
6. Enhanced contract sanctions effective March 4, 2016 to ensure consistency with the terms of the stipulated agreement in *Parsons v. Ryan*;
7. Corizon's agreement to fully fund five additional FTE positions to ensure monitor compliance with the stipulated agreement in *Parsons v. Ryan*;
8. 3.6% CPI Adjustment increasing the per diem from \$11.20 to \$11.60 with an annual fiscal impact of approximately \$5.2M. The adjustment is retroactive to March 4, 2015.

ADC will use one-time savings to fund the increase of approximately \$1.7M in FY 2015. The fiscal impact in FY 2016 is approximately \$5.2M. ADC will be seeking Executive and Legislative support for a FY 2016 supplemental appropriation next Spring to fund the increase.

If you have any questions, please contact Michael Kearns, Division Director of ADC's Administrative Services Division, at (602) 542-1160.

Sincerely,

Charles L. Ryan
Director

Contract No. ADOC13-041943/130051DC - Privatization of All Correctional Health Services

The Contract is hereby amended as follows:

1. **Exercise Year 4 Renewal Option:** The contract term is extended for one year from March 4, 2016 to March 3, 2017.
2. **Potential Year 5 Renewal:** Corizon agrees to exercise its second annual renewal option for contract Year 5 if ADC requests 4.0% CPI increases in its annual budget request for contract Years 4 and 5, and if the State Legislature authorizes the 4.0% CPI increase for contract Year 4. This would extend the contract until March 3, 2018.
3. **Cancellation Clause:** Section 1.25 Cancellation is revised to add the following:

Corizon and ADC agree to a 180 day notice period to cancel the contract during Year 4 (March 4, 2016 to March 3, 2017) which will be triggered only if the Arizona Legislature does not fund in full a 4% CPI increase in Corizon's per diem rate for Year 4 of the contract. If the CPI increase is not fully funded for Year 4, the parties will negotiate for a period of up to 60 days to find other cost savings that can be used to replace the unfunded portion of the 4% CPI increase. During this time, ADC will release a Request for Proposal (RFP) for a replacement contract. If the parties are able to agree to other cost savings to replace the unfunded portion of the 4% CPI increase, ADC may cancel the RFP. If there is no agreement after the 60 day negotiation period, Corizon has the option to provide 180 days' notice of contract cancellation and ADC may continue with the RFP.

4. **Indemnification:** Section 1.29, Indemnification is hereby revised to read as follows:

The Contractor (Corizon) shall indemnify, defend, save and hold harmless the State of Arizona, its departments, agencies, boards, commissions, universities and its officers, officials, agents, and employees (hereinafter referred to as "Indemnitee") from and against any and all claims, actions, liabilities, damages, losses, or expenses (including court costs, attorneys' fees, and costs

of claim processing, investigation and litigation) (hereinafter referred to as "Claims") for bodily injury or personal injury (including death), violation of the health care aspects of the Stipulation, allegations of unconstitutional health care resulting in a claim for injunctive relief, or loss or damage to tangible or intangible property caused, or alleged to be caused, in whole or in part, by the negligent or willful acts or omissions of the Contractor or any of its owners, officers, directors, agents, employees or subcontractors. This indemnity includes any claim or amount arising out of or recovered under the Workers' Compensation Law or arising out of the failure of such contractor to conform to any federal, state or local law, statute, ordinance, rule, regulation or court decree. It is the specific intention of the parties that the Indemnatee shall, in all instances, except for Claims arising solely from the negligent or willful acts or omissions of the Indemnatee, be indemnified by Contractor from and against any and all claims. It is agreed that the Contractor will be responsible for primary loss investigation, defense and judgment costs where this indemnification is applicable. In consideration of the award of this contract, the Contractor agrees to waive all rights of subrogation against the State of Arizona, its officers, officials, agents and employees for losses arising from the work performed by the Contractor for the State of Arizona.

In addition, Corizon agrees to indemnify ADC for claims asserted under Paragraphs 30 and 31 of the Stipulated Agreement in *Parsons v. Ryan*, 2:12-cv-00601-DKD (Doc. 1185 and Doc. 1185-1 attached as Exhibit A) alleging substantial non-compliance with the terms of the health care performance measures set forth in Exhibit B to the Stipulation but only for claims arising from the acts or omissions of Corizon during the time period July 1, 2015 through contract termination. ADC intends to utilize the resources of the Arizona Attorney General's office (AG) to work collaboratively with Corizon in responding to any claims of substantial non-compliance under Paragraph 30 of the Stipulation and Corizon will not be responsible for indemnifying ADC for work performed by the AG. The parties agree that Corizon will only be responsible for any and all costs and attorneys' fees incurred by ADC in defending claims before the District Judge pursuant to the last sentence in Paragraph 31 of the Stipulation involving substantial non-compliance with the health care performance measures that arise from Corizon's acts or omissions during the time period July 1, 2015 through contract termination. Corizon will be responsible for paying all court ordered monitoring fees and costs under Paragraph 31 of the Stipulation if the fees and costs were incurred as a result of substantial non-compliance with the health care performance measures in the Stipulation but only for claims arising from the acts or omissions of Corizon during the time period July 1, 2015 through contract termination.

5. **Mediation:** Effective upon the execution of this amendment, and through contract termination, the Contractor agrees to fully participate in any inmate mediation program developed, run by, or ordered by the United States District Court for the District of Arizona, the Ninth Circuit Court of Appeals, the Superior Court of the State of Arizona, or any other court of competent jurisdiction, regardless of the procedural posture of the case, when it or its employees are named as defendants. Such participation shall include, but is not limited to, preparation of mediation

memoranda, consultation with physicians and attorneys involved in mediations, and participation in mediation proceedings.

6. **Contract Sanctions:** The contract sanctions for performance measures for Year 3 are unchanged. Effective on March 4, 2016, the contract sanctions for performance measures are changed from 43 performance measures, sanctioned quarterly at a statewide level to approximately 100 performance measures evaluated monthly at each complex (See Attachment C). The sanctions are assessed as follows: For each performance measure at each complex, beginning with the month of March 2016, if Corizon's lack of performance results in an extension of the original timeframes specified in the *Parsons vs. Ryan, et.al.* stipulation, Corizon will be assessed \$5,000. For any subsequent monthly performance measure that Corizon's performance results in a further extension of the timeframes in the *Parsons vs. Ryan* stipulation, Corizon will be assessed \$5,000 for each extension of each performance measure at each complex. The total cumulative sanctions in any month shall not exceed \$90,000.

7. **Additional Staffing:** As a result of the settlement of the case of *Parsons vs. Ryan, et al.*, Corizon has identified five additional FTE positions needed to comply with settlement requirements:

1.0 FTE Associate Regional Mental Health Director
1.0 FTE Associate Regional Director of Nursing
1.0 FTE Senior Manager Compliance & Quality Assurance
2.0 FTE Compliance Monitors

Corizon agrees to fund these additional positions at no cost to the State.

8. **CPI Adjustment:** The average medical CPI for Metropolitan Phoenix, as specified by contract, increased 3.6% in 2014. As a result, a 3.6% CPI adjustment is hereby made, adjusting the per diem from \$11.20 to \$11.60 with an estimated annual fiscal impact of \$5.2M.
- a. The increase is determined using the projected FY State Average Daily Population (ADP) of 35,159 inmates. No adjustment will be made to the per diem amount due to actual ADP being different than the estimate.
 - b. The per diem rate with the CPI adjustment is retroactive to March 4, 2015.
9. A revised staffing plan (Attachment A) and per diem schedule (Attachment B) are attached hereto and incorporated herein.

SUBJECT: Arizona Department of Education - Review of K-3 Reading Expenditure Plan

Request

Pursuant to Laws 2015, Chapter 310, Section 9 (*Appendix 1*), the Arizona Department of Education (ADE) requests Committee review of \$500,000 in proposed FY 2016 expenditures from the K-3 Reading line item for technical assistance and state level administration of the K-3 Reading program. Committee review is required prior to the expenditure of the \$500,000.

ADE's expenditure plan assumes that the State Board of Education (SBE) will contribute to the K-3 Reading program's administrative expenses in FY 2016.

Recommendation

The Committee has at least the following 3 options:

1. A favorable review. By endorsing ADE's specific plan, this option implies that SBE would contribute to administrative expenses not covered in ADE's FY 2016 plan.
2. A favorable review with the provision that the Committee's action does not constitute endorsement of any specific spending plan for K-3 Reading program administration for FY 2016. This option implies that the ADE and SBE will determine how all essential program functions will be performed in FY 2016 using available resources.
3. An unfavorable review.

ADE's request does not include funding for 3 functions that historically have been part of the K-3 Reading program:

(Continued)

- SBE K-3 program director
- Consultants to review reading improvement plans from school districts and charter schools
- Ongoing maintenance of a related web portal

ADE excludes these items from its expenditure plan because it believes that the \$500,000 cap on ADE's program expenditures in Laws 2015, Chapter 310 presumed that SBE would fund these items in FY 2016. SBE, however, believes that its FY 2016 operating budget does not include funding for them. As a result, neither ADE nor SBE is planning to fund these functions in FY 2016, which may limit program implementation.

Analysis

Background

A.R.S. § 15-211 (*Appendix 2*) requires SBE, in collaboration with ADE, to establish a K-3 reading program to improve the reading proficiency of pupils in grades K-3. The program began in FY 2013 and has received approximately \$40.0 million annually from the state General Fund since that time, which it will again receive for FY 2016.

Most program funding is used to cover costs of the K-3 Reading weight that was added to the Basic State Aid formula in FY 2013. K-3 Reading is budgeted as its own line item in the ADE budget. A footnote in the General Appropriation Acts for FY 2013 through FY 2015, however, allowed SBE to use up to \$1.5 million of the \$40.0 million K-3 Reading line item annually for program administration. In the FY 2015 budget, SBE is also receiving \$1.6 million in another ADE line item for its other expenses.

In the current year, SBE and ADE both paid for their K-3 Reading administrative expenses out of the \$1.5 million set aside. ADE and SBE, however, have different estimates of their combined cost to administer the K-3 Reading program in FY 2015. ADE estimates that program administration will cost \$587,700, while SBE estimates that it will cost roughly \$641,600. Both amounts are primarily for personnel, contract services and information technology support for the program (*see Table 1*). The personnel costs under both estimates include approximately \$91,000 for the SBE Deputy Director position, which has been funded through the K-3 Reading program since its inception. The FY 2016 budget transfers \$90,400 from the K-3 Reading program to the now-separate budget of SBE in order to permanently fund this position directly through the SBE budget.

Table 1

(Continued)

Request

For FY 2016, Laws 2015, Chapter 310 (*Appendix 1*) allows ADE (not SBE) to use up to \$500,000 of program funding for administration, subject to Committee review. ADE's expenditure plan for K-3 Reading administration for FY 2016 appears in *Table 2*.

Table 2		
FY 2016 K-3 Reading Administrative Costs (ADE request)		
<u>Position or Function</u>	<u>FTEs</u>	<u>Cost</u>
ADE Program Administrator	1.0	\$98,100
ADE Project Specialist	0.5	29,900
ADE Researcher	0.5	42,700
Consultants - 22 trainings		284,300
Travel		3,900
Books		22,000
Other		<u>19,100</u>
Total	2.0	\$500,000

A key change for FY 2016 is that ADE plans to spend considerably more for consultant-based trainings (\$284,300 for FY 2016 versus \$37,500 in FY 2015). ADE indicates that the higher amount is what it needs to do the trainings properly for FY 2016. These trainings are intended to help public schools improve reading instruction for pupils in grades K-3.

Also, as noted above, neither ADE nor SBE plan to cover costs associated with an existing SBE K-3 Reading Director position, reviews of annual reading plans from schools, or the maintenance of a related information technology portal for the program, as they both believe that the FY 2016 budget assumes that the other entity will fund these functions. A projected cost breakdown for them appears in *Table 3*.

Table 3		
FY 2016 K-3 Reading Administrative Costs With Disputed Responsibility		
(ADE estimates)		
<u>Position or Function</u>	<u>FTEs</u>	<u>Cost</u>
SBE K-3 Reading Director	1.0	\$85,100
Consultants - Reading Plan Review		31,700
Maintain portal		<u>184,500</u>
Total	1.0	\$301,300

Ultimately, it appears that either ADE or the SBE will have to fund at least the reading plan reviews and web portal maintenance shown in *Table 3* in order for all schools to remain eligible for K-3 reading weight monies in FY 2016. A.R.S. § 15-211D (*see Appendix 2*) requires low achieving schools to receive SBE approval of their K-3 Reading program plans each year before they can receive K-3 Reading weight monies and districts and charters submit their K-3 reading plan information through the related web portal. As a result, SBE and/or ADE will need to provide access to the K-3 Reading web portal and a mechanism for reviewing their K-3 reading plans in order for all schools to receive K-3 Reading weight monies in FY 2016.

APPENDIX 1

H.B. 2479

1 E. The governing board may establish a revolving fund bank account for
2 each school within the school district for necessary current expenditures in
3 connection with school bookstore and athletic activities. The revolving
4 funds shall be funded from the auxiliary operations fund in an amount to be
5 determined by the governing board. The school shall return the monies in the
6 revolving fund bank account at the end of each fiscal year to the credit of
7 the school district auxiliary operations fund.

8 Sec. 8. Retroactivity

9 Section 15-823, Arizona Revised Statutes, as amended by this act, is
10 effective retroactively to from and after June 30, 2014.

11 Sec. 9. K-3 reading; administrative costs

12 Notwithstanding any other law, in fiscal year 2015-2016 the department
13 of education may use up to \$500,000 of the amount appropriated for K-3
14 reading by Laws 2015, chapter 8, section 34 for technical assistance and
15 state level administration of the K-3 reading program. Prior to the
16 expenditure of any monies for technical assistance and state level
17 administration of the K-3 reading program under this section the department
18 of education shall submit the expenditure plan for those monies to the joint
19 legislative budget committee for review.

APPROVED BY THE GOVERNOR APRIL 10, 2015.

FILED IN THE OFFICE OF THE SECRETARY OF STATE APRIL 14, 2015.

15-211. K-3 reading program; receipt and use of monies; additional funding; program termination

A. The state board of education, in collaboration with the department of education, shall establish a K-3 reading program to improve the reading proficiency of pupils in kindergarten programs and grades one, two and three in the public schools of this state.

B. On or before October 1, 2012, each school district and charter school shall submit to the state board of education a plan for improving the reading proficiency of its pupils in kindergarten programs and grades one, two and three. The plan shall include baseline data on the reading proficiency of its pupils in kindergarten programs and grades one, two and three and a budget for spending monies from both the K-3 support level weight and the K-3 reading support level weight established in section 15-943. Beginning in fiscal year 2013-2014 and each fiscal year thereafter, each school district and charter school shall submit to the state board of education on or before October 1 an updated K-3 reading program plan that includes data on program expenditures and results.

C. School districts and charter schools shall use monies generated by the K-3 reading support level weight established in section 15-943 only on reading programs for pupils in kindergarten programs and grades one, two and three with particular emphasis on pupils in kindergarten programs and grades one and two.

D. Each school district and charter school that is assigned a letter grade of C, D or F pursuant to section 15-241, subsection H or that has more than ten per cent of its pupils in grade three reading far below the third grade level according to the reading portion of the Arizona instrument to measure standards test, or a successor test, shall receive monies generated by the K-3 reading support level weight established in section 15-943 only after the K-3 reading program plan of the school district or charter school has been approved by the state board of education.

E. Pupils in a charter school that is in its first year of operation and that is sponsored by the state board of education, the state board for charter schools, a university under the jurisdiction of the Arizona board of regents, a community college district or a group of community college districts are eligible for the K-3 reading support level weight.

F. The department of education shall solicit gifts, grants and donations from any lawful public or private source in order to provide additional funding for the K-3 reading program.

G. The program established by this section ends on July 1, 2022 pursuant to section 41-3102.

May 29, 2015

Dear Rep. Olson,

Pursuant to ARS §41-714, the Arizona Department of Education (ADE) requests Committee review of its expenditure plan for:

- 1) The Arizona Education Learning and Accountability System (AELAS) for FY15-16 and;
- 2) K-3 Reading Program Administration FY15-16.

The general appropriations act (Laws 2015, Ch. 8) approved \$7,000,000 of AELAS funding through the Arizona Department of Administrations Automated Projects Fund (APF). As outlined in the above referenced statute, prior to the expenditure of any monies from the fund, the Committee must review and deliver a favorable review of the expenditure plan.

Additionally, Laws 2015, Ch. 8 moved components of the administration of the K-3 Reading Program to ADE from the State Board of Education (SBE). ADE requested \$700,000 to meet the administrative requirements based on previous years budgets and was ultimately awarded \$500,000. The K-3 Reading Program exists to provide additional reading assistance to children struggling to meet the requirements of Arizona's Move on When Reading (MOWR) law which retains students in the third grade if they are not reading at grade level.

In order to meet the stated timelines for the above projects deliverables, ADE requests a review of the plans for the entire amounts, with the expectation that all projects associated with the plans will follow additional statutory and non-statutory checks and procedures.

SUBJECT: Arizona Department of Education - Review of AELAS Expenditure Plan

Request

Pursuant to A.R.S § 41-714, the Arizona Department of Education (ADE) has requested Committee review of \$7.0 million in proposed FY 2016 expenditures from the Automation Projects Fund (APF) for the Arizona Education Learning and Accountability System (AELAS).

Recommendation

The Committee has at least the following 2 options:

1. A favorable review.
2. An unfavorable review.

The Committee may also consider the following provisions:

- A. The results of a new third-party independent assessment are to be reported to the Committee by January 29, 2016 to evaluate the budget for AELAS for FY 2017.
- B. ADE is to report to the Committee by January 29, 2016 on the expected revenues and expenditures for the Opt In Statewide Student Information System (SSIS) for FY 2016 and FY 2017, along with a rationale for how the SSIS rates are established. The report should include the projected FY 2017 SSIS rates.
- C. ADE is to report to the Committee by January 29, 2016 on the potential financial implications of using AELAS to compute school finance payments compared to using the old Student Accountability Information System (SAIS).

(Continued)

In addition, the JLBC Staff recommends provisions adopted by Information Technology Advisory Committee (ITAC) at its May 27, 2015 meeting. The following provisions apply to one or more of the AELAS projects reviewed:

- D. ADE shall work with the Arizona Strategic Enterprise Technology (ASET) Office to help ensure that the contract to be established with the selected vendor provides appropriate levels of protection for the state in regard to cloud-based vendor solutions.
- E. ADE shall provide an information update to ITAC on a quarterly basis, or as otherwise requested, to include the required third-party review report currently provided to ASET. If the quarterly update indicates that this project or other associated projects are at risk of failing to achieve intended results, ASET may recommend future funding be temporarily suspended pending the successful implementation of the risk mitigation plan. ADE will include ASET in all meetings with the third-party reviewers until the risk mitigation plan is fully implemented.
- F. ADE shall identify a funding source of the development and/or operations costs associated with the projects beyond the current FY 2016 APF allocations.
- G. Prior to any acquisition other than professional and outside services, licensing, and/or training costs identified in the approved project investment justification (PIJ), ADE must provide detailed information, including pricing, quantity, and description regarding the proposed technology or services, and obtain approval from ASET, and ITAC if required, before proceeding with the planned expenditure.

Analysis

Background

ADE started a multi-year information technology project in FY 2012 to replace the obsolete SAIS with a new system called AELAS. AELAS will count and fund students, like SAIS, as well as replace other ADE data systems. AELAS also will provide statewide access to data on student achievement and teacher effectiveness for individual courses. ADE projects that the new SAIS will be operational by the end of FY 2016, but that the replacement of other data systems will continue after FY 2016.

In FY 2015, the Committee favorably reviewed \$12.0 million in AELAS expenditures. ADE plans to carry forward \$2.5 million of those resources into FY 2016 to primarily fund production services (*see Table 1*).

In May 2015, ADE received approvals from ITAC and the ASET Office for its proposed AELAS FY 2016 expenditure plan of \$7.0 million (*see Table 1 and the agency request letter*). This expenditure plan will be financed with \$5.4 million from the General Fund and \$1.6 million from the AELAS Fund (whose revenues are generated by a \$6 per Full-Time Student Equivalent from Arizona universities and community colleges). Combined with the FY 2015 carry-forward balance of \$2.5 million, total FY 2016 AELAS funding would be \$9.5 million.

Table 1		
FY 2016 AELAS Expenditure Plan		
<u>Project</u>	<u>FY 2015 Monies</u>	<u>FY 2016 Monies</u>
Program Support Office and Production Services	\$2,103,400	\$1,900,000
School Finance	200,000	1,700,000
Arizona Education Data Standards (AzEDS)	245,000	2,000,000
Opt In SSIS	0	1,400,000
Total	\$2,548,400	\$7,000,000

(Continued)

A brief description of each item appears below and in the agency request letter. The amounts listed exclude FY 2015 monies that are carried forward into FY 2016.

Program Support Office (PSO) and Production Services

The proposed expenditure plan includes \$1.9 million for the PSO and Production Services.

The PSO creates design standards for the project and provides overall management, including financial oversight, procurement, reporting and vendor supervision. The proposed \$1.9 million budget for FY 2016 includes \$150,000 for the ongoing third-party independent assessment of the project. ADE hired WestEd and the Center for Educational Leadership and Technology (CELТ) in 2013 to perform quarterly assessments on the progress of AELAS. The Committee may consider a provision to require a new assessment be submitted to the Committee by January 29, 2016 in order to evaluate the budget for AELAS for FY 2017.

Production services consist of 9 FTE Positions to operate and maintain AELAS (including network, security, operations and database functions) and provide related customer support. This item also includes the cost of software licenses necessary to operate various components of AELAS. ADE estimates this component will cost annually \$3.0 million in FY 2017 and beyond.

School Finance

The proposed expenditure plan includes \$1.7 million for School Finance.

ADE plans to complete automation of manual school payment calculation tools in SAIS and to begin using the new payment system on September 1, 2015. However, that system will run parallel to SAIS, which will continue making school payments in FY 2016. Beginning in FY 2017, ADE will use the new payment system for all schools.

By automating school payments into a more streamlined and centralized process, ADE believes that Basic State Aid calculations will be much more accurate. ADE has said that the new payment system could revise payments—either up or down—by over \$40 million. Some schools will receive more money and some will receive less. Because the old system will make the FY 2016 payments, these revised distributions will not affect next year's budget. ADE expects to be able to evaluate the funding discrepancy between the 2 payment systems by the 100th day student count in FY 2016.

Given the potential fiscal impact of changing payment systems in FY 2017, the Committee may consider a provision to require ADE report to the Committee by January 29, 2016, comparing the financial impact of the new payment system with the old SAIS payment system.

The most recent third-party review has raised concerns about the unfinished work on the rules that govern student counting and the school information databases, both of which will ultimately affect payment calculations. The review suggested delaying implementation (originally scheduled for July 1, 2015) until the rules are finalized, databases are populated with required data, and schools are trained to address data submission errors with their student information systems (SIS). ADE plans to mitigate these delays by operating both the old and new systems in parallel until the old data collection methods in SAIS can be completely replaced by those in AELAS, which is expected to occur at the beginning of FY 2017. *(Please see the Third-Party Review section for more information.)*

(Continued)

Arizona Education Data Standards (AzEDS)

The proposed expenditure plan includes \$2.0 million for AzEDS.

AzEDS standardizes how data will be received by AELAS and sorted into several different databases or “operational data stores” (ODS). ODS pertains to 16 school functions such as “Enrollment,” “Finance,” “Student Attendance” and “Student Academic Record.” The student counting rules and payment calculation tools access this information. AzEDS’s ODS will be completely functional in FY 2016, yet like the school payment system, these ODS will run parallel to SAIS’s databases until FY 2017.

The third-party review noted that ADE has made “significant and impressive progress” on AzEDS. Key challenges remain, however, including the ability of districts to connect to AzEDS in order to transmit student data to ADE. Currently, districts transmit school and student data to ADE using a student information system purchased from private vendors. The AELAS project requires these vendors to modify their systems to be compatible with AzEDS. According to ADE, 8 of 14 vendors have complied, which covers between 85% and 90% of the entire student population. ADE plans to operate both SAIS and AELAS until FY 2017 partly because of the vendor delays in modifying their own private systems.

Opt-In Statewide Student Information System (SSIS)

The proposed expenditure plan includes \$1.4 million for Opt-In SSIS.

The Opt-In SSIS is a student information system that schools can purchase at a discount through ADE (i.e. opt-in). The system can send student data via AzEDS to ADE for school payment and other reporting purposes. Opt-In SSIS is provided through a statewide contract with 1 SIS vendor and leverages economies of scale to save smaller districts money on SIS services. ADE plans to begin FY 2016 with 40 schools using SSIS and increasing that number to 189 schools by FY 2017.

The annual cost per student per year in year 1 of usage is \$10.50. The actual cost in larger schools may be lower given economies of scale, whereas the cost may be higher in smaller schools. If the actual cost to provide SSIS to a district exceeds \$10.50 per student in FY 2016, then the excess amount would be covered by a combination of state subsidy and SSIS revenue generated from larger and less costly participating schools. In years 2-10, the annual per student cost drops to \$6.50 for all schools and no subsidy from the state is required.

These rates were based on projected expenditures and may change in FY 2017 after ADE examines the actual costs to run SSIS this fall. The Committee may consider a provision to require ADE report to the Committee by January 29, 2016 in order to better understand the revenues, expenditures, and rationale behind the SSIS rate structure. The report should include the projected FY 2017 SSIS rates.

The third-party review noted that the SSIS has already generated “significant” financial savings for schools, especially those in rural areas. ADE has also exceeded its goals in getting more schools to choose SSIS.

Third-Party Review

Pursuant to a FY 2015 General Appropriation Act footnote, ADE was required to contract in FY 2015 with an independent third-party vendor to provide additional oversight on the development of AELAS. The vendor is required to submit quarterly reports that evaluate and assess the project’s feasibility,

(Continued)

estimated expenditures, technology approach and scope throughout the life of the project. The vendor's most recent quarterly review was issued on April 2, 2015.

From a technical perspective, the review observes that ADE Information Technology (IT) is a group "to which the rest of the nation looks for leadership in technical arenas." The review adds that AELAS IT projects continue to make progress in replacing SAIS. The review raised a concern, however, that the deployment date of July 1, 2015 for AELAS to begin directly receiving district data may be too soon. The rules governing student counting are incomplete, the AzEDS databases are not fully populated, and not all schools have 1) been fully trained on a student information system that is capable of connecting to AzEDS or 2) a student information system that is capable of connecting to AzEDS.

In addition to completing the student counting rules, the review cites a "pressing need" to test them and understand how they will impact districts. The review recommends ADE establish a contingency plan in case a district needs additional support to refine AzEDS data submissions. These shortcomings are partly attributed to delays by vendors in modifying districts' student information systems to meet ADE's data standards as well as ADE's limitations in assisting districts that do not use the Opt-In SSIS vendor.

To mitigate these risks, AELAS plans to operate both the old SAIS data collection components and the new AzEDS simultaneously before completely transferring all districts to AzEDS by the start of FY 2017. While a subsequent evaluation of this method by the third-party reviewer acknowledges that ADE's two-track process is the "best" approach possible, the review cautions against other critical risks that need to be addressed including: 1) data inputs and outputs need to be synchronized between the old SAIS and new AELAS in order to make an equivalent comparison of data reports from both systems; 2) the prolonged use of obsolete SAIS components during the dual system phase may increase the risk of malfunction; 3) privacy concerns about the security of student data; and 4) ADE lacks the resource capacity to provide training and support to all 650 districts that need to transfer to AzEDS throughout FY 2016.

The review notes progress being made in non-technical areas that are critical to school adoption and usage of the instructional capabilities of AELAS. ADE program areas have matured in the integration and use of AELAS in the classroom by transitioning training from the ADE IT group to the ADE program areas best suited to explain the new system to administrators and teachers, including how to interpret data from AELAS. In the long term, ADE is collaborating with the University of Arizona's teacher preparation program to develop materials that incorporate AELAS into teaching practices.

The review raised a recurring theme regarding the AELAS' content management system (CMS). CMS is designed to contain instructional materials aligned with Arizona standards and different types of assessments that teachers can incorporate into their instruction. However, the review states that an insufficient amount of digital material has been uploaded to the CMS, and "there does not appear to be an overarching strategy" on how this content would be incorporated into instruction or curated. The review recommends that each ADE program area agree to a common methodology for organizing CMS materials.

Dear Rep. Olson,

Pursuant to ARS §41-714, the Arizona Department of Education (ADE) requests Committee review of its expenditure plan for:

- 1) The Arizona Education Learning and Accountability System (AELAS) for FY15-16 and;
- 2) K-3 Reading Program Administration FY15-16.

The general appropriations act (Laws 2015, Ch. 8) approved \$7,000,000 of AELAS funding through the Arizona Department of Administrations Automated Projects Fund (APF). As outlined in the above referenced statute, prior to the expenditure of any monies from the fund, the Committee must review and deliver a favorable review of the expenditure plan.

Additionally, Laws 2015, Ch. 8 moved components of the administration of the K-3 Reading Program to ADE from the State Board of Education (SBE). ADE requested \$700,000 to meet the administrative requirements based on previous years budgets and was ultimately awarded \$500,000. The K-3 Reading Program exists to provide additional reading assistance to children struggling to meet the requirements of Arizona's Move on When Reading (MOWR) law which retains students in the third grade if they are not reading at grade level.

In order to meet the stated timelines for the above projects deliverables, ADE requests a review of the plans for the entire amounts, with the expectation that all projects associated with the plans will follow additional statutory and non-statutory checks and procedures.

ADE – Arizona Education Learning and Accountability System (AELAS) - \$7,000,000

FY16 funding is broken into five components. The Program Support Office (PSO) interfaces with local school districts and ensures financial accountability for the AELAS project. The PSO provides contract oversight for ADE IT's contract laborers as well as prepares reports and other materials required for AELAS program oversight. This project also is responsible for AELAS software development management. This is a critical quality control function to ensure current and future projects and funds are managed appropriately. AELAS Production Services funding ensures the appropriate personnel and software licenses required to run the new system. Without this line item, none of AELAS development will function.

In FY 14, ADE received responses for a Request for Proposal (RFP) soliciting education software vendors to design a statewide system that Local Education Agencies (LEAs) can purchase. AELAS Statewide Student Information System (SSIS) Opt-In leverages this state contract for student information system resulting in significant savings for districts. Allocated funds are used to support system implementation.

The AELAS School Finance project will automate the remaining of portion SAIS's 48 poorly-developed manual state aid calculation tools. This work streamlines the existing, manual APOR, CHAR, Budgets and Payment 13 financial payment functions, significantly reducing processing time. AELAS Arizona Education Data Standards (AzEDS) is the mechanism to standardize how student data can be imported and exported into data stores, replacing SAIS's databases that collect student data for state aid payments. Work in FY16 is expected to complete SAIS replacement; however, ADE will continue to use SAIS as the system of record for state aid payments to allow a smooth, incremental transition to the new system. Final decommissioning of the existing SAIS system scheduled for FY17, pending future funding.

SUBJECT: Department of Public Safety - Review of the Expenditure Plan for the Gang and
Immigration Intelligence Team Enforcement Mission (GIITEM) Fund Border Security and
Law Enforcement Subaccount

Request

Pursuant to Laws 2015, Chapter 17 (FY 2016 Criminal Justice Budget Reconciliation Bill) and A.R.S. § 41-1724G, the Department of Public Safety (DPS) is required to submit for Committee review the entire FY 2016 expenditure plan for the GIITEM Fund Border Security and Law Enforcement Subaccount prior to expending any monies.

DPS has submitted for review its proposal to distribute the \$2.4 million FY 2016 appropriation from the Subaccount among all 15 county sheriffs, 3 municipalities, and the Arizona Department of Corrections. DPS' expenditure plan differs from the approved FY 2015 plan in that it includes significant increases to the Cochise and Yuma County Sheriff's Offices and substantial reductions to the Maricopa and Pima County Sheriff's Offices.

Recommendation

The Committee has at least the following 2 options:

1. A favorable review.
2. An unfavorable review.

(Continued)

Analysis

Pursuant to A.R.S. § 12-116.04, the GIITEM Fund Border Security and Law Enforcement Subaccount receives revenues from a \$4 criminal fee assessed on fines, violations, forfeitures and penalties imposed by the courts for criminal offenses and civil motor vehicle statute violations. These monies are distributed by DPS to county sheriffs and other local law enforcement agencies to fund border security programs, personnel, and safety equipment. The proposed DPS expenditure plan would allocate the entire FY 2016 GIITEM Border Security and Law Enforcement Subaccount appropriation to 4 programs which are as follows:

- Detention Liaison Officers Program - \$565,000 to hire detention and correctional officers that serve within jails and prisons to gather intelligence from inmates about illegal activities along the border. This is the same amount the Committee approved in FY 2015 and has no new recipients.
- Border County Officers Program - \$425,000 to hire county sheriff deputies and municipal police officers that work as part of the GIITEM Task Force's Border District investigating border-related crimes such as drug trafficking and human smuggling. This is the same amount the Committee approved in FY 2015; the Benson Police Department, however, is no longer a recipient.
- Pima County Border Crimes Unit - \$350,000 to fund a portion of the costs of hiring 10 Pima County Sheriff's deputies that focus exclusively on border related crimes. This allocation is the same as the amount approved by the Committee in FY 2015.
- Border Security and Law Enforcement Grants - \$1.1 million that DPS will distribute to all 15 county sheriffs' offices for border security. This allocation varies from the FY 2015 approved allocation in that the allocations to the Cochise and Yuma County Sheriff's Offices increase by \$479,100 and \$78,600, respectively, and the allocations to the Maricopa and Pima County Sheriff's Offices decrease by \$(529,400) and \$(108,900), respectively.

After combining the distributions from the 4 separate programs, *Table 1* on the following page displays the grant recipients in FY 2014, FY 2015, and FY 2016. Across all programs, county sheriffs receive \$1.9 million, the same amount as last year.

During this past session, SB 1293 would have reallocated the \$1.9 million FY 2015 distribution to county sheriffs; the bill, however, was vetoed by the Governor. In their proposal, DPS has attempted to adjust their allocation to reflect some of the SB 1293 priorities. While the DPS plan shifts more funding to Cochise County, it is not as much as SB 1293. Conversely, DPS does not reduce Pima County as much as SB 1293. *Table 2* displays the FY 2015 allocation, SB 1293 allocation, and the total proposed allocation for county sheriffs under the DPS plan.

As required by law, all recipients of GIITEM Fund Border Security and Law Enforcement Subaccount monies except Maricopa and Pinal Counties are required to provide at least 25% of the personnel costs of any agreement or contract with DPS as a match. DPS may opt to fund all associated capital costs.

DPS has access to additional immigration enforcement and border security resources beyond the GIITEM Border Security and Law Enforcement Subaccount. DPS' GIITEM Fund is appropriated \$2.6 million in General Fund monies annually for local immigration enforcement grants. Additionally, A.R.S. § 41-1724C requires DPS to allocate \$1.6 million to the Maricopa County Sheriff's Office and \$500,000 to the Pinal County Sheriff's Office leaving \$503,400 in GIITEM Fund monies at DPS' discretion.

The Honorable Justin Olson, Chairman
Joint Legislative Budget Committee
1716 West Adams
Phoenix, AZ 85007

Dear Representative Olson:

Pursuant to Laws 2015, Chapter 17, Section 8, the Department of Public Safety is submitting its entire FY 2016 expenditure plan for the Border Security and Law Enforcement Subaccount ("Subaccount") to the Joint Legislative Budget Committee for review.

The FY 2016 General Appropriations Act appropriates \$2,390,000 from the Subaccount to DPS. Pursuant to A.R.S. § 41-1724, "...monies in the subaccount shall be used for law enforcement purposes related to border security, including border personnel". The monies may also be used for "...safety equipment that is worn or used by a peace officer who is employed by a county sheriff."

Additionally, the Legislature passed SB 1293 during the 2015 regular session. This bill would have increased the total amount of Border Security and Law Enforcement Grants to \$1,858,500; however, the bill was vetoed. As promised though, Governor Ducey directed the Department to begin conversations with border county sheriffs and local law enforcement to identify their needs. Those conversations have been informative and productive.

In consideration of the above, DPS intends to continue funding the four existing programs that have previously been given a favorable review by the JLBC and have previously provided assistance to county sheriffs and local law enforcement. The Department's overall FY 2016 expenditure plan is as follows:

Detention Liaison Officer Program	\$565,000
Border County Officers	425,000
Border Crimes Unit	350,000
Border Security and Law Enforcement Grants	1,050,000
TOTAL	\$2,390,000

Detention Liaison Officer Program

The Detention Liaison Officer (DLO) Program provides funding for detention and correctional officers in southern Arizona jails and prisons. The concept of the program is to utilize these specially trained officers to glean intelligence from detainees and inmates regarding border crimes. Information gathered by these officers is fed into DPS intelligence databases and shared among law enforcement agencies throughout the State.

The program currently funds detention officers in each of Cochise, Graham, Maricopa, Pima (2), Pinal, Santa Cruz and Yuma Counties, and three correctional officers and two data entry positions in southern Arizona prisons operated by the Department of Corrections. At any given time, the agencies participating in the program may shift based on jurisdictions' ability and willingness to participate and on program budget constraints. DPS has again allocated \$565,000 for the program in FY 2016. This program allows local agencies to pay just 25% of the payroll costs of those positions allocated to the DLO Program. The DLO Program was first reviewed by JLBC in August 2007.

Border County Officers Program

The Border County Officers Program provides funding for county sheriff deputies and municipal police officers who work as part of the GIITEM Task Force's Border District. The district investigates border crimes and disrupts criminal organizations involved in drug trafficking, human smuggling, and other border-related crimes.

The program currently funds officers and deputies with the Coolidge, Douglas, and Oro Valley Police Departments, and with the Pinal County and Yuma County Sheriffs' Offices. At any given time, the agencies participating in the program may shift based on jurisdictions' ability and willingness to participate and on program budget constraints. DPS has again allocated \$425,000 for the program in FY 2016. This program allows local agencies to pay just 25% of the payroll costs of those officers assigned to the Border District. The Border County Officers Program was first reviewed by JLBC in August 2007.

Border Crimes Unit

Subaccount monies have historically funded a portion of the costs of 10 deputies from the Pima County Sheriff's Department who operate as part of the Border Crimes Unit. The BCU works in close cooperation with GIITEM and conducts interdiction efforts in remote areas of Pima County. Over the first three quarters of FY 2015, BCU has made 39 arrests, seized over 700 pounds of illegal drugs, seized 18 vehicles, seized \$245,000, and released 28 persons to Immigration and Customs Enforcement.

DPS has allocated \$350,000 for this project in FY 2016. Pima County pays for all costs above the \$350,000 level which exceeds 25% of the payroll costs for the 10 positions. The BCU was first reviewed by JLBC in August 2007.

Border Security and Law Enforcement Grants

In regards to the additional funding addressed in SB1293, the Department has worked with the Executive to reallocate the FY 2015 funding for Border Security and Law Enforcement Grants in the amount of \$1,050,000, to reflect legislative intent. In each of the past two fiscal years, DPS has distributed \$1,050,000 in Border Security and Law Enforcement Grants to the 15 county sheriffs' offices based on county population. The Department intends to distribute the same amount this year; however, in recognition of the Legislature's intent in SB 1293, we are proposing a distribution that more closely adheres to the legislative plan. The following table shows the distribution plan alongside the FY 2015 allocations and the SB 1293 distributions:

County Sheriff	FY 2016 Plan	FY 2015 Allocations	SB 1293 (Vetoed)
Apache	\$12,000	\$11,500	\$12,000
Cochise ¹	500,000	20,900	760,000
Coconino	22,000	21,600	22,000
Gila	10,000	8,600	10,000
Graham ¹	18,500	6,000	45,000
Greenlee	2,000	1,700	2,000
La Paz	3,500	3,300	3,500
Maricopa ¹	100,000	629,500	143,000
Mohave	33,000	32,500	33,000
Navajo	18,000	17,300	18,000
Pima ^{1, 3}	50,000	159,000	300,000
Pinal ^{1, 2}	100,000	62,800	260,000
Santa Cruz ¹	34,000	7,900	50,000
Yavapai	35,000	34,000	35,000
Yuma ^{1, 2}	112,000	33,400	165,000
TOTAL	\$1,050,000	\$1,050,000	\$1,858,500

Recipient agencies may use the funding for any purpose consistent with statute. As required by statute, in order to receive the funding, recipient agencies must certify each fiscal year to the DPS Director that the agency is complying with A.R.S. §11-1051 to the fullest extent of the law. If one or more sheriffs' offices do not accept the funding, DPS intends to prorate unobligated amounts over those agencies that do accept the grants.

If you have any questions, please contact Phil Case, DPS Budget Director, at 602-223-2463 or pcase@azdps.gov.

Sincerely,

Frank L. Milstead, Colonel
Director

Dear Representative Olson:

On May 29, the Department of Public Safety submitted a letter requesting JLBC review of the Department's FY 2016 distribution plan for the GIITEM Subaccount funding. This letter included data on activity for the Border Crimes Unit (BCU), which receives Subaccount monies. Since sending the letter, we have learned that the activity reported for the BCU was in error.

The following data is corrected and updated. Through April 2015, the BCU has recorded the following activity: 113 arrests, 4,200 pounds of marijuana seized, 37 pounds of methamphetamine seized, nine pounds of heroin seized, 68 vehicles seized, \$323,647.00 in currency seized, and 54 undocumented persons apprehended or released to Border Patrol.

If you have any questions, please contact Phil Case, DPS Budget Director, at 602-223-2463 or pcase@azdps.gov.

SUBJECT: Attorney General - Review of Quarterly Reports on Legal Settlements

Request

A footnote in the FY 2015 General Appropriation Act (Laws 2014, Chapter 18) requires the Attorney General (AG) to submit to the Joint Legislative Budget Committee for review quarterly reports on the receipts to and disbursements from the Consumer Protection - Consumer Fraud (CPCF) Revolving Fund and the Consumer Restitution and Remediation Revolving Fund (including its 2 subaccounts), as well as deposits made to the General Fund.

The intent of the General Appropriation Act provision is to review the AG's allocation of legal settlements among the various funds. In the third quarter of FY 2015, the AG deposited \$671,600 to the CPCF Revolving Fund, \$22,100 to the Restitution Subaccount, and \$10,300 to the Remediation Subaccount.

Recommendation

The Committee has at least the following 2 options:

1. A favorable review.
2. An unfavorable review.

(Continued)

Analysis

Background

The review of the quarterly reports is intended to provide legislative oversight of how the AG has allocated legal settlement proceeds among the 4 possible funds/subaccounts (*see Attachment A*). With the exception of \$10,300 that was deposited into the Remediation Subaccount, none of the deposits will require further Committee review. The AG's allocation of legal settlement proceeds appears to comply with legislative intent (*see Table 1 for more detail on the amount of deposits to each fund*). The remainder of the memo details the CPCF Revolving Fund deposit, including a summary of the legal settlement that resulted in a deposit of more than \$200,000, and provides background on the AG's different funds related to consumer activities.

^{1/} The total receipts for each fund may include interest income on the total proceeds awarded.

^{2/} The fund balance includes \$2,091,300 in funds which are restricted by legal settlement.

^{3/} Laws 2015, Chapter 8 requires the AG to transfer \$5,400,000 from the Remediation Subaccount to the General Fund by June 30, 2016.

Deposits to the CPCF Revolving Fund

The AG deposited \$671,600 in the CPCF Revolving Fund in the third quarter of FY 2015. Of that amount, \$293,200 was a settlement with T-Mobile and \$204,000 was a settlement with Mr. Gino Niccoli and National Bankcard Monitor. The remaining \$174,400 resulted from a series of smaller legal settlements.

T-Mobile Legal Settlement

The AG sued T-Mobile, as did several other states and the federal government, for engaging in deceptive practices in connection with text message subscription services. T-Mobile denied wrongdoing but reached a settlement agreement with the AG. The settlement agreement required T-Mobile to pay \$293,200 to the state. The AG deposited these monies into the CPCF Revolving Fund, which may be used for any purpose permitted by statute.

Niccoli Legal Settlement

In the *Niccoli* case, the AG sued Gino Niccoli and National Bank Monitor for operating a telemarketing business that sold credit card debt reduction services to consumers nationwide, misrepresented what consumers would receive, and failed to provide refunds when consumers complained. The proceeds of

(Continued)

the case, \$250,900, were originally deposited into the Restitution Subaccount in March 2014 to be distributed to consumers who filed complaints with the AG or the Better Business Bureau. As of March 31, 2015, the AG had distributed \$46,900 in restitution to consumers and transferred the remaining \$204,000 to the CPCF Revolving Fund.

Deposits to Other Funds

In addition to the legal settlement deposits to the CPCF Revolving Fund, the AG deposited \$22,100 into the Restitution Subaccount to compensate specific entities for economic loss resulting from consumer fraud while \$10,300 was deposited into the Remediation Subaccount to rectify violations of consumer protection laws. Further JLBC review is required before spending any money from the Remediation Subaccount.

Fund Structure Background

Laws 2013, Chapter 143 revised the AG's procedures for reporting on the distribution and allocation of legal settlements. Prior to this legislation, the General Appropriation Act required the Committee to review the AG's proposed allocations of any non-criminal legal settlements exceeding \$100,000. Many of these settlements were typically deposited into the CPCF Revolving Fund. Chapter 143 retained the CPCF Revolving Fund, but established a new Consumer Restitution and Remediation Revolving Fund with 2 new subaccounts. With this legislation, the AG may now deposit consumer fraud-related recoveries into 1 of 4 funds/subaccounts:

1. The main CPCF Revolving Fund. This fund derives its revenue from any investigative or court costs, attorney fees or civil penalties recovered by the AG as a result of enforcement of either state or federal consumer fraud statutes. The monies, subject to legislative appropriation, are used for operations of the Consumer Protection Division, and can also be used for other operating expenses. Committee review of expenditures from this fund is not required.
2. The Consumer Restitution Subaccount of the Consumer Restitution and Remediation Revolving Fund. The AG is to deposit legal settlement proceeds into this subaccount to compensate specific, identifiable entities, including the state, for economic loss resulting from violations of consumer protection laws. This subaccount is not subject to legislative appropriation. Committee review of expenditures from this subaccount is not required.
3. The Consumer Remediation Subaccount of the Consumer Restitution and Remediation Revolving Fund. This subaccount consists of monies collected as a result of a settlement to rectify violations of consumer protection laws, other than monies collected for the benefit of specific, identifiable entities. Monies in this subaccount up to \$3,500,000 are continuously appropriated. Any amount of money collected over that amount is subject to legislative appropriation. The AG must submit an expenditure plan for Committee review before expending any monies in this subaccount.
4. The General Fund. Chapter 143 directs any monies resulting from compromises or settlements, excluding restitution and reimbursement funds or attorney fees, into the General Fund.

The AG also deposits consumer settlement monies into the Antitrust Enforcement Revolving Fund. This fund consists of monies recovered by the state as a result of antitrust, restraint of trade, or price-fixing activity enforcement. The monies are to be used to cover the AG's antitrust enforcement costs. If the settlement exceeds the cost of enforcement, then the remainder is transferred to the General Fund unless the recovery was on behalf of a special fund or political subdivision, in which case the remaining monies would go to those entities.

("T-Mobile") engaged in deceptive and/or unfair acts and practices in connection with the placement of unauthorized charges for third party services placed on consumers' wireless bills ("wireless cramming"), in violation of the Arizona Consumer Fraud Act. As a result of this multistate settlement, the Attorney General obtained \$293,193 to be deposited into the Consumer Protection-Consumer Fraud Revolving Fund and used for purposes set forth in statute. In addition, the settlement prohibits T-Mobile from engaging in conduct that gave rise to this enforcement action in the future. SUBJECT: Attorney General - Review of Uncollectible Debts

Request

Pursuant to A.R.S. § 35-150E, the Attorney General (AG) requests Committee review of its listing of uncollectible debts referred to the AG by state agencies for collection. The listing totals \$88.4 million for debts listed as uncollectible in FY 2015 and prior years.

Recommendation

The Committee has at least the following 2 options:

1. A favorable review.
2. An unfavorable review.

A favorable review by the Committee would allow the State Comptroller to remove this debt, certified by the AG as uncollectible, from the state accounting system.

Analysis

When state agencies, boards, and commissions are unable to collect past due debts, the uncollected debt is processed in 3 ways: 1) the AG may initiate debt collection proceedings based on outstanding debt reports submitted by these state entities pursuant to A.R.S. § 41-191; 2) the state entities initiate

(Continued)

debt collection proceedings by referring uncollected debt to the AG; or 3) the state entities can certify that the outstanding debt is uncollectible and, upon review by the AG, request that the debt be also certified as uncollectible by the AG.

The AG's Collection Enforcement Unit functions as a collection service for debts owed to the state. The unit returns 65% of collected monies to the client agencies and retains the remaining 35% for unit operational costs. While the Collection Enforcement Unit is able to collect from many individuals and businesses that owe monies to the state, some debts are uncollectible for a variety of reasons. Pursuant to A.R.S. § 35-150E, the State Comptroller may remove uncollectible debts from the state accounting system after receiving an annual notice of uncollectible debt from the AG and its review by the Committee.

In the last several years, the Committee gave favorable reviews of the FY 2011 uncollectible debt listings totaling \$17.2 million, the FY 2012 listings totaling \$30.4 million, and the FY 2013 listings totaling \$44.9 million.

Since its last report, the AG's office has again reviewed the cases assigned to the Collection Enforcement Unit. Based on this review, the AG advises that \$88.4 million owed to the state is uncollectible as of May 20, 2015. Due to its length, the specific listing of uncollectible debts appears as an attachment only in the JLBC's online agenda materials.

Of the \$88.4 million in uncollectible debt, approximately 91% is classified under 4 categories: 1) the debtor is a defunct corporation (75%); 2) the debt was discharged in bankruptcy (7%); 3) the debtor was unable to be located (6%); or 4) the collection cost would exceed the amount owed (4%). The remaining amount is listed as uncollectible for reasons including that the case was settled with the debtor for a lesser amount than owed, the debtor is deceased, GAO reported uncollectible debt, or the debtor either has no assets, wages, or possesses a negative credit report (*see Table 1*).

	Amount Recommended for Write-Off	Percentage
Defunct Corporation/LLC	\$66,128,300	74.8%
Debt Discharged in Bankruptcy	6,157,700	7.0%

The 8 largest individual cases in this report comprise \$16.7 million of the \$88.4 million, or 19.0% of the uncollectible debt total. The largest cases are owed to the Arizona Health Care Cost Containment System (AHCCCS), the Department of Revenue, and the Department of Transportation (*see Table 2*).

(Continued)

Of the \$88.4 million in uncollectible debt from the cases in this report, approximately 82% in debts is owed to 3 agencies: the Department of Revenue, the Registrar of Contractors, and AHCCCS. The remaining 19% in debts is owed to 92 other agencies (*see Table 3*).

Nearly all (92%) of the debts in this report were certified as uncollectible in FY 2014 and FY 2015 (*see Table 4*). The rest of the debts were deemed uncollectible in earlier years but were never formally certified by the Attorney General until now. These efforts are in anticipation of the state's adoption of a new accounting system effective July 1, 2015. In order to make the accounting records as accurate as possible prior to the transfer, the General Accounting Office (GAO) has tried to purge old uncollectible debts from the state's existing records that have little chance of being collected.

The AG expects the state's new accounting system to make past due debt referrals easier, reducing the need to certify uncollectible debts that are several years old. Currently, the process relies on agencies initiating debt collection notices and referrals. The new accounting system will automatically generate outstanding debt notices and send them to debtors at the 30-, 60-, and 90-day past due dates. If there is no response from the debtor after 90 days, then the system will notify agencies that those debts will be referred to the AG for collection unless agencies manually suspend the referral. The system will perform this referral process on all outstanding debt every 30 days.

RE: FY 2014 through May 20, 2015 for Non-DOR Uncollectible Debt Report
FY 2014 DOR Uncollectible Debt Report
Legacy GAO Insufficient Funds Uncollectible Debt Report

Dear Representative Olson:

As requested by the Joint Legislative Budget Committee ("JLBC") pursuant to A.R.S. § 35-150(E), enclosed are the FY 2014 through May 20, 2015 for Non-DOR Uncollectible Debt Report, the FY 2014 DOR Uncollectible Debt Report and the Legacy GAO Insufficient Funds Uncollectible Debt Report ("the Reports").

The Reports include: 1) debt owed to the State that was referred to the Collection Enforcement Revolving Fund ("CERF") for collection and determined to be uncollectible; 2) debt owed to the Department of Revenue ("DOR") and other State agencies, boards and commissions that was not referred to the CERF and was deemed uncollectible by the agencies; and 3) legacy insufficient funds debt owed to State agencies that was not referred to the Collection Enforcement Revolving Fund and was deemed uncollectible. With respect to the DOR debt listed in the Reports as uncollectible, for FY 2014 the Attorney General's Office is relying upon the certification by DOR set forth in memorandum dated July 10, 2014, from DOR to the Attorney General's Office and entitled, "FY 2014 Department of Revenue Abatement Request" ("Certification"). The Certification states that the debt described in the Certifications meets the criteria pursuant to A.R.S. § 42-1004B, and for liabilities discharged in bankruptcy, pursuant to the United States Bankruptcy Code, and that DOR has validated through its internal policies and process that it verified the reasons for abatement, as stated in the Certifications, and that they are true and accurate.

With respect to the debt owed to State agencies other than DOR that was not referred to CERF, each respective agency Director certified that the agency has validated through its internal policies and process that it verified the reasons for abatement, as stated in the Certifications, and that they are true and accurate.

With respect to the legacy insufficient funds debts owed to State agencies, the GAO has collected certifications from each respective agency's Director that the agency has expended all reasonable efforts, commensurate with the amount of the potential debt, to identify those who issued agency checks returned for insufficient funds and that the records related to these payments have been lost or, in some cases, destroyed in accordance with the then applicable Records Retention Schedules issued by the State of Arizona Library, Archives and Records. Additionally, attached with the JLBC report is a letter dated May 28, 2015, from State Comptroller, D. Clark Partridge, explaining the need for addressing these legacy debts and the reason behind the timing for including them in this report.

The reporting of a debt as uncollectible, including the act of the State abating the debt, does not necessarily preclude the State from reopening a case and collecting a debt owed to the State at a later date. At times, we have been able to reopen a case and collect a debt because we have identified a debtor's assets or revenue source that previously did not exist or was not able to be located. There are three exceptions to when the State would be able to pursue a debtor post-abatement. They are: 1) debts discharged in bankruptcy; 2) debts where the statute of limitations has expired; and 3) debts that the State has agreed to settle for a lesser amount than what was owed.

The Reports provide a reason each debt is deemed uncollectible. The reasons include case settled, debtor deceased, unable to locate debtor, collection costs would exceed the amount to be collected, debtor has neither assets nor wages, debtor lives and/or works on a Reservation, and debt discharged in bankruptcy/corporation/LLC defunct.

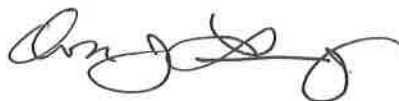

Finally, the Reports also provide the amount uncollected for each debt. This amount may include all or a portion of the original debt and, if applicable, all or a portion of interest and penalties associated with the debt.

Please contact either of the undersigned if you have any questions.

Sincerely,

Paul Watkins
