

Executive Allocation of Discretionary COVID Funding Program Summary

Latest Update

This summary has been updated to include information about a new distribution of monies from the Crisis Contingency and Safety Net Fund.

Overview

Two 2020 session laws appropriate state monies for responding to the COVID-19 pandemic. Both laws give the Executive discretion in allocating the appropriated funds.

[Laws 2020, Chapter 6](#) appropriates \$5.0 million from the Budget Stabilization Fund in FY 2020 to the Public Health Emergencies Fund. Additionally, no more than \$50.0 million is appropriated from the Budget Stabilization Fund in FY 2020 to the Public Health Emergencies Fund. The \$50.0 million appropriation is to be used to pay expenses related to public health emergency responses to the emergency declaration for COVID-19 in Arizona. Chapter 6 also requires that the Department of Health Services notifies the Joint Legislative Budget Committee of the intended use of the monies prior to spending any of the funds.

[Laws 2020, Chapter 56](#) appropriates an additional \$50.0 million from the state General Fund to the newly-created Crisis Contingency and Safety Net Fund in FY 2020. The non-appropriated Crisis Contingency and Safety Net Fund is administered by the Office of the Governor, and monies may only be spent following a state of emergency declared by the Executive. Additionally, the fund may only be used for housing assistance; homeless services; economic assistance to small businesses with fewer than 50 employees, nonprofit organizations and health care providers; and food bank operations. Prior to spending any monies in the Crisis Contingency and Safety Net Fund, the Executive shall notify the President of the Senate, Speaker of the House of Representatives, and the Joint Legislative Budget Committee of the intended use.
