#### MINUTES OF THE MEETING

#### JOINT LEGISLATIVE BUDGET COMMITTEE

August 24, 2006

The Chairman called the meeting to order at 10:19 a.m., Thursday, August 24, 2006, in Senate Appropriations Room 109. The following were present:

Members:	Representative Boone, Vice-Chairman	Senator Burns, Chairman
	Representative Biggs	Senator Bee
	Representative Gorman	Senator Cannell
	Representative Pearce	Senator Harper
	Representative Tully	Senator Waring

Absent:	Representative Burton Cahill	Senator Arzberger
	Representative Huffman	Senator Garcia
	Representative Lopez	Senator Martin

#### **APPROVAL OF MINUTES**

Hearing no objections from the members of the Committee to the minutes of July 27, 2006, Senator Burns stated the minutes would stand approved.

#### **ARIZONA DEPARTMENT OF TRANSPORTATION – Review of Third Party Quality Assurance Report.**

Mr. Bob Hull, JLBC Staff, stated that this is a review of the Arizona Department of Transportation (ADOT) third party quality assurance fourth quarter report for FY 2006. There has been a reduction in the backlog due mainly to a pilot project where they reduced the percentage of transactions that the quality assurance section clerks. There is a footnote in the feed bill which states that the department needs to report whether the 10% of transactions which they currently check can be reduced to a statistically valid percent. They are still working on the statistical method to answer the footnote. ADOT is working on the list now that they have lifted the moratorium. Effective August 15, 2006, one of the 118 entities on the waiting list has opened a branch office. JLBC Staff recommends a favorable review of the quarterly report, given the progress they have made, and recommends that the next quarterly report include the status of the 118 entities that had previously been on the waiting list.

Senator Burns asked if there is a target date for the elimination of the waiting list.

<u>Mr. Terry Trost, Budget Director, ADOT</u>, said that the department is working towards the goal of December 31, 2006 but does not have a set date.

<u>Representative Pearce moved</u> the JLBC Staff recommendation to give a favorable review of the third party quality assurance report. The Committee further requests that the next quarterly report include the status of the 118 third parties that had previously been listed on the waiting list. The motion carried.

### DEPARTMENT OF ECONOMIC SECURITY

#### A. Review of Proposed Implementation of Developmental Disabilities Provider Rate Increase.

Mr. Russell Frandsen, JLBC Staff, stated this item is Department of Economic Security (DES) developmental disabilities (DD) provider rate increase plan. They were appropriated \$8.2 million General Fund in order to raise provider rates from a 100% of the FY 2006 benchmark rates. With their plan the action rate is to 100% of the FY 2007 benchmark rates because DES lowered the inflationary increase for the FY 2006 benchmark rates. JLBC Staff recommends a favorable review of the request with 2 provisions:

- 1. DES is to notify the Committee of all future statewide provider rate adjustments in advance of their implementation, along with information on their budgetary impact. This would include any provider rate categories still under review by the department. In January 2006, the department implemented an unbudgeted 4% provider rate increase. While the department was not under any legislative obligation to tell the Committee about this increase, any increase in provider rates represents an increase in the state's financial obligations.
- 2. By October 31, 2006, DES is to report back to the Committee its recommendations for an inflationary index to be used when adjusting the benchmarks. In September 2005, DES suggested a 3.2% inflationary increase for FY 2006 based on a federal market basket and in this provider rate plan, DES used a 2% inflationary increase for FY 2006 based on another index.

Senator Burns asked since DES implemented the 4% increase, will the department have the funds to cover that without an additional appropriation in the future.

<u>Mr. Steven Pawloskwi, Financial Services, DES</u>, said that the capitation rate is sufficient to pay for the 4% rate increase without a supplemental.

Representative Biggs said one of the recommendations is that there be a report by October 31, 2006 on the inflationary index and how that is developed and used.

Richard Stavneak, Director, JLBC, stated that the benchmark is used to budget provider rate adjustments.

<u>Representative Pearce moved</u> the JLBC Staff recommendation to give a favorable review to the proposed implementation of DD provider rate increases. The Committee recommends that DES 1) notify the Committee of all future statewide provider rate adjustments in advance of their implementation, along with information on their budgetary impact, including any provider rate categories that are still under review by the department and 2) report to the Committee by October 31, 2006 on its recommendations for an inflationary index to be used when adjusting the benchmarks. The motion carried.

#### B. Review of Long Term Care Capitation Rate Changes

Mr. Frandsen said this item is the DES Capitation Rate increase for Title XIX members with DD. There is an ongoing discussion with DES if the capitation increase will require a supplemental. The caseloads, as budgeted, would generate a \$3 to \$4 million General Fund supplemental need in FY 2007. The supplemental is potentially needed for 2 reasons, 1) there is a 0.7% higher inflation rate index used for FY 2007 rates and 2) they have a 1.1% increase for incontinence briefs associated with the *Ekloff v. Rodgers* lawsuit. However, in FY 2006 and FY 2007 caseloads have been lower than budgeted so this may offset the need for a supplemental in FY 2007. The Committee has 3 recommendations: 1) A favorable review, 2) a favorable review with the stipulation that it does not endorse a supplemental request, and 3) an unfavorable review and DES would likely implement these rates even with the unfavorable review.

Representative Biggs asked about the *Ekloff v. Rodgers* lawsuit in reference to incontinence briefs.

Mr. Frandsen said there was an update in May 2006 where the litigation was still pending. As of July 1, 2006 the state has agreed to cover incontinence briefs for individuals with disabilities from ages 3 to 21. The estimated cost in DES for FY 2007 is \$7 million for that provision.

Senator Cannell stated that having the incontinence briefs will help the state save money in the long run.

<u>Representative Pearce moved</u> that the Committee give a favorable review with the stipulation that a favorable review does not constitute an endorsement of a supplemental request. The motion carried.

#### **ARIZONA DEPARTMENT OF PUBLIC SAFETY – Quarterly Review of the Arizona Public Safety** Communications Advisory Commission.

Mr. Jay Chilton, JLBC Staff, said this is a review of the Public Safety Communications Advisory Commission fourth quarter expenditures and progress. Activities for the fourth quarter address both short-term and long-term solutions for the statewide interoperable communication system. First, the Arizona Emergency Radio System (AERS) is a short-term solution that integrates existing equipment and technologies. AERS has been installed at 8 remote locations with 10 additional installations planned for the remainder of the calendar year. Second, with regards to the long-term solution, Public Safety Communication Advisory Commission (PSCC) issued a Request for Proposal (RFP) for design and engineering services. The RFP was recently awarded to Federal Engineering, a private company, for just under \$1 million to expend over 2 phases:

- 1. \$647,000 is for the development of a conceptual design for the land mobile radio system and microwave communications system, to be completed by FY 2007.
- 2. \$338,000 is for the preparation of final design and construction documents to be completed by FY 2008.

The fourth quarter FY 2006 expenditures were just under \$200,000 of total fiscal year expenditures of \$620,000, with \$4.3 million available to the PSCC. JLBC Staff recommends that the Committee to give a favorable review of the PSCC quarterly report.

There was discussion about the Homeland Security dollars.

Senator Burns stated in the letter from the Office of Homeland Security (Attachment 1) the federal government determined that the state could not use these Federal Funds to finance the project through lease-purchase, and asked if there is a document that can be reviewed and confirmed.

Mr. Stavneak stated he will need to ask about a specific document. There has been some research done that confirmed the finding.

He further stated that that particular money was committed a year ago in the original FY 2006 budget. This is the orginal \$1.6 million. The federal letter states that it could not be used as a lease-purchase. Most of the money was used for the Arizona Counter-Terrorism Information Center, to pay rent charges. There was a new agreement in the FY 2007 budget to pay cash for the \$1.6 million. In the last meeting, the Director of Homeland Security stated that the money had already been allocated. The members asked where the money was spent. The handout states that the information is not public yet but will be public after August 29,2006, when the people receiving awards will be notified. After the 29<sup>th</sup>, there will be a list that shows where the money is going in lieu of it having gone to the interoperability project.

Senator Burns asked about the difference of monies.

Mr. Stavneak stated that the federal 2006 funds did not arrive until May 2006. The agency could have used federal fiscal 2005 money for the lease-purchase project. The agency decided to spend the money in a different way and there was an option to use the federal 2006 money for the cash portion of the project. That is the money that was allocated to different things but we are unsure of what it was used for.

<u>Representative Pearce moved</u> the JLBC Staff recommendation to give a favorable review of the fourth quarter expenditures and progress of the interoperability design project. The motion carried.

## **EXECUTIVE SESSION**

## ARIZONA DEPARTMENT OF ADMINISTRATION – Risk Management Annual Report.

# ARIZONA DEPARTMENT OF ADMINISTRATION - Review for Committee the Planned Contribution Strategy for State Retiree Health Plans as required under A.R.S. § 38-658A.

<u>Representative Pearce moved</u> that the Committee go into Executive Session. The motion carried.

At 10:45 a.m. the Joint Legislative Budget Committee went into Executive Session.

<u>Representative Pearce moved</u> that the Committee reconvene into open session. The motion carried.

At 12:15 p.m. the Committee reconvened into open session. No Committee action was required on these items.

#### **ARIZONA DEPARTMENT OF ADMINISTRATION – Review of Risk Management Deductible.**

Mr. Tyler Palmer, JLBC Staff, said this item is a review of the Arizona Department of Administration (ADOA) risk management deductible. ADOA is recommending no changes to the \$10,000 deductible amount, which has not been assessed on any agency during the past year. In addition, ADOA is requesting that the annual review only occur in situations where they are recommending a change to the \$10,000 deductible. JLBC Staff recommends a favorable review of the \$10,000 deductible amount. The Committee has the option of including in its review to move that future reviews only occur when the deductible amount is changing, or the Committee can continue reviewing the deductible annually. In the past, the Committee has used the annual review to comment on having not assessed a deductible during the past year.

Representative Pearce said the deductible is never assessed. There should be some discretion, that depending on an agency, the deductible is higher than \$10,000. ADOA should have the tools to assess the penalties appropriate with discretion.

Senator Burns asked if the item requires statutory change if the deductible amount is changed.

Mr. Stavneak said that the statute is a \$10,000 maximum.

Representative Pearce stated that during the budget process, the Committee should assess those penalties.

Senator Burns stated that the Committee should look to see about a deductible being assessed to a department.

<u>Representative Pearce moved</u> a favorable review of the \$10,000 deductible amount with the provision that there be further study of the proper deductible amount and process. The motion carried.

The meeting adjourned at 12:20 p.m.

Respectfully submitted:

Richard Stavneak Director Joint Legislative Budget Committee 1716 W. Adams Phoenix, AZ 85007

Dear Mr. Stavneak,

Thank you for your letter dated July 27 in regards to the Department of Public Safety's (DPS) expenditure plan and project timeline for the microwave communications system. In the letter you indicated that the Committee discussed an agreement between the Governor, President of the Senate, and Speaker of the House during the FY2006 budget to finance the project thru lease-purchase and provide \$1.6 million in federal homeland security funds for the first year payment.

As you stated in your letter, the federal government determined that the state could not use these federal funds to finance the project thru lease-purchase. Once the federal government rejected the proposal based on federal grant guidelines, our office reallocated these funds to support the Arizona Counter-Terrorism Information Center (\$1,412,442) and Operation Stonegarden (\$200,000) to secure the border, to prevent the funds reverting back to the federal government. The Arizona Counter Terrorism Information Center used these funds to pay for rent (\$950,212), software (\$27,000) and the balance for the expansion of the Terrorism Liaison Officer Program increasing the number of officers trained. Operation Stonegarden serves to pay for backfill and overtime of law enforcement agencies assisting Border Patrol to secure the border.

My testimony stating that OHS has allocated all federal Homeland Security funding received to date is correct. Our grant process is complex and requires that all stakeholders apply for federal Homeland Security grants by the submission deadline of May 31, 2006. This process ensures that all projects align with the goals, priorities and objectives of the State Homeland Security Strategy and allocations are awarded within federal grant guideline timelines. Consistent with the HSGP award process, stakeholders will receive award notifications by August 29, 2006. Once stakeholders receive award notifications my office will submit FFY2006 an award allocations summary to you.

Please feel free to contact me.

HOUSE OF REPRESENTATIVES

RUSSELL K. PEARCE CHAIRMAN 2005 ANDY BIGGS TOM BOONE MEG BURTON CAHILL PAMELA GORMAN STEVE HUFFMAN LINDA J. LOPEZ STEPHEN TULLY

DATE:	September 13, 2006
TO:	Senator Bob Burns, Chairman Members, Joint Legislative Budget Committee
THRU:	Richard Stavneak, Director
FROM:	Bob Hull, Principal Research/Fiscal Analyst
SUBJECT:	Arizona Department of Transportation – Review of Motor Vehicle Division Counter Clerk Funding Shift Report

### Request

The Arizona Department of Transportation (ADOT) requests review of its funding shift for Motor Vehicle Division (MVD) counter clerks in customer service offices. ADOT is required to report by July 31, 2006 on where funding for MVD counter clerks has been shifted.

MVD counter clerks decreased (19.4)%, or (168) FTE Positions, over a 3-year period, as ADOT shifted \$2 million of funding primarily to purchase license plates and tabs.

#### Recommendation

The Committee has at least 2 options:

- 1) A favorable review, since as required, the report provides information on what happened to the funds.
- 2) An unfavorable review, since the report does not give reasons for the funding shift. In addition, ADOT's reported \$2 million funding shift appears to account for only about one-third of the 3-year clerk decrease from FY 2003 to FY 2006. An unfavorable review would also be a means of expressing the Committee's disagreement with ADOT's funding reallocations.

Under either option, the JLBC Staff recommends that ADOT provide:

- 1) Further rationale to the Committee as to the need to shift funding to license plates and tabs.
- 2) Clarification as to whether the MVD clerk positions were intentionally left vacant or could not be filled for other reasons.
- 3) Clarification of the total funding shift from FY 2003 to FY 2006, and the rationale for any additional funding shift above the \$2 million already identified.

ROBERT L. BURNS CHAIRMAN 2006 MARSHA ARZBERGER TIMOTHY S. BEE ROBERT CANNELL JORGE LUIS GARCIA JACK W. HARPER DEAN MARTIN JIM WARING

STATE

SENATE

(Continued)

4) Estimated funding shift in FY 2007, if any, and the reasons for it.

To increase accountability in MVD customer service, the FY 2007 General Appropriation Act also requires:

- JLBC review before allowing ADOT to transfer any funds into or out of MVD.
- ADOT to submit quarterly progress reports to the JLBC on their progress in improving MVD wait times and vehicle registration renewal by mail turnaround times.

### Analysis

MVD customer wait time increased from 14.2 minutes in FY 2003 to 27.8 minutes in FY 2006, a 96% increase. At the same time, the number of in-person customers decreased (10.6)%, from 4.7 million customers in FY 2003 to 4.2 million in FY 2006. The 4.2 million customers in FY 2006 was the lowest number of customers in the past 6 fiscal years for which we have data. ADOT's reporting also understates the problem. MVD's reported wait times do not include time spent before customers get a numbered ticket from an MVD employee which starts the current wait time clock ticking.

ADOT reports that the average number of clerks who staff MVD office service counter windows decreased each of the last 3 fiscal years, from 866 in FY 2003 to 698 in FY 2006, a (19.4)% decrease. The decrease in the number of clerks may account for the increase in customer wait times. MVD had no budget reductions in either FY 2004, FY 2005, or FY 2006 to account for the staffing decrease. On the other hand, no inflation adjustment was given for operating costs.

ADOT reports that MVD spent \$2 million from Personal Services vacancy savings in the MVD Customer Services Program for other MVD items in each of FY 2004, FY 2005 and FY 2006. It is unclear whether MVD could not fill the positions, or intentionally kept the positions open.

MVD spent the largest amounts for license plates and tabs in each of the 3 fiscal years, including \$1 million in FY 2004, \$1.6 million in FY 2005, and \$2 million in FY 2006. In FY 2004, MVD also spent \$300,000 for Other Operating Expenditures, \$400,000 for equipment and \$300,000 for scale repair at 3 ports of entry. In FY 2005, MVD spent \$400,000 for building renewal projects. The following table shows this data. The report does not give reasons for the funding shift. The JLBC Staff has asked ADOT why these funding shifts were necessary, and is awaiting ADOT's response.

MVD Expenditures from Customer Services Program Vacancy Savings				
	FY 2004	FY 2005	FY 2006	
License Plates & Tabs	\$1,000,000	\$1,600,000	\$2,000,000	
Other Operating Expenditures <sup>1/</sup>	300,000	0	0	
Equipment <sup>2/</sup>	400,000	0	0	
Port of Entry Scale Repair <sup>3/</sup>	300,000	0	0	
Building Renewal <sup>4/</sup>	0	400,000	0	
Total	\$2,000,000	\$2,000,000	\$2,000,000	

<u>1</u>/ Includes external data processing, repair and maintenance of buildings/other equipment, and office/data processing/housekeeping supplies.

2/ Includes electronic data processing, telecommunications equipment, furniture, PC/local area network software equipment, and other equipment.

<u>3/</u> Includes repair of outbound scales at Ehrenberg, Topock and Sanders Ports of Entry.

4/ Includes bathroom ADA compliance, sidewalk repair, chiller overhaul, grading for drainage, carpet replacement, painting, office remodeling, and electrical work.

It is not clear that ADOT's reported \$2 million funding shift accounts for the entire decrease in MVD counter clerks. ADOT had previously reported an average salary of \$25,000, with 37% Employee Related Expenditures, for MVD counter clerks as of July 2005. Using this data, the 168 decrease in MVD counter clerks between FY 2003 and FY 2006, would indicate MVD funding shifts of up to \$5.75 million in FY 2006. Since ADOT has provided the rationale for \$2 million in shifts, this would leave \$3.75 million of funding shifts still unaccounted for. The JLBC Staff has asked ADOT why they appear to have accounted for only about one-third of the funding shift attributable to the 3-year clerk decrease, and where the remaining funds were shifted. The JLBC Staff is awaiting ADOT's response.

To reduce customer wait time, the General Appropriation Act for FY 2006 (Laws 2005, Chapter 286) included an increase of \$1,099,500 and 25 FTE Positions from the State Highway Fund in FY 2007 for MVD customer service staff. ADOT was required to report by July 31, 2006 on where funding for MVD counter clerks has been shifted. To increase accountability in MVD customer service the General Appropriation Act also requires:

- JLBC review before allowing ADOT to transfer any funds into or out of MVD.
- ADOT to submit quarterly progress reports to the JLBC on their progress in improving MVD wait times and vehicle registration renewal by mail turnaround times. The reports shall document total time customers spent at the office and the reasons for changes in these times, including the wait time to get a numbered ticket from a Motor Vehicle Division employee, the time between receiving the numbered ticket and arriving at the counter and the transaction time at the counter. The reports shall document the number of customers who arrived at MVD offices but who did not complete their transaction. The reports are due within 30 days after the end of each calendar quarter.

SUBJECT:	Arizona Board of Regents - Review of FY 2007 Tuition Revenues

### Request

The Arizona Board of Regents (ABOR) requests Committee review of its expenditure plan for tuition revenue amounts greater than the amounts appropriated by the Legislature and all retained tuition and fee revenue expenditures for the current fiscal year.

### Recommendation

JLBC Staff recommends that the Committee give a favorable review to the ABOR expenditure plan.

In total, appropriated tuition collections are estimated to be \$430.2 million, or \$28.1 million above the original FY 2007 budget. The universities plan on using the additional \$28.1 million in the operating budgets to cover inflationary increases, the hiring of faculty to improve student/faculty ratios, and academic and support planning priorities.

Non-appropriated, locally retained tuition and fees for FY 2007 is estimated at \$242 million, or \$32.8 million higher than FY 2006. Most of the increase in locally retained tuition and fees is dedicated to financial aid.

The Committee had previously expressed concern over the use of tuition collections to fund Alumni Associations during its review of the FY 2006 expenditure plan for tuition revenue. As required by the Higher Education Budget Reconciliation Bill (Laws 2006, Chapter 352), support for Alumni Associations are not included in the FY 2007 expenditure plan for tuition collections.

## Analysis

### Appropriated Tuition

*Table 1* shows ABOR changes to resident and non-resident undergraduate tuition from FY 2006 to FY 2007. ABOR policy is to set undergraduate resident tuition at the bottom one-third of all senior public universities.

Table 1       Arizona University System         FY 2006 to FY 2007 Undergraduate Tuition Changes

*Table 2* displays FY 2006 and FY 2007 appropriations by fund for the Arizona University System. Appropriated tuition collections increased from \$386.2 million in FY 2006 to \$430.2 million in FY 2007. Of that amount, \$402 million had already been reflected in the FY 2007 budget due to enrollment growth. The budget, however, does not reflect tuition increases. The higher tuition generated \$28.1 million more than budgeted.

*Table 4* provides some information on the uses of additional tuition revenues by campus. Attached, ABOR has provided further detail, including an expenditure breakdown.

Table 4	
	Arizona University System
	Uses of Additional Tuition Revenues by Campus
ASU–Main	\$3.8 million to hire new faculty to improve student/faculty ratios;
	\$2.5 million for information system improvements;
	\$2.0 million for enhancements to the Honors College Program and the University College Downtown;
	\$1.5 million for start-up funds to attract new faculty;
	\$6.3 million for student retention services, the University Public School Initiative, academic support and student services, police security enhancements, and health insurance and utility rate increases.
ASU–East	\$1.7 million to hire new faculty to improve student/faculty ratios;
	\$250,000 set aside for Academic Student Services staffing.
ASU–West	\$1.5 million to hire new faculty to improve student/faculty ratios.
NAU	\$1.5 million for utility cost increase;
	\$1.6 million for instructional and institutional support.
Uof A–All	\$2.9 million to support colleges that charge differentiated tuition;
	\$1.9 million for utility cost increases;
	\$1.5 million for temporary teaching colleges for Science and the Social and Behavioral Sciences;
	\$1.1 million for general education support;
	\$0.6 million for Public Health programs;
	\$0.5 for institutional support.

Locally Retained Tuition and Fees Report

Systemwide, locally retained tuition and fees total \$203.5 million in FY 2007, which is an increase of \$32.8 million above FY 2006 budgeted amounts. *Table 4* shows that \$30.9 million of the increase is allocated to financial aid and a relatively small amount allocated to auxiliary expenditures. A reduction of \$(0.4) million will occur for designated expenditures in FY 2007. Auxiliary funds consist of monies collected from sales and services from substantially self-supporting activities such as residence halls, whereas designated funds consist of tuition and fees retained by the universities, summer session fees, administrative costs of student aid, and unrestricted gifts. Financial aid expenditures are used to financially assist students attending the universities. Of the remaining monies, \$1.2 million will be used to pay debt service, and \$1 million will be used for the Plant Fund, which is used to service building facilities.

The Honorable Robert L. Burns, Chairman Joint Legislative Budget Committee Arizona State Sentate 1700 West Washington Phoenix, Arizona 85007

**Dear Senator Burns:** 

A footnote included in the General Appropriations Act requires that the Arizona Board of Regents submit an expenditure plan to the Joint Legislative Budget Committee of any tuition revenue amounts which are different from the amounts appropriated by the legislature, and all tuition and fee revenues retained locally by the universities. Enclosed for your information is a summary report of tuition revenues that support the FY 2007 state operating budget as reported to the Board at its August 2006 meeting, and university tuition and fees expenditure plans.

If you have any questions, please do not hesitate to call me at 229-2505.

Sincerely,

Joel Sideman Executive Director

## Joint Legislative Budget Committee

1716 WEST ADAMS

PHOENIX, ARIZONA 85007 ROBERT L. BURNS CHAIRMAN 2006 PHONE (602) 926-5491 FAX (602) 926-5416 http://www.azleg.gov/jlbc.htm DATE: September 11, 2006 TO: Senator Bob Burns, Chairman Members, Joint Legislative Budget Committee THRU: Richard Stavneak, Director FROM: Steve Schimpp, Assistant Director SUBJECT: Department of Education - Review of Kinder Morgan Settlement

### Request

Pursuant to A.R.S. § 15-915(B), the Arizona Department of Education (ADE) requests a favorable review of its plan to provide school districts in Cochise and Maricopa Counties with \$1,578,600 in corrected Basic State Aid funding due to a recent settlement in the Arizona Tax Court regarding property taxes paid in prior years by the Kinder Morgan Corporation. A similar request that provided \$1,039,700 for Yuma County school districts received a favorable review from the Committee during its June 2006 meeting. ADE had not received settlement information from Cochise and Maricopa Counties prior to the June meeting, so did not include them in its June request. Two additional counties (Pima and Pinal) also are affected by the settlement, but have not yet reported their settlement data to ADE. ADE will request state aid corrections for those 2 districts after required information from them is received.

### **Summary**

The JLBC Staff recommends that the Committee give a favorable review of the request, as it conforms with statutory requirements regarding state aid corrections required as a result of Arizona Tax Court rulings.

#### Analysis

Subject to review by the JLBC, A.R.S. § 15-915(B) requires the Superintendent of Public Instruction to reimburse school districts for K-12 "local share" taxes that they must refund to a taxpayer due to an Arizona Tax Court ruling that reduces the taxpayer's assessed property value for prior fiscal years. In this regard, the Arizona Court of Appeals on December 9, 2005 upheld an earlier Arizona State Tax Court ruling requiring the Arizona Department of Revenue to lower the assessed value of property owned by Kinder Morgan Energy Partners LP ("Kinder Morgan") retroactively for FY 2001, FY 2002, FY 2003 and FY 2005. This has the effect of reducing the amount of K-12 Qualifying Tax Rate (QTR) and County Equalization Tax Rate (CETR) monies owed by Kinder Morgan for those years, with the state being required to make up the difference pursuant to A.R.S. § 15-915(B). property value numbers for Kinder Morgan under the court rulings, ADE has determined that affected school districts in Cochise and Maricopa Counties, collectively, are entitled to \$1,578,600 in additional Basic State Aid funding for the fiscal years in question (*see Attachment*).

The computed \$1,578,600 total does not include settlement-related interest costs or monies to reimburse school districts for taxes paid by Kinder Morgan for items other than the QTR and CETR, such as for small school district budget exemptions, desegregation, excess utilities, overrides and bond debt service, as those costs are not addressed in A.R.S. § 15-915(B). The state, however, will end up indirectly paying a portion of those costs if they are normally funded with primary property taxes (which is not the case for overrides and bonding) for districts that already have primary property tax rates that exceed the "1% cap" in the State Constitution, as the state pays 100% of "1% cap" costs. The 4 counties that have reported settlement data thus far include 2 school districts (Bowie Unified and San Simon Unified in Cochise County) that receive 1% cap funding. Data with which to estimate their settlement-related "1% cap" costs, however, are not available. Any "1% cap" funding that school districts receive for the settlement will be automatically paid through the Additional State Aid program rather than through a Basic State Aid correction mandated by A.R.S. § 15-915(B) and, therefore, will not receive Committee review.

ADE again expects to receive required settlement data from the remaining 2 counties affected by the settlement (Pima and Pinal) in the near future and will return to the Committee to request state aid corrections for them after that information is received.

Re: Correction to State Aid and County Equalization Amounts pursuant to ARS 15-915 (B) (Fiscal Years 2001, 2002, 2003 and 2005) due to the Kinder Morgan (SFPP) Property Tax Judgment for tax years 2000, 2001, 2002 and 2004

Dear Mr. Burns,

This memorandum is submitted to you pursuant to ARS 15-915 (B) which provides that corrections to state aid based on a change in assessed valuation – pursuant to ARS 42-16213 - are subject to review by the JLBC.

The Maricopa County and Cochise County Assessors' offices have corrected the assessed valuations by district for Kinder Morgan property. These corrections affect fiscal years 2001, 2002, 2003 and 2005. The calculated state aid corrections (including the county equalization amounts) are summarized by district in the attached documents. The original and revised assessments from Maricopa and Cochise Counties for each district are also included as separate attachments.

As a note, there are districts in Pima and Pinal County who are also impacted by this Kinder Morgan judgment. Once the assessed valuation changes for these counties by district are submitted to ADE, the additional district state aid corrections will be calculated and a letter submitted to you for review. You have already given a favorable review to the state aid corrections due to this issue calculated for Yuma County. If you have any other questions or concerns please contact me at 602-542-8250 or via email at Vicki.salazar@azed.gov

Sincerely,

Vicki Salazar

PHOENIX, ARIZONA 85007 RUSSELL K. PEARCE CHAIRMAN 2005 CHAIRMAN 2006 PHONE (602) 926-5491 ANDY BIGGS FAX (602) 926-5416 TOM BOONE MEG BURTON CAHILL http://www.azleg.gov/jlbc.htm PAMELA GORMAN STEVE HUFFMAN LINDA J. LOPEZ STEPHEN TULLY DATE: September 13, 2006 TO: Senator Bob Burns, Chairman Members, Joint Legislative Budget Committee THRU: Richard Stavneak, Director FROM: Kevin Bates, Fiscal Analyst SUBJECT: Administrative Office of the Courts (AOC) - Review of Reimbursement of Appropriated

#### Request

Funds

Pursuant to Laws 2006, Chapter 344 (General Appropriation Act), AOC requests review of the expenditure of \$3.6 million in reimbursements.

The Auditor General issued a report in September 2005 stating that AOC had not been properly notifying the JLBC Staff of similar reimbursements in the past. As a result, Chapter 344 requires AOC to submit the intended use of these reimbursement monies for Committee review.

#### Recommendation

The JLBC Staff recommends that the Committee give a favorable review to the agency request. These reimbursements total \$3,616,900.

#### Analysis

A.R.S. § 35-142.01 states that if an agency receives a reimbursement from federal or other sources, that agency is permitted to retain and expend those monies as long as the agency director determines that they are necessary for the agency's operation. The agency director also must determine that the Legislature did not specifically consider and reject such reimbursement during the agency's original budget appropriation.

This statute also requires that the agency director shall notify in writing the JLBC, the Governor's Office of Strategic Planning and Budgeting (OSPB) and the state comptroller.

The reimbursements consist of monies received by AOC for services provided to local courts and their personnel. These monies replace appropriated monies that were spent in FY 2006 for the following services:

## Arizona Court Automation Project Charge-backs

Courts throughout the state that participate in AOC's statewide automation projects are billed semiannually for the costs of providing network services. Courts then reimburse AOC for these costs, which include software, hardware, network connections and program development and support. AOC estimates that local courts will reimburse an estimated \$1,500,000 in FY 2007.

## Parental Payments

Parents whose children receive juvenile treatment services are billed after probation departments or juvenile courts determine the parents' ability to pay. Parents usually make payments on a weekly or monthly basis to the local court, which transmits the monies to AOC. AOC estimates that parents will make approximately \$337,500 in payments in FY 2007.

## Westlaw

Superior Courts are billed for a portion of the cost of the contract with West Publishing, a firm that publishes legal reference materials used by judges and other court personnel. Maricopa and Pima County Superior Courts are billed twice a year, and Superior Courts in other counties are billed yearly. AOC estimates that Superior Courts will reimburse \$34,381 in FY 2007.

## Foster Care

AOC pays for administering and conducting reviews of foster care cases. Federal Title IV-E monies are then sought to assist in funding this program. AOC estimates that \$700,000 will be received in FY 2007. Monies are received monthly.

## Juvenile Treatment

AOC pays for costs of contracting with treatment providers to serve juveniles adjudicated as delinquent. Federal regulations allow AOC to seek federal Title IV-E reimbursement for costs related to treatment and administration. Reimbursement for treatment costs is received monthly, and administrative cost reimbursement is received quarterly. AOC estimates that \$325,000 will be reimbursed by the federal government in FY 2007.

## Maricopa County Probation - Vehicles

County probation departments use state-owned vehicles to conduct probation business, and the Arizona Department of Administration (DOA) bills AOC for the motor pool costs associated with each county. However, Laws 2006, Chapter 261 prevents AOC from using state funding for probation services within Maricopa County. Because of this requirement, AOC bills Maricopa County for the cost of its usage of the state vehicle fleet. AOC estimates it will receive \$720,000 from Maricopa County in FY 2007.

Table 1 shows these reimbursements.

## Re: Reimbursement of Appropriated Funds

I am sending this letter pursuant to A.R.S. 35-142.01 and GAO Technical Bulletin No. 00-8 to notify you of recurring reimbursements received by the Supreme Court each fiscal year. All reimbursements are necessary for operation of the budget units and were not specifically considered and rejected by the legislature. In addition to various de minimus reimbursements, such as employee-reimbursed personal telephone calls, the Supreme Court receives the following:

## 1. Arizona Court Automation Project (ACAP) Charge-backs

A) A description of the transaction or event.

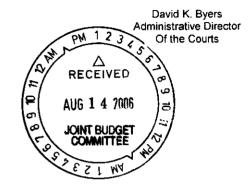

ACAP Courts are billed semi-annually to participate in (but not fully reimburse) the costs of providing statewide network services.

B) The frequency with which the transaction occurs.

Billed in January and July, received throughout the year.

C) The total dollar amount of the reimbursement.

\$1.5 million (FY 07 estimate)

Ruth V. McGregor Chief Justice D) The fund or funds to which the reimbursement will be deposited.

Judicial Collection Enhancement Fund

E) The source of the reimbursement.

Aztec/ACAP Courts

F) The reason for the reimbursement.

These courts participate in the cost of providing/using the statewide AJIN Network. Costs include software, hardware, network connections, development and support services, internet, intranet, and email.

## 2. Parental Payments

A) A description of the transaction or event.

Parents make payments for juvenile treatment services after being assessed by the probation departments/courts related to their ability to bear the cost for some or all of the treatment services.

B) The frequency with which the transaction occurs.

Parents generally make payments on a weekly or monthly basis and the funds are transmitted by the courts to the Supreme Court on a monthly basis.

C) The total dollar amount of the reimbursement.

\$337,500 (FY 07 estimate)

D) The fund or funds to which the reimbursement will be deposited.

Juvenile Probation Services Fund

E) The source of the reimbursement.

Parents of juveniles under treatment.

F) The reason for the reimbursement.

See "A" above.

## 3. Westlaw Reimbursements

A) A description of the transaction or event.

The Supreme Court has a contract with West Publishing for Westlaw usage by Superior Court judges. Superior Courts are billed for a portion of this cost.

B) The frequency with which the transaction occurs.

The Superior Court in Maricopa and Pima counties are billed each June and December. The Superior Court in other counties are billed only in December.

C) The total dollar amount of the reimbursement.

\$34,381 (FY 07 estimate)

D) The fund or funds to which the reimbursement will be deposited.

**Case Processing Assistance Fund** 

E) The source of the reimbursement.

Superior Courts

F) The reason for the reimbursement.

See "A" above.

- 4. Federal Title IV-E Participation Funds Foster Care
  - A) A description of the transaction or event.

Through an agreement with DES, the Supreme Court seeks Federal Title IV-E funding for costs associated with administering and conducting foster care administrative reviews.

B) The frequency with which the transaction occurs.

Monthly

C) The total dollar amount of the reimbursement.

\$700,000 (FY 07 estimate)

D) The fund or funds to which the reimbursement will be deposited.

Grants and Special Revenues

E) The source of the reimbursement.

DATE:	September 13, 2006
TO:	Senator Bob Burns, Chairman Members, Joint Legislative Budget Committee
THRU:	Richard Stavneak, Director
FROM:	Tyler Palmer, Fiscal Analyst
SUBJECT:	Government Information Technology Agency – Arizona Web Portal

## Request

The State of Arizona's main web portal generates a profit by charging user fees. The net available profit of \$3.2 million is held by the vendor. Laws 2006, Chapter 346 attempted to increase legislative oversight over the expenditure of this revenue by depositing these monies into a new Web Portal Fund, and requiring Committee review of FY 2007 planned expenditures. The major component of the FY 2007 expenditures is the \$2.0 million purchase and installation of new web portal servers. The remaining \$1.2 million will be used for other web portal projects.

Due to the fact that the servers will be purchased with existing web portal credits held by the vendor, and not money from the Web Portal Fund, the Government Information Technology Agency (GITA) does not believe JLBC review of the \$3.2 million is necessary.

Given the dollar magnitude of this transaction, the Chairman has requested a briefing on this issue.

## Recommendation

This item is for information only and no Committee action is required. JLBC Staff is working with GITA to determine if \$2.0 million is an appropriate cost.

Additionally, JLBC Staff recommends that GITA report to the Committee once decisions have been made on the use of the remaining \$1.2 million for unspecified projects.

## Analysis

## Initial Web Portal Contract

The State of Arizona's main web portal was created when GITA entered into a contract with a private vendor (IBM). The vendor was to develop, deliver, maintain and operate a web portal that would function as an interactive information and transaction system. In addition to managing the web portal contract, the vendor hosted the web portal servers.

The most significant revenue generating system on the web portal is the Arizona Department of Transportation Motor Vehicle Records Request System (MVRRS). This system automates the selling of motor vehicle records. As part of the purchase price for the records, consumer information companies pay a convenience fee. Convenience fees are held by the vendor in the form of credits. The contract dictates that if portal revenue exceeds the vendor's management and operational expenses, it may be used to develop additional e-Government applications and services on the portal.

Although the revenue stays with the vendor, additional e-Government applications are recommended by a Change Integration Board (CIB), which is headed by the Director of GITA. Prior to recommending new web portal applications, the CIB considers the costs and benefits the potential application would have for citizens, businesses, and government employees. If not used by the State within 12 months of its receipt, convenience fees are retained by the vendor and forfeited by the State.

## Web Portal Fund & Transition Contract

As of March 2006, the web portal contract had generated excess revenue or credits of \$3.2 million. To increase legislative oversight over the expenditure of the excess revenue, Laws 2006, Chapter 346 established a Web Portal Fund, subject to legislative appropriation. The Web Portal Fund consists of legislative appropriations, web portal usage fees less contractor maintenance and operation costs, and grants or donations. This fund is to be used for improving or expanding the state's information technology services and projects, including the web portal. In addition, Chapter 346 also made FY 2007 expenditures subject to JLBC review.

The vendor contract was set to expire on April 9, 2006. On April 5, 2006, prior to the enactment of Chapter 346, GITA extended its contract with the vendor for web portal services through October 2007 by signing a transition contract. The purpose of this transition contract was to prevent the lapsing of the contract, and to allow the state the use of the \$3.2 million in excess revenue. The transition contract requires the portal revenue continue to be credited to the vendor for the State's use. However, the contract did not address the potential for the state's establishing of a Web Portal Fund. GITA believes that because portal revenues will not be deposited into the Web Portal Fund until the signing of a new contract for October 2007, no FY 2007 expenditures will be made from the Web Portal Fund requiring JLBC review.

## Use of Web Portal Credits & the Next Web Portal Contract

During the 18-month transition contract GITA plans on using \$2.0 million of the \$3.2 million credit to purchase and relocate new web portal servers, and upgrade the server software platform. A.R.S. § 41-3504 requires that agencies submit to GITA for review information technology projects with a cost greater than \$25,000. This review has become known as the

Project Investment Justification or PIJ. Currently GITA has not yet conducted a PIJ of its plan to purchase and relocate the servers, but JLBC Staff will be working with GITA to determine the appropriateness of the \$2.0 million cost estimate. Projects costing more than \$1.0 million are also reviewed by the Information Technology Authorization Committee.

The remaining \$1.2 million will be used to pursue additional e-Government applications. In preparation for re-bidding the web portal management contract, GITA believes that the current vendor holds an advantage over other companies by its hosting of the web servers. To encourage additional bidders, GITA has chosen to relocate the new servers in the Arizona Department of Administration data center. The new servers will have a projected useful life of 5-7 years, and will replace the existing 6-year-old servers.

GITA is working on a web portal migration plan that will provide additional detail on the timeline for the purchase of the servers and the solicitation for bids on the next web portal contract.
